

The Mightiest Little Peasant Chapter 739

In the evening, a plane landed at Provincial City International Airport.

Tang Hao got out of the plane.

As soon as he got off the plane, he turned on his phone and immediately received a call.

Tang Hao was surprised. He saw that the call was from General Bai.

'F*ck! Did he find out?' Tang Hao had a bad premonition.

"You're finally back, Comrade Tang Hao!"

General Bai's amiable voice came from the other end.

"Ahem! That's right! I went on a trip. Merrica is quite fun!" Tang Hao coughed dryly and said with a straight face.

"Heheh! Is that so?" General Bai smiled, which sounded quite scary. "You also demolished two buildings, right? That sounds fun indeed!"

"What demolition? I don't know what you're talking about!" Tang Hao was not going to admit to it.

"You brat, of all the people you choose to learn from, you learn from those Taoist masters! It's not right to lie!" General Bai said helplessly.

“Whatever. Now that you’re back, I’m not going to scold you. Just remember to inform me next time. Oh, by the way, good job!”

After ending the call, Tang Hao heaved a sigh of relief.

When he walked out of the airport, Han Yutong was already waiting.

She was dressed in professional attire and leaning against the door of the Rolls-Royce, looking particularly eye-catching.

“Chairman Tang!”

When she saw Tang Hao, she greeted him with a sweet smile.

“Chairman Tang, it’s so chaotic over in Merrica!” She said as she got into the car.

“Ahem! That’s right!” Tang Hao nodded.

“Oh right, Chairman Tang, do you have anything else to do now?” Suddenly, she asked.

“No! What’s the matter?”

“Let’s go to my house and have dinner with my mom!” Han Yutong turned around and looked at him with anticipation.

Tang Hao looked at his watch. It was not even five o’clock yet. “Sure! We can buy some ingredients on the way. I’ll make something delicious for Auntie.”

“Thank you, Chairman Tang!”

Han Yutong pursed her lips and smiled happily.

When they reached her house, Han Yutong led him to the kitchen and began to work. She washed the ingredients first, then stood by the side and watched Tang Hao cook.

A smile appeared on her face as she watched Tang Hao wearing an apron and cooking.

She kneaded her arms behind her back.

Suddenly, she bit her lips, and a crafty look flashed across her eyes.

She walked forward, leaned over, and kissed Tang Hao on the cheek.

After she succeeded, she took a step back and stood there looking at him mischievously.

Tang Hao paused, looked at her, and said with a smile, “What are you doing?”

“I just want to kiss you!” She said.

She leaned over and kissed him again. “Chairman Tang, don’t you know that you look very handsome when you’re busy?”

Tang Hao could not help but laugh. “You’re getting better at flattery!”

She said, "That's not flattery! It's called being charming, and I have a lot of charm!"

"Really!"

"That's true. You can even taste it!"

As she said that, she leaned over again and kissed Tang Hao's lips.

Her charming face was so close to his. Her eyes were half-closed and her gaze was unfocused. As her red lips moved, she exhaled a warm and fragrant breath.

Her lips that were lightly coated in a layer of light pink lipstick were supple and glistening.

Tang Hao was slightly startled, and his heart pounded.

In the next moment, their lips touched.

Her tongue pushed through his teeth and sneaked inside.

They were almost out of breath before she let go and stepped back. Her pretty face was flushed red.

"How is it? Does it taste good?" She said.

Tang Hao remained stunned.

Seeing that, she giggled and walked over to wipe Tang Hao's lips, then wiped the lipstick on his cheek.

"Chairman Tang, can you take me back tonight? I want to stay at your place for one night. Don't worry, I will be a good girl like last time," she said with a smile.

Tang Hao hesitated for a moment but agreed to it anyway.

"That's great!"

She cheered and went to prepare a change of clothes.

Mrs. Han returned home when Tang Hao was almost done cooking.

"Lil Tang, How are your studies recently?"

During dinner, Mrs. Han chatted with him.

"Not bad!" Tang Hao said.

"Mom, I'll send him home!"

After dinner and a short rest, Han Yutong got up and pulled Tang Hao out of the door.

When they got home, she cleaned up Tang Hao's room as usual and took a shower.

Tang Hao sat in the living room and took out a few jade pendants to craft Artifacts.

She walked out of the bathroom, wearing a towel and drying her hair. She sat in front of Tang Hao and watched him work with a hint of curiosity in her eyes.

After a while, when Tang Hao put down the jade pendant, she said, "What are you doing, Chairman Tang?"

Tang Hao looked at her and said with a smile, "This is an Artifact. The necklace and bracelets you are wearing are also Artifacts."

Han Yutong looked at the pair of jade bracelets around her wrists. She became more and more curious.

"How magical!" She murmured.

Tang Hao pondered for a moment and said, "Do you want to learn how to make them?"

Han Yutong was stunned and said, "Can I learn it? Is it very difficult?"

"It's a little difficult, but you'll manage. However, you have to learn cultivation first!"

"I can cultivate?" Han Yutong's beautiful eyes lit up excitedly.

"Of course you can. It's very easy!" Tang Hao said.

"Really?" Han Yutong said doubtfully.

She thought that cultivation would be very difficult!

“This is called the Pill of Qi Channeling. You’ll be able to sense qi easier after taking it, and you’ll be considered a cultivator in the State of Qi Channeling. Take these other pills once a day, and you’ll reach the middle period in three or four days.”

Tang Hao retrieved many jars.

“Then you can take these pills. In about two months, you’ll reach the latter period.”

Tang Hao pushed all the jars in front of her.

Han Yutong was stunned. That sounded simple indeed!

“The latter period? What does that mean?” She asked in puzzlement.

Tang Hao explained the basics of cultivation to her.

“That’s pretty amazing!” She said excitedly, “Then, teach me cultivation, Chairman Tang! I want to learn! That way, I can follow you all the time and be your little assistant.”

“Take this pill then!”

Tang Hao handed her the bottle containing the Pill of Qi Channeling.

While still draped in a towel, she sat down, poured the pill into her mouth, and swallowed it.

After a while, her body began to change, and dark liquid seeped out of her skin.

When she opened her eyes, she was shocked.

Fortunately, she had experienced something similar the last time she swallowed the Jade Bone Pill. She did not panic but instead stood up and rushed to the bathroom.

Soon, the sound of running water could be heard.

After a long time, she stepped out of the bathroom wrapped in a new towel.

As she looked at her new skin, she seemed excited and amazed.
