

## The Mightiest Little Peasant Chapter 3493

“That’s ... Nine-star?”

Many powers in the East continent activated their treasures and paid close attention to the battle in the divine martial imperial capital.

At this moment, all of them widened their eyes and revealed an extremely shocked expression.

That guy was clearly a seven-star, but at this moment, he had erupted with a power comparable to a nine-star!

“Did he use other powers?”

They subconsciously thought that this was not the man’s true combat strength, but a borrowed force.

The power of the divine Kingdom, or the power of the great formation ...

However, upon closer inspection, there was no sign of him borrowing power.

This was all due to this person’s own strength!

This conclusion had completely shocked them.

A Seven Star realm cultivator could erupt with power comparable to nine stars. What a heaven-defying monster!

How could there be such a terrifying figure in the divine martial country?

Bang!

Under the shocked gazes of everyone in the world, the fist and the spear collided brazenly.

Rings of dazzling divine light suddenly exploded like the explosion of stars, extremely bright.

The violent Qi force spread out wildly, tearing and distorting the void.

“Nine-star! It is indeed a nine-star!”

“Who is he?”

In the Great Hall on Mount Jade Dragon, there was another round of exclamations.

All the great seniors were dumbstruck.

This attack was a draw.

This was a bit ridiculous. They had so many seven-star and eight-star great sovereigns working together and using ancestral God weapons from a distance, but they were tied with a punch from a seven-star guy?

“How could it be like this!”

Great Senior Spirit Dragon's face turned extremely ugly.

His original plan was going smoothly, and he was about to destroy the divine martial Kingdom. However, such a terrifying figure had suddenly appeared out of nowhere, catching him off guard.

"They must be from that mysterious force!"

"I miscalculated!"

He gritted his teeth and felt vexed.

He had never expected that such a terrifying figure was hiding in the divine martial country.

Using the ancestral god weapon from a distance was extremely taxing. Furthermore, they did not have much divine energy left after attacking for so long. What could they use to fight against this terrifying monster?

The divine martial imperial capital was probably not going to be broken!

"Motherf \* cker!"

Many great seniors also understood this point and were extremely annoyed.

They had worked so hard for so long, but in the end, it was all for nothing!

"Mount Jade Dragon ... Is nothing more than this!"

In front of the Imperial City, Tang Hao caught the spear and laughed.

In the next moment, his figure burst out and he clenched his fist.

“Not good!”

“Hurry up! Stop him!”

In the Jade Dragon Palace, all the great seniors were shocked.

They hurriedly activated their divine Spears and charged forward with their power.

However, it was still a little rushed. With a loud boom, the Golden divine spear was sent flying by the punch, and the divine light on it suddenly dimmed.

“Ah!”

A few muffled groans immediately rang out in the Jade Dragon Palace.

Many great seniors “faces turned pale.

They gritted their teeth and calmed themselves down. They tried their best to suppress the churning qi and blood in their bodies and continued to activate the divine Spears.

They were remotely controlled and were hundreds of millions of miles away. Naturally, they were not as agile and were at a disadvantage. However, at this moment, they had no choice but to brace themselves and hold on.

Now that all the major forces in the East Province were watching, they couldn't just run away. Wouldn't that be a huge joke?

Boom! Boom! Boom!

Just like that, the fist and the spear continued to clash and explode with dazzling divine light.

"He's a true monster!"

"This person is extremely terrifying!"

The forces from all four sides were more and more shocked.

The first punch could be said to have used some kind of secret technique and temporarily exploded with power. But what about the ten or twenty punches? they were still as powerful, which was enough to prove that this person's strength was real.

"Fighting a nine-Star Warrior as a seven-star Warrior. I've never seen such a monster in my life!"

"There aren't many of such freaks in the entire divine realm! How did the divine martial Kingdom manage to get close to such a powerful person?"

They even started to feel jealous of the divine martial Kingdom.

The divine martial Kingdom was originally a small divine Kingdom. Now, with the support of such a powerful force, it had risen up in an instant.

“I can ‘t!”

“Ah, Yingluo!”

In the Great Hall of Mount Jade Dragon, there were cries of alarm.

From time to time, a great senior’s figure would sway and fall backwards. Some even spat out a mouthful of blood.

Although the other party’s punches landed on the divine spear, through their connection with the divine spear, a portion of the power was still transmitted to them, causing their divine souls to tremble.

They did not have much divine essence to begin with, and after receiving a few punches, they were like arrows at the end of their flight, so how could they still hold on?

From time to time, great Senior Spirit Dragon would turn around and look. When he saw these great seniors in a sorry state, his brows would furrow, and he would be anxious and angry.

“We can’t continue like this, retreat!”

After another punch, two more great seniors couldn’t hold on. After vomiting blood, he finally gritted his teeth and made a decision.

The remaining great paragons activated their divine Spears and flew back, tearing open the void and returning.

“Mount Jade Dragon has retreated!”

The four forces were not surprised.

This was a matter of course.

With that terrifying monster around, it would be a dream for Jade Dragon Mountain to break through the divine martial imperial capital with such a long-distance attack!

Unless great venerable Jade Dragon himself and all the other sovereigns of Jade Dragon Mountain attacked together, they would not be able to break through the divine martial imperial capital.

However, judging from the current situation, Jade Dragon Mountain might not dare to do so. Otherwise, they would not have used such a method.

“I really didn’t expect this to be the result!”

Many people sighed with emotion.

Jade Dragon Mountain was defeated once again, and it was in this divine martial country.

“He left?”

In the palace, Emperor shenwu was in a daze as he looked at the empty sky.

When he came back to his senses, he didn’t show any joy. Instead, he looked at the dazzling figure standing in front of the city with shock.

This kid ... What exactly was his background?

Such strength was truly too terrifying!

When he had exchanged a punch with him at the purple Qilin mountain, he had only felt that his strength was a little stronger than his, but now it seemed that it was not just a little, but on a completely different level from his.

“That’s too F \* cking abnormal!”

He mumbled in a daze.

Compared to this kid, Emperor shenwu was really a little useless.

When he thought of how he was about to run away in a hurry just now, his face felt as if it was on fire and became extremely hot.

“Your ... Your Majesty, are ... Are we still going to run?”

Outside, the purple-robed manager looked out of the city for a long time before he came back to his senses. He trotted into the palace and asked in a low voice.

“Run? Why are you running? Run, my ass! When did I say I was going to run?”

Emperor shenwu’s face turned even redder.

He coughed drily, put on a stern face, and chided.

He did say it, but he couldn't admit it. It would be too embarrassing.

The purple-robed general manager stood there in a daze, his face full of confusion.

After a long while, he finally let out an "Oh" and came to a sudden realization. He hurriedly said, "Yes, I remembered it wrong. Your Majesty, you didn't say it."

Then, he turned around and left the hall to clean up the mess outside.
