

## The Mightiest Little Peasant Chapter 3518

He had only obtained two flawless God crystals.

One was for the Lei clan genius he killed in the immortal world.

The other one was the one in his hand.

“The quality is not bad!”

He held the divine crystal and observed.

They were all flawless divine crystals, but there were differences in quality. The divine crystal of the Lei clan genius was undoubtedly stronger than this one.

However, it was still at the flawless level, which was not bad.

“Let’s leave it first!”

After hesitating for a moment, he did not choose to devour it. Instead, he put it away.

After devouring it, his current improvement was not that great, so he was prepared to leave it for now and think about it later.

“This halberd is not bad!”

He then took out the Golden halberd and fiddled with it. He nodded slightly.

It was a very ordinary ancestral god weapon. Although it couldn’t compare to his sky-devouring jar, it could still be used. One halberd and one jar didn’t conflict.

Finally, it was the group of Chen clan elders that were suppressed in the sky devouring jar.

Most of them were in the early stage, and there were also many in the middle stage.

“Destroy them all!”

He looked around and formed a giant palm that covered the sky, turning the Chen family into ruins.

Then, he disappeared in a flash.

Very quickly, people nearby rushed over. When they saw the Chen family that had been reduced to ashes, they were stunned.

“Then ... Who is it?”

Just now, they heard a shocking sound coming from the Chen family's side. They looked over from afar and saw a fierce battle erupting in the Chen family. Now that they had rushed over to take a look, they didn't expect that the Chen family had already been reduced to ruins!

This was the Chen family!

The Chen family that dominated the Far West region!

There was an eight-star sun god and four seven-star realm cultivators in the clan. There were even more middle-stage Supreme martial artists. Who could destroy such a powerful force?

"Let's go! I can't stay here!"

When they came back to their senses, they were so frightened that they trembled.

They didn't even dare to imagine what kind of terrifying existence the person who could destroy the Chen family was.

As they left, the news of the Chen family's destruction spread quickly, causing a huge commotion in the area.

When the news spread to other places in the East continent, it also caused quite a stir.

No one knew how the Chen family had disappeared, and whether the great seniors of the Chen family had died or not. This had also become a mystery.

"I'm not going back yet!"

By the sea, in a mountain range, Tang Hao devoured the essence of the sky-devouring jar and began to think about the next step of his plan.

He wanted to go back to the divine martial Kingdom, but on second thought, he realized that there was nothing much to do there.

Now, there was no movement from Jade Dragon Mountain. Therefore, he didn't need to worry about the divine martial Kingdom.

As for his Senior Sister, she would have no problem staying in the carefree mansion.

"I'll go to the sea and take a spin!"

He quickly had an idea.

This Sea area was vast and there were many ferocious beasts. It was a good time to plunder and suppress more of them. Little by little, they would make a lot. This way, he would be closer to the nine-star realm.

He immediately set off and entered the sea.

Spreading out his divine sense, Yang Kai swept through the area and collected all the treasures he could find. When he encountered yang grade beasts, he suppressed them and stored them in the heaven devouring jar.

In the beginning, his harvest was indeed good, killing a few yang grade beasts every day, but after seven or eight days, the efficiency dropped and it was difficult to find any traces of yang grade beasts.

Tang Hao immediately knew that the sound of the wind had spread.

This was normal. Fierce beasts that could survive in the sea and cultivate to the Yang God Realm were all very cunning. The slightest movement would scare them away.

“Forget it!”

After searching for a few more days, his harvest became less and less, so he returned to his residence.

Two days later, he returned to the divine martial Kingdom.

The divine martial Kingdom’s new walls had been constructed. They were modified from the walls of the Vermillion Bird kingdom, Fenglin Kingdom, and Asura Kingdom.

Even though their territory had expanded, the location of the divine martial imperial capital had not changed. It was still in its original location.

The situation in the city didn’t change much, only it became more lively.

He went to the palace first to meet Emperor shenwu.

“You’ve returned. I heard that you weren’t in the imperial capital during this period of time. ” Emperor shenwu was surprised to see him.

“I went to the West!”

Tang Hao said as he sat down.

“The West?” Emperor shenwu was stunned. He seemed to have thought of something and blurted out, “could it be the Far West region?”

Tang Hao picked up the cup of tea on the table, took a sip, and nodded.

Si si si!

Emperor shenwu’s eyes widened and he gasped.

“Was it you who did that to the Chen family?”

He exclaimed.

Tang Hao nodded again.

Emperor shenwu opened his mouth but could not say anything.

This kid really couldn't stay idle. He went out for a trip and did such a big thing!

The Chen clan had an eight-star sun god, and his strength was many times stronger than the divine martial Kingdom. He had never thought that he would be destroyed just like that.

"That eight-star from the Chen family ...?"

He asked with a frown.

"He didn't die!" Tang Hao said.

"Oh! That's good!"

Emperor shenwu nodded and heaved a sigh of relief.

That's more like it. With this kid's strength, he could defeat him, but he couldn't kill him.

But then, he frowned. "Does the Chen family know your identity?"

"I know!"

Tang Hao nodded again.

"F \* ck!"

Emperor shenwu could not help but curse.

Since the Chen clan knew this kid's identity, if they were to take revenge, they would definitely target the divine martial Kingdom. He would become the scapegoat again. What the hell, was this something a human would do?

"It's alright. It's just one eight-star and four seven-stars!"

Tang Hao smiled.

Emperor shenwu's face twitched when he heard that.

It was just a good one!

That was an eight-star sun god! How many are there in the entire East Province?

"You should know ... How rare an eight-star sun god is!"

He took a deep breath and said, "don't think that it's just a difference of one star. It's very difficult to cultivate from seven-star to eight-star. Even for you, I'm afraid it will take many years."

"Is that so?"

Tang Hao raised an eyebrow and smiled.

"Of course. I've been a seven-star for decades. But now, I haven't improved much. I'm still far from eight-star." Emperor shenwu said solemnly as if he had been through this before.

"But I'm an eight-star now!"

Tang Hao smiled.

"I know you're an eight-star! "I'm talking about eight-star to ... To ..." Emperor shenwu was stunned as he spoke. He froze as if he was stuck.

"You ... You ... Eight ... Eight-star?"

After a long time, he finally came back to his senses. His eyes widened as he shouted in disbelief.

Tang Hao nodded again.

Emperor shenwu's mouth was agape, but he was rendered speechless again.

He really didn't know what to say. This kid had already slapped his face swollen.

"This ... Is ridiculous!"

He raised his eyes and looked at the kid in front of him, muttering angrily.

This kid had just advanced to seven-star not long ago. Now, he was already an eight-star. This speed was really outrageous and abnormal!

"Forget it, it's a good thing!"

After a long while, he finally calmed down.

This was what he was thinking. Anyway, this kid was now a member of his divine martial Kingdom. The faster his cultivation rose, the better. It would be best if he could rush to nine-star, then his divine martial Kingdom would be invincible!

"Let's not talk about this!"

He waved his hand and said, "by the way, what kind of enmity do you have with the Chen family? what kind of grudge do you have?"

Tang Hao briefly explained the situation with the Chen family.
