

## The Mightiest Little Peasant Chapter 3467

“Keke!”

It was the sound of teeth chattering.

In the distant void, many people began to shiver. Their faces were pale from fear.

To them, the scene in front of them was like a dream.

First, the spiritual gods and heavenly God soldiers of the Asura country fell in droves.

The man only took one step, and the divine light spread out, and they were turned into ashes.

Then, it was the turn of the sun gods.

A sun god was already a master. No matter which country or force he was in, he would be a divine general or an elder. He was so powerful that it was almost impossible for him to die.

But now, they were all frozen there, waiting to be slaughtered.

That person didn't seem to use much strength. With just a light point of his finger, the Yang gods died one after another, and they all died in different ways.

This was too scary!

They had never seen such a terrifying scene in their entire lives!

“Heavens!”

Even the face of the Tian kui Holy maiden under the veil was deathly pale, and her eyes were filled with fear.

Even though she had seen many terrifying killing scenes, she was still frightened by the scene in front of her.

This scene was not bloody, but more of a strange one. It made her hair stand on end and her body turn cold.

“Could that be ... General mu?”

At this moment, the divine martial country’s generals were also extremely shocked.

They were also imprisoned, but their minds could still move, and they could clearly see everything that was happening in front of them.

All of this made them feel extremely incredulous.

Hadn’t general mu been staying in his tent these past few days? When did he set up such a great formation?

Also, what kind of formation was this?

They had never heard of such a terrifying array in the divine martial country!

“Not good!”

In the distance, great venerable spirit Dragon and the others watched in a daze for a long time before reacting.

This formation was too terrifying. Everyone inside the formation was completely suppressed, unable to resist at all. If this continued, the Asura country’s Army would be completely annihilated.

“Stop!”

Great Senior Spirit Dragon roared and stepped out of the void. He raised his hand and a divine spear flew out from his palm.

He!

He grabbed the divine spear, poured power into it, and struck it out.

Whoosh!

The divine spear turned into a golden stream of light, tearing the void apart and blasting forward.

In the formation, that person sensed it and turned around.

He stood there quietly, waiting for the divine light to come close before he raised his hand and pointed.

In an instant, the divine light stopped and the brilliance dissipated, revealing the spear.

“It’s not much!”

He picked up the divine spear and examined it. He shook his head slightly, as if he was disgusted.

It was just a yang divine artifact!

In his eyes, it was really rare and ordinary, and he couldn’t find any interest in it.

However, it was still a treasure, and he couldn’t waste it.

He wiped it with his hand and put it away.

In the distance, great Senior Spirit Dragon stood there stiffly with a dumbfounded expression.

What had just happened?

Where were his treasures? How did it disappear?

‘What the hell is going on?’

The other people in the four sides were equally stunned.

After a long while, they gasped and woke up.

In such a short time, that person had actually received an attack from the Spirit Dragon great senior. At the same time, he had also snatched the Spirit Dragon great senior's treasure.

Such a method was truly shocking!

"He must be an expert too! Maybe he's also a great senior!"

"Oh right! This was the person behind the scenes. He was indeed powerful. No wonder he dared to go against Jade Dragon Mountain. But ... Who was he? How come I can't recognize you at all?"

Everyone was shocked and dumbstruck.

At the same time, they were even more confused.

According to their guess, the power behind this should be one of the great Holy Lands in the East continent. However, based on the current situation, the identity of the person in front of them didn't match any of the Holy Lands.

No Holy Land in the East continent had such a terrifying array Dao.

"Great senior, this is bad! This person must also be a great venerable level expert, and with the support of the great formation, I'm afraid that even if we go in, we'll still be in danger."

A few high holiness behind the Spirit Dragon great senior said bitterly.

They looked at the formation in front of them with deep fear in their eyes.

“Let’s go!”

Great Senior Spirit Dragon was also straightforward. With a loud shout, he turned around and left.

This test could be considered to have some results. At least, he had probed out the strength of the opponent.

At the same time, it also proved that his choice was right. If he had brought the entire sect to attack from the start, he would have fallen for the trap and be trapped by the formation, suffering heavy losses.

“Jade Dragon Mountain has left!”

Seeing them leave, all the forces were a little surprised.

However, it made sense after thinking about it. The force behind the divine martial Kingdom was after Jade Dragon Mountain. The formation had been set up. If Jade Dragon Mountain were to charge in, they would be courting death.

But it was a pity for the Shura Army!

They looked at the Asura country’s people in the array with pity.

These people were dead for sure.

And after losing this Army and twenty-some sun gods, the Asura Kingdom would never be able to recover.

“I don’t think this force is from our East Province. It might be from the outside ...”

The Tian kui Holy maiden frowned and muttered, “it seems like I have to visit the divine martial Kingdom more often in the future and probe the strength of this force. If I can form a good relationship with them, it will be of great benefit to my Tian kui Palace.”

“I didn’t expect the power behind the divine martial Kingdom to be so powerful.”

“It seems like I have to build a good relationship with the divine martial Kingdom in the future!”

At this moment, all the forces had the same thought.

In the formation, the killing continued.

The remaining yang God powerhouses fell one by one.

Finally, it was the Asura divine General’s turn.

The Asura divine General’s eyes widened in fear.

He struggled for a long time, but he still couldn’t move.

It had to be known that he was a six-star sun god, the second-ranked expert in Asura country, but he had been suppressed to the point where he couldn’t fight back at all. This was enough to show how powerful this person and this great formation were.

Tang Hao flashed in front of him and pointed a finger at him mercilessly.

The power of reincarnation gushed out instantly.

The Asura divine general aged at a speed visible to the naked eye, his aura decayed and weakened.

Then, he clenched his hand into a claw, grabbed the divine crystal between his eyebrows, and dug it out.

“The Asura divine general ... Is dead!”

In the distance, there were sighs.

Although they had already expected this outcome, they still felt a little emotional when they saw a six-star sun god die.

It was very difficult to die in the Yang God Realm, let alone a six-star realm expert and a Commander-in-Chief.

Even divine general flying dragon and the others were rather moved.

“And you ...”

After putting away the Asura divine General's body, Tang Hao's figure moved and swept into the commander city in the middle, coldly looking at the Asura Emperor's divine sense.

The divine sense was also frozen there. The look in his eyes was complicated. One moment, it was angry, and the next moment, it was shocked. It kept alternating.

“You’re unlucky!”

“Die!” Tang Hao shouted coldly. He slapped the divine sense and it exploded.

Then, he flew out of the city and removed the formation with a thought.
