

## The Mightiest Little Peasant Chapter 866

“No!”

Tang Hao hurriedly shook his head. “I happened to be caught in the blast.”

“Oh!” The people replied. They did not seem like they believed him.

Tang Hao could not be bothered to explain further. He hurriedly walked out.

“Where are you going, kid? Don’t tell me that you want to take revenge!” The old man shouted.

“Haha! That kid is an idiot!”

“What a hothead!”

Everyone laughed.

Not long after he left the town, the robbers jumped out again.

“Dammit, it’s you again!”

“F\*ck, what bad luck!”

They had looks of disdain on their faces.

Tang Hao sprinted all the way to the place where he died earlier. Indeed, he found five shards on the ground, two gold and three iron.

He was delighted and was about to rush forward.

However, he suddenly heard a loud sound not far away. From the nest, the demonic roc soared into the sky and toward him.

He was very close to the nest. The demonic roc arrived in front of Tang Hao in a matter of seconds.

The roc flapped its wings and stirred up a strong gust of wind.

“Ahh!” Tang Hao let out a cry. His vision went black and he died again.

“Damn that stupid bird!”

In the inn, Tang Hao opened his eyes, sat up, and cursed.

He felt a little dizzy. It seemed that dying twice in a row had affected his soul quite a bit.

He searched his pocket dimension, took out a pill, and swallowed it.

He had a lot of pills on him, including those that repaired his soul.

“I don’t believe that I can’t retrieve the shards!” Tang Hao gritted his teeth, and his eyes burned with rage.

There were two gold shards in his loot! If he lost them, he did not know how long it would be before he found another one.

Moreover, he was not going to let the roc get away with killing him.

He entered the Void Realm again.

“Damn! Did you die again? Don’t tell me that you really went to find the roc!”

The group of people at the entrance were stunned. They were only joking earlier, and they did not expect that the kid had really gone to seek revenge.

Tang Hao did not say a word and rushed out of town.

“Halt there! I’m the toll... F\*ck! It’s you again, kid! What the hell?”

The group of robbers was stunned.

They met him for the third time today. They all suspected that they were hallucinating.

This time, as soon as Tang Hao picked up the shards, the roc came again and he fell once more.

When he reappeared at the entrance, the group of people was shocked again. They stared at Tang Hao with their mouths agape, unable to wrap their heads around it.

‘That kid died again?’

'How did he die? Is he an idiot?'

They had so many questions.

The old man with the club stared at Tang Hao with his mouth agape.

Tang Hao left in a hurry without saying a word.

The entrance was silent for a moment before everyone came to their senses and exclaimed loudly.

"Oh my god! That kid is crazy! He died a third time!"

"Do you think there will be a fourth time?"

"Impossible! Will his soul be able to take it if he dies again? Injuries to the soul are hard to recover."

Everyone was shocked.

"Hey! Did you hear? There's a newbie who just came in. He died three times in a row. He's the one who provoked that roc!"

News of Tang Hao spread across the market.

"He's probably a master!"

“Pah! A master? He’s obviously an idiot and a weirdo! I wonder which sect he is from. How embarrassing!”

Everyone was discussing animatedly.

Most of them thought it was quite interesting. They gathered around the entrance and started to bet on whether that kid would die a fourth time. At the same time, they were also guessing the kid’s identity.

The robbers saw Tang Hao on the path again, and their eyes bulged.

“Look, that kid is here again!”

“Are we dreaming, Senior Brother? This is too uncanny!”

They felt their hair stand on end when they saw Tang Hao.

“Are we stuck in some time loop, Senior Brother?” One of them said.

Tang Hao dashed past them.

Once again, he fell.

“Stupid bird, stupid bird! Just you wait!”

Tang Hao was furious. He was determined to get his shards back.

Anyway, he had a lot of pills to treat his soul injuries. He could afford to die.

“I’m not afraid of you, stupid bird!”

He cursed angrily and entered the Void Realm again.

“He’s here again! The kid died again!”

The entrance was bustling. Many people swarmed over to see that kid’s face.

“Take it easy, kid!”

The old man with the club shouted.

“Make way, make way!” Tang Hao squeezed through the crowd and rushed out.

On the path, the group of robbers was looking around nervously. Their faces were slightly pale.

“Looking at the time, he should be here soon. It’ll be very uncanny if he appears again.” One of them swallowed his saliva and said nervously.

“Se... Senior brother... he’s... coming! He’s really coming!”

One of them cried out in shock. His eyes widened as he looked at the figure rushing toward him. He was so frightened that his face turned pale.

“Oh no! We’re really stuck in a time loop!”

Their expressions changed drastically.

This time, the roc was waiting there for Tang Hao. He rushed forward and provoked it.

“Ahh!” He fell once more.

In the inn, Tang Hao cursed a few times and went into the Void Realm again.

“It’s happening again! It’s happening again!”

Another wave of exclamations came at the entrance.

“Senior Brother, look... It’s happening again!” The robbers’ faces turned even paler.

That scene was repeated many times.

Tang Hao had lost count of how many times he had died.

He tried every means to get the shards back, but none of them worked.

It was like a character running naked to challenge the final boss of a dungeon. It was not a one-hit KO, but it was close enough.

His repeated failures only made him more determined.

“He’s here again!”

“He’s here again...”

Eventually, the people at the market became desensitized.

“I swear, I’ve never seen such a stupid person in my life!”

“Isn’t he afraid that his soul might fade away? If that happens, he’ll die for real!”

The robbers on the path were losing their minds. Every time they saw Tang Hao, they felt as if they had seen a ghost.

“Stupid bird!”

Tang Hao arrived near the nest once again.

“Ahh!”

Before he could get close, he was instantly killed by wind blades.

“Dammit!”

Tang Hao cursed. He swallowed a pill, meditated for a while, and entered the Void Realm again.

“Here he comes again!”

Another wave of exclamations was heard at the entrance.

“Take it easy, kid!” The old man with the club said, “Do you really want to die?”

“If you have the guts, keep on doing it! We support you!”

Many people laughed and provoked him.

Then, there was a burst of loud laughter.

They did not care if the kid lived or died, but they found him incredibly amusing. It would be really something if the kid’s soul faded away after repeated deaths.

Tang Hao could not be bothered with them. He was going to keep on doing it anyway.

At that moment, there was a rumble in the sky. Strong winds blew and the clouds surged. Then, the clouds split open and a ray of light shone down.
