

The Mightiest Little Peasant Chapter 3491

“Only nine-star?”

She was stunned.

Her beautiful face was filled with confusion.

She was a little shocked.

This tone ... Was simply too arrogant!

Even if this cheapskate Junior Brother of hers had an extraordinary background, now that he had reincarnated, his strength was not as good as before. How could he resist a nine-star existence?

“Just wait! Let them bombard!”

Tang Hao smiled, sat down, and began to observe the situation.

BOOM! BOOM!

Every few minutes, the Golden divine spear would bombard the formation.

The city beneath their feet would also shake violently.

This divine spear was an ancestral god weapon. It gathered the strength of a group of seven or eight-star great venerates, and the power that erupted from it was quite impressive.

She stood at the side, looking up and down from time to time, sizing up her cheap Junior Brother. Suddenly, she shook her head and sat down.

Since he was so calm, she had no reason to panic.

At this moment, it was a chaotic situation outside the mansion.

Everyone was frowning.

If this continued, the imperial capital would definitely be broken through. It was only a matter of time.

“Hahaha! Look at these people, how pitiful they are, they can only wait for death inside!”

Mount Yulong, in a Great Hall.

Many figures were sitting cross-legged, each of them a great Paragon.

They were all activating their divine essence, instilling power into that golden divine spear from a distance.

Previously, they had all left their soul imprints on the divine spear, so they could activate it together.

The Shura Emperor sat in the center of the vortex. When he saw the situation in the divine martial royal capital through the vortex in the void, he couldn't help but laugh in satisfaction.

An Army of 300000 and more than 20 yang God powerhouses!

He could finally take revenge for this blood feud!

Once the formation was destroyed, he would slaughter the entire divine Martial Emperor, leaving no one behind!

“These layers of turtle shell are quite hard!”

A great senior muttered in surprise.

He had never seen such a powerful defensive formation.

“Of course. The force behind the divine martial Kingdom is most proficient in array Dao. I chose to use this method precisely because I’m afraid of these array formations!”

The Spirit Dragon great senior sitting at the head of the table spoke.

He laughed with a smug expression.

His plan was flawless and perfect. No matter how many arrays the divine martial Kingdom set up, they wouldn’t be able to hurt them at all. The divine martial Kingdom could only be beaten up.

“Hahaha! As expected of the great Senior Spirit Dragon!”

Someone laughed and flattered him.

When great Senior Spirit Dragon heard this, he laughed again and his expression became more and more complacent.

He had always been known for his cautiousness and steadiness. He had to plan everything before taking action. Just like this time, he had planned for a long time and considered everything thoroughly before taking action. He wanted to win with a single strike and completely eradicate the divine martial Kingdom.

In this way, all the previous humiliation could be swept away, and he could take revenge for his dead disciples.

“Continue!”

He gave a loud cry and urged the divine essence in his body to surge towards that divine spear unceasingly.

Boom! Boom! Boom!

The noise lasted for a day, and three layers of the divine martial imperial capital’s formation were broken.

The remaining array’s radiance had also dimmed significantly.

This kind of defensive formation required energy and relied on the heaven Earth Spirit vein at the foot of the Imperial City. If it was consumed too quickly, it would not be able to supply enough energy.

“I can only hold on for two days at most!”

“What do we do now? The country won’t be destroyed, right?”

Everyone in the imperial capital became more and more pessimistic.

In the four corners of the imperial capital, there were also some prying gazes from various forces.

“Jade Dragon Mountain, what a good move!”

“This divine martial Kingdom can only be beaten up. It’s too tragic!”

Seeing the situation clearly, they couldn’t help but sigh. The older the wiser.

Although Emperor shenwu had the support of a powerful force, it was still not as powerful as Jade Dragon Mountain.

No matter how many formations Emperor shenwu had or how powerful they were, they could not withstand the consumption of Jade Dragon Mountain.

“I’m afraid the divine martial country is going to be gone!”

Many people shook their heads, their tone very certain.

The only thing the divine martial country had was the formation. Now that the formation was restricted, the divine martial country had no other advantage. Jade Dragon Mountain had even used nine-star strength. With such a Grand occasion, they would not stop until they destroyed the divine martial country!

“Mount Jade Dragon is still Mount Jade Dragon! The great Holy Land that shakes the East continent!”

Some people even praised.

“The situation is not good!”

In the divine martial Palace, Emperor shenwu raised his head and looked at the sky. The worry between his brows deepened.

He estimated that in less than two days, at most one and a half days, the great formation of the Imperial City would be broken.

At this moment, he could not think of any feasible way to resist Mount Jade Dragon.

There was a killing array, but the other party did not enter and was only bombarding with the ancestral god weapon. He could do nothing about it.

“Are we really going to run?”

He mumbled unwillingly.

The divine martial Kingdom would be annihilated if he were to escape.

However, if he were to fight to the death, he did not have much confidence.

He was only in the seven-star realm. Even if he could borrow the power of all living beings in the divine Kingdom and had the support of the formation, he would probably not be able to reach the nine-star realm. Going out would be suicide.

“It seems like ... I can only leave!”

After weighing the pros and cons for a moment, he gritted his teeth and made a decision.

At his realm, he was naturally most afraid of death. Even if the divine martial Kingdom was destroyed, he would still have the opportunity to rebuild it in the future. As the saying goes, where there is life, there is hope!

“Men!”

Then, he shouted and called the purple-robed general manager over, giving the order to retreat.

“His Majesty said to retreat!”

“Hurry up! Pack up your things and rush out with Her Majesty. ”

Very quickly, the Imperial City was boiling.

Everyone began to pack their things and rushed to the front of the palace.

“Hahaha! This Emperor shenwu was quite tactful! When they saw that they couldn’t block it, they wanted to run!”

Mount Jade Dragon.

The Shura Emperor laughed out loud, his face full of mockery.

“Hahaha!”

The rest of the people also laughed along.

Their expressions became more relaxed.

Emperor shenwu was about to run away, so there was no suspense in this battle.

“We’ll chase after Emperor shenwu and capture him once he’s gone.” The Shura Emperor said viciously.

“There’s no need for that!”

Great Senior Spirit Dragon shook his head.

He was still as cautious as ever.

Who knew if this was Emperor shenwu’s trick to lure them to go personally? they had to be on guard.

“Yup! It’s better to be careful. It’s already a great victory to be able to destroy the divine martial Kingdom!”

A great senior agreed.

Putting aside the formation technique, Emperor shenwu was a seven-star great venerable, so it would not be easy to catch him.

“Then forget it!”

Emperor Shura said awkwardly.

He was depressed and could only vent his anger on those few layers of the array. He crazily poured in divine essence and attacked.

“It’s almost time!”

In the carefree mansion in the Imperial City, Tang Hao muttered to himself and stood up.

He stood with his hands behind his back and looked up at the sky. His sword-like posture gradually had a fighting spirit rising.

“Almost done? What do you mean by “almost”?”

On the side, his cheap Senior Sister raised her head and looked at him with a stunned expression.

“What do you think?”

Tang Hao smiled at her. His figure flickered, and he left the residence. Then, he stepped into the air and left.
