

## The Mightiest Little Peasant Chapter 3470

“What? The Shura Army was completely annihilated, and all the divine generals were killed?”

In Fenglin country, in the commander city, there was a sudden cry of alarm.

Fenglin country’s eleven sun god powerhouses gathered together, their expressions extremely shocked.

The news that they had just heard was simply too shocking. They could not believe it at all.

“That’s impossible!”

A God general immediately shouted.

The Shura country was the most powerful. They had sent 23 sun gods, one of whom was a six-star, and several five-star cultivators. How could they have died?

“It’s true. It’s a message from His Majesty. It can’t be fake.”

The commander of maple forest said with a solemn expression.

Si si si!

In the main hall, there were a few gasps.

Everyone’s hearts were filled with fear and shock.

“It’s impossible for us to destroy the divine martial Kingdom. In fact, we have to worry about whether they will take revenge on us.” The commander of Fenglin city raised his head and looked at the divine martial Kingdom’s city wall with a bitter expression.

A moment ago, he was still filled with ambition to break through the city walls and head straight for the capital. However, in the next moment, the situation had turned around in such a shocking manner.

“This Emperor shenwu is really terrifying!”

He muttered.

Below, the generals all nodded in agreement.

“Let’s go! His Majesty has ordered us to retreat immediately!”

The commander of the maple forest Army waved his hand and said.

Very quickly, the maple forest Army began to retreat into the various Divine Cities. They then tore open the void and retreated rapidly.

On the other side, in the southern border.

The same situation was happening in the Vermillion Bird Army.

As the Vermillion Bird Army retreated, the divine martial Kingdom’s crisis was completely resolved.

At this time, the news also spread in the East Province, causing a huge shock.

The divine martial Kingdom's reputation soared.

For a time, all the forces sent out messengers to the shenwu royal capital to pay their respects to Emperor shenwu.

In the tent on the city wall of the northern region.

Tang Hao was in seclusion.

He had to take out the divine crystals of the hundreds of thousands of spiritual gods and heavenly gods one by one and then activate the great void divine furnace to refine their broken bodies.

This would take a lot of time.

After refining, it would take time to devour and absorb.

In the blink of an eye, half a month had passed.

"Is general mu ... Still not out of seclusion?"

"Not yet. It's been half a month and I haven't taken a single step."

From all around the tent, gazes were cast over from time to time.

"That great formation should still be with general mu. The entire East Province is talking about it."

“Definitely. After that battle, general mu went into seclusion and never took a single step out.”

“I’m really curious about what kind of formation it is. It’s so powerful! It’s just a formation, but there are 3000 great DAOs inside. It’s incredible. ”

They discussed in low voices, all extremely curious.

Seven days passed in a flash.

In the tent, Tang Hao’s body shook. A surge of energy spread out from his body and was blocked by the formation he had set up.

“Hu!”

He let out a sigh and opened his eyes.

A divine light flickered in his eyes, but it quickly disappeared.

He had already finished devouring and his cultivation had also broken through successfully, entering the seven-star realm.

The early stage of the sun god Realm was the venerable realm, the middle stage was the Supreme realm, and the late stage was the great venerable realm.

At this realm, one could be considered a true master above the East Province.

In the East continent, there were many grandmasters in the seven-star realm, such as Emperor shenwu and Emperor Shura. There were fewer in the eight-star realm and even fewer in the nine-star realm. They were all Masters of great Holy Lands, the top experts in the East continent.

“My cultivation level has finally caught up quite a bit. Seven Star realm ... It’s enough for me to fight against eight stars. I can even resist nine stars.”

He clenched his fist and felt his current strength. He was overjoyed.

However, he soon frowned.

His cultivation level had caught up, but he still didn’t have any treasures.

What he had were all treasures of the immortal path, such as the gods Palace, the sea calming divine Pearl, and the great void divine furnace. They were also items of the immortal path and could not be used casually in the God World.

As for Supreme Dao treasures, he had an ancestral god weapon that he had robbed, but since it was stolen, he could not use it casually.

Next, there were all yang divine artifacts. He had forged a spirit spear, a yang God grade spear that he had snatched, and a set of battle armor that he had exchanged from the divine martial Kingdom’s Treasury. None of them were top-grade treasures.

At that time, he had even exchanged for a bronze sword in the treasure vault, but until now, he had yet to find out anything about it.

He had to think of a way to get some treasures, and they had to be truly powerful treasures.

After pondering for a while, he was a little vexed.

For a moment, he didn't know where to go to get some treasures.

"We'll see. After all, there's no rush ..."

After a long time, he muttered and shook his head, throwing these thoughts out of his mind.

After a short rest, he stood up and walked out of the cave.

He had been in closed-door cultivation for more than 20 days. It was time to go back.

At this moment, his mind suddenly moved.

"Someone has broken into the carefree mansion!"

In the next moment, his face suddenly darkened.

Just now, the wisp of soul he had set up in the carefree mansion's formation had sent him the news that someone had broken into the formation!

It was impossible for outsiders not to know that he was in the Northern Territory. Therefore, the person who was challenging the formation must be targeting the people in the residence.

There was only one person left in the carefree mansion.

“Is it Mount Jade Dragon?”

He subconsciously guessed.

This possibility was very high. However, it was also possible that they were there specifically for her. After all, her identity was not ordinary and she had quite a background.

After thinking for a while, he got up and left the tent.

At this moment, in the divine martial imperial capital.

In the carefree mansion.

A few figures were currently spinning around in the bewildering formation.

“Motherf \* cker! What kind of stupid formation is this? I’m getting dizzy from all the spinning!”

“This is a maze-type formation. However, it seems to be more complicated and can change here and there. It’s not easy!”

“We have to do it even if it’s not easy. If we can’t get out, won’t we be trapped here to death?”

The few of them cursed as they walked.

They were all dressed in black robes and had masks on their faces, so their faces could not be seen.

“This is really strange. How can there be such a powerful maze formation in this broken place?”

After walking around for a while, they were all a little confused.

The maze formation under their feet was too complicated. They couldn't think of any way to break it.

“Wasn't the carefree mansion famous before? Emperor shenwu once set up a shocking maze here and trapped all the grandmasters from the East continent who came to break the array.”

“I know! Didn't they say that the array was taken away by Jade Dragon Mountain?”

“It seems so. Then this isn't that one, but it's probably about the same. They're both extremely powerful maze formations.”

As they discussed, they were all a little dejected and annoyed.

“If I had known earlier, I wouldn't have accepted this mission. I thought it was just to catch a spiritual God Realm chick and that it wouldn't be difficult, but I didn't expect ... Sigh!”

The leader of the group sighed, feeling regretful.

“Catch people? Who ordered you to do this?”

At this moment, a cold voice faintly rang out beside them.

The few of them were stunned at first, and then they were greatly shocked.

When they turned their heads to look, they were all scared out of their wits.

Beside them, a figure in white had appeared out of nowhere, looking like a ghost.
