

The Mightiest Little Peasant Chapter 768

In the morning, Tang Hao went to class.

As soon as he arrived at the front gate, he realized that there was something wrong in the air.

“That’s Tang Hao! Tang Hao is here!”

Someone cried out in surprise, and the entire front gate was in an uproar.

They all looked at Tang Hao at the same time with sparkling eyes. Then, they swarmed over excitedly.

“Tang Hao! Do you need actors for your TV series? Can I be an extra?”

“Look, Tang Hao, do you think that I can be a villain?”

A group of people surrounded Tang Hao and chattered.

More and more people poured out of the university gate with excited expressions.

The enthusiasm almost drowned Tang Hao.

“Don’t get too excited! Hey, don’t touch me! I’m not that kind of person!”

Tang Hao pushed forward with all his might. As he struggled, his clothes became disheveled.

With great difficulty, Tang Hao managed to squeeze through the crowd and was about to walk to the academic building. As he turned a corner, he bumped into a person. The person shrieked and fell to the ground in a very exaggerated manner.

She sat on the ground, clutching her ankle, and wailed in pain.

“Wait, why does this scene seem familiar?”

Tang Hao looked closely at the girl. It was Su Yuchen.

She sat there with tears in her eyes, looking very pitiful.

“She’s really an actress!”

Tang Hao sighed to himself.

“What happened to you, Senior? You’re injured again! Don’t worry, I’ll give you a massage!”

Tang Hao quickly crouched down, grabbed her leg, and gently pressed it. He placed her leg down and was about to leave.

“Hey! Tang Hao, don’t go! Quickly help your senior up!” She hurriedly shouted.

Tang Hao pulled her up. “Ow!” She lost her balance again and fell onto Tang Hao’s body.

“Dammit, what a schemer!”

“Shameless vixen, how dare you seduce my Prince Charming!”

Some girls in the surrounding crowd cursed angrily.

The boys were extremely envious.

After all, Su Yuchen was one of the most beautiful girls from the art faculty. Her skin was fair and beautiful, and she was at least an eight.

They had wished that such a beautiful girl would fall into their arms!

Unfortunately, her standards were too high.

“Please have some self-respect, Senior. I’m not that kind of person!” Tang Hao said righteously.

“I can’t walk anymore, Tang Hao. Can you carry me in?” She said coyly.

“Damn, that’s too shameless!”

The surrounding girls could not stand it anymore.

“Ahem! You want a role, right? Just go to the studio for the audition and mention my name. You’ll be selected if you have the talent. Otherwise, don’t blame me!”

When she heard that, she immediately straightened her back. Her legs no longer hurt, and her waist no longer felt sore.

“Thank you!”

She pursed her lips into a smile, kissed Tang Hao on the cheek, and left.

“F*ck! She’s really an actress!” Tang Hao muttered.

He wiped away the lipstick on his cheek and quickly ran away.

“Tang Hao, don’t go! I want to go to the audition too!” A group of people chased after him.

He hid in the classroom, but he was immediately surrounded by Cao Fei and the others.

“Fine! All of you can go to the audition!” Tang Hao announced. Finally, he was spared from the chaos.

“It’s so troublesome to be famous!”

Tang Hao sat down and lamented to himself.

Fortunately, that was only limited to the university. Once he left the gate, no one would know him.

“Thank goodness for that!” He was somewhat glad.

The next day, the director brought his crew over, and the entire university was in an uproar. Even Cao Fei and the others went.

However, in the end, they only managed to score background roles.

As for Su Yuchen, she was signed onto a minor role.

“It’s OK. Every great actor starts as a cameo,” Cao Fei comforted himself.

Production for the series had already begun. After signing the actors, they chose a date and started filming.

On that day, in the film studio.

They were currently shooting a fight scene.

Naturally, there would be corpses in the scene.

“Where are the corpses? Come here quickly and lie down! Don’t waste time!”

The director shouted through the megaphone.

Soon, a group of people walked over. They were wearing tattered armor, arrows pierced their bodies, and they were covered in bright red blood. The makeup artists had done a good job.

The director was quite impatient, but when he glanced at the group, his expression changed.

“Oh, Chairman Tang, you’re here today! Why didn’t you tell me earlier? Take your time to lie down, don’t worry. Find a good angle so that the camera can capture your heroic appearance.

“Later, I’ll give you a close-up! You’ll be very handsome!”

The director, the assistant director, and the production staff came up eagerly to suck up to him.

That was the big boss of Haotian Group!

Even so, they nonetheless felt it was quite annoying.

It was difficult to suck up to someone in a corpse get-up!

How could a corpse look heroic? Even the director was embarrassed when he said that.

‘Chairman Tang’s preferences are so strange. He’s handsome and has a good demeanor, so he should have been the male lead. He’ll definitely be popular and gain a lot of fangirls.’

However, Tang Hao only liked to act as a corpse. They could not fit him in more scenes.

The other actors also came over.

“You’re really handsome today, Boss Tang!”

“In my many years of acting, I’ve never seen such a handsome corpse!”

They also started to suck up to him.

Cao Fei, standing next to Tang Hao, rolled his eyes.

'Are these people blind! How could a corpse be handsome? Our faces are covered by a thick layer of make-up! Handsome my *ss!

'Those people were too shameless!'

He cursed angrily in his heart, but when he turned his head, he smiled at Tang Hao. "Brother Hao, you're really handsome today!"

Liu Bingyao, who was resting at the side, burst out laughing.

She was wearing a white dress, and the hem of her dress fluttered in the wind, which made her look divine.

"Come, everyone, get ready!"

After a round of flattery, the director picked up the megaphone and shouted.

Then, the actors took their positions and stood on two sides.

Tang Hao and the other corpses walked to the middle and lay down.

"Careful, Chairman Tang. There's no hurry!"

"Ha! Look at him, what a great pose! As expected of Chairman Tang! Awesome! Give him a close-up!"

"Why are you all laughing! What do you know? Acting as a corpse also requires skills. Look at him, he's not moving at all. That proves that Chairman Tang has amazing willpower."

“Look at that useless bum beside him. He’s twitching a little. He’s already dead, so how can he still move?”

Cao Fei originally wanted to laugh, but when he heard that, his expression froze.

Tang Hao smiled when he heard that.
