

The Mightiest Little Peasant Chapter 3499

Emperor Feng Lin was dead!

The maple forest divine Kingdom was destroyed!

When this news reached the divine martial imperial capital, everyone was dumbfounded.

Just a moment ago, they were still discussing how Emperor shenwu's Messenger would be driven back by the people from the maple forest kingdom. In the blink of an eye, the maple forest kingdom was gone?

This ... Was this a joke?

"It's absolutely true!"

"The capital of Fenglin is in chaos!"

When they activated their divine eyes and peeked into the Fenglin country, they had no choice but to believe it.

"This is unbelievable!"

"That Emperor Feng Lin was a peak six-star expert. How could he have died?"

The entire Imperial City was instantly in an uproar, and cries of surprise could be heard everywhere.

The people were both shocked and confused.

They couldn't figure out what methods the divine martial Kingdom had used to kill even Emperor Feng Lin.

When the Shura Kingdom had been destroyed, the Shura Emperor had not died and had escaped safely. Emperor Feng Lin was probably the first divine Kingdom master to be killed in the past few thousand years.

“What a powerful technique!”

“When did Emperor shenwu become so smart and cunning?”

After they found out about the situation, they were all shocked.

The divine martial Kingdom's scheme was so brilliant that it made them gasp in admiration.

It was rare to see such an exquisite strategy in the battle of God nations.

“This doesn't seem like Emperor shenwu's style. Could it be that person?”

Many people were guessing.

In people's impression, Emperor shenwu was not the kind of person who was particularly smart or good at strategizing. There did not seem to be such a person among the 11 divine generals of the divine martial Kingdom.

Excluding these people, the only one left seemed to be that person.

Furthermore, they were more inclined to believe such a guess. A genius with extraordinary talent and devilish wisdom undoubtedly made them more excited.

“He just destroyed Asura country, and in the blink of an eye, he destroyed maple forest Country. This speed is too fast!”

“The divine martial Kingdom has a big appetite!”

In the Imperial City, the people of the various forces were all secretly shocked.

Even though they knew that the divine martial Kingdom would rise to power and Annex the maple forest Kingdom’s territory, they didn’t expect it to happen so quickly.

“I have to prepare another congratulatory gift!”

Many forces were even more troubled.

He had just sent a gift and paid his respects to Emperor shenwu a few days ago, and he was here again.

“Why don’t we ... Wait? I’m afraid that in two days, the country of Suzaku will be gone.”

Some forces hesitated for a while and decided to wait and see.

They couldn’t see through the current divine martial Kingdom. Who knew how far the divine martial Kingdom could go under the leadership of that demon?

Two days passed in such a lively atmosphere.

Sure enough, news came from the Vermillion Bird country that the Vermillion Bird Emperor had escaped with a group of people.

It was said that they had received the news of the divine martial Kingdom's attack and had left overnight. They had even moved the entire Palace away.

The divine martial Kingdom had destroyed the Vermillion Bird kingdom without much effort.

Once the news spread, the imperial capital was once again in an uproar.

The atmosphere was even more lively than before.

"You're running pretty fast!"

In the sky above the Imperial City of the country of Suzaku.

Tang Hao looked at the empty city below him and grinned.

After suppressing the Emperor of Fenglin, he had gone to the various sacred grounds of Fenglin country and suppressed many people, so he had spent some time.

When he had the time to deal with the country of Suzaku, he didn't expect that they would all run away.

Not even a single treasure was left behind.

“Isn’t that good? There was no need to waste energy! That old Vermilion Bird isn’t easy to deal with. He’s about the same as me.” Emperor shenwu stood aside and smiled.

Tang Hao turned around and looked at him.

“You ... What’s with that look? I’m also quite capable, okay!”

Emperor shenwu was indignant.

He felt that this kid was looking down on him.

Tang Hao only smiled, then turned around and left.

Since he could no longer obtain anything from Suzaku, it was time for him to return to the carefree mansion.

The harvest from Fenglin country was enough for him to strive for eight-star.

“Al! Where are you going?”

Emperor shenwu shouted.

“Back to Xiaoyao mansion!”

Tang Hao's voice came from afar.

Emperor Shenwu heaved a sigh of relief. He had been afraid that the kid would go to the next divine Kingdom.

To the divine martial Kingdom, swallowing three divine kingdoms in a row was already their limit. They couldn't do anything more.

"I'm a seven-star great venerable and a mighty divine Martial Emperor. How can I lose face like this?"

Then, he furrowed his brows in anger.

In front of this brat, he actually had a feeling of inferiority, which made him very hurt.

Back then, he was also a slightly famous genius in the East continent. He had worked hard to establish the divine martial Kingdom and cultivated to the seven-star realm. It was already very impressive.

"Forget it, I won't compete with him!"

After a while, he shook his head, his expression somewhat dazed.

Although he was not sure of this kid's identity or what his aptitude was, he had seen his cheat-like cultivation speed and his abnormal combat strength ...

He couldn't compare, and he didn't dare to!

“After devouring the three divine kingdoms, our territory has expanded by seven or eight times and we have more resources. We’ll be able to produce more sun gods soon. When we have thirty or forty sun gods, we’ll be able to stabilize our position as a medium divine Kingdom.”

Then, he began to calculate and his mood became much better.

Tang Hao sat down and took out the sky-devouring jar after he returned to the carefree mansion.

He began to activate the treasure and speed up the refinement.

This refining and devouring process took him more than a day.

After he finished devouring, his cultivation base broke through as expected.

“Not bad!”

Opening his eyes, he activated the divine essence in his body and nodded his head in satisfaction.

“It’s time to consider re-refining My Immortal spirit body!”

He thought of his immortal spirit body.

This immortal spirit body had always been evolving. It had devoured a lot of God race flesh and blood, and it was even stronger than the bodies of those of the Dragon count God race.

However, Tang Hao was still not satisfied.

In his opinion, this immortal spirit body wasn't perfect enough. There were some places that needed to be re-refined to become stronger.

Moreover, he had to make this immortal spirit body more like a god race.

This way, he wouldn't be suspected if he used immortal spirit body.

"However, there's no rush!"

After some consideration, he shook his head.

At the moment, this wasn't an urgent matter. Even the Protoss rarely used their divine bodies.

Moreover, in order to reforge the immortal spirit body, he would need some high-level materials, such as the soil of breath and the level of the sovereign bloodline. However, he didn't have such materials on hand.

As such, he planned to first study the method of reforging it and only refine it after he found a suitable treasure.

He rested for a moment and sorted out his thoughts before he left.

He planned to visit the various shops and ask around to see if there were any good materials or information related to treasures.

"Al! Brother mu!"

“Isn’t this brother mu?”

They had just walked past a few streets and turned a corner when they bumped into a group of people. It was Zheng Tong and his group.
