

## The Mightiest Little Peasant Chapter 3495

“Forget it! Forget it!”

After a while, Emperor Shura shook his head and sighed.

He had no other way.

In the face of absolute power, he had no tricks to use.

“My Asura country has fallen, just like that!”

He laughed bitterly, his face full of sorrow.

Not long ago, he had been so ambitious that he wanted to make the Shura country a great divine country in the East continent, even comparable to a great Holy Land. But now, the country was going to be destroyed.

“It’s all because of this guy!”

He glared at the dazzling figure, his eyes flashing with deep hatred.

But very quickly, he revealed a helpless expression.

He was no match for a nine-star terrifying genius in the seven-star realm. No matter how much he hated Emperor shenwu, he could do nothing about it. However, he could still hate Emperor shenwu. Perhaps he would have a chance to take revenge.

“Old man shenwu, just you wait!”

He looked at Emperor shenwu and gritted his teeth as he muttered.

Then, he tore open the void and escaped into Asura country.

He didn't dare to retreat in a grand manner, so he only took a few people and the important treasures before leaving quickly.

“You're running pretty fast!”

As he escaped from the Shura capital, Tang Hao, who was far away at the border of the country, snorted.

He had been paying attention to the situation in the Shura capital, so he had naturally noticed the Shura Emperor's movements.

He didn't give chase. A seven-star sun god who was determined to escape wasn't easy to catch.

“Who is it? Who's running away?”

Emperor shenwu asked curiously.

“The Shura Emperor!”

Tang Hao said.

“He has already run away?”

Emperor shenwu was stunned for a moment before he burst out laughing. That’s great!”

He was ecstatic.

Once the Asura Emperor ran away, the Asura Kingdom would be defenseless and could be easily razed to the ground, becoming the divine martial Kingdom’s territory.

“I’m rich! I’m rich!”

He swept his gaze forward, and his eyes became incomparably fiery.

The Shura Kingdom’s territory was five to six times that of his divine martial Kingdom. After devouring it, his divine martial Kingdom’s territory would rapidly expand and become a mid-sized divine Kingdom.

“I’ll inform divine general flying dragon and the others to come and take over. ”

He quickly struck out a few Jade talismans.

He believed that by the time general Fei Long and the others arrived, the Asura Kingdom would have already been conquered by him.

“Alright!”

Tang Hao looked at him and nodded.

His figure flickered, and he flew out to make his move.

Since the Shura Emperor had run away, he might as well end things quickly.

“Divine martial Kingdom, how dare you invade the Shura Kingdom!”

In one of The Divine Cities, a divine general of Asura country was shouting at him.

“Hurry up! Defend and hold on until His Majesty returns!”

The divine general turned around and shouted at the Army behind him.

“Break!”

Tang Hao arrived in front of the city and lightly struck out with his palm.

Bang!

The light screen of the God city was like a bubble that was easily destroyed by him.

“This ...”

The immortal General’s eyes almost popped out of their sockets.

What kind of monster was this?

Looking at the dazzling figure descending from the sky, his mind was almost blank.

“Die!”

Tang Hao landed on the ground and landed a palm on his head.

A big head exploded just like that, and divine blood splattered everywhere.

He extended his slender fingers and pinched the black divine crystal in the midst of the splattering blood and flesh. He threw the divine blood away and swallowed it.

The Asura soldiers around them were all terrified.

That was their commander, a four-star sun god!

However, when facing that person, he was like a child, unable to resist at all.

“Fuck! Is he that brutal?”

In the distance, Emperor shenwu saw it too and was shocked.

This was the first time he had seen this kid kill someone. His methods were truly brutal!

“This kid is not to be trifled with!”

He muttered to himself and secretly swore to himself that he would never make this kid unhappy in the future.

After swallowing the divine crystal, Tang Hao put the body into the sky-devouring jar. Then, he flicked his sleeve, and groups of Asura soldiers were sucked into the jar.

Since they were enemies, he would not be polite.

Furthermore, this was the Dragon count divine clan and not the human race.

As he moved, he suppressed all the Shura soldiers he saw.

He walked around the Shura's border and cleared the city walls.

"Let's go, to the imperial capital!"

Apart from the city walls of the country, the imperial capital was the place where the troops were stationed.

"Oh!"

Emperor shenwu, who had long been stunned, finally snapped back to his senses and quickly followed after her.

It was really too fast!

He exclaimed in his heart.

This kid's efficiency had truly stunned him.

When they arrived at the Shura capital, Tang Hao immediately cleared out all the guards while Emperor shenwu appeared to persuade the people in the city to surrender. Anyone who refused to surrender would be killed on the spot.

Such a thunderous method quickly suppressed the entire imperial capital.

"You stay here. I'll go kill some more people."

Tang Hao said to Emperor shenwu.

In addition to the Army, a divine Kingdom also had many sacred lands that were loyal to it. They needed to be eradicated.

As for the rest, they were all commoners, so he didn't kill them.

"Alright!"

Emperor shenwu had no objections.

He remained in the Shura royal capital, and while waiting for divine general Wyvern and the others, he continuously sent out Jade talismans.

After conquering the Asura Kingdom, it would be a very troublesome matter to recruit the officials and civilians. He had to start making arrangements now.

After leaving the Shura capital, Tang Hao went to various places and slaughtered the sun gods of the Holy Lands before returning to the divine martial Kingdom.

He had killed many people on this trip and needed to refine them.

After devouring it, his cultivation would increase by quite a bit.

At this moment, the news spread throughout the Imperial City, causing a huge commotion.

“Have you heard that the Asura country is gone?”

“What? It must be fake! How could it be so fast!”

“It’s true. Didn’t you see that many departments are taking action? they’re going to take over the Shura country’s territory.”

The people of the divine martial Kingdom were both shocked and excited.

The entire imperial capital was in a lively and jubilant mood.

Previously, they had thought that the divine martial Kingdom was going to fall. However, they didn’t expect that the divine martial Kingdom didn’t fall, but their opponent, the Asura Kingdom, did. The ups and downs were too fast.

“You destroyed Asura country?”

When Tang Hao returned to the carefree mansion, he saw his Senior Sister.

She looked at him with shock in her eyes, as if she was looking at a monster.

“I’ll exterminate it!”

Tang Hao nodded.

She opened her red lips and was speechless.

It was a God Kingdom, after all, so why did it sound as simple as swatting a fly to death?

“What’s wrong?”

Tang Hao asked when he saw the change in her expression.

“I ... Never mind, it’s nothing!”

She hesitated for a moment, shook her head, and did not say anything more.

She really wanted to ask him who he was, but after thinking about it carefully, she didn’t seem to have the right to do so. After all, they weren’t really senior sisters or junior brothers. Moreover, she had also hidden her identity.

“Alright then!”

“Okay,” Tang Hao replied. He did not ask further.

When he returned to the small pavilion by the lake, he took out the sky-devouring jar and began to activate it to speed up the refinement.
