

The Mightiest Little Peasant Chapter 964

The young man in blue clothes entered the store and looked at Tang Hao.

He sized up Tang Hao for a while and snorted mockingly.

He had never seen that plainly dressed guy before. In other words, he was not from a royal family or an elite of a major faction. At the very most, he was a disciple of a small or medium-sized sect.

How could someone like that dare to boast about buying all the pills in the store?

That was a joke!

He fanned himself and said, "Where are you from, you country bumpkin? Don't you know where you are? Look at the price tag here. That's one hundred thousand. One pill costs one hundred thousand crystals. That one over there costs two hundred thousand crystals each. Can you afford it?"

"You probably can't even afford one, yet you say you want to buy them all! How shameless!"

The people around also looked at Tang Hao contemptuously.

'Buy all of the pills in the store?'

'How could that be possible!'

Pills were considered luxury items, and there were so many pills in the store. All of them should cost about fifty million crystals.

How could that plainly-dressed young man own fifty million crystals?

Obviously, that kid was only bragging. He was pretending to be rich in front of that woman.

Tang Hao looked at the young man in blue clothes and frowned.

“Why, I’ve called your bluff, and you’re unhappy about that? Let me tell you, this isn’t like wherever you came from. Stop posing if you don’t have money...”

The young man suddenly stopped mid-sentence.

At that moment, Mu Xintong turned around, revealing her dazzlingly beautiful face.

The young man was immediately stunned.

The surrounding people were also stunned.

“Gulp!”

The young man swallowed a mouthful of saliva, and his gaze became eager.

‘Good heavens, she’s a masterpiece! That figure and that face should put her on the beauty ranking chart. No, she should be at the top!’

“Miss, would you give me the honor of knowing your name? Oh, pardon my manners, I have not introduced myself. I am Xu Tianxiang, the Crown Prince of the Xu Kingdom!”

“You must have heard of me! Among the Hundred Kingdoms, Xu Kingdom is ranked in the top twenty.”

The young man walked forward and said politely.

He sounded as though he was flaunting his status. When he spoke, he even glanced at Tang Hao disdainfully.

‘That good-for-nothing doesn’t deserve that beauty. She’s way out of his league!’

He looked at the young woman smugly.

The young woman would definitely look at him in a different light if she knew that he was the crown prince! She might even fall for him right there and then!

However, he was stunned.

The beautiful woman did not even look at him.

He was in disbelief, and he felt as though he was showered by a basin of ice water.

That was too cold!

“Haha, it’s fine if you don’t want to tell me your name! Does anything here strike your fancy? I’ll buy it for you. Just pick anything you like. I have plenty of money.”

He continued to flatter Mu Xintong.

Mu Xintong frowned slightly. A hint of disgust flashed in her eyes.

“Get lost!” Tang Hao’s expression darkened.

The crown prince of the Xu Kingdom was momentarily stunned. He could not believe what he heard.

Did that country bumpkin just tell him to get lost?

The people around him were equally in disbelief.

That young man was royalty of one of the Hundred Kingdoms. Ordinary people could not afford to offend him.

“What... what did you say? I dare you to say it again!”

The Xu Kingdom crown prince was both embarrassed and angry.

“I said, get lost!”

Tang Hao pointed at the door.

“How dare you tell me to get lost! Don’t you know who I am? I am the crown prince of the Xu Kingdom. How dare you, a lowly commoner, tell me to get lost?” His face was ashen.

Tang Hao rolled his eyes and said, “So what if you’re the crown prince? There are so many crown princes in the southern region. You’re not anyone special!”

In his eyes, princes and princesses were all worthless.

“You have a death wish, you bastard!”

The Xu Kingdom crown prince roared furiously. He raised his right hand and slapped Tang Hao’s face.

However, Tang Hao grabbed the prince’s wrist before it could land on his face. Then, he slowly tightened his grip.

“Ahh!”

The crown prince let out an agonized wail. He felt as though his wrist was about to crack.

“How dare you! Let go of the prince now!” The two attendants behind the crown prince shouted.

“Get lost!”

Tang Hao grunted coldly again and kicked the crown prince away. The crown prince flew through the door and landed on the ground outside.

“Crown Prince!”

The two attendants rushed out in a panic and helped him up.

“Just you wait! If you have the guts, don’t run! You’ll pay for offending the Xu Kingdom!”

The Crown Prince got to his feet and roared ferociously.

He was almost going mad with anger. He, the crown prince of a kingdom, was defeated by a country bumpkin in public. That was a great humiliation.

However, the crown prince also knew that the guy was stronger than him. That was why he wanted to get help.

“Don’t run away, you bastard. I’ll be right back!”

The crown prince could be heard shouting from afar.

The people in the store looked at Tang Hao and shook their heads. That idiot had offended a royal family for no reason. Moreover, the Xu Kingdom was one of the more powerful kingdoms.

“Young people nowadays are too impulsive!” They sneered.

A while later, a commotion could be heard from the other end of the street. The young man brought a group of people back. One of them was a dignified middle-aged man in his fifties.

He had an unpleasant expression on his face.

The crown prince represented the image of a kingdom. Hitting him was the most serious provocation.

“Are you the one?”

He looked around, and his gaze landed on Tang Hao.

“That’s him, Royal Uncle. He insulted the Xu Kingdom too! You’ll have to teach him a lesson and take revenge for me!” The crown prince pointed at Tang Hao and said resentfully.

“Don’t worry!” The middle-aged man sneered and said, “Anyone who dares to offend the Xu family is as good as dead.”

As he spoke, a trace of killing intent flashed in his eyes.

Killing was not allowed in Channel City. However, he could still teach that kid a lesson and kill him when they left the city.

He secretly gathered his qi and prepared to make his move.

At that moment, someone could be heard walking upstairs. He spoke with an elderly voice.

“What’s going on? Must you resort to violence?”

An old man with a thin face and a long beard walked down the stairs. He wore a robe with three golden dragons embroidered on it. The dragons danced as his robe fluttered. He seemed very imposing.

“It’s Grandmaster Xiao!”

Everyone inside and outside the store exclaimed.

The only level five grandmaster pill maker in Channel City was the dean of the academy, and one could count the number of level four pill makers with one hand. A level three pill maker was already a respected figure
