

The Mightiest Little Peasant Chapter 456

“Ah!” “Ah!”

Everyone who was slapped cried out in pain.

People kept on jumping in front of Tang Hao, but they soon fell backward and onto the ground.

The wedding hall fell eerily silent.

The other guests could only stare incredulously at the scene in front of them. Their jaws dropped, and their mouth made O shapes.

‘The kid’s gone mad!’

Those people that he slapped were all from the Song family, one of the most influential families in the country. Some of them were even high-ranking officials in the government,

Everyone had to be respectful in front of them, but that wild kid had slapped them all without saying a word!

‘That kid must be crazy!’ That was on everyone’s mind.

After all, a sane person would not dare to offend the Song family in such a major way!

Even the other influential families in the Capital, such as the Bai family or the Zhou family, would not dare to offend the Song family like that!

“Just who is that kid?”

“Ha, doesn’t matter who he is. He’s dead for sure! He’ll be crushed to bits!”

Everyone whispered among themselves.

“You filthy kid...”

Another person jumped out in front of Tang Hao. His face was contorted with rage.

Tang Hao grimaced. Before he could finish his sentence, Tang Hao slapped him.

That man flew backward while wailing in agony.

“Any more?” Tang Hao stopped walking and looked around him.

Song Weimin stood up. His legs were shaking.

He gritted his teeth tightly, and his eyes were about to spew fire as they glared at Tang Hao. His body was also shaking violently.

He had never felt so angry in his life!

Those that the kid slapped were his descendants.

That was utter humiliation! No one else had treated the Song family with such indignity!

“Do you think that I can’t do anything to you, you filthy kid? With my authority, I can take away everything that you have. I can make you unwelcome even in the remotest corner of Huaxia.

“I can destroy everyone that you hold dear and let you suffer unimaginable agonies!”

Song Weimin’s face was contorted with rage.

“Is that so?” Tang Hao remained impassive.

“You don’t believe me? Hmph! The influence of the Song family is much bigger than you can comprehend. Kill me if you dare. Otherwise, I’ll be the one laughing at your grave!” Song Weimin said viciously.

Tang Hao walked in front of him and stopped. He glared coldly at the old man. “Do you think that I don’t dare to do that, old fellow?”

“Do it if you dare!” Song Weimin roared.

Tang Hao smirked. “I wouldn’t want to dirty my hands with your blood!” As he said that, he lifted his hand and slapped his face.

Song Weimin’s face was contorted, and the dentures in his mouth flew out along with a mouthful of spit. His body spun like a top and fell on the ground.

Everyone was silent again.

After that, everyone sucked in mouthfuls of cold air.

Their eyes grew wide with fear.

'Oh my god! That's Old Master Song, one of the founding fathers of the nation! He is an incredibly respected figure, but the kid had slapped him like he was nobody!

'This is... totally crazy!'

Tang Hao grunted. Then, he turned around and walked toward Ling Wei.

At that moment, Ling Wei's mouth was slightly agape.

Tang Hao smiled when he was in front of her. "I promised you that if you're forced to marry that guy, I'll definitely come and take you away. I'm here now!

"Do you want to follow me?"

Tang Hao stretched out a hand to her.

Ling Wei came to her senses and looked obsessively at Tang Hao. Tears welled up in her eyes.

"Yes! Yes, I do!"

She nodded heavily and sobbed. She could not hold back her tears anymore.

She rushed forward and hugged him tightly while crying out loud.

All her sorrows and grievances were let loose at that instant.

The guests were stunned, and their expressions gradually changed.

It was evident that the bride loved that man, which meant that the wedding ceremony they had witnessed was nothing more than a politically-motivated arranged marriage.

“Wow! So romantic!”

Many women exclaimed enviously.

In their eyes, Tang Hao was not an idiot, but a knight in shining armor who was willing to go through hell and high water for the princess he loved.

That was unbelievably romantic to them.

The Ling family seemed awkward, while everyone from the Song family was livid. That was utter humiliation!

Song Linfei got on his feet. His face was twisted with rage.

“You filthy whore, and you bastard, just you wait!” He mumbled resentfully.

At that time, they could hear the sounds of police sirens. Many police cars were heading there.

“Haha, you’re finished, Tang kid! This is the Capital, where the Song family rules supreme! You’ll be dead for sure! No one can save you now! You’re finished, I tell you!” Song Linfei yelled.

“Now that the police are here, we’ll see what happens. The Song family will ensure that the kid doesn’t go unpunished!”

Ling Wei stopped sobbing and looked worried. “What are you going to do now? It’s all my fault. Because of me, you’re...”

She was about to cry again.

She realized the consequences of Tang Hao’s actions. The Song family would definitely not forgive him for causing a ruckus at the wedding ceremony. Knowing what the Song family could do, he was truly in big trouble now.

Tang Hao laughed. “What are you scared of? It’s just the Song family!”

She was stunned by those words.

The other people who heard that were also stunned. After that, they laughed uproariously.

“Did he just say, ‘it’s just the Song family’? That kid is really arrogant!”

“I’d like to see who would come to save him!”

The police sirens drew closer and closer. Very soon, a squad of police officers rushed into the hall.

The people from the Song family were immediately excited. They rushed forward and yelled at the police officers, "Quick, quick! He's over there! Go and arrest him!"

They soon realized that something was amiss. There seemed to be an excessive number of police officers, and officers from other departments were in attendance too.

"Oh? Aren't they from the National Security Bureau? Why are they here?"

"That group too. Where are they from?"

The guests also noticed that something was not quite right.

The group of police officers climbed on the stage. A few of them approached Song Linfei and said coldly. "Are you Song Linfei? Please cooperate and come along with us!"

Song Linfei was instantly confused. He did not know what to do.

'Aren't the police here to arrest that bastard? Why are they here for me? I'm from the Song family! The police wouldn't dare to touch me!'

"Might you be mistaken?"

"Mr. Song, we have received several boxes of documents about you this morning. We have investigated a portion of it and found that everything on it was true. There is a warrant of arrest on you," the leader of the police officers said unemotionally.

He took out a pair of handcuffs and slapped them on Song Linfei's wrists.
