

## The Mightiest Little Peasant Chapter 3481

“Al! Who knows how many people these goddamned Devils have killed!”

“Many forces were slaughtered, not a single one was left! What a sin!”

Tang Hao had gathered a lot of information as soon as he entered the hundred territories.

A few days ago, a group of demons suddenly appeared in the hundred territories. They were all yang God Realm powerhouses. They massacred everywhere, even in cities.

In just a few days, more than ten cities had been massacred. As for the sects, there were even more.

Right now, the entire hundred territories was in a state of panic.

Some went into hiding, while others ran towards the divine Kingdom in the West.

“No one knows who these Devils are. Those who have seen them are all dead.”

“Tai Qing Palace? We’ve been surrounded for two days, I don’t think we can hold on much longer.”

After carefully inquiring about it, a strong doubt grew in his heart.

No one knew where the group of sun gods came from or why they were killing so many people.

“Is it to devour flesh and blood?”

He guessed.

Usually, the purpose of such a massacre was to devour flesh and blood.

In the immortal world, such a scene was not uncommon. Moreover, this was the divine world. The strongest Divine Art of the Dragon count divine clan was devouring.

“So many yang gods. They must be from a big evil sect.”

Judging from the current situation, there were at least ten yang gods on the other side, including a middle-stage Supreme venerable. In the entire East continent, their strength was not low.

“Let’s go to the Tai Qing Palace first!”

He asked for the location of the Tai Qing Palace and rushed over.

At this moment, tai Qing Palace.

A layer of golden light spread out and covered the entire mountain range.

Outside the mountain, a giant Golden God stood, waving his giant palm and slapping the light screen.

Every time his palm landed, there would be a deafening explosion.

At the same time, a blinding flash of lightning bloomed.

This was a Lei clan godly spirit, and he was most skilled in the art of controlling lightning.

Behind the giant God, in the void ten thousand feet away, there were two figures. They were shrouded in bright divine light and their faces were covered, making it difficult for people to see them clearly.

From their auras, they were all mid-stage yang gods.

“It should be broken in half a day!”

“The top forces of the hundred territories are only at this level? Tsk! As expected of the wasteland, it’s really backward!”

The two of them looked ahead, their eyes filled with disdain.

Tai Qing Palace was known as one of the top forces in the hundred territories, but they only had one sun god. They only sent one person, but after two days of bombardment, the mountain-protecting formation was almost worn out. It was enough to show how weak tai Qing Palace was.

He was completely vulnerable!

“A one-star realm sun god and a group of sky gods and spirit gods. Even if I swallow them, it won’t be of much use. I’ll have to split them among the three of us ...”

The person on the left shook his head, his tone revealing a hint of disdain.

“It’s good enough. Think about it, there are only a few sun gods in the hundred territories. You can count them on one hand. It’s already good enough that we can get one!” The man on the right laughed and said helplessly.

“That’s true! It’s better than nothing. Maybe we can find some clues from the Tai Qing Palace to help us find that thing.”

The person on the left said.

The two of them chatted for a while, then waited with their hands behind their backs.

“It’s broken!”

After two hours, the dim light screen trembled and exploded.

The giant God outside the formation immediately reached out his palm and slapped the palace in the mountain.

At this moment, accompanied by a burst of violent golden light, a similarly tall giant God appeared. His entire body was golden, and his appearance was roughly the same. However, the divine patterns all over his body were different, which also represented the different bloodlines of different clans.

BOOM!

The two giant gods immediately engaged in a fierce battle.

“Hmph! A mere one-star dares to resist!”

The two of them looked at each other and sneered.

There was a hint of mockery in his tone.

In front of three middle-stage yang gods, a one-star realm little yang God couldn't do anything. He couldn't even run away.

The two of them did not step forward to help. Instead, they stood on the spot and watched for a while, as if they were watching a show.

“Send him on his way!”

“Alright!”

When they felt that it was about time, the two of them moved and were about to rush forward to suppress the palace Master of tai Qing Palace in one fell swoop.

“Just in time ...”

At this time, in the void not far away from them, there was a sudden ripple, and a figure walked out.

“Eh? Who are they?”

The two of them stopped and looked over, both stunned.

This guy seemed to be a sun god and was not on their side. Could he have come to rescue tai Qing Palace?

“Hahaha! That's great!”

The two of them were immediately overjoyed.

They had just thought that one sun god was too little and not enough for them to share. Now that there was another one, it was a pleasant surprise.

“Brother, there’s a way to heaven, but you refuse to take it. There’s no Door to Hell, but you just have to barge in!”

“Obediently surrender and I can give you a quick death!”

The two of them laughed and swept forward.

Their bodies trembled at the same time, and there was a brilliant divine light. A terrifying pressure spread out, and they were full of momentum.

“Who are you guys?”

Tang Hao was stunned when he saw them.

“The person who will kill you!”

The two of them shouted loudly, their eyes filled with anger as they charged forward.

They didn’t use any weapons and just struck with their palms.

In their opinion, this was also the sun god of the hundred territories. He was at the peak of one-star, similar to the palace Master of tai Qing Palace. In front of the two Supreme exalts, he was not worth mentioning at all.

“What big words!”

Tang Hao rolled his eyes and chuckled.

How dare two mid-stage yang gods be so arrogant in front of him!

“Woof! How arrogant!”

The two of them were stunned for a moment, but they did not expect that this fellow actually dared to be so arrogant.

They were instantly infuriated. Their bodies trembled, and their auras rose again. They struck out with their full strength.

They were going to destroy this guy with one palm!

However, at this moment, the white-robed figure in front of him suddenly disappeared.

“Where is he?”

They were all shocked.

“Over here!”

The next moment, a cold shout exploded in their ears.

The white-robed figure had appeared behind them.

“What a fast speed!”

The two of them identified their position, and their hearts were greatly shaken. They were extremely shocked.

That movement just now wasn't a void god art, it was just pure speed.

To be able to move at such a terrifying speed, he was clearly not an ordinary sun god.

BOOM!

Before they could come back to their senses, a deafening explosion erupted behind them. An extremely terrifying pressure suddenly erupted, madly slapping over like a landslide and tsunami.

The two of them instantly trembled and pounced forward.

Their eyes were wide open, filled with fear and disbelief.

Just a wave of pressure was enough to make the two of them stagger and fly out. What kind of terrifying realm was this?

This was a great senior!

After understanding this, they were all shocked.

At the same time, he was extremely puzzled.

In the hundred territories, where did a great venerate realm powerhouse come from?

People at this level were either the emperors of the Holy kingdoms, the Masters of some big sects, or the top elders of big forces like Mount Jade Dragon.

Why would such a powerful person appear here?
