

The Mightiest Little Peasant Chapter 3519

“What a great Chen family!”

Emperor shenwu’s face darkened when he heard that.

On the surface, this kid’s identity was his divine martial Kingdom’s freedom King. He was Emperor shenwu’s man. If the Chen clan killed him, wasn’t it a slap to Emperor shenwu’s face?

It was just that this Chen family had calculated everything, but they did not expect that this kid’s strength was so formidable.

“It seems that it’s still because of general mu!”

He also quickly understood why the Chen clan had done this.

This Chen clan was trying to get their hands on this flawless genius of the divine martial Kingdom.

Tang Hao nodded.

He had searched the Chen family’s souls and knew that all of this was for mu Hanyan.

“By the way, why didn’t you bring general mu back? If you leave her in the sea, what if something happens?” Emperor shenwu was a little worried.

“With her strength, what’s there to worry about?”

“Besides, I can’t possibly restrict her freedom,” Tang Hao said.

“Hey! You can’t say that. As the saying goes, better be safe than sorry.” Emperor shenwu said.

Tang Hao grinned and rolled his eyes.

Since when did Emperor shenwu become so long-winded?

“Forget it! Forget it!”

Emperor shenwu waved his hand again.

He was a little helpless.

General mu was so good. Not only was he talented, but he was also born with the beauty to topple a country. In the entire East Province, countless people had their eyes on her. Last time, on Mount Jade Dragon, this time, the Chen family wanted her.

However, this kid didn’t seem to be interested at all.

It was really like seeing a ghost!

It's not like this kid doesn't like women. Some time ago, he even heard that this kid went to the Jade pool pavilion to fool around again. One dragon and five phoenixes, battling five immortal cards, shook the entire Imperial City.

But why, he just didn't pay any attention to general mu?

Speaking of which, how could this kid be so powerful to fight five immortal cards alone?

Did he have a secret?

As he thought about it, he got it wrong again.

"If there's nothing else, I'll be leaving!"

Tang Hao put down his teacup and was about to get up.

"Wait!"

Emperor shenwu came back to his senses and waved his hands.

"What's wrong?"

Tang Hao raised an eyebrow.

"There's really something. I wonder if you've heard of the primordial spirit Association?" Emperor shenwu said.

"The primordial spirit Association?"

Tang Hao shook his head.

"This primordial spirit Association is an opportunity. Originally, it only belongs to those big powers and our divine martial country has no fate with it. However, we have recently advanced to a medium divine Kingdom and our reputation has increased greatly. Therefore, someone sent me an invitation to invite our divine martial country to participate."

Emperor shenwu said.

"Lucky chance? What kind of a person?"

Tang Hao was surprised.

"To put it bluntly, it's just an ancient ruin. It opens once every hundred years, and many godly medicines grow inside. The invited forces can go in and pick some." Emperor shenwu said.

"Oh!"

Tang Hao understood.

He understood now.

This wasn't new. He had seen many similar ruins before.

Many legacy sites were like this. If one family couldn't take everything in, they would open up and develop it together.

"What level is it?"

Tang Hao asked.

"Ancestral God!"

Emperor shenwu said solemnly.

Tang Hao nodded. He was not surprised. Only a ruin of this level would be too much for one family to handle.

"This ancestor God is called the divine ancestor origin spirit. He was originally from the MU clan and is especially good at nurturing divine medicine. Therefore, the origin Spirit divine world he created is the most suitable for the growth of divine medicine." Emperor shenwu said.

"The origin spirit God ancestor?"

Tang Hao mumbled.

He was most likely an Elder God of the later generations, just like divine ancestor heaven devouring.

"You want me to participate?"

Tang Hao said.

"That's right! I want you and general mu to go together. " Emperor Shen Wu said,"there are many divine herbs in there, many of which are yang-grade. If you can find some, it will be of help to you."

"The most important thing is that I don't trust anyone else except you. Too many forces are going to the primordial spirit Association, including Jade Dragon Mountain."

As he said that, his expression turned grave.

"I see!"

Tang Hao nodded.

Besides him, sending any other God general would probably be sending them to their deaths.

“Good! Then I’ll go take a look!”

After a moment of silence, he agreed.

An ancestral God’s ruin was indeed worth a visit.

“Then it’s settled. There’s still half a month. There’s no rush. I’ll send a message to general mu in a few days and ask her to come back as soon as possible.” Emperor shenwu said.

They chatted for a while longer, then Tang Hao got up and returned to the carefree mansion.

“You’re back?”

As soon as he entered, he saw a familiar figure.

She was still in that icy blue tight suit, and her figure was still as hot as ever.

However, her beautiful face had a hint of gloominess.

“What’s wrong?”

Tang Hao was surprised.

“I’ve been having a bad feeling recently,” She bit her lips and furrowed her brows. “You should have guessed that my identity is not as simple as being a disciple of the Xiao mang mountain. The reason why I’m staying at your place is to avoid trouble.”

“I know!”

Tang Hao nodded.

This was something that the two of them had a tacit understanding of.

“I’m actually ... A member of the Bai family! My name is Bai Ying!” She said softly.

“White Oriole? The name is not bad!”

Tang Hao said.

“You don’t know about the Bai family?”

She asked in surprise.

“What’s wrong? Is he famous?” Tang Hao asked in surprise.

“Uh, I guess so!”

She said with a bitter smile.

Perhaps, this person really didn't know!

"The Bai clan is very strong, stronger than any other force in the East continent. Although I'm a member of the Bai clan, I'm now a wanted man." She continued, "I've been feeling very uneasy lately. I keep feeling like I'm about to be found."

"You haven't left the imperial capital in this period of time, have you?"

Tang Hao said.

"It's another method!" She said solemnly.

"Oh!"

Tang Hao nodded.

Indeed, there were too many methods to find a person. Divination and starting from the bloodline were all very common methods.

And her uneasiness might really be because someone was plotting against her, and it was getting closer.

"I don't know if they've noticed me. I'm a little uneasy." She said with a bitter smile.

"What are you going to do?"

Tang Hao said.

"I don't know. I don't know where else I can go." She shook her head, "but I don't want to stay here and implicate you and the people of the divine martial Kingdom."

Tang Hao furrowed his brows.

"Your feeling might not be accurate, so there's no need to run around. If you walk out of here, I'm afraid you'll be easily found."

Tang Hao said after a while.

He had set up quite a number of arrays here, which had the function of concealing the heavenly secrets to a certain extent. Therefore, it was safer here than outside.

"You can just stay here! Even if they are discovered, they won't be able to enter. Wait for me to set up a few more layers of formations, and this will be the safest place in the East Province. "

"This ... Alright!"

She hesitated for a moment, but she still nodded and agreed.

“Many thanks!”

She said gratefully.

“No need!” Tang Hao waved his hand and smiled. He was just taking her in. It was not a big deal. Besides, he was more than happy to take in a beautiful woman.

He didn't ask any further. After he let her go back, he began to set up the great formation in the manor.
