

The Mightiest Little Peasant Chapter 619

Ding dong! Tang Hao rang the doorbell.

“You’re back!”

Su Yufu opened the door.

Tang Hao and Han Yutong went in first, followed by Su Yingyu and Lin Wei.

“What’s wrong?” Su Yufu asked when he saw their weird expressions.

The married couple did not say anything. Their faces were full of resentment.

Su Yufu became more and more puzzled. Seeing that they did not say anything, he did not ask any questions. Instead, he looked at Han Yutong and Tang Hao and smiled, “What car did you get, Yutong? Let me have a look.”

“Audi, BMW, or Mercedes?”

Han Yutong’s expression turned awkward, and she whispered, “It’s... a Rolls-Royce!”

“Oh! A Rolls-Royce? Not bad! That’s a good car!” Su Yufu said casually as he took a sip from the teacup in his hand.

At that moment, his brain finally processed what he heard, and he spat out the tea in his mouth.

“Cough cough! What did you say? A Rolls-Royce?”

His eyes widened, and his face was full of disbelief.

“Yes!” Han Yutong whispered.

In an instant, two loud clangs came from the kitchen.

“Haha! Yutong, I never knew that you’re a joker! What car is it? Tell your uncle honestly!” Su Yufu laughed.

However, as he laughed, his surprise grew, seeing that his daughter and son-in-law had the same expressions. If Han Yutong were joking, his daughter would have called her out long ago.

“... Really?”

“Really!”

His hand that was holding the cup trembled slightly.

‘What the hell? The kid actually bought a Rolls-Royce for Yutong? That’s a luxury car with an astronomical price tag!

‘Damn! Just who is this kid? He’s not your typical rich kid!’

“How... how much?” He came to his senses and swallowed hard.

“Fif... fifteen million!” Han Yu Tong hesitated for a moment and said.

Clang! Clang!

More things dropped in the kitchen.

Su Yufu’s hand trembled, and the teacup fell, spilling tea all over the floor.

He was stunned for a long time before he stood up and said excitedly, “Quick, take me to see the car! I want to see what a fifteen-million-yuan car looks like!”

Mrs. Han and First Aunt walked out from the kitchen. Their faces were full of confusion.

The group of people went out of the apartment and downstairs to look at the car.

A crowd had gathered around the car downstairs. They used their cell phones and took pictures of the car.

“Wow! This car is so cool! It should be worth at least a million!”

“Ha! You’re really ignorant. Can’t you recognize that this is a Rolls-Royce? It’s at least worth five or six million!”

“You’re all mistaken. Look here and see if it’s the same car. This is a vintage Phantom. It’s worth at least fifteen million.”

Someone showed a picture on his phone to the crowd.

Immediately, the crowd exclaimed in surprise.

Some people wanted to touch the car, but they immediately withdrew their hands, in case they accidentally scratched it. How were they going to compensate for a fifteen-million-yuan car if they did any damage to it?

“Whose car is this? I’ve never seen it appear in our residential area!”

“I know! I saw it just now. It belongs to Sis Su’s daughter. She’s the assistant for that rich kid. I saw her driving the car just now.”

“Oh, it’s her! Then this car belongs to that rich kid!”

The people discussed.

“Make way! This car belongs to my Yutong. Her boyfriend gave it to her!” Su Yufu squeezed in and shouted.

“It can’t be!”

Everyone was unconvinced.

“If you don’t believe it, you can ask him yourself!” As he said that, Su Yufu pointed at Tang Hao, who was walking over.

After receiving an affirmative answer, everyone was stunned.

Then, they exclaimed in surprise.

“F*ck! How lavish!” The men were amazed.

The middle-aged women were extremely envious.

“Sis Su is really lucky! I wonder how many apartment units you could buy with that car!”

More and more people swarmed over when they heard the commotion. It was a very lively scene.

Eventually, the crowd returned to their respective homes.

Su Yufu enthusiastically pulled Tang Hao to one side.

“Lil Tang! Where do you come from? What’s your family business?” He rained questions on Tang Hao.

Meanwhile, Su Yingyu gritted her teeth and was very angry.

“Hmph! He just has some money, right? What’s the big deal!” She muttered angrily, “No matter how much money you have, you’re still relying on your parents. My Wei made his own fortune. Not only is he capable, but he’s also gentle and considerate, and his cooking skills are excellent!”

She looked at Lin Wei and said, “Go and help out in the kitchen, hubby. Show them your culinary skills.”

Lin Wei straightened his back. He was quite confident in his culinary skills.

“Wei’s cooking is so delicious, you might accidentally swallow your tongue!” Su Yingyu said smugly.

She shot an instigating gaze at Han Yutong.

Han Yutong was taken aback, but she burst into laughter.

‘How dare he show off his culinary skills in front of Chairman Tang? How ignorant!’

“What are you laughing at!” Su Yingyu was annoyed.

“He can cook too!” Han Yutong held back her laughter and pointed at Tang Hao.

Tang Hao nodded his head cooperatively.

“Ha! He can cook too? Alright, let him cook a dish. We can see who’s better!” Su Yingyu said disdainfully.

‘What cooking skills could this kid have? He’s an average cook at most. He won’t be on the same level as Wei!’

“Sure, I’ll cook something then!”

Tang Hao stood up and said to Lin Wei, “After you!”

Lin Wei made a Sichuan-style boiled fish. His movements were swift and skilled. Very soon, a pot of boiled fish was ready. Its color, fragrance, and taste were perfect.

“What do you think?” Lin Wei said smugly as he placed the bowl on the dining table.

“Now, it’s your turn. What do you want to do?”

“Splendid Eight Treasures Soup!” Tang Hao said.

Lin Wei was taken aback, but he laughed. “Isn’t that magical cuisine? Don’t think that I’ve never heard of it. Not only have I eaten it, but I’ve also studied it! I can’t replicate it at all. It always ends up too medicinal and tastes terrible.”

Tang Hao ignored him and asked Han Yutong to buy some medicinal herbs. Then, he began to process the ingredients.

The original Eight Treasures Soup was made from eight rare ingredients and a lot of medicinal herbs. He did not have the rare ingredients on hand, but ordinary ingredients would do.

After Tang Hao processed the ingredients, he placed them in a stewpan. That was when the medicinal herbs arrived.

He processed them quickly and threw them into the pot.

“It’ll definitely taste terrible. There’s no doubt!”

“Do you think you can actually replicate magical cuisine? So many renowned chefs have tried it but failed. They couldn’t even come close,” Lin Wei sneered.

Half an hour later, to everyone's surprise, an unbelievable fragrance gradually drifted out from the kitchen.

"Wow! It smells so good!" Han Yutong exclaimed in admiration.

Lin Wei, on the other hand, took a deep sniff. He was immediately stunned, and he revealed an incredulous expression.

"How... how is this possible?"

He suddenly stood up and stared at Tang Hao.

Tang Hao said indifferently, "How is it impossible? I'm the one who invented magical cuisine!"
