

The Mightiest Little Peasant Chapter 931

Tang Hao was stunned on the spot.

“Why? Do I look weird in these clothes?” Mu Xintong frowned.

“No, you look great!” Tang Hao said, “The clothes suit you very well!”

“Oh,” She responded softly. After keeping quiet for a while, she said, “Don’t worry, I won’t be a burden to you!”

“Don’t worry, just be careful!” Tang Hao rubbed his nose and said.

As they walked toward the underground palace, he briefly introduced the situation to her.

She listened quietly and nodded from time to time.

“Hey, kid, take good care of the Mu girl. Don’t let her suffer,” Tian Xuanzi said as he appeared from somewhere.

“I know, I know!” Tang Hao wagged his hand.

Tang Hao and Mu Xintong passed through the passage and arrived in an ancient-style room. When they exited the room, they saw a valley full of birds, flowers, and lush greenery.

“Wow!” Mu Xintong exclaimed in surprise.

“This is Ritian Valley. In the future, if you want to go back, open the passage in this room. I’ve set up more than ten defensive formations in the room and the valley. We’ll be safe as long as we’re in the valley,” Tang Hao said.

“Ritian Valley?”

Mu Xintong muttered and suddenly smiled. “The name... is quite unique.”

“Ahem!” Tang Hao coughed awkwardly.

After showing her around the valley and introducing the formations to her, Tang Hao brought her out of the valley.

Once outside, they could see groups of people dragging huge beasts out of the mountain.

The lizards were seven or eight meters long, and there were twenty to thirty-meter long pythons that coiled up like a small hill. There were also many huge creatures that looked like dinosaurs.

Xintong’s beautiful eyes opened wide. She was struck speechless by what she saw.

“Oh, the animals here are bigger. That lizard is considered small. You just need to get used to it!”

Tang Hao smiled as he looked at her. He remembered that he was equally surprised when he first arrived.

The hunters dragged their haul to the city gate, and the merchants went up to greet them. They measured the size of the animals and calculated the price.

“Hey! Storekeeper Tang!”

When they saw Tang Hao, they all greeted him warmly.

Then, they noticed Mu Xintong behind Tang Hao.

In an instant, their eyes widened.

“My goodness, a fairy from the heavens!”

“Who is this beauty?”

They were dazed as they stared at Mu Xintong.

After a moment, they came to their senses, coughed a few times, then looked at Tang Hao knowingly.

“Is she your wife, Storekeeper Tang? Did you kidnap her from somewhere?”

Some people even started to flatter him. “What a perfect match!”

Tang Hao was immediately embarrassed. “Ahem! No, she’s my junior sister. She’s tagging along to gain some real-world experience.”

“Oh! Junior Sister!” Everyone said knowingly.

They chatted for a while before Tang Hao brought Mu Xintong into the city.

Along the way, the passers-by were all dumbfounded.

Females were rare in that remote region, let alone one as pretty as Mu Xintong. More importantly, that beautiful young woman was following behind Storekeeper Tang.

Soon, Nanping City was in a commotion.

Everyone knew that an incredible beauty had come to the city, and Storekeeper Tang was the person who brought her here.

Many people flocked to Ritian Pavilion to catch a glimpse.

Zhao Liu was stunned when he saw Mu Xintong. The abacus in his hands fell to the floor. “She... she is...?”

“She can be considered my junior sister. In the future, when I’m not around, she will be in charge of everything,” Tang Hao said.

“Junior sister?”

Zhao Liu smiled pervertedly. “Not bad, Brother Tang. You’re so lucky!”

He looked carefully at Mu Xintong for a while and said, "I have nothing to criticize about her looks, but she seems a little cold. I guess she's not fond of talking."

Tang Hao smiled and said, "Ah, well, that's how she is. Please take care of her, Brother Liu."

"Heh, don't mention it!" Zhao Liu thumped his chest and said.

He took her around the city, and it was evening when they returned.

"How is it?" Tang Hao asked her on the way back to the valley.

"It's great!" Mu Xintong said, "It feels... much more interesting than Earth."

As she spoke, she turned her head and looked at him. Her face blushed slightly.

"Have you taken a look at... that?" Her voice was as soft as a mosquito.

"What?"

Tang Hao was stunned at first, but then he realized what she was saying, and his face turned red. "Oh! That! I read it a little, but I don't think we need it for now!"

Mu Xintong's expression stiffened. "Why? Are you looking down on me?"

"No... I didn't mean that!" Tang Hao said hurriedly.

Naturally, she was talking about the dual-cultivation technique.

She grunted softly and turned her head away.

When they reached the valley, she returned to her room. Tang Hao also entered his room and tended to his magatama pocket world. Then, he took out the voidstone and entered the Void Realm.

When he stepped through the entrance, the originally noisy market suddenly became quiet.

Not a single sound could be heard. Those people seemed to have suddenly turned into stone.

It was as if time had stopped.

“Oh my god! The villain is here again!” Following that, earth-shattering screams echoed in the sky.

The entire market was in an uproar.

Everyone jumped up and ran away like a gust of wind. The market was soon deserted.

Tang Hao stood there, stunned.

“The supervillain is here!”

The news spread very quickly.

The entire Ninth Region was in an uproar. Everyone ran away like escaping from the scene of a disaster.

“Hurry! Run quickly!”

“Dammit, my father is the tribe chief. Let me exit first!”

The swarms of people blocked each exit.

“Supreme God, why can't you punish that villain with a bolt of lightning? How can we live peacefully with him around?”

Everyone was filled with grief and indignation.

The Void Realm had never been peaceful ever since that supervillain appeared. Wherever he was, there would be bloodshed. Many of them had been killed several times.

They used to be happy when they went into the Void Realm, but now, they had to be always vigilant. They would be killed by that supervillain if they were not careful.

Of course, there were others who were excited. They had been preparing to kill that villain.

Clang! Clang!

The bells and horns sounded throughout the Ninth Continent once again.

“The villain has appeared again. Everyone, gather and follow me to kill him.”

“We must take revenge and vindicate ourselves this time.”

The sect leaders and tribe chiefs rallied their followers.

They had spared no expense in preparation for this day! This time, they would finally rid the Void Realm of that brat and get his shards.

“I won’t rest until the villain is dead!”

The prodigies were excited.

Groups after groups of people poured into the Void Realm.

In the Void Realm, Tang Hao had already started his killing spree.
