

## Chapter 126

Brother Chow looked at the person who spoke with some dissatisfaction. It was Henry.

"Boy, do you have any idea what you are saying? How could brother Meng lose?"

Wade also said, "Brother-in-law, Brother Meng will not lose, right? Look at the woman's figure, how can she be a match for Brother Meng?"

Henry shook his head and said with a smile, "Your size doesn't represent your strength. Brother Meng looks tall and strong, but in fact, his lower body is unstable. The girl looks young and weak, and when she walks, she has a kind of hidden force. If I'm not wrong, this girl, with at most three moves, can knock the opponent down."

Brother Chow curled his lip. Obviously, he was disdainful of Henry's words.

Wade smiled awkwardly. It was not good for him to refute Henry, but it was really hard to believe that Brother Meng's strong physique was not a match for a little girl.

As for Daisy and the other two girls, they

didn't have so many doubts. In their hearts, they believed almost everything Henry said.

In the iron cage, the moment when the iron fence was closed, it represented the beginning. Only when one side fell to the ground, the fence of the iron cage would be opened.

The space inside the cage was not large. It was only about 30 square meters. It was impossible for the two people inside the cage to avoid it.

Brother Meng looked at the thin girl in front of him with a sneer on his face. "I really don't understand. The reason why Black Thunder asked you to fight was that he wanted you to die?"

The girl stood there calmly, without saying a word.

Seeing that the other party didn't pay attention to him at all, Brother Meng was a little dissatisfied. He snorted coldly and walked toward the girl with his fists clenched.

Helen sat on the chair and looked at the girl in the cage, with her eyebrows slightly wrinkled. She didn't think that Black Saber deliberately

let her go. After learning something about ancient martial arts from Henry, Helen completely understood what "you can't judge a book by its cover". Maybe you can see a thin and weak person, and you can burst out the power that you can't imagine.

Helen didn't expect Brother Meng to win. In other words, she didn't think that besides Henry, there was no one who was able to beat the people sent by Black Saber.

Brother Meng walked up to the girl and sneered. "Little girl, don't blame me. If you want to blame someone, blame the person who sent you on the stage!"

As soon as Brother Meng finished speaking, he punched the girl.

When the people outside the iron cage saw Brother Meng's powerful punch, they could not bear to close their eyes, as if they had already seen the scene of the young girl being knocked to the ground.

But the truth was beyond their expectations.

Just as Brother Meng's fist was about to hit the girl, the girl stretched out her right hand like lightning and held the fist from Brother

Meng. The strong punch of Brother Meng was held firmly by the girl.

"This!" Brother Meng's face changed. He subconsciously wanted to withdraw his fist, but he found that his fist, as if being stuck by a giant clamp, could not move at all.

At this moment, Brother Meng finally realized that something was wrong.

"You!" Brother Meng shouted and just opened his mouth.

The girl raised her right foot and kicked Brother Meng heavily on his thigh with a whip kick.

This time, Brother Meng felt as if someone was waving a steel pipe and hitting his leg with force. The intense pain hit him and his leg became numb in an instant.

At the same time, the girl tightened her wrist and pinched Brother Meng's fist, making a semi-sided rotation. The power of the rotation was transferred from Brother Meng's arm to her body. When Brother Meng's leg was numb, she directly knocked him down to the ground. With a "poof" sound, she lifted up the dust on the ground.

This move was smooth and Brother Meng fell to the ground. Some people didn't realize what had happened.

The girl was still standing there calmly, with no emotion in her eyes. She didn't even look at Brother Meng.

"Two moves." Henry opened his mouth and said softly.

The expression on Wade's and brother Chow's faces froze, and they didn't know what to say.

The expression on Black Saber's face was also calm. It was as though he had long expected such an ending.

There was excitement in Helen's eyes, because she was sure that this girl also practiced ancient martial arts. As a person who slowly began to get in touch with ancient martial arts, the power of ancient martial arts made Helen fascinated.

As the iron cage was opened, several members of the Green Leaf rushed into the cage and carried Brother Meng out.

Helen sat on the chair and turned her back to the members of the Green Leaf. She asked

again, "Who's next?"

