

The Mightiest Little Peasant Chapter 568

After removing his make-up, Tang Hao returned to the studio.

“Chairman Tang!”

“Producer!”

When the staff members saw him, they would stop and greet him respectfully.

They were filled with enthusiasm and vigor.

At first, they were like the rest of the world. They thought that the movie was a casual project made by someone with too much money, and that the film would be a terrible one.

However, after interacting with the director and the main actors, their views were transformed.

Director Xuan Yang was truly talented. Before filming had even started, he had already drawn all the storyboards of the film. His artistic skills were truly incredible.

In the first production meeting, the art team, the props team, and the assistant director were thoroughly impressed.

‘This director is truly amazing!’

What happened next renewed their worldview.

Those old actors were all true disciples of Mao Mountain.

Many people were scared silly when they first saw the dumplings. Fortunately, they eventually got used to them.

After a few days of filming, they realized that the lead actors were amazing, even more so than veteran actors with established names.

What they saw made them even more determined to shoot a good movie.

The negative comments on the Internet boosted their morale. They could not wait to prove those critics wrong.

“You make a good corpse, Brother Tang!” The Taoist masters laughed as they reviewed the footage.

Tang Hao laughed and said, “Keep up the good work. I’m leaving now.”

“Take care, Brother Tang!”

After leaving the studio, Tang Hao got into his A8 and drove away.

It was already dark.

Tang Hao looked at his watch and noticed that it was already past seven o’clock.

After returning home, Tang Hao took a shower and changed into a clean set of clothes. Then, he called Sister Xiangyi and went online to browse the news.

Many days might have passed, but news about Haotian Pictures was still gaining a lot of attention.

Many film critics were mocking the company.

Some of them even interviewed several renowned Huaxianese directors about their opinion of Haotian Pictures.

“Opinion? I don’t have any opinion. I’m not interested in looking at trash!

“Haotian is ruining their reputation. Do they think that it’s so easy to break into the film industry? All I can say is: Don’t be naïve!

“I heard that the movie is set to release during the Lunar New Year? Heheh! How idiotic! The cinemas are flooded with movies every Lunar New Year. The movie will be a casualty amid the intense battle of the blockbusters.

“Who’ll be the winner? Of course, it’ll be me, Tian Qiuming. You all can wait and see. I have 120% confidence in my movie.”

That was Tian Qiuming’s interview.

Tang Hao sneered after reading it.

‘He’ll be the winner? Tian Qiuming is too arrogant.’

“We’ll see about that!”

Tang Hao smirked and closed the webpage. He turned his attention to Liu Bingyao's news.

Liu Bingyao's popularity skyrocketed during that period. Not only her popularity was rising on Weibo, but she had also been the most popular streamer on Sky Live.

The number of subscribers on her channel had surpassed three million.

Her popularity continued to increase every time she streamed.

Fan clubs and support groups were set up in all corners of the country.

Liu Bingyao was considered a celebrity on the Internet.

Tang Hao smiled when he read the news about Liu Bingyao.

She would be a national celebrity if the momentum continued.

Sis He said that she would spend a lot of money to hire famous composers and songwriters to create Liu Bingyao's first album, hoping to create a good first impression.

Tang Hao naturally agreed to it and let her do whatever she wanted.

He placed his tablet away, then got up and prepared to cook in the kitchen.

Suddenly, his phone rang.

He picked it up and saw that the call was from General Bai.

“What’s up?” Tang Hao answered the call and asked.

“Comrade Tang Hao, where are you now?” General Bai’s tone was anxious.

“I’m at Provincial City! What’s wrong?” Tang Hao’s expression changed slightly.

He could tell that something urgent had happened from General Bai’s tone of voice.

“Quick! Go and support Comrade Mu. She’s near you now, and someone is hunting her down!” General Bai said anxiously.

“She’s being hunted?” Tang Hao was stunned.

‘Who dares to hunt down someone from the Agency?’

“Who is it?” Tang Hao asked sternly.

“Sigh! It’s those Dongying bastards. I’ll fill you in with the details later. You should save her first,” General Bai said.

“Where is she now?”

“I’ll send her location to you!”

“Ok!”

After ending the call, he soon received a message. It was a map with a red dot on it. That was a street on the north side of the city.

That place was near the suburbs.

“Dongying again!”

Tang Hao murmured and frowned. His eyes flashed with a terrifying gaze.

After Operation Witch Hunter, foreign cultivators in China would obey the law and behave.

However, the Dongying cultivators dared to chase after the people of the Agency.

“How brazen! Those people must have a death wish!” Tang Hao muttered under his breath and immediately moved out.

He jumped down from the balcony to the basement parking lot and got in the car.

He floored the accelerator and activated the jade talismans, and the car sped away like lightning.

A few minutes later, Tang Hao arrived at his destination.

He looked at his phone again. Several more messages came in, updating Mu Xintong’s location.

He continued driving and saw a car chase on the road ahead.

In front was a white car, followed by several black SUVs.

The white car in front swerved to the left and right, while the SUVs at the back were driving at full speed.

Fortunately, it was quite late, and they were in the suburbs. There were not many cars on the road, which meant that an accident would not happen.

Tang Hao's gaze turned cold. He floored the accelerator and crashed directly into SUVs.

Bang! An SUV was sent flying, and its front half caved in. It rolled on the ground several times before stopping.

In an instant, the people in the other SUVs exclaimed in surprise.

After dispatching that SUV, Tang Hao abruptly turned the steering wheel and braked. The car skidded on the spot and continued to crash toward the other SUVs.

"Quick, quick! Dodge it!" The people in the SUVs screamed.

The SUVs tried to dodge, but the car was too fast. They could not dodge in time.

Bang!

Another SUV flew away and rolled on the ground.

Brakes screeched, and the other SUVs stopped abruptly.

The doors opened and people in black suits and sunglasses came out. They lifted the guns in their hands and aimed at Tang Hao.

At this moment, the white car in front hit the divider and stopped.
