

The Mightiest Little Peasant Chapter 817

Liu Bingyao's delicate face was getting closer and closer.

Time seemed to freeze at the moment she kissed him.

After a long while, she opened her eyes and slowly moved away. Her beautiful eyes looked at Tang Hao with infatuation.

"I love you!"

She enunciated each word clearly.

Those three syllables were filled with deep affection.

Tang Hao opened his mouth and wanted to say something, but he did not know what to say.

"Phew!"

She heaved a sigh of relief and smiled brightly. "I've finally said it. I feel much more relieved!"

She looked at Tang Hao and giggled. "Why are you so nervous? It's just a confession. I've wanted to say this for a long time, but I did not dare to say it.

"Now, I finally have the courage to say it."

"You don't have to say anything. I understand!"

As she said that, she gently hugged Tang Hao.

“I’ve fulfilled the promise to myself. I love you, and that’s my personal sentiment. I don’t want to disturb you!

“I’m already happy that you’re good to me. Do you think I don’t know that you bought Tianze Entertainment? I know everything!”

She leaned into Tang Hao’s embrace and muttered.

She was indulging in that pleasant sensation.

For a long while, they just stood under the street lamp and hugged each other gently.

“I’m done!”

She finally let go of her arms and took a step back. She smiled and said, “Now, send me back!”

Tang Hao nodded heavily.

The two of them turned around and retraced their steps.

After sending her back, Tang Hao left.

He sighed as he walked down the stairs. He was not sure how he was going to handle another woman.

After taking a few steps, he suddenly sensed something. He looked up and saw Liu Bingyao standing at the window looking at him. Seeing him turn around, she smiled and waved at him.

Tang Hao waved and got into the car.

After composing his emotions, he started the car and drove away.

When he got home, he turned on his computer and scrolled through the news.

“Meteorites?”

Suddenly, he saw a piece of news. It said that a group of meteorites was approaching Earth, and many people around the world would be able to catch a meteor shower.

The news was currently trending.

Tang Hao read it carefully and shook his head. He continued browsing the next piece of news.

Meanwhile, in a deep underground cave somewhere in Huaxia, a sarcophagus trembled slightly.

The sarcophagus was made of gold and was covered with mysterious and complicated patterns. Huge spirit stones were embedded in it.

At that moment, a spirit stone suddenly lit up.

Light flowed like water and lit up the patterns.

In the sarcophagus was a dried corpse.

As the patterns lit up, the dried corpse suddenly moved, and two balls of light lit up in its eye sockets.

“It’s here! It’s finally here!”

Its throat produced a raspy voice like sawing wood.

There was a hint of excitement in its tone.

Soon after that, there was no more movement, and the two balls of light in its eye sockets extinguished.

After a long time, the spirit stones on the sarcophagus lit up one by one and illuminated all the patterns.

A flash of light suddenly appeared on the dried corpse’s skin. Gradually, the shriveled skin swelled up, and flesh and blood grew inside.

The transformation started from the hands, but it gradually spread to the entire body.

Eventually, flesh and blood returned to the shriveled face.

The lips, nose bridge, eyeballs, and hair grew back.

It was a man who looked to be in his forties. His face was square and somewhat rugged.

He lay there unmoving, absorbing the power of the spirit stones on the lid.

Similar changes occurred in several deep underground caves across Huaxia.

Another five days had passed in the blink of an eye.

Tang Hao saw the news about the meteorites again. It was said that the meteor shower would arrive in another twenty days.

People were discussing the meteor shower on Weibo. Many couples made a promise to watch the event together.

“Don’t they have anything better to do?” Tang Hao muttered disdainfully.

“Hey, President! We found those people from Shu Mountain hiding in a ravine! Too bad they managed to escape again. Don’t worry, we will definitely catch them next time. They won’t be able to escape.” Hierarch Baiyun called him.

A group of Shu Mountain cultivators managed to escape in the last battle. The people from the Union had been hunting them down.

However, those Shu Mountain cultivators were wily. They were all Perfected Persons, and they could run very fast. The people from the Union had spotted them a few times, but they had not been able to catch them.

It seemed that the so-called prodigy was among them.

Tang Hao had some impression of that person. After all, that person had become the victim of his brick on separate occasions.

“Thank you for your hard work! Please be careful!” Tang Hao said with a smile.

“Don’t worry about it!” Hierarch Baiyun laughed heartily.

After ending the call, Tang Hao put down his phone.

“Have a sip, Chairman Tang!”

Han Yutong walked over with a cup of tea. “Try it. Are my tea-making skills any better?” As she spoke, she looked at Tang Hao with anticipation.

Tang Hao took the cup and took a whiff. He nodded and said, “It smells so good!” After taking another sip, he praised, “You’ve improved!”

“Really?” Han Yutong was overjoyed.

“Of course!” Tang Hao smiled and said, “Your skills are getting better and better!”

“That’s true!” Han Yutong wrinkled her nose and lifted her chin proudly.

Then, she suddenly leaned over and kissed him on the cheek. She smiled mischievously and said, “Thank you for your praise, Chairman Tang!”

Before Tang Hao could react, she turned around and left. Tang Hao could only look at her graceful back as she walked away.

Tang Hao could not help but laugh. After drinking some more tea, he put the teacup on the table and prepared to work.

Suddenly, his phone rang again.

He picked it up and saw that it was from General Bai.

“Comrade Tang Hao, something big has happened!”

General Bai’s voice came from the other end of the phone. His tone was extremely grave.

Tang Hao’s expression changed instantly.

He had never heard General Bai use that tone before.

“What’s wrong?”

“Something happened, and many people died. I sent a team over previously, and they were all wiped out. The second team has also lost contact. Oh right, Xintong is in the second team.”

He sounded extremely anxious.

Tang Hao’s expression changed drastically after he heard that.
