

The Mightiest Little Peasant Chapter 3464

“Yeah, do you have any countermeasures?”

A few people at the side echoed.

They were also suspicious.

Isn't it too much of a joke for His Majesty to send this person to command the front line and resist Asura?

“Naturally!”

Tang Hao looked around at them and smiled.

“Oh? What's the plan?”

Divine general Fei Long asked in surprise.

“There's no hurry. You'll know in a few days.” “For the next few days,” Tang Hao said, “we'll follow your original plan.”

“This ...”

Divine general Fei Long was stunned.

This person couldn't have been lying to him, right?

Tang Hao did not explain further. He went to his tent, closed the door, and began to work on the formation.

“What is he trying to do?”

“I don’t know! I don’t think he has any countermeasures at all!”

“I think so too. That’s Asura country and more than twenty sun gods. What can he do?”

After he left, divine general flying dragon and the others discussed the matter and shook their heads.

What could he, a two-star sun god, do about something that no one could do?

“Continue to hold on, as long as you can!”

Divine general Fei Long sighed and led the other six to the front.

There, the divine light was like rain, covering the sky and earth.

A loud rumbling sound shook the heavens and earth.

In front of the divine martial country’s city walls, there were many God cities.

In each city, there were countless figures, all of them wearing ferocious Asura battle armors. There were spiritual gods and heavenly gods.

If they were taken out alone, it would not be much, but if thousands of them were gathered together and relied on the battle formation to gather their power, the power that erupted would be extremely terrifying.

“Hahaha! I don’t think they can hold on much longer!”

In the Commander’s Palace of the God city in the middle, a figure stood there, looking forward and laughing.

His body was translucent, but it was a soul. A divine sense descended.

“Your Majesty, in less than a day, our Shura Army will be able to break through the divine martial Kingdom. At that time, we will be able to take down the divine martial imperial capital together with the other two kingdoms and turn the divine martial Kingdom into history.”

A burly man in Asura Armor shouted from below.

“Alright!”

The Shura Emperor laughed in high spirits.

If he could divide the divine martial Kingdom, his Asura Kingdom’s territory would be greatly expanded, and his population would also increase. This would increase the Asura Kingdom’s strength by a large margin.

“It’s said that there’s a mysterious force behind the divine martial Kingdom. But it’s been a few days, and there’s still no movement!”

He put his hands behind his back and smiled coldly.

The people from Jade Dragon Mountain had told him about this.

However, Jade Dragon Mountain had guaranteed that if the mysterious force made a move, Jade Dragon Mountain would also make a move. That was why he dared to attack the divine martial Kingdom.

It had been a few days since the war started, but there was still no powerful figure emerging from the divine martial Kingdom. He was starting to doubt if this was true.

“Your Majesty, if that force wanted to help, they would have done so long ago. I think that the divine martial Kingdom has most likely been abandoned. What value can a small divine martial Kingdom have?” The burly divine general said, his face full of disdain.

“That’s true!”

Emperor Shura agreed with a smile.

Previously, the divine martial country must have really had the support of a major power, which was why they dared to kill the people of Jade Dragon Mountain. Now that Jade Dragon Mountain had come for revenge, that power might not really dare to start a war and cause both sides to suffer.

As for the divine martial Kingdom, they would naturally be abandoned.

“What?”

As he laughed, his expression suddenly froze. He saw that on the distant city wall, a new circle of divine light had suddenly spread out, replacing the original crumbling shield.

“They actually have such a powerful formation!”

In the hall, the immortal generals were all surprised.

“It’s fine. It’s just one layer of the defense array. It can be broken after a few days of grinding. At that time, the result will be the same!”

The burly divine general looked around and said disdainfully.

It was just a few more days, there was no difference.

“Pass on my order. Continue blasting. Don’t stop for even a moment. Give me all the pills. I want to break through this turtle shell in three days.” He looked around at the generals in the hall and shouted.

“Yes! Commander-in-Chief!”

The generals received the order and quickly left.

Soon, the Asura country’s attack became even more intense.

“There’s also the array. This divine martial Kingdom is quite powerful. It can last another three to four days!”

“Tsk! I thought I was about to break the formation! In the end, I was happy for nothing!”

In the distance, people from various factions were hiding and watching.

This battle had attracted the attention of the entire East Province since the beginning.

Those who were more well-informed knew that this was a trick of Jade Dragon Mountain to take revenge on Emperor shenwu.

Back then, Emperor shenwu had set up a trap and used that little pervert as bait to kill the sky Eagle Ambassador of Jade Dragon Mountain. He had even set up a formation to trap the two Supreme martial artists of Jade Dragon Mountain for more than a month, causing Jade Dragon Mountain to lose face.

How could Jade Dragon Mountain not take revenge for such a great enmity!

As for why they had used such a method instead of Jade Dragon Mountain, they all guessed that Emperor shenwu might have the support of a powerful force.

The massacre of five strongholds on Jade Dragon Mountain some time ago might have been caused by this force.

However, they knew nothing about the identity of this force. They could not find out any useful information at all.

That was why they had come to watch the battle. They wanted to find out what this force was.

But now, they were all very disappointed.

The battle had been going on for more than three days, but nothing unusual had happened.

Many of them also felt that the divine martial Kingdom had been abandoned and was about to be finished.

“This formation is pretty good!”

In a void crack, a Palace was floating.

A few figures sat in front of the hall.

One of them was wearing a black muslin dress. Her figure was graceful and enchanting. Her face was covered with a veil, only revealing a pair of foxy eyes. She was the Holy maiden of the sunflowers Palace.

She held a cup of tea and sipped it leisurely. Her eyes looked outside and lit up slightly.

She could tell that the array was of high quality and must have been created by an expert.

Perhaps, this was also due to the mysterious power behind the divine martial Kingdom.

This included the formation that shook the East continent and was known as the number one divine formation.

“The formation is good, but it can’t hold for long!”

An old woman shook her head.

“Four days at most!”

The Tian kui Holy maiden pondered for a moment before saying, "if nothing changes in four days, I think the divine martial Kingdom will be abandoned."

The old woman nodded in agreement.

"I'm really curious. Who is the mysterious force behind the divine martial Kingdom?" She took a sip of tea and muttered to herself, but her heart was extremely curious.

In the East continent, only a few great Holy Lands could go against Jade Dragon Mountain. Her sunflowers Palace was definitely not one, and there was no sign from the war god Hall. It didn't seem like the corpse God mountain either ...

Then, who was it?

The more she thought about it, the more her heart itched, as if it had been scratched by a cat's claws. She was extremely curious.