"Let me do it!" Another man stood up. He was a little dismissive of Brother Meng when he saw Brother Meng being defeated like this. He had fought Brother Meng before, so he knew Brother Meng's weakness was his lower body. Years of training made Brother Meng's upper body become more explosive, but his body was a little inharmonious and his lower part was unstable, which was why he was knocked down by two moves.

The iron cage was shut down again.

Henry looked at the two people in the cage and shook his head. "This time, it's still within three moves."

"No..." Brother Chow said on the spot, but before he could say the last word, the iron cage had already shown the result. This young girl once again used only two moves to knock down a young man.

Now, even the most insensitive people in the hall could see that this girl was not as weak as she looked on the surface.

"Who's next?" Helen asked again.

"!"

Green Leaf sent one person after another. There were more than a dozen people sent, but none of them were a match for the girl in the cage. No one dared to go in the cage anymore.

Black Thunder said that he would only send five people, but the first one beat all the strong men of Green Leaf.

Henry stood in the back. Every time Green Leaf sent people, he would analyze the situation. In the beginning, brother Chow regarded him as a joke, but later, he would ask Henry whether Green Leaf could win.

Seeing that members of Green Leaf were defeated one by one, Black Saber smiled and said, "Little girl, you're using my people to train your people, aren't you?"

Helen smiled and said, "Big Boss, the rules are set by you. I can send as many people as I want."

"Of course." Black Saber nodded. "However, little girl, even if you want to train, you have to stop before it's too late. If you continue to train, the hearts of the people will scatter."

As Black Saber spoke, his gaze swept across

the Green Leaf behind Helen. These members of the association were currently showing a kind of lack of confidence in their expressions. The dozens of experts from the association had challenged a young girl one after another, yet none of them had passed through three moves. This was a great blow to them.

"Big Boss, you don't have to worry about it." Helen reached out her hand to the top of her head and waved behind her. "Brother Dragon, don't you want to sit in the position of the second master? I'll give you this opportunity today. If you can defeat two people, then the second chair will be yours!"

"Brother Dragon!" Brother Tiger looked at the man in front of him with surprise.

There was a white bandage around brother Dragon's fist. Now he was removing the bandage bit by bit. This kind of bandage was to avoid hurting his muscles when he punched with too much strength. When a boxer tore down the belt, it meant that he would not leave a way out for himself.

## Chapter 127

Although brother Dragon's position in the Green Leaf was not very high, his popularity was second only to those in charge. He was also called the runner-up of the provincial striker, which made him very famous in the Green Leaf. There was a vague feeling that he was a double-pupil in the Green Leaf.

Now, brother Dragon was going to fight and what made the members of the Green Leaf burst into cheers.

The defeat of more than a dozen masters made them feel too wronged, and they urgently needed one person to fight back.

Seeing that brother Dragon was so popular, brother Tiger's face showed joy.

"Brother-in-law, how much chance do you think he has to win?" Wade looked at Brother Dragon who was walking into the cage and asked.

"It's hard to say." Henry shook his head. "This person has some foundation. Between him and that girl, hmm, depends who has more fighting experience."

After brother Dragon walked into the cage, the iron cage was shut. He did not say anything more and directly took action.

Outside the cage, Brother Tiger took the lead in shouting and cheering.

The situation of the battle in the cage was just as Henry guessed. Unlike the previous dozen or so people, brother Dragon fought with the girl equally, and even seemed to have the upper hand.

"Little girl, I didn't expect that you, Green Leaf, have such an expert. It's really rare." Looking at brother Dragon, Black Saber said enviously.

Brother Dragon waved his fists with a wind-breaking sound. Brother Tiger looked at him with excitement. After today's fight, brother Dragon will be famous. Green Leaf must have a place for him in the future!

"Ah, lost again." Henry stood there and shook his head.

"How come?" Brother Chow frowned and was puzzled. Although he was not in harmony with brother Dragon and others, in this case, he still hoped that his men could win.

"In the early stage, he attacked too quickly and didn't know how to hold his strength. In this kind of stalemate, he will soon be exhausted and defeated." Henry shook his head. Brother Dragon had a strong momentum, but lacked combat experience.

As if to confirm Henry's words, in less than a minute after Henry finished speaking, brother Dragon in the cage repeatedly made mistakes. He was punched by the other party a few times and stepped back. Just when he was about to counterattack, the other party rushed forward and beat him to resist in a hurry. In the end, he was heavily punched in the abdomen.

