

## The Mightiest Little Peasant Chapter 889

Boom! Boom!

The mountain continued to crumble, and Rainbringer's skeleton was completely revealed. It emanated a treasure light that illuminated the night sky.

The sky became as bright as day.

People from a thousand miles away and even ten thousand miles away could see the momentous event.

They looked toward the south in shock.

Many people instantly set off southward.

A crowd of cultivators had gathered near the skeleton. People were still rushing over in a steady stream.

They would look toward the dragon's head from time to time and discuss animatedly.

"I don't think he'd be able to fuse with the bone. That's the divine bone belonging to Rainbringer and not any other bone. He'll kill himself!"

Everyone did not think highly of Tang Hao.

Refining a bone of a primordial beast was too difficult and dangerous.

"I hope that you explode and die!"

The monkey was still cursing as he crouched in a corner.

The people who newly arrived understood the situation and were dumbstruck.

The mountain range contained Rainbringer's skeleton, the freak who had unsealed five chakras, and even the crown prince of the Ye Kingdom had died...

Each piece of news was more shocking than the previous one.

As time passed, the people became more and more impatient. Many tried to venture forward, but the golden light blocked their advance. They could only return empty-handed.

"Go away! Move aside!"

Several figures yelled loudly and rushed in. They were all filled with killing intent.

"It's the people from the Ye family! They're here for revenge!"

"How did they get here so quickly?"

The crowd was in an uproar.

"Where is he?"

The person leading the group was hovering in the air and glaring at his surroundings with tiger-like ferocity.

This person looked to be in his fifties. He had a tall and well-built figure and a stern expression. From his qi aura, one could tell that he was a Perfected Master in the State of the Golden Core.

“It’s King Jin!”

“One, two, three... Oh my! Five Golden Core cultivators have arrived!”

Everyone’s expression changed slightly.

The five Golden Core cultivators were the supreme force in the area. Furthermore, King Jin was famous for being extraordinarily powerful.

After asking around about the situation, the group of people also tried to go in, but they were all blocked.

“Hmph! Do you think you can manage to fuse with the divine bone? Dream on!” King Jin looked in the direction of the dragon’s head and sneered disdainfully.

The group of people waited nearby. Once that guy failed to fuse with the divine bone, they would rush in and capture him.

If that person died, they would try to trap his soul. If he did not, they would bring him back and make him suffer the most painful torture in the world.

Time passed slowly...

Soon, another half an hour passed.

Everyone became more and more anxious and impatient. They stretched their necks and looked in that direction.

“Could he have died long ago?” Someone guessed.

That monkey was also puzzled. “It’s really strange. If he had died, it wouldn’t have taken this long! Could it be that he succeeded?”

Thinking of that, he shook his head and sneered.

A mere human would not be able to fuse with Rainbringer’s divine bone.

That was simply common sense!

“He must have died! Should we try barging in again? We might be able to break the barrier if we attack it at the same time!”

“Yes, yes!”

Everyone agreed and rushed forward.

At that moment, a golden beam of light shot into the sky from the dragon’s head. The entire dragon skeleton moved as if it had come to life.

Roar!

The cry of a dragon resounded in the clouds.

The people that were charging forward suddenly stopped. They were all shocked and bewildered.

“What’s wrong? Is that thing coming to life?”

“Pah! How is that possible? ! It’s been dead for so many years!”

Everyone discussed animatedly.

Suddenly, someone shouted, “Look, something is coming out from that side. It’s him! It’s that guy! He’s coming out!”

“He’s not dead!”

Everyone was disappointed. They were looking forward to torturing that guy.

All the people turned toward the dragon’s head. They were stunned when they saw it clearly.

In the next moment, laughter filled the entire mountain.

“Hahaha! Look, he crawled out of the cave. As expected, he failed!”

“Haha, that idiot is ruining himself! He can’t even walk!”

They saw someone crawling out of the dragon's head with much difficulty. From his clumsy movements, one could tell that he was heavily injured.

"That's what you get for not listening to the monkey's advice! What an idiot!"

"Hahaha! My chance is here!"

The monkey was also amused. He raised his staff and prepared to snatch the divine bone.

"He's not dead? That's good!"

The Ye family were the first ones to move. They all rushed toward the dragon's head.

"You'll pay for killing a Ye family member, you brat!"

King Jin took the lead. He had a ruthless expression on his face.

When he got close to the dragon's head, he stretched out his palm and was about to capture the guy.

"Get lost! That guy is mine!"

Moving as fast as lightning, the monkey arrived at the same time.

On the dragon's head, that figure crawled with great difficulty before barely supporting himself on his feet. Everyone's suspicions were confirmed when they saw that guy stumble around.

That guy must have failed to fuse with the divine bone and became heavily injured.

That guy's body swayed a few times before managing to stand up straight. At that moment, the people from the Ye family and the monkey had already rushed forward.

The other people regretted that they did not make their move first. They charged forward like a swarm of bees.

At that moment, that guy clicked his tongue and abruptly lifted his head.

Two beams of golden light streaked across the night sky like lightning.

"That's..."

The people from the Ye family and the monkey froze on the spot. Their faces gradually distorted from utter shock.

The two beams of golden light came out of that guy's eyes.

What eyes were those?

The eyes were gleaming resplendently, and they were filled with disdain.

They thought that they were staring at a primordial beast.

The qi aura from that guy's body was overbearing. He lifted his hand and pressed down, which caused the fabric of reality to distort.

The people from the Ye family and the monkey fell to the ground as though they suffered a heavy blow.

Bang! Bang! Bang!

Huge craters appeared on the ground around those figures.

“Whoops! I think I used too much force. Let me try again!”

Tang Hao muttered and raised his hand again.

His gaze turned cold as he pressed down heavily.

Bang!

The ground collapsed. Those people continued to sink as though they had been struck by a gigantic hammer.

Bang! Bang! Bang!

Tang Hao continued to flail wildly.

The ground continued to crack, and large craters appeared. Those people were vomiting blood.

The other people who were rushing over froze on the spot. They opened their eyes wide in utter shock and terror.

“Oh my god! Is he still human?”

Those Golden Core Perfected Masters offered no resistance to the attack. They were pinned on the ground.

That scene scared them out of their wits.

Many people were rubbing their eyes hard, thinking that they were hallucinating.

Tang Hao stopped after hammering a few dozen times. He breathed a sigh of relief after that.

He finally became at ease. Earlier, there was some residual power that was coursing chaotically in his body, which made him unable to walk properly. Now that he had used up the power, he felt normal again.
