

The Mightiest Little Peasant Chapter 3496

The news of the Asura Kingdom's destruction quickly spread.

The East continent was shaken!

The people of the world were dumbstruck. They had just been discussing the shocking battle in the divine martial royal capital, and they had yet to digest it. In the blink of an eye, the Shura country was gone.

It was a medium-sized divine Kingdom, how could it be gone just like that?

This was too fast!

“What a miserable Shura Emperor!”

“This Shura Emperor is really unlucky!”

The world sympathized with the Shura Emperor.

At first, Shura Emperor was quite impressive. He was a seven-star great venerable with more than 40 yang gods under his command. His family was very strong and well-known in the entire East continent.

However, ever since he listened to Jade Dragon Mountain's words and attacked the divine martial Kingdom, he started to be unlucky.

First, they had defeated the Army and nearly half of the sun god. Now, even the kingdom had fallen.

It was really tragic!

“It must be that mysterious monster!”

“Who else could it be besides him?”

Everyone thought of the heaven-defying monster who had fought against a nine-star with his seven-star cultivation.

Only such a person could easily destroy a medium-sized divine Kingdom.

“This divine martial Kingdom is incredible!”

Previously, the divine martial Kingdom had only displayed a few powerful formations, and their reputation had already soared. Now, they had a nine-star genius backing them.

It wouldn't be long before the divine martial Kingdom was promoted to a great divine Kingdom.

There were many divine kingdoms in the East continent, but there were only three great divine kingdoms. The divine martial Kingdom was expected to be the fourth.

The ordinary people were only here to watch the show, but the various forces had already started to move. They all sent people to the divine martial Kingdom to congratulate them.

At the carefree mansion.

When Tang Hao walked out of the small pavilion by the lake, it was already bustling with activity.

Divine light could be seen galloping over from all directions of the imperial capital.

“It’s so lively!”

Tang Hao sighed when he looked at it.

He walked to the lakeside and sat down. He took out a tea set and made a pot of tea.

After a few sips, he suddenly sighed, and his thoughts began to drift.

It had been more than a year and two months since he arrived in the divine world.

He had gained a lot. His current cultivation was close to the eight-star realm, and his battle prowess was comparable to nine-star.

He believed that with his current cultivation, he would definitely make it in time to kill the two celestial Kings at night.

However, the longer he stayed here, the more he missed the immortal world and Pangu. There were many people he missed there.

“Emperor Tianhuang!”

Suddenly, he mumbled and frowned.

The thought of Tianhuang elder gave him immense pressure.

An ancient Celestial Emperor who had lived for countless years and had countless divine powers was definitely the most terrifying enemy he had ever met in his life!

“If we go back now, we’ll just be courting death. Only by reaching the ancestral God Realm can we possibly survive in his hands.”

He shook his head helplessly.

Even if he found the way back now, he couldn’t go back.

“Let’s talk about it after we reach the ancestor God!”

He mumbled and took a sip of tea. After savoring it, he felt much more relaxed.

“Let’s go and see Emperor shenwu!”

After sitting there for a long time, he got up and went to the palace.

“Brother mu, you’ve come!”

Emperor shenwu greeted him warmly when he saw him.

He didn’t even dare to address him as general mu or King Xiaoyao. He directly called him brother. If this person wasn’t younger than him, he would have called him brother.

“Come and take a look!”

Tang Hao said with a smile.

He had nothing to do, so he came over to take a look.

“I’ve been busy all this time, and there are still many people waiting to see me! I can’t not see him either, it’s easy to offend people, I’m so annoyed!” Emperor shenwu complained.

In the past, he was so carefree, sitting by the pond every day, fishing and killing time.

He was so busy now that he felt dizzy.

“Isn’t that good? Then you can give the Shura country’s territory to someone else!” Tang Hao said.

“Don ‘t! That won’t do!”

Emperor shenwu shook his head decisively.