His whole body was bent like a shrimp by this punch, and his face was red with anger. That was the end of this match.

Black Thunder would only send five people to challenge the entire Green Leaf. In the end, only one person was enough to beat all the experts of Green Leaf!

Brother Tiger was so worried that he quickly rushed to the iron cage. When the iron fence was opened, he immediately went into the cage and helped brother Dragon out.

In brother Dragon's eyes, there was a strong sense of unwillingness.

Helen's voice sounded again. "Who else wants to fight?"

This time, the crowd looked at each other. No one stood out.

Now if anyone wanted to stand up and say something, he must have extraordinary confidence in himself. He must have thought he was stronger than brother Dragon.

But who in the whole Green Leaf dared to say that they were stronger than brother Dragon?

Henry twisted his shoulders. He knew that he couldn't watch it any longer. Although Helen was sitting there calmly, she must have been very anxious. If he didn't do it now, God knew what she would do.

"Is there anyone else?" Helen asked again.

"I'll do it!" Henry shouted. Under the surprised gazes of Wade, Brother Chow, Daisy, and the two girls, he stood up.

The moment when Helen heard Henry's voice, she felt at ease. She looked back and saw a familiar figure. When she was about to speak,

she heard a discordant voice. It was still from the inside of the Green Leaf.

"Get back! You don't know the rules!" Brother Tiger scolded loudly, staring at Henry with a sullen face.

Brother Dragon had just been defeated. Now whoever stood out was thinking that he was stronger than him and different from others. Brother Dragon's reputation in Green Leaf relied on his martial arts. His position, as well as his status, also had a direct relationship with the runner-up of Ning Province. The person who thought he was stronger than him, showed that he also wanted to surpass him in the position of Green Leaf.

In Brother Tiger's eyes, Henry and his fellows were all Leopard's followers. Now Leopard's follower had to stand up and suppress his brother, of course, Brother Tiger was not happy.

Henry looked at Brother Tiger strangely and did not speak.

Helen also didn't say what she wanted to say to Brother Tiger and looked over there.

Seeing Henry standing there unmoved,

Brother Tiger continued to swear, "What's wrong? Do you need me to tell you the second time? Is this where you are supposed to be?"

Henry was silent for two seconds and raised his eyebrows. "If I don't fight, will you go to fight? Since you are so arrogant, why don't you fight?"

After Henry said that, he found a chair and sat down.

"!" Brother Tiger he opened his mouth, but he was immediately interrupted by Helen.

"Okay, then you go and fight." Helen gave the order directly. Although she didn't know what had happened between Henry and these men, she was definitely on Henry's side.

"Miss, I..." Brother Tiger gave a fawning smile. "Is she kidding? Even Brother Dragon is stronger than me. Aren't you looking for death if you go up to the cage by yourself?"

"Look at you, such a big fellow, your strength should not be bad. Go ahead." Helen pouted her lips in the iron cage.

Brother Tiger waved his hand and said, "Miss, you misunderstood me. I was just joking with

this little brother. If he wants to fight, just let him do it."

"Sorry, I don't want to fight anymore." Henry shook his head and said, "You are so arrogant, how dare I go against you?"

Helen looked at Brother Tiger with an unhappy face and said, "Why don't you go? Are you waiting for me to invite you to go up?"

"Miss, I... I..." Brother Tiger showed a bitter face and didn't know what to say. He was very puzzled now. Why did he reproach a follower and cause such a big reaction from Miss?

"How many times do you want me to tell you?" Helen's face changed.

"No, Miss, I... I'm afraid of losing." Brother Tiger looked embarrassed.

"It's nothing to be ashamed of." Helen smiled and said, "Let's go."

Obviously, Helen's current attitude had made it clear that he had no choice but to go up.

Beside Helen, the other bosses of the Green Leaf looked at Brother Tiger as if they were looking at a fool. As the bosses, they had participated in all kinds of events of Green

Leaf. Who didn't know this malicious person? Brother Tiger, a low-ranked member, actually dared to reproach such a ruthless person?

Brother Tiger looked depressed and looked out for help, but no one paid any attention to it.

"Come on, weren't you quite powerful when you were yelling just now? Why are you cowering?" The Third Master of the Green Leaf, Sneaky Viper, sneered.

