

## The Mightiest Little Peasant Chapter 871

“Stop running, you filthy brat!”

“Damnmt, why is that kid so fast?”

The crowd of people cursed as they gave chase.

The kid in front had used some fancy footwork technique. He was unbelievably fast and left them far behind. They could not catch up no matter how hard they tried.

They were getting more and more annoyed. They gritted their teeth and chased after him.

They were not going to rest until they killed that kid.

“We shouldn’t go all at once. Leave some people at the entrance!”

They did not forget to leave some people to guard the entrance.

Tang Hao fled quickly with the Fleetfoot Stride technique and soon left those people far behind.

He crouched amid the dense branches of an ancient tree and looked into the distance. He could see a flood of people running in his direction, then scattering in all directions to look for him.

Every one of them had a hostile expression filled with killing intent.

“There’s too many of them!”

Tang Hao's brows furrowed together.

He could not fight against several ten thousand opponents. Moreover, many of them were Golden Core cultivators. Even though their powers were restricted to the peak of the State of Foundation Establishment, they were stronger than average peak period cultivators.

"These bastards!"

Tang Hao cursed. He thought that it was extremely troublesome.

He thought that the incident had already blown over, but he did not expect that things had become worse for him. More and more people were hunting him down, and they seemed to have a deep-seated grudge against him.

Tang Hao felt aggrieved. He had earned the shard, so he had all the right to exchange it.

"All of them are bullies!"

Tang Hao gritted his teeth, and his eyes burned with rage.

Those people dared to hunt him down because they thought that he was a pushover.

He was not going to take it lying down, and he was going to repay the grudge.

Tang Hao crouched there and began to ponder.

Suddenly, a shadow flashed across the sky. It was the demonic roc.

Tang Hao raised his head and looked at it. He thought of a bold plan.

“You won’t take me down that easily!”

Tang Hao stood up and looked into the distance. His gaze turned cold, and it flashed with a hint of mania.

He turned around and rushed toward the roc nest.

“Where is that kid? Why is he gone?”

“He didn’t commit suicide, did he?”

Everyone scattered in the mountains to hunt that kid down.

A long time later, they became impatient and angry.

“When I find him, I’ll slap him to death!” Someone said viciously.

“Hai! That’ll be too easy on him. What if he doesn’t come back after we kill him? We should force him to reveal his true identity so that we can capture him in real life and torture him!”

“Right. This is how we deal with this kind of brat. We also have to force him to reveal that cultivation technique!”

Their eyes turned bloodshot.

They were so angry mainly because of jealousy.

Why should a newbie obtain a second-tier cultivation technique in half a day when they had toiled for so long and could not obtain even a fifth-tier cultivation technique?

That was too unfair!

“Keep searching. We have to catch that kid!”

They received a morale boost and roared furiously. Then, they went around and continued their search.

Not long after, they suddenly heard something not far away heading toward them.

Everyone looked up and was stunned.

The person charging toward them was none other than the brat.

“You came at the right time, brat!”

“Haha! He’s here to die!”

Everyone laughed out loud. They thought that the brat was going to surrender himself because he had nowhere to go.

“He belongs to Primeval Mountain! Don’t fight me for it!”

“Get lost! He belongs to the Rainmaker Tribe! Whoever snatches him will be our enemy!”

All the people were extremely excited. They rushed forward, wanting to snatch this kid.

The two sides were getting closer and closer.

It was then that the crowd saw that the kid was carrying something big and white behind his back.

“What’s that? Is that an egg?” Many people said in surprise.

“That’s right, it’s an egg, but what egg is it? It’s so big!”

“Why is he carrying an egg?”

Everyone was surprised, and they started to slow down.

They felt that something was amiss, but they could not figure out what.

They thought that the egg looked familiar.

After staring at it for a while, someone suddenly asked, “Don’t you think that the egg looks like the demonic roc’s egg?”

As soon as he said that, everyone fell into a dead silence.

The next moment, there was a huge commotion.

Everyone's faces turned pale, and they looked terrified.

"It is the f\*cking demonic roc's egg!"

"F\*ck! What is that kid trying to do?"

They panicked and retreated in fear.

"Hey, kid, what are you doing? Are you crazy?"

"Kid, no, Bro, let's talk through this. Don't be rash, OK? Put the egg down."

As they shouted, they nervously looked at the sky.

They all thought that the kid was crazy. Who could have thought of stealing the demonic roc's egg?

"You all want to kill me, right? Let's kill each other! Let's see who has more to lose!" Tang Hao roared, carrying the egg on his back as he charged towards the crowd.

"F\*ck your mother! Don't come over!"

Everyone cried out in panic as they fled frantically.

They wished that they had another leg.

Not long after, they heard an angry screech coming from the sky. The demonic roc had returned.

“Run!”

Everyone looked up and was scared out of their wits.

They ran fast with all their might, hoping to keep their distance from the kid so that they would be spared from the demonic roc’s wrath.

However, the kid soon caught up to them.

“Hey!”

Tang Hao even greeted them.

They turned their heads to look and were almost scared to death.

The demonic roc swooped down from the sky and let out an earth-shaking screech.

‘It’s that two-legged insect again! How dare it steal my egg when I was out hunting!’

It flapped its wings, and a black gale surrounded it.

The wind spread in all directions.

The clouds swirled, and the sky changed color.

“Oh my god! We’re finished!”

Everyone’s faces turned pale.

Now that the demonic roc was enraged, who knew how many people it would kill before its anger subsided.

Whoosh! Whoosh! Whoosh!

The demonic roc flapped its wings and sent strong gales everywhere.

“Ahh!” “Ahh!” “Ahh!”

Screams of agony filled the mountains.

The demonic roc wanted to attack Tang Hao, but everyone around him suffered instead.

The people, trees, and rocks were torn into pieces by the violent gales.

The people in front shuddered when they turned around and looked at the roc behind. They ran even more desperately.

Tang Hao followed behind him.

Boom! Boom! Boom!

Wherever he went, people cried out in agony.

The crowd of several ten thousand people fell in droves.

“You’ll pay for this, Nameless Qin!”

“F\*ck your grandpa, Nameless Qin!”

They cursed before they fell.
