

The Mightiest Little Peasant Chapter 740

"This is unbelievable!" Han Yutong exclaimed.

She felt as if she had been reborn. Her whole body was full of energy, and she could see and hear more clearly. Moreover, her skin had become more delicate and fair.

She lifted her towel, looked down again, and was stunned.

"This part grew a little too!"

Tang Hao blushed when he saw that.

He found it hard to control his instincts when she did that while only wearing a towel.

She smiled mischievously when she lifted her head and saw Tang Hao's embarrassed look.

"Chairman Tang, would you like to see for yourself if they're bigger?" She walked over, sat down beside Tang Hao, and deliberately leaned over.

"Ahem!" Tang Hao coughed. He was extremely embarrassed.

He stole a glance at it, and it did seem bigger.

"That's an interesting effect!" Tang Hao muttered, feeling quite amazed.

When Qin Xiangyi took the Mortality Shedding Pill last time, hers also became bigger.

“Chairman Tang, I feel particularly energetic now. That moving current in my body is called qi, right?” Han Yutong said.

“Here, take this!” Tang Hao handed a pill to her.

After she swallowed and absorbed it, her cultivation base soared. She only needed three more pills to break through to the middle period.

“This is really simple!” Han Yutong exclaimed.

“Of course! These are all alchemical pills!” Tang Hao said with a smile.

In ancient times, alchemical pills were quite precious, and in modern times, they were rare treasures. Only he could have thought of using alchemical pills alone to raise one’s cultivation base.

Moreover, he had a lot of them. The medicinal ingredients he collected allowed him to refine many pills.

He was the equivalent of a windfall tycoon in the cultivation world.

Following that, Tang Hao imparted knowledge about cultivation to Han Yutong. She sat there and listened attentively, but occasionally, she would tease Tang Hao.

She would either lift her slender legs or deliberately lean over and reveal the splendor on her chest.

It took Tang Hao a lot of effort to calm down.

“It’s already one o’clock. Let’s go to bed!”

She pulled Tang Hao up, walked to the bedroom, and jumped on the bed.

Tang Hao was surprised. “That’s my bed!”

“Yeah! You sleep here!”

She said as she patted the empty half beside her.

Seeing that Tang Hao was still standing there, she grabbed his hand and said coyly, “Let’s sleep together! I’ll be a good girl, like the last time. I won’t do anything!”

Tang Hao was helpless. She pulled him onto the bed and laid him down.

The lights were turned off, and the room was dark.

Tang Hao lay there, looking at the ceiling without saying anything. In fact, he did not know what to say. Somehow, he was very nervous.

She lay on the other side of the bed, looking at the ceiling and not saying anything.

After a long silence, she suddenly moved, inching closer to Tang Hao until she clung to his body.

She turned around and faced Tang Hao.

“Chairman Tang!”

Suddenly, she called out in a low voice.

Tang Hao grunted and turned around to look at her.

In the darkness, her beautiful eyes were sparkling like a pair of dazzling gemstones.

There was a deep affection in her eyes.

“Today, I’m very happy because... I can follow you forever and be your little assistant!”

Tang Hao smiled and reached out his hand to caress her cheek, muttering, “Silly girl!”

“Yes! I am very, very silly. When I like someone, I will disregard everything,” she said softly.

She sounded quite resentful. Hearing her words, Tang Hao felt a wave of pity and guilt.

He reached out. His arms went around her body, and he gradually tightened the hug. “We should sleep.”

“Mm,” she replied, curled up slightly, buried her face in her chest, and closed her eyes. Soon, she fell into a deep sleep.

Tang Hao did not sleep. He held the beautiful woman in his arms, and his thoughts were in a mess.

Assistant Han was someone close to him. They met almost every day because of their work, and it was natural for them to have feelings for each other. He had to be more cautious because of that.

He pondered for a long time before he fell asleep.

When she woke up the next morning, half of her body was sprawled over Tang Hao's body. The towel that was wrapped around her last night had already come undone and was draped over her like a blanket.

When Tang Hao stirred, she also woke up and opened her eyes groggily.

"Good morning!"

She yawned.

As she flipped over, she suddenly realized that something was wrong. She hurriedly pulled the towel and wrapped herself up.

"I'll go and make breakfast!" Tang Hao quickly said.

As he said that, he was about to sit up.

At that moment, Han Yutong pulled him back and said with a red face, "Are you going to leave it like that...?" As she said that, her beautiful face blushed even harder.

"Won't that be... very comfortable?" Her voice was as soft as a mosquito.

Tang Hao also blushed intensely.

“I started the fire, so I’ll put it out. If you’re not going to claim me yet, I have other ways!”

She slowly leaned over with a red face.

After a long time, the two of them got up, still blushing.

She grimaced and rubbed her hands from time to time.

“That was awesome!” She exclaimed.

“Let’s go back today!” Tang Hao said while eating breakfast.

“OK! Then I’ll go home and pack my luggage.”

After breakfast, he accompanied her home. Then, they drove back to Westridge.

When they arrived at Westridge, Tang Hao went to the company first.

“Director Tang, construction of the new factories are almost finished, and they will go into production soon. By then, our production capacity will increase, and we will be able to fully meet the demands of the Huaxianese market.

“After that, we can start to make preparations for export.”

Liu Yan said after reporting the recent situation to Tang Hao.

Tang Hao pondered for a moment and said, "We'll prepare to set up a branch company in Dongying. From there, we will enter Hindustan and expand to the entire Asia.

"After we take down the Asian market, we can consider the other continents!"

"Dongying?" Liu Yan frowned.

"Why?"

"It's nothing. I just feel that the relationship between Huaxia and Dongying has been a little tense recently. We might face some troubles, and the sales might be affected too."

"What's there to be worried about? It's their loss if they don't buy our products. The paperwork will be simple. I have some connections in Dongying. They can get it done for us quickly."

Liu Yan was shocked.

'Chairman Tang has connections in Dongying?

'Oh my god!

'Is that for real?

'He's so well-connected!'

It was already shocking enough that Chairman Tang had connections in the Capital. She did not expect that Chairman Tang had connections in Dongying too.

If his connection could get the paperwork done very quickly, it meant that they were a bigshot in Dongying!

After a long while, she came back to her senses and smiled drily.

“Then we should prepare to go into Dongying soon!” Liu Yan said.

The two continued to talk for a while and decided on the plan.
