

The Mightiest Little Peasant Chapter 3513

“Little brat, this should be enough!”

The middle-aged man grinned.

His aura was that of a peak six-star.

“A seven-star Sea Dragon ... It’s alright!”

Tang Hao said indifferently as he sized up the Dragon.

The thing that was causing trouble in the sea just now should be this Sea Dragon. It must have been raised by the Chen family.

The Chen family was quite powerful. The head of the family was the eight-star sun god, and there were a few seven-star venerable. It was not difficult to cultivate a seven-star Sea Dragon.

“Hahaha! You brat, keep pretending! I think you’re actually so scared that you’re about to pee!”

The middle-aged man laughed.

The mocking look in his eyes became even more intense.

A brat at the initial stage dared to be so arrogant in front of a seven-star great venerable realm beast. If he wasn’t pretending, then what was he?

“Hurry up and kill him!”

Someone shouted impatiently from the side.

He was just an initial stage kid, so why waste words with him? he could just kill him.

“Good! Then let’s attack together and suppress him!”

The middle-aged man shouted.

The next moment, he stretched out his hand, and a sky-blue divine spear flew out.

Weng Weng Weng!

He clenched his fist, and the divine spear immediately trembled violently, emitting a shocking aura.

“Go!”

He shouted, and the divine spear in his hand immediately turned into a beam of shocking divine light and shot out.

At the same time, a few people beside him also grabbed similar halberds and spears and attacked.

There were also a few people who moved and charged out.

The sea Dragon let out a deafening roar. It opened its mouth and spat out a beam of bright divine light.

For a moment, the entire world was illuminated by all kinds of divine light.

Tang Hao did not move. He stood with his hands behind his back.

Before the attacks from the four directions arrived, there was already a monstrous Qi pressure that blew at his clothes and his black hair.

However, that was all.

His body didn't move. No matter how violent the Qi was, he was as steady as Mount Tai.

He only moved when the divine light was right in front of him. He pulled back his right hand from behind him, spread his fingers, and pressed forward.

BOOM!

There was a buzz.

With his palm as the center, an invisible force spread out and turned into a barrier.

Peng Peng Peng!

The divine lights all crashed into the barrier.

"This ... How is this possible?"

The middle-aged man in the lead was stunned. He couldn't believe his eyes.

His divine spear actually stopped five feet away from the boy, as if it had encountered an invisible barrier. No matter how he urged the divine spear, it couldn't advance an inch.

This was unbelievable!

This young man was only in the preliminary stage, but he was a peak six-star Supreme martial artist!

How could this kid block his full-powered attack?

No!

Not only his attack, but the weapons of the other three were also blocked. They were suspended in the air, unable to move an inch.

“What’s going on?”

“That’s impossible!”

The three of them were also shocked and exclaimed.

The scene in front of him was truly inconceivable.

“What ... What’s going on?”

The remaining three people who had rushed out stopped in succession. They looked at the strange scene in front of them and exclaimed in low voices.

Whoosh!

At this moment, the divine light shot out by the seven Star Sea Dragon in the air finally arrived.

“It must be some kind of powerful treasure! The power of seven stars will definitely be able to blast it open!”

The middle-aged man said to himself.

He activated the divine spear again and was ready to pierce through the kid once the shield was broken.

The others did the same and started to activate their treasures.

However, the next moment, they were stunned again.

BOOM!

When the shocking divine light struck down, not only did it not break the barrier, it exploded on its own and disappeared in an instant.

Si si si!

They were stunned for a moment, and then they couldn’t help but gasp.

Even a seven-star Warrior couldn’t break it?

What kind of treasure was this?

How could he be so powerful?

“How could it be like this!”

The middle-aged man mumbled, but his expression was extremely ugly.

Whether it was him or the family head, no one had expected that this guy would actually have such a powerful treasure. If they had known earlier, they would have invited a few great seniors.

“It’s fine. It’s just that his defense is stronger. He can’t run away anyway. With our strength, we can slowly grind him to death!”

He composed himself and shouted.

“That’s right!”

“Grind him to death!”

The other six people nodded in agreement.

They weren’t worried that they wouldn’t be able to kill this brat, but the process would be a little troublesome.

“This is also a good thing. Isn’t he bringing a treasure to our Chen family?”

A five-star high holiness laughed and rushed out, punching forward.

He was going to slowly grind this brat to death before snatching his treasure.

“Eh? Where is he?”

In the next moment, he could not help but be startled, but he discovered that the boy had suddenly disappeared.

Before he could come back to his senses, he felt an aura flash by his side.

“How is that possible?”

His mind trembled and he was extremely shocked.

This speed ... With that kid’s strength in the early stage, how could he possibly achieve that?

He subconsciously turned his head and glanced over. He saw a crystal-clear palm slapping towards him. It seemed light, but in his eyes, it was as if the sky was collapsing and the earth was sinking. The entire void collapsed with this palm.

It was too terrifying!

He had never seen such a terrifying palm!

Was this really the initial stage?

It was like seeing a ghost!

He cursed in his heart. Then, with a bang, the palm arrived and easily blew his head apart.

In an instant, the God's blood mixed with the minced meat and splattered everywhere.

All four sides fell silent.

There was a dead silence.

The remaining six people and the sea Dragon were all frozen on the spot. Their eyes were wide open and filled with extreme disbelief.

Everything had happened too quickly.

By the time they came to their senses, they saw that the head had exploded, and nine-colored divine blood splashed everywhere.

This scene shocked them to the core.

He was a five-star Supreme venerable!

How could his head be smashed so easily by someone? moreover, it was a kid who was said to only have the strength of two-star or three-star!

One had to be at least a seven-star to be able to blow up the head of a five-star Supreme venerable.

“Seven stars ... Is he a Seven Star venerable?”

The middle-aged man stood where he was, his mind in a trance.

Didn't they say that this kid was at most a peak three-star? how did he become a seven-star all of a sudden? This jump was too big!

“Wait, seven-star ...”

Suddenly, his expression changed, as if he had thought of something.

In the next moment, his body trembled and his face turned pale. His wide eyes were filled with extreme fear.

As far as he knew, there were indeed two seven-stars in the divine martial country. One of them was Emperor shenwu, and the other one was the even more terrifying heaven-defying genius!

This fellow was obviously not Emperor shenwu. There was only one possibility. He was the heaven-defying monster!

“He ... He ...”

The other five also quickly thought of this, and their bodies trembled as their faces paled.
