

The Mightiest Little Peasant Chapter 496

“Haha! What do I want?”

Liu Yufen started laughing loudly like a maniac.

Her expression abruptly sank into something vicious and terrifying as she pointed at Han Yutong.

“Why don’t you ask that despicable little whore? Ask her about the things she whispers into the ears of the men she sleeps with. She wants to ruin my Yu Lin Group!”

“You’re an ingrate, you little whore. My husband is the one who gave you your life. I don’t care if you don’t recognize him as your dad; we don’t want any relation with people like you either.

“But if you actively harm my family, then you’re a treacherous daughter.”

Everyone around her exclaimed in surprise again.

“Oh, she’s not only sleeping with her boss, but she’s also trying to ruin another family? What a detestable little girl!”

The middle-aged women were gossiping.

Their gaze toward Han Yutong carried some condescension and disdain.

Neighbors seldom talked to each other in the apartment complex, and so they were not familiar with Han Yutong’s personality. They believed what the woman said about her.

Mrs. Han was surprised. She looked at her daughter.

“That has nothing to do with me, Mom,” Han Yutong said.

Then, she glared at Liu Yufen.

“Don’t bring me down to your level, Liu woman. I don’t sleep with my boss. I’m an assistant and nothing more. I am innocent.”

“Hah! You’re innocent? Who will believe you? Doesn’t every assistant sleep with their boss? I’ve seen so many women like you. Are you any different from a prostitute?”

“Oh! No, even prostitutes are better than you. At least they’re conscious of what they are doing, unlike you. You pretend to be virtuous even though you’re nothing but a whore.”

Liu Yufen mocked viciously.

“You...” Han Yutong was livid, but she was no match for the woman’s sharp tongue.

She saw the disdainful gazes and heard the whispers around her. Angry tears started to well up in her eyes.

“Hmph! How dare you cross me, you little whore? I’ll ruin you!” Liu Yufen whispered viciously.

She turned to look at the crowd. “Everyone, look closely at her face! That’s the face of a filthy, shameless whore.”

The atmosphere of the surroundings became more chaotic.

The disdain in the middle-aged women's eyes intensified.

The middle-aged men felt sorry for her. "What a pity, she's such a beautiful young woman!"

Liu Yufen was brimming with glee.

She wanted to ruin the reputation of the mother and daughter so that they would have no place to hide.

Suddenly, she heard someone shouting sternly from beyond the crowd. "I dare you to say that again!"

She was surprised as she looked in the direction of that voice.

The crowd parted, and a boy in his late teens walked in. He looked somewhat handsome, though he was dressed rather plainly in a white button-down shirt and jeans.

His expression looked extremely unfriendly at that moment.

Liu Yufen looked at him from head to toe and started laughing. "Who are you? Do you have a crush on that little whore?"

Tang Hao was surprised. "Don't you know who I am?" He said.

"Who the hell do you think you are? Why should I know you?" Liu Yufen laughing mockingly.

“Oh!” Tang Hao replied. He took a step forward and slapped Liu Yufen’s face.

Slap!

A crisp sound.

Liu Yufen was hit squarely on her cheek.

Liu Yufen stumbled two steps backward. She was thoroughly stunned.

Even the middle-aged men and women who were watching the drama were also stunned.

‘Who the hell is this kid? Why does he get physical so easily?’

Tang Hao dusted his hands. “Now, you’d better remember this. I am none other than Tang Hao.”

Liu Yufen trembled and her eyes opened wide.

“You... you are Tang Hao... that bastard?”

She shrieked and her face contorted out of anger.

Tang Hao was the one who pushed Yu Lin Group to the brink of ruin, as well as harmed Lulu and Leilei.

“That’s right. That’s me!”

Tang Hao said coolly, "I'm the one who's behind all this. I thought I'd show you some mercy, but it looks like your entire family doesn't deserve any."

"You... you bastard! Why would you do that? Just because the little whore slept with you?" Liu Yufen shrieked.

Tang Hao narrowed his eyes and slapped her again. "Call her a whore one more time!

"It seems that the only whore here is you. That Han bastard abandoned his wife and daughter back then because of you! You're not the tragic heroes you think you are."

"Nonsense!" Liu Yufen shrieked, as though Tang Hao hit a sore spot.

The onlooking crowd was confused.

'Who is this Tang Hao?

'From the conversation, he seems to be the boss that the girl is sleeping with. How is that possible?'

Their impression of a rich boss with a mistress was a man in their forties or fifties and had a pot belly.

The boy in front of them was young and handsome!

If that were the case, it was not too farfetched that they were dating each other!

"Chairman Tang!" Han Yutong greeted Tang Hao.

She seemed to be less tense than earlier. With her boss helping her, nothing was an obstacle.

“Wow!” Everyone around her exclaimed wildly.

“Chairman Tang? He really is her boss! Ah, we must have been mistaken. She’s not his mistress!”

“He must be born in a wealthy family to be a boss this young! He looks quite handsome too. I’d be so happy I could die if my daughter could find a boyfriend like him.”

“Sister Su is so blessed to have a beautiful daughter!”

The opinions of the middle-aged women changed.

Liu Yufen’s expression became unpleasant when she heard that.

All her effort earlier had gone to waste.

“Now get lost from here!” Tang Hao yelled coldly.

Liu Yufen glared at Tang Hao while covering her swollen cheeks. Her eyes were brimming with resentment.

“Just you wait, Tang kid. You won’t ruin my Yu Lin Group that easily! We’ll see what happens!”

She turned around and walked away, and the burly men left with her.

“Hey kid, what’s your name again? What’s your company’s name?”

“Kid, do you have any vacancies in your company?”

The middle-aged women crowded around Tang Hao and bombarded questions on him.

Tang Hao smiled helplessly and answered all their questions. When the crowd scattered, he walked toward Han Yutong.

“Are you OK?” Tang Hao asked.

“I’m fine!” Han Yutong smiled.

“Auntie!” Tang Hao turned to greet Mrs. Han.

Mrs. Han turned to nod at him, though she still seemed dejected.

She sighed gently. “I’ll just call you Lil Tang. Come in and have a seat. You’ve never gone into our house before!”

“Oh! Sorry for imposing on you,” Tang Hao replied courteously.

Mrs. Han smiled. “Not at all!” She led Tang Hao up the stairs and into the house.

Mrs. Han brought him a cup of tea.

“So... what happened?” Mrs. Han asked after hesitating for a while.

Tang Hao explained the incident to her.
