

The Mightiest Little Peasant Chapter 556

At about nine o'clock in the morning, a car drove in front of Tianze Entertainment.

On the car was printed "Elite Advocates & Solicitors."

The car slowed down and stopped at the entrance, attracting the attention of many people on the road and at the door.

It was the morning rush hour and the sidewalk was packed with people. Most of them were employees of Tianze Entertainment.

They stopped walking and looked at the car with surprise.

"Why are the lawyers here? Is there an incident?"

"Elite? I've heard about them from somewhere. They're quite famous."

Everyone whispered to each other.

"Out of the way, out of the way! What are you all idiots doing here? Can't you see that you're almost late? Get in!"

A potbellied figure squeezed in from the side.

He wore black-rimmed glasses, and his face was round and somewhat ugly. However, he was angrily chiding the people around him.

He was walking toward the main door when he suddenly glanced and saw the car parked not far away.

“Lawyers?” He subconsciously frowned and stopped in his tracks.

“Who’s the idiot this time?” He said disdainfully.

In his line of work, he had many dealings with lawyers. Artists signing and canceling contracts was a lot of trouble.

The crowd continued to gather.

The car door opened and a figure came out. He was a handsome young man in his late teens, dressed in a white button-down shirt and jeans.

Everyone was stunned when they saw him.

“Who is he?”

“He’s quite good-looking. Is he an artist from our company? I don’t think so... right?”

Everyone was puzzled. They whispered among each other.

On the other hand, Boss Chen’s expression darkened when he saw Tang Hao.

‘Dammit, it’s that kid from last night!’

He was angry when he was reminded of what happened last night. That Liu girl did not appreciate the favors he granted her. Not only had she wasted the perfect opportunity, but she had also embarrassed him.

Her tirade had offended everyone in the room, including him. She was an idiot for doing that!

'Do you think you still have a chance in the industry? Dream on!'

He had decided to put the girl in cold storage and crush her dream of becoming a star.

He looked at Tang Hao enviously.

'How would that filthy kid be able to win that woman's heart? I haven't even touched her fingers!'

When he thought of that, his face contorted in malice.

He could already guess what this kid wanted. He must be there to cancel her contract! However, the contract was already signed, and it would not be that easy to cancel!

The other doors opened, and three people came down.

The crowd fell silent when they noticed a particular figure walking out of the back seat. All the men's eyes turned to her.

She was dressed in a tight-fitting office skirt and black stockings, and her face was dazzlingly beautiful.

She got out of the car, gently flicked her long hair, and looked around with her bright eyes. All the men were charmed.

Their gazes were infatuated and even obsessed.

“F*ck, what a beauty! She’s a lawyer too!”

“Quick, note down the name of their company! We ought to go there and look at the beautiful lady in the future.”

The men shouted excitedly.

They had assumed that the beautiful woman was a lawyer from the law firm.

Boss Chen was also stunned.

He almost could not hold himself back when faced with the woman’s flirtatious charm.

The other two people were middle-aged men dressed neatly in suits and held a briefcase in their hands. They looked capable and shrewd.

“Oh, three lawyers? What a show!” Director Chen sneered.

Many people in the building noticed the commotion outside, and they came to watch from the entrance.

“Hey! Isn’t that the boyfriend of that little whore from last night?”

One of the plastic women yelled exaggeratedly.

“That’s right! It’s him!”

“Hah, is he here to cancel his lover’s contract? Haha! I’m dying of laughter! Does he think that canceling the contract is free? That shabby kid and the little whore can’t afford it!”

“He even hired three lawyers! The fees alone should be enough to kill him!”

“That little whore pretends to be virtuous. Does she think she can leave after offending that bigshot? If only things were that easy!”

The plastic women were mocking Liu Bingyao.

The group of people listened and vaguely understood what had happened.

Then, they all sneered.

It would be difficult for her to cancel the contract once she signed it. The company would not let her go for anything less than a million yuan.

If she could afford the one million yuan though, she would not have entered the industry in the first place!

Boss Chen straightened his clothes and stepped forward.

“I remember you, kid. I saw you last night! Are you here to terminate your lover’s contract? I’m sorry, there’s no chance in hell. If you want to terminate your contract, go ahead and sue us. You can’t win anyway.

“She brought it onto herself. That’s because she’s an idiot!

“I might as well tell you that I’m in charge of all the company’s agents. It’s up to me to decide our artists’ fates.”

As he said that, he walked up to Tang Hao and arrogantly lifted his chin, as though he was boasting.

“Kid, if you know what’s good for you, tell her to get back here and cooperate with us. That way, everyone will be happy. Don’t you think so? Maybe you can make a lot of money out of it too!”

Tang Hao frowned, and his eyes flashed with coldness.

He raised his hand and slapped that man’s face.

Slap!

Tang Hao’s palm landed squarely on Boss Chen’s face, who shrieked miserably, flew out, and landed on his butt.

He wailed and covered his face, which was already contorted with pain and anger.

“You dare to hit me? You must have a death wish, you brat...” he roared.

“Don’t like what I just did? Go ahead and sue me. You won’t win anyway,” Tang Hao said coldly.

“You...”

Boss Chen was getting angrier by the moment. He got up from the ground and said viciously, “Just you wait, you filthy kid. Not only will I sue your pants off, but I’ll also sue that little whore. I’ll make her pay the penalty for breaching the contract.”

Tang Hao grinned and said coldly, “Sue her if you dare!”

“You... Just you wait!”

Boss Chen flew into a rage.

Behind Tang Hao, the two lawyers looked at each other and sneered.

‘What a silly person! He wants to sue Mr. Tang’s pants off?’

One of them strode forward and said with a smile, “Sorry, we are not here today to cancel the contract. We are here to discuss the acquisition of your company, on behalf of my client!”

Everyone fell silent as soon as he finished speaking.

All of their faces were filled with astonishment.

Following that, there was a burst of laughter.

“Haha! Is that kid crazy? ! He wants to buy the company? Who does he think he is!”

“Haha! This is the funniest joke I’ve ever heard! That little whore’s lover is an idiot!”

Their laughter became louder and louder, and their expressions were replete with ridicule.

Tianze Entertainment might not be some top-tier entertainment company, but it was still somewhat famous. How could someone think of buying over the company without three or four hundred million yuan? The kid did not look like he had that much money!

Even the son of the richest businessman would not have so much money to throw around.

Moreover, the kid did not look like he had rich parents at all.

That was nothing more than a joke!
