

## The Mightiest Little Peasant Chapter 746

When he regained his senses, Hua Beiqiang wanted to spew curses!

'Damn you! You are a senior from the previous generation, yet you want to stoop to my level!

'Moreover, you want to flirt with a junior. That's immoral and shameless!'

Despite his anger, he dared not curse out loud or even make a sound.

He was well aware of how powerful that person was. The entire Liu family had been crippled because they had offended that senior. After that, they had gone missing, and the entire family collapsed.

If his curses offended the senior, even if the senior did not kill him, his family would beat him to death!

He endured the pain and squeezed out a fawning smile on his face. "So it's you, Senior! Haha! It's just a misunderstanding! Why didn't you say so earlier?" He said softly.

If he had known earlier that he was facing his senior, he would not have dared to lay a finger on him!

When he thought that he had attacked a Perfected Person, cold sweat broke out on his back.

"You wouldn't have believed me anyway!" Tang Hao said coldly.

Hua Beiqiang was stunned. 'That's true. I wouldn't have believed it,' he thought.

He was apprehensive when he observed Tang Hao's expression. The senior seemed to be very angry, which was not a good thing. He would be in trouble if the senior were to vent his anger on the Hua family.

"It's all a misunderstanding, Senior! This is your first time at Q University, right? I'll bring you around and treat you to dinner!" Hua Beiqliang said enthusiastically.

Seeing that, the Q University students were dumbfounded.

'What's going on? Young Master Hua is calling that guy as his senior!'

'Could he be some big shot?'

"I'm not interested in going around!" Tang Hao said coldly.

'Oh no! He's really angry!' Hua Beiqliang thought.

He wiped his cold sweat and walked to the side to make a call to his family.

"Hey! It's Beiqliang! What's up?"

Old Master Hua's cheerful voice could be heard on the other end of the phone. He was in a very good mood and was enjoying tea while appreciating flowers.

"Grandpa! I seem to have gotten into trouble!" Hua Beiqliang said sheepishly.

"Oh? What's wrong this time? Did you beat up someone?" Old Master Hua frowned.

“It’s... it’s... the president!”

“President? What president? Is it from some club in your university? That’s easy, just give him some money!”

Huabei said stubbornly, “It’s... The president of our union!”

“Our union? Did we join some union?” The old man was stunned.

The next moment, he remembered something. His whole body trembled, and he almost fell from his chair. He had already dropped the teacup in his hand, and it had already shattered into pieces.

“Are... are... are you kidding me? You should know how the Liu family collapsed, right? Why did you look for trouble? Are you an idiot? How could I have such an idiot grandson like you?”

Old Master Hua was so angry that he almost fainted.

“I... I don’t know either!”

“Where are you?”

“Q University!”

Old Master Hua was stunned. ‘Why did that senior go to Q University?’

“He... he came to look for Xintong!” Hua Beiqiang said.

Old master Hua was stunned again.

'Mu Xintong? \*Isn't she the precious granddaughter of the Mu Family? She's quite beautiful, and many young people like her. Could it be that... even the senior had taken a fancy to her?'

The more he thought about it, the more likely that was the case!

After all, men liked young and beautiful girls, and the senior was certainly no exception. Besides, that senior looked so young, so he must be attracted to young women.

'Damn! Why don't I have such a granddaughter like her?' He was angry.

"Wait there. I'll come over right away!" He shouted and then strode out of the room.

Soon, the Hua family was in an uproar.

A convoy of luxury cars drove out of the garage and headed toward Q University.

At that time, Hua Beiqiang walked back and said with a big smile, "Senior, my grandfather will be here soon. Please wait!"

"Why did you call him here?" Tang Hao was helpless.

"To apologize to you!" Hua Beiqiang said.

After waiting for a long time, a motorcade arrived at the entrance of Q University. Soon, more motorcades of supercars appeared. The Hua family, the Hong family, and the Qi family were all there.

“Hey! Ol’ Hong, Ol’ Qi... what are you old bastards doing here?” Old Master Qi yelled when he got out of the car.

“Hahaha! Now your grandson has gone and done it, Ol’ Hua!”

“That’s right! I wonder if he’s too brave or stupid to cross that senior. Careful that you end up like the Liu family!”

Those old people gloated.

Old Master Hua’s face was as red as a pig’s liver. “Damn that brat! I must teach him a good lesson.

“How did you know?” He asked again.

“Hah! Your grandson isn’t the only student in Q University. My grandson is so many times smarter than yours!”

Those people rushed into the campus.

“We’re here, President!”

“President, why didn’t you tell us that you’re in the Capital? We would have entertained you!”

Those people enthusiastically rushed forward and surrounded Tang Hao.

The crowd was shocked once more when they saw that scene. Many of those people were influential figures in the Capital's business world.

Now, they were surrounding that kid and calling him "President" with incomparable enthusiasm.

They found it hard to believe.

'President?

'What could that guy be president of? That's amazing!'

"You, come here!"

Old Master Hua pointed at his grandson and shouted.

When Hua Beiqliang walked over, Old Master Hua reached out and pulled his ear. "Look at what you've done. Why aren't you apologizing to Senior Tang?"

"I've apologized!" Hua Beiqliang said, feeling aggrieved.

"Then apologize again! Why, are you too good for this?"

Hua Beiqliang could only walk to Tang Hao, bow deeply, and apologize solemnly.

"Forget it. It's nothing!" Tang Hao waved his hand and said.

“Thank you, Senior! You are magnanimous!” Old Master Hua said with a smile.

Soon, even the Mu family came.

The other families were shocked by the Mu family’s appearance. Then, they turned to look at Mu Xintong and Tang Hao with curious expressions.

Even the Mu family members looked at them weirdly.

‘Does Senior Tang want to flirt with Xintong?’

Their emotions were rather complicated.

For the family, it was a good thing. Their status would be elevated if they could be related to the senior.

On the other hand, the senior must be at least a hundred years old!

Mu Xintong was only twenty years old, and the age difference was too great. That was inappropriate!

Of course, the most important thing was Xintong’s opinion.

After that, the people greeted Tang Hao and went toward Mu Xintong.

“Xintong, are you going to... with the senior...”

Mu Xintong frowned and said, "Dad, there's nothing between us, really... Also, you've all misunderstood. He's not a senior either. He's the same age as me."

As soon as she said that, the Mu family members were stunned.
