

## The Mightiest Little Peasant Chapter 3465

In the blink of an eye, three days had passed.

In front of the divine martial Kingdom, the light screen had already dimmed.

“The opponent’s attack is too fierce!”

“I can’t hold on much longer!”

The divine martial Kingdom’s Army was in a state of panic.

Outside the formation was the Asura country’s Army. There were more than twenty sun gods, while they, including general mu, only had eight sun gods. The difference in power was too great.

Once the formation was broken, they wouldn’t be able to hold on for long. This part of the city wall would soon be broken through.

At that time, who knew how many people would die.

Even yang God powerhouses could die.

A pessimistic mood spread through the Army.

Even the sun god generals were equally pessimistic.

“I can only hold on for half a day at most!”

In the commander city, divine general Wylong, who was wearing black Dragon Armor, stood on the city wall. He looked at the formation in front of him and shook his head.

Under the mask, his face was full of worry.

Once the formation was broken, he really didn't know how long he could hold on.

He was a five-star sun god and was quite powerful. However, there were three experts who could match him in the enemy formation. One of them was even stronger than him. He was not confident that he could win three against one.

Apart from him, the other divine generals and the masked moon sect master were also inferior.

"I thought I could hold on for a while longer ..." He said.

Divine general Feilian said.

"Yup! I thought it would last for at least seven or eight days, but it's not even half. These people from Asura country are crazy. Do they really think pills are free?" Divine general Flying Ape smiled bitterly.

Logically speaking, this formation should have been able to last longer, but unfortunately, the other side's attacks were too fierce, attacking without caring about the cost.

"General Fei Long, is there ... Any new news from His Majesty?"

The masked moon sect master asked divine general Fei Long.

“No, I didn ‘t!”

Divine general Fei Long shook his head. Ever since he sent general mu over, there had been no news from His Majesty.

It was obvious that His Majesty had no better idea.

“What about general mu? Didn’t he say that he had a plan?” The masked moon sect master said.

“Him? he hasn’t come out yet!”

Divine general Fei Long looked into the distance.

That was general MU’s tent. He had not seen anyone come out of it for more than three days.

“What ... What is this? Didn’t His Majesty tell us to listen to him? In the end, he went into hiding behind closed doors. ” The masked moon sect master angrily rebuked, his face filled with embarrassment.

“Maybe he knows that there’s no other way, so he just didn’t come out!”

“Even if he comes out, the result will be the same!”

The rest of the immortal generals glanced at the tent over there and shook their heads.

They weren’t surprised by this result.

From the very beginning, they had not counted on him.

“Everyone, prepare for battle. Mobilize the troops. When the formation is broken, we’ll hold them off for a while. When we can’t hold on any longer, we’ll retreat ... We still have to preserve some strength and retreat to the imperial capital.”

Divine general flying dragon said.

“Alright!”

Divine general Fei Lian and the others quickly left.

“The formation is about to be broken!”

In the distance, the various forces were still watching.

Seeing that the light of the formation was getting weaker and weaker, they all shook their heads and sighed.

It seemed that the divine martial Kingdom had really become an abandoned pawn.

In a few days, the divine martial Kingdom would be removed from the list of divine kingdoms in the East continent.

“This Emperor shenwu is really stupid! He doesn’t even know that he’s being used as a tool in the battle between the great Holy Lands. ”

“It’s such a pity for the divine martial Kingdom!”

Many of them had a mocking look on their faces as they started to mock Emperor shenwu.

“I think we don’t have to continue watching. It’s already like this. What can we do to turn things around?” On the side of the heavenly sunflower Palace, the old woman looked at the distant city wall and sneered.

“What a pity!”

The Tian kui Holy maiden murmured and shook her head.

Of course, she didn’t feel pity for the divine martial Kingdom’s fate. Instead, she felt pity for the fact that she couldn’t find out what kind of power was behind this.

It was just a small divine martial Kingdom. If it was destroyed, so be it. She didn’t care at all.

“It’s broken! It’s broken!”

After a while, a wave of cheers that shook the sky rose up.

The Shura Army was in an uproar.

“Kill!”

The Divine Cities charged forward one by one along with the frenzied battle cries. At the same time, countless figures rushed out and pounced on the divine martial Kingdom's city walls.

The two armies started to fight in close quarters.

Clang clang clang!

It was the violent sound of weapons clashing.

There was also the sound of flesh being cut open.

In an instant, nine-colored divine blood splattered everywhere on the city wall.

"Kill!"

With a heaven-shaking roar, divine general Wyvern led the seven sun gods and charged toward the Shura Army.

They revealed a shocking divine light and raised their hands, causing human figures to explode and blood and flesh to splatter.

"Hmph!"

With a few angry snorts, bright figures rushed out from the divine city of Asura country. They were all yang God powerhouses.

They split into groups of three or four and charged at divine general flying dragon and the others.

In just a single exchange, the divine martial Kingdom's yang gods were at a disadvantage and were firmly suppressed.

In the sun god Realm, there were very few people who could surpass their ranks. In a battle of the same rank, the more people there were, the greater the advantage.

"Pfft!"

The masked moon sect master took on four enemy yang gods by himself and used all his techniques, but they were of no use. He was quickly blasted back and spat out blood.

Then, divine general Feilian was also sent flying as he spat out divine blood.

"Hahaha! They're all things that can't even withstand a single blow!"

A burst of heroic laughter came from one of the God cities in the middle. A burly figure swept out.

He walked over step by step and laughed loudly.

"Asura divine general ..."

Immortal general flying dragon who was fighting the others changed his face at once.

This was the first divine general of Asura country, the sun god of the six-star realm, one star higher than him.

“Brother Feilong, I’m here to send you on your way today!”

The Asura divine general laughed heartily, his eyes were somewhat cold and filled with a trace of greed.

The essence of a five-star sun god was enough to make his cultivation progress greatly and help him break through to the seven-star level as soon as possible. Once he reached the seven-star level, he would be a great venerable. At that time, his status would be completely different from what it was now.

“Woof! You want me to stay? It won’t be that easy!”

Divine general Feilong bellowed and swung his halberd, sending a sun god flying.

A shocking battle intent rose around him.

As the Commander-in-Chief, he could not retreat now. He had to fight until the end.

“Hahaha!”

The Asura divine general laughed as he charged forward and struck out with his palm.

“It’s almost time to go!”

In the distance, many of the forces withdrew their gazes and prepared to leave.

Since things had come to this, there was no suspense.

“Let’s go!”

The Tian kui Holy maiden retracted her gaze. Her mind flickered, and the palace below her began to move. She wanted to tear open the void and leave.

However, at this moment, a deafening sound came from outside the gap.

The commotion was so great that her body trembled.

“This ...”

She immediately raised her eyes and looked outside. She was stunned.

Her beautiful eyes suddenly widened, filled with extreme shock and disbelief.
