

## The Mightiest Little Peasant Chapter 763

“Cough Cough!”

Tang Hao coughed violently, extremely embarrassed.

‘She must be joking, right?’

‘Why would she shock me like that?’

“I didn’t know that you’re a joker!” Tang Hao laughed awkwardly.

She glared at him. “Do I look like I’m joking?”

Tang Hao was instantly dumbfounded.

The atmosphere became awkward.

“Forget it if you don’t want to! Don’t tell me I have to beg you!” She said angrily. “I obtained a dual-cultivation technique through a fortuitous encounter, and I find you quite pleasing to the eye, so... that’s why I wanted to ask you.”

She sounded softer and softer as she spoke, and her cold face blushed even more intensely.

“My cultivation level... is too low. I want to become more powerful,” she muttered again.

Tang Hao was silent for a while.

It was indeed faster to increase one's cultivation base through dual-cultivation.

However, performing dual-cultivation for the sole purpose of increasing one's cultivation base would be too irresponsible!

"You can't do dual cultivation casually. You have to have established a relationship with your partner," Tang Hao said seriously. "Look, it's not like you like me..."

"Who said that? I like you!" She interjected.

"Huh?"

Tang Hao looked at her in a daze.

She bit her lips with her pearly white teeth and looked away, averting Tang Hao's eyes. "I... I don't know whether I like you or not, but I feel that you're very nice. Memories of you would pop up inexplicably, and I want to be closer to you!"

"That... I guess you like me!"

"I've never felt this way before. I'm not sure either."

As she spoke, she gripped Tang Hao's hand even tighter.

Tang Hao was stunned for a long time.

He opened his mouth but did not know what to say.

“Don’t you believe me?” She felt aggrieved.

“No!”

“See, you don’t believe me!”

She gritted her teeth, leaned over, and kissed him.

When their lips touched, her delicate body trembled slightly and went soft.

Her beautiful eyes stared at Tang Hao.

After a long time, the two of them separated.

She wiped her lips, and when she saw how surprised Tang Hao was, she said, “What? It’s not like I haven’t kissed you before. You kissed me so hard that night.”

Tang Hao immediately felt awkward.

“But I have a girlfriend! You know that too!”

“Of course I know!” She said, “I’m not asking you to marry me. It’s just dual cultivation. Besides, I might not be willing to marry you!”

As she said that, she glared at Tang Hao.

“That... We’ll talk about it in the future!” Tang Hao stammered.

“You can tell me when you’ve made up your mind!”

She immediately turned her head away, but she did not let go of her hand.

Finally, the plane arrived at its destination.

“I’ll be leaving first!”

They remained seated after the cabin door opened. After a while, she let go of her hand, stood up, and resumed her icy appearance.

It was as if everything just now was an illusion.

Tang Hao came to his senses long after she disappeared from view.

He scratched his head, feeling a little distressed.

A car was waiting for him as he walked out of the plane. It brought him to the airport.

When he walked out of Provincial City International Airport, he saw Han Yutong.

“You’re back, Chairman Tang!”

She walked over quickly and called out sweetly.

“Come, give me a hug!”

Walking up to him, she opened her arms and hugged him tightly.

“Ahem! Someone’s watching!”

Tang Hao was quite overwhelmed.

Assistant Han was getting more and more daring.

She giggled, then released her hug and stepped back.

“Get prepared. We’ll go back today!” Tang Hao got into the car and said.

“OK!”

She replied, started the car, and drove home.

Back at Westridge, Tang Hao had a rare moment of relaxation. He had been preparing for the battle for the past two months. Now that they had won, he could finally take a break.

During the day, he went to work. At night, he accompanied Qin Xiangyi. It was quite relaxing.

A few days later, it was Qin Xiangyi's birthday.

On that day, neither of them went to work. They got up early and went around town. The theme park had become their yearly ritual.

"Time flies!" Qin Xiangyi exclaimed as they walked along the streets at night.

"How long have we been together, Lil Tang?"

She turned around and stared at Tang Hao with a smoldering gaze.

Tang Hao's heart skipped a beat. He thought for a moment and said, "It's been two years and three months!"

She smiled. "You remember!"

"Of course!" Tang Hao said.

Her smile became more brilliant, and her beautiful eyes curved into crescents. They sparkled under the light, and her face looked like a scene from a dream.

Tang Hao was obsessed with her looks.

"Am I pretty?"

She smiled tenderly.

“You are!” Tang Hao nodded and said.

“Haven’t you gotten tired of looking at my face, silly?” She giggled.

“It’s only been two years. I have to look at your face for the rest of my life!” Tang Hao said.

She smiled again. “The rest of your life... how long is that?”

“For as long as I live...” Tang Hao muttered.

She tiptoed gently and kissed him.

Then, she hugged him tightly and whispered into his ear, “I love you so much, Lil Tang!”

Under the street light, the two of them hugged each other tightly.

Their hearts were beating fast.

After a long time, she let go and stretched out her palm with a smile, “Where’s the gift? Give it to me quickly! I can’t wait to see it!”

Tang Hao could not help but laugh. He took out a small jade bottle and placed it in her palm.

“Another pill!” She pouted and complained.

“This isn’t an ordinary pill!” Tang Hao said, “You’ll know when you open it!”

“What pill could it be?” She murmured, opened the bottle cap, and poured out a crystal clear pill. The mist inside the pill dispersed and condensed into the shape of a black python.

“Wow! What a beautiful pill! It’s even shining!” Her beautiful eyes lit up as she exclaimed.

“Aren’t you at a bottleneck in your cultivation? After taking that pill, you can break through and become as powerful as me!” Tang Hao said.

“Really?”

She was pleasantly surprised.

Then, she smiled and said, “Can I really be as powerful as you?”

“That’s impossible!” Tang Hao immediately shook his head and said.

“Hmph! Sooner or later, I’ll be more powerful than you and make you beg for mercy!”

As she spoke, she bit her red lips. Her expression was exceptionally charming and seductive.

She rolled the pill in her palm for a while and put it away. She smiled at Tang Hao and said in a soft voice, “Thank you, my dear! I am very satisfied with that gift!

“Now... bring me up!”

Tang Hao was baffled.

“To the sky!” She pointed to the sky and smiled charmingly.

“Right away!”

Tang Hao quickly realized what was going on. He became excited, held her hand, and they ran away. Then, he picked her up and carried her to the top floor of the skyscraper, sprinkling cheerful laughter along the way.