The larger the territory, the more resources and people there were, and the stronger the divine Kingdom was. There was no such thing as handing over territory to someone else.

“I’ve already arranged everything. Soon, the wall will be built and the Shura country’s territory will be included in it. As for the imperial capital, it will still be here, unchanged!”

Then, he talked about some of his arrangements.

Tang Hao listened for a while, then nodded.

He looked at the territory map Emperor shenwu took out and suddenly had an idea. "Why don't you wait for a while before you build the wall?"

"What's wrong?"

Emperor shenwu was stunned.

"Look, this is the wall of Suzaku and this is the wall of Fenglin. These walls can be connected together, and the area can be expanded!" Tang Hao pointed to the south and west of the divine Kingdom.

"You mean ...?"

Emperor shenwu was stunned when he heard that, and his eyes gradually widened.

Does this mean that he wants to destroy both the Suzaku and Fenglin countries?

He was a little shocked.

He had just destroyed Asura country, and now he wanted to destroy Vermillion Bird and maple forest Country. Such an idea was too bold. If it were him, he wouldn't even dare to think about it.

"That's right! Just reject it and save yourself some trouble in the future!"

Tang Hao said.

He had his eyes on the sun gods of the Vermillion Bird and Fenglin countries.

After obtaining a few opportunities, he was not far from the eight-star realm. There were nearly thirty to forty sun gods from the two countries. If he could kill Emperor Feng Lin, he would be able to advance steadily.

Among the three emperors, Emperor Feng Lin's cultivation level should be the lowest. He was close to a peak six-star.

The Vermillion Bird Emperor might have already become a seven-star, so he wouldn't be easy to kill.

"This ... Good idea!"

Emperor shenwu pondered for a moment before clapping his hands. He was so excited that his face turned red.

The divine martial Kingdom and the Vermillion Bird kingdom were mortal enemies. They had been fighting for more than a thousand years. If there was a chance, they would naturally destroy the Vermillion Bird kingdom. As for the maple forest kingdom, they had actually colluded with the other two kingdoms to attack the divine martial Kingdom. It was time for them to be destroyed.

"Then which country should we destroy first?"

"Naturally ... It's the Fenglin Kingdom!"

Tang Hao lifted his hand and pointed at the location of the maple forest imperial capital on the map.

"Furthermore, he has to catch Emperor Feng Lin off guard and kill him!"

Tang Hao's tone was cold and murderous.

"Alright!"

Emperor shenwu slapped his thigh and said excitedly.

That Emperor Feng Lin was at most a peak six-star. If he planned it well, he would have a chance to kill him.

If he could kill Emperor Feng Lin, the divine martial Kingdom's prestige would rise to another level.

"Let's do this!"

Tang Hao explained his plan.

"Good idea!"

Emperor shenwu could not help but exclaim in admiration.

Very quickly, a piece of news was sent out from the palace.

Emperor shenwu was going to send an envoy to Fenglin country to persuade them to surrender!

When this news came out, the imperial capital was in an uproar.

It wasn't just the people of the divine martial Kingdom, but the people from the other forces were also shocked.

Emperor shenwu had just destroyed the Asura Kingdom and had yet to stabilize his territory, but he was already plotting against the maple forest kingdom. His guts and appetite were too big!

"I'm afraid this Emperor shenwu is getting a little too arrogant!"

Many people were discussing.

In their eyes, this was clearly not a wise move.

What the divine martial Kingdom should do now was to take over the Asura Kingdom's territory and people so that they could develop well. After they had taken control of the Asura Kingdom, they could then consider taking over the maple forest kingdom. It would be too hasty to act now.

The Shura Emperor was still alive, and it was said that he had taken away a few sun god experts.

If he took the opportunity to create chaos or incited the surrounding divine kingdoms to resist the divine martial Kingdom together, the divine martial Kingdom would not have a good time.

However, their voices did not have any effect.

A day later, the divine martial Kingdom's emissary set off for the maple forest kingdom.
