

The Mightiest Little Peasant Chapter 623

“Good job, mate!”

A staff member finally said something after holding it in for a long time.

Then, he started clapping.

The other people from Tianze Entertainment also came to their senses. They clapped hard and exclaimed, “Amazing!”

“Thank you so much, mate!”

The person in charge squeezed through the crowd and walked over. He grabbed Tang Hao’s hand and shook it warmly with a look of gratitude on his face. However, there was a hint of awkwardness in his gaze.

The young man in front of him was their boss, but he could not call him that way in public. He had to pretend that he had met Tang Hao for the first time, which was quite difficult.

Then, a burst of applause erupted from the crowd.

That move just now was indeed impressive!

Moreover, Beauty Queen Liu was safe and sound, thanks to him.

“Thank you!”

Liu Bingyao stood up and thanked him. As she spoke, she winked at Tang Hao.

“Are you alright, Bingyao?”

Several female staff members came forward and comforted her.

“I’m fine!” Liu Bingyao shook her head.

She had experienced more dangerous situations than that. The incident earlier was nothing.

“Let go of me! I’ll kill her...”

The man in black was held down by several staff members and was struggling with all his might.

Tang Hao glanced at him and furrowed his brows.

The man looked like he had lost his mind.

“Dammit, he’s a psychopath!”

“How dare he touch our Beauty Queen Liu! Beat him up! Shank him!”

The Z University students shouted angrily as they rushed forward and kicked the man. The staff members were intimidated and hurriedly retreated.

By the time the police arrived, the man had been kicked beyond recognition.

After a brief investigation and taking some statements, the police took the man away.

The signing event continued.

“Hey, mate, you can go first. Don’t be modest! You are a true hero! We can’t possibly ask you to wait in line!!” The person in charge showered Tang Hao with flattery.

“What a sycophant!” Tang Hao muttered to himself.

He did not refuse. He went to the front of the line with the new album in hand.

Liu Bingyao took the album from his hands, picked up a pen, and carefully signed her name. She even drew a heart.

Then, she raised her head and handed the album back.

“Thank you!” She pursed her lips and smiled.

So many emotions and sentiments were captured in those two words.

Tang Hao scratched his head. He did not know what to say. After thinking for a while, he said, “Good luck!” As he said that, he took the album.

“Ok!” She nodded.

The people behind Tang Hao started to hoot and jeer at them.

Tang Hao immediately felt awkward. He kept the album and walked away.

“Hey, mate! Please wait a moment. Can we interview you?”

“Your martial arts skills are amazing, mate! What do you practice?”

A group of reporters surrounded him.

Tang Hao glanced at them and could not be bothered. He walked around them and went away.

The reporters were stunned.

“F*ck! So arrogant!”

They asked a student, “Who is that person? He looks very arrogant!”

That student rolled his eyes and thought, ‘He’s Tang Hao! He can afford to be arrogant!’

Instead of answering the question, the student looked at the figure walking away into the distance and let out a long, profound sigh.

His response stunned the reporters once more.

‘What the hell? Isn’t that just a simple question? What’s up with that profound look?’

The reporters were feeling rather frustrated when the student opened his mouth. “He’s not an ordinary person. He’s the final boss of Z University!”

The reporters were stunned for the third time when they heard that.

‘Final boss?’

‘Damn! What’s up with that cool title?’

The reporters thought for a while and came to a sudden realization. “Oh! I get it. Are you saying that he’s very powerful? There’s no one in Z University stronger than him!”

That student rolled his eyes again. He thought to himself, ‘What the hell do you know? He’s not called the final boss just because he’s skilled in martial arts. How naïve!’

“Tsk tsk! You all are too ignorant. I can’t be bothered to talk anymore!”

He snorted lightly, glanced at them with disdain, and left.

The reporters stood there, somewhat baffled.

They asked a few more students, who gave them similar answers, such as “final boss”, “ultimate freak”, and “inhuman”, among others.

That made them even more confused.

‘Damn! Just who is that kid?’

According to the students, that kid was superhuman!

However, the students did not specifically name the identity of that kid. While they were confused, they could not help but be even more curious.

Eventually, they were utterly shocked when they found out his identity.

The student who was dressed rather plainly, even though he was quite handsome, was actually Tang Hao, the chairman of Haotian Group?

The revelation had rendered them slack-jawed and wide-eyed.

“He really is the final boss!” A reporter said vacantly.

Then, they became excited.

That was a big scoop!

Many people immediately picked up their phones to draft an article.

“Wait! We can’t report this!” Suddenly, a reporter shouted.

“What’s wrong? Why can’t we report it?”

“Yeah, don’t tell me that you want to be the first one to post it?”

The other reporters were surprised.

“Haven’t you heard about the background of Haotian Group?” That reporter said profoundly.

The reporters’ expressions changed when they heard that.

Although they were entertainment reporters, they knew about Haotian Group and its formidable background. When New Magical Kitchen opened for business, two of the provincial leaders were there.

They could not afford to provoke an individual who owned a company of that level of power.

If they wrote something that angered that individual, they would be finished.

Moreover, that person had always kept a low profile. He refused all interviews and never appeared in front of the camera. He did not even have a photo. It was obvious that he did not want to expose himself.

If they published his photo, they would definitely offend Tang Hao.

“Phew! That was close!”

A reporter heaved a sigh of relief and quickly put his phone away. Then, he deleted the photos from his camera.

The others also quickly deleted the photos.

“Thank you. bro!”

They all thanked the reporter who reminded them.

“Hey! What are you thanking me for?” The reporter waved his hand and smiled. Then, he looked in the direction where Tang Hao had gone and sighed. “Speaking of which, that guy is really an amazing person!”

“Exactly! Everything produced by Haotian is amazing!”

“Most importantly, he’s so young. How ridiculous!”

The reporters started discussing about Tang Hao.

“Let’s go! We still have an event!”

After a long while, they continued to report on the signing event.
