

The Mightiest Little Peasant Chapter 563

A few days into the holiday season, Tang Hao returned to Westridge to accompany Qin Xiangyi.

When the holiday ended, he returned to Provincial City.

Early in the morning, he went to class.

He took a bus and got off not far from the university entrance. He bought breakfast, then walked toward the university while eating.

“Hey! Isn’t that Tang Hao?”

“it’s really him. Look, it’s Tang Hao!”

Soon, people noticed him and stopped walking. They pointed at him and whispered to each other.

“Do you guys think that Beauty Queen Liu ventured into the entertainment industry because she got dumped by him?”

“That’s possible! It must be because of Beauty Queen Shi. I knew it! Men are all up to no good, especially when they’re rich.”

“Hey! Are you all Idiots? That means that we stand a chance! What chance would we have if he’s too loyal?”

“That’s true!”

These were the discussions of the girls.

The boys, on the other hand, had bitter looks on their faces.

“He’s an animal!”

“Absolutely inhumane! He dumps Beauty Queen Liu after he’s done with her, and now he’s going after Beauty Queen Shi? What an animal!”

Tang Hao could not help but roll his eyes when he heard that. ‘Just what is going on?’

He walked quickly and arrived at the classroom.

In the classroom, the girls regarded him curiously.

“Stop your fantasies. It’s not like that at all!” Tang Hao said.

“Oh!” The girls replied, though they did not seem to believe him.

Tang Hao had no choice but to walk to the back and sit down.

“You’re a jerk, Brother Hao! Cao Fei came over and said resentfully.

“Stop that nonsense!” Tang Hao glared at him and said exasperatedly.

“Oh no, Brother Hao is angry. Let’s go somewhere else. Remember to watch Beauty Queen Liu’s live stream later!” Cao Fei and his friends went away.

“Live stream?” Tang Hao was surprised.

“Yes, live stream! Haven’t you heard about it? No wonder. You’ve already dumped her, so that’s why you don’t care,” Cao Fei said.

Tang Hao glared at him and said, “Come here and explain to me. What live stream?”

“Don’t you know what a live stream is? Her Weibo account says that it’s at ten o’clock on Sky Live. Many people at Z University are planning to skip class to watch her stream!

“Don’t you know how crazy the university forums were when she first announced her channel? It’s not any less sensational than your incident back then.

“This is the first time that Z University produces a celebrity! I’m excited just thinking about it!

“What’s going on though? I heard that Beauty Queen Liu is quitting school to focus on her singing career...”

“What about it? She can do whatever she likes!” Tang Hao said.

He took out his phone and logged onto Weibo. There was indeed such a post.

He rarely used his phone outside of making calls, and he was not too well-versed with popular social media apps either.

He searched for Sky Live on the app store and downloaded it.

“Live streaming seems to be the trend now!” Tang Hao said.

“Of course! I watch it every day. But I watch game streams, not female streamers. Don’t think otherwise, Brother Hao!” Cao Fei said.

Tang Hao ignored him. He registered an account in the app and familiarized himself with it.

After two periods of classes, Tang Hao bailed with Cao Fei and the others.

They sat down next to a flower bed and took out their phones one by one, waiting for the live stream to start.

Not long after, the stream began.

Tang Hao saw that more than a thousand viewers were already waiting in the stream. The next moment, the number increased to more than three thousand and continued to grow as the seconds passed.

Very quickly, it exceeded thirty thousand and was still increasing.

‘Wow! So many viewers!’ Tang Hao was shocked.

“They must be here from Weibo,” Cao Fei said, “Of course, many of them are from Z University!”

Tang Hao entered the stream and saw a cute smiling face. She was facing the camera and waving her hands. Behind her was Tianze Entertainment’s recording studio.

“Hello, everyone!” She shouted and smiled sweetly.

In an instant, the bullet screen exploded. Messages floated like dark clouds and covered the screen.

“Oh, the screen is dirty. Let me lick it!”

“Ah! I can’t take it anymore! I’m going to fall in love with the streamer.”

“Reporting from Z University! We will always love you, Beauty Queen!”

Of course, there were also some obscene messages.

Tang Hao was speechless. ‘There’s nothing to watch under those messages!’

Soon, Liu Bingyao began to sing. Gifts began to flood the screen. It was a dazzling sight.

“I should give her some gifts too!”

Tang Hao decided that he should not lag behind those people.

He navigated to the recharge screen.

“You want to recharge, Brother Hao? How much money are you planning to spend? Ten or twenty thousand yuan?” Cao Fei came over.

“I can charge a million yuan, right?” Tang Hao said.

“Pfft!” Cao Fei nearly spat out a mouthful of saliva.

“One... one million?” Cao Fei was dumbfounded.

“That’s right! Let’s start with one million yuan,” Tang Hao said, “I’ve said it before, I’ll support her.”

Cao Fei was almost crying.

‘What? One million yuan? Brother Hao didn’t even flinch when mentioning it.’

Tang Hao made many payments that totaled five hundred thousand yuan.

“F*ck! I’m so tired! That should be enough for now!” Following that, he began to send gifts.

“The most expensive gift is a rocket. It’s only five hundred yuan? That’s quite cheap!” Tang Hao muttered and tapped on his screen.

In an instant, rockets flew across the screen one after another.

“F*ck! A wild tycoon appears!”

“LOLOLOL...”

The comments flooded the screen again.

After the wave of rockets, the number of viewers began to soar again. It went from fifty thousand, went past sixty thousand, hit seventy thousand, and soon reached a hundred thousand.

Tang Hao was taking a break from sending rockets when another person appeared and started doing the same thing. The two people took turns sending waves of rockets.

Immediately, the bullet screen exploded.

The fight between the two tycoons was indeed a sight to behold.

“Who’s this Young Master Windchaser? What a cheesy name!” Tang Hao mumbled.

“It’s that idiot Fang Qiming, Brother Hao. That’s the name he uses online.”

“Fang Qiming?” Tang Hao was surprised. His competitive spirit was roused.

He would not back down when challenged by that idiot.

He tapped on his screen quickly, and rockets fired from one edge of the screen to the other as though they were free.

However, Fang Qiming was not going to give up just yet.

The entire screen was covered by rockets.

“Oh my god! This is the clash of two titans!”

“This is so exciting! My heart is going to explode!”

The bullet screen remained flooded with comments, and the commotion spread to the other channels.

Countless viewers rushed over to watch the clash between two tycoons. The entire Sky Live was in a state of excitement.

The number of viewers in Liu Bingyao’s stream kept on increasing. Soon, it reached one million and continued to march steadily toward two million.

“This is insane!”

“This is crazy!”

Meanwhile, Cao Fei and the others were dumbfounded.
