

## The Mightiest Little Peasant Chapter 609

After quitting school, Liu Bingyao moved to a residential area near Tianze Entertainment.

Tang Hao sent her home and went back.

When he got home, he inserted the CD into his computer and started to watch.

The music video was very beautiful and refreshing. Every frame could be used as a desktop wallpaper, which amazed Tang Hao.

She went through many poses and styles in the video, but the only thing that remained unchanged was her unique aura.

Tang Hao was wholly engrossed in the video. After watching it, he craved for more.

“At least the money I spent on the company is put into good use!” Tang Hao muttered satisfactorily.

Filming a music video was quite expensive. Moreover, they had hired a renowned director.

He watched it again, then turned off the player and tuned in to Sky Live.

After waiting for a while, the stream started.

Immediately, the number of viewers started to rise, reaching tens of thousands in the blink of an eye. Before they knew it, the number had reached a hundred thousand.

The comments on the bullet screen rolled past like a storm cloud.

“It’s finally open! I’ve waited for so long!”

“My goddess! I’m here!”

“Z University fan club, reporting in!”

“Tieba fan club, reporting in!”

The number of viewers continued to increase at a crazy speed. In less than a minute, it had already reached one million. The number left Tang Hao speechless.

However, when he noticed that she had more than four million subscribers, the number of viewers did not seem that remarkable.

The bullet screen instantly exploded when Liu Bingyao’s pretty face appeared on the screen.

The comments covered the entire screen. Nothing could be seen other than the bullet screen.

“The goddess is so beautiful. I’m licking my screen!”

Many people professed to licking the screen. Following that were people who confessed their feelings to her. Many viewers also sent her gifts.

For a moment, the screen was a dazzling display of gifts and IDs.

Suddenly, a rocket flew across the screen. The ID on the rocket was glimmering and was quite flashy.

Flying Fish!

This ID was a shiny gold color. One could immediately tell that the person was a whale.

Another rocket appeared.

The rockets gathered into a large wave and rolled across the screen. It was a spectacular sight.

Everyone was shocked.

“Tycoon Fish is here!”

“Oh my god! Tycoon Fish has appeared again! Is he really going to snatch the top spot? Let me see. He’s still quite a distance away from Tycoon Qing Feng!”

“Add oil, Tycoon Fish!”

The bullet comments exploded again.

The number of viewers continued to increase rapidly. In just a few minutes, the number had reached one and a half million. Liu Bingyao’s channel also appeared on the main page and occupied the number one ranking.

“Flying Fish?”

Looking at the screen full of rockets, Tang Hao frowned.

He was not familiar with the ID. When he looked at the contribution rankings, he realized that the ID had surpassed Fang Qiming and already reached the second spot.

“He should be a new subscriber!” Tang Hao mumbled.

He did not tune in the last few streams because he was preoccupied with other things.

“Qing Feng? He’s nothing to me. I’ll grab the top spot today! If he has the guts, come out and fight with me. I’ll crush him! If he doesn’t come out, he’s a coward!”

Flying Fish spoke in a domineering manner.

Instantly, the live stream was in an uproar.

“LOLOL! How domineering, Tycoon Fish!”

“Hurry up and fire your rockets, Tycoon Fish. We’re waiting for you to take first place!”

Many of them were instigating.

There were others who mocked him, “You dare to compete with Tycoon Qing Feng? Don’t you know who he is?”

“Who cares who he is? I’m not interested! In any case, he can’t be as powerful as me! If he has the guts, then he’d better show up! Let’s have a showdown!” Flying Fish responded.

Tang Hao felt a little unhappy when he saw that.

'This guy is too arrogant. He wants to crush me? Ha! What a joke. He's not going to do that unless he has a few billion!'

He did not say anything and started to recharge his account.

"Haha! Look, that guy is scared!" Flying Fish continued to mock Tang Hao.

He fired one rocket after another. Finally, he made it to the first rank.

In an instant, congratulatory LOLs filled the bullet screen.

At that moment, a rocket with an eye-catching ID appeared on the screen.

The bullet screen fell silent for a few seconds.

In the next moment, it exploded.

"Tycoon Qing Feng is here!"

"Oh my god, he's really here. Will there be another rocket battle?"

The atmosphere in the stream was frenzied.

Tang Hao did not stop tapping, and rockets began to flood the screen. In just a short while, he had reclaimed the top spot.

“Hmph! You’ve got some guts! Alright, let’s compete and see who’s chicken!”

Flying Fish also started to flood the screen with rockets.

Another rocket battle had begun.

The shockwave from the battle spread across the entire Sky Live platform once more.

All the streamers and viewers were dumbfounded.

“It’s Bingyao again! Dammit, why can’t I be as lucky?”

The other female streamers were extremely envious.

More and more people swarmed towards the live broadcast room. Liu Bingyao’s popularity skyrocketed once again.

Liu Bingyao’s petite mouth was slightly agape as she looked at the screen in a daze.

The rocket battle had dumbfounded her. She did not say anything and watched silently.

Three minutes passed...

Five minutes...

The two Ids were still fighting after ten minutes. With his superhuman hand speed, Tang Hao led by a wide margin. The other party started to become angry out of embarrassment.

After a while, he started cursing.

Tang Hao ignored him and fired more rockets happily.

A few minutes later, Flying Fish began to slow down. It seemed that he could not take it anymore.

After a while, he completely stopped. There was no movement for a long time.

“LOLOL! Tycoon Qing Feng has won again! What Flying Fish? What Young Master Windchaser? They’re all no match for him! He’s the one and only!”

“All hail the mighty Tycoon Qing Feng! He’s the number one whale in Sky Live!”

The bullet comments exploded once again. The atmosphere was festive.

“F\*ck! Tell me your name and address if you have the guts. We’ll have a one-on-one duel offline. I’ll smash your head!” Flying Fish flew into a rage.

“Hahaha! The Gutless Fish has appeared again!”

“You still want to have a one-on-one duel with Tycoon Qing Feng? You must have a death wish!”

Flying Fish became even more furious.

“Who are you calling gutless? ! You’re the real gutless one! Shut your mouths, you idiots! Oh? You’re all from Z University? Is this Qing Feng from Z University too?”

“Don’t answer him if you have balls!”

“That’s right! Tycoon Qing Feng is from Z University. Come and fight him one-on-one if you have the guts, you idiot!”

“Alright! I’m from Z province too. I’m from Z Tech! I’ll come over tomorrow. If you have the guts, tell me your names too. I’ll smash all of your heads!”

“Oh no, you’re from Z Tech? I’m so scared!”

The Z University students began to jeer.

There were probably thousands of Z University students in the stream. Everyone pitched in an insult toward Flying Fish.

“All of you... Just you wait!”

Flying Fish disappeared after saying that.

“Haha! We’re going to have a one-on-one offline duel! Let’s go and watch tomorrow!”

The atmosphere in the stream became more and more lively.