## Chapter 128

Standing there, Brother Tiger's face looked worse than crying. Since the Miss and the Third Master had spoken, he had no other choice.

Brother Tiger glared at Henry with hatred in his eyes. "If it wasn't for him, how could I be forced to this point? Well, it's just a cage. I'll kill him when I come out!"

At last, he gave Henry a ferocious look and Brother Tiger lifted his foot and walked into the cage. Compared with the previous dozens of good-for-nothings, Brother Tiger was worse. He was kicked to the side, broke two ribs, and fell to the ground.

Seeing this scene, Wade breathed a sigh of relief in his heart. The man who was arrogant just now was lying there and seriously injured.

When the iron cage door was opened, Brother Tiger's underlings rushed in and carried him out.

Henry smiled with satisfaction and got up to walk toward the iron cage.

Black Saber's calm face also became serious when he saw Henry. This was because he knew that this was also an Ancient Warrior. Moreover, he was definitely not weak.

"Why does brother-in-law really want to go in?" Looking at Henry walking toward the iron cage, Daisy seemed a little anxious. Just now, she also thought that Henry said that he wanted to go up in order to humiliate that brother Dragon, but she found that what Henry wanted to do was not just to humiliate him.

"I don't know." Amy shook her head. "But judging from the expression on his brother-in-law's face, he looks very confident."

"My brother-in-law must be more powerful

than that woman." Lam, the long-legged beauty, said without hesitation.

Amy looked at Lam and said, "Girl, when did you become my brother-in-law's fan?"

Lam smiled and said nothing.

Brother Tiger was carried out of the iron cage by the younger brother. His two ribs were broken, and his face was distorted by the pain. However, after Brother Tiger came out of the iron cage, the first thing he did was not to go to the hospital, but to deal with Wade and the others.

Brother Dragon also walked to the place where Henry and others stood with a gloomy face. Brother Tiger was his brother. This time, he was framed. How could he bear it?

The two brothers and their men walked towards Wade and his fellows in a threatening manner.

"Go and get them out of here!" Brother Tiger

waved his hand with a painful look, and his eyes were full of hatred.

Upon hearing this, the followers of Brother Tiger immediately surrounded Wade and his companions.

"Brother Tiger, what do you want to do?" Brother Chow stood in front of Wade with a bad look on his face.

"It's none of your business. Get out of my way!" Brother Dragon stood out with his hands on his abdomen and scolded.

"Brother Dragon." Hearing Brother Dragon's words, Brother Chow was a little scared, so he whispered, "It's not in line with the rules."

"Rules? When I want teach a little brother a lesson, do I still have to follow the rules?" Brother Dragon asked impatiently, "Come on, take them out. And that guy, when he comes out of the cage, pull them all up the mountain!"

Upon hearing the word "mountain", the expression of Brother Chow and Wade suddenly changed.

They had heard that brother Dragon's favorite thing to deal with his enemies was to pull them up to the mountain. None of the people who were dragged to the mountain had ever come down.

A group of people surrounded Wade and others with an unkind look. The three women naturally became their targets. These people looked at the three women, and they knew clearly what was in their eyes.

"Brother Dragon, I want to call Leopard!" Brother Chow took out his mobile phone in a panic. The current situation had gone beyond his control.

"Who the hell asked you to call him!" brother Dragon's man came forward and grabbed brother Chow's mobile phone, and then threw it to the ground. "Hey, Chow, it's fucking none

of your business here. Get out of here!"

Looking at these people in front of him, Brother Chow's legs trembled a little. He knew that there was no way to settle the matter today. If Brother Dragon wanted to deal with a follower, even if he killed them first, Brother Leopard had no way to help. If he stayed here, he would be in trouble.

"If you don't go away, you can go up the mountain together!" brother Dragon said impatiently.

Brother Chow's body started shaking. He looked at Wade apologetically and said, "Wade, don't blame me. I'll go to Brother Leopard right now!"

"Get lost!" The man standing in front of brother Chow pushed him away and stared at Wade. "Boy, are you taking the initiative to go with us, or do you want us to break your legs and get you out first?"

Looking at this scene, Wade swallowed hard

and said, "Brother Dragon, I did something wrong this time, but it has nothing to do with my classmates. Can you not make things difficult for them?"

At this time, Brother Tiger had recovered from the pain of the broken ribs. With the help of his followers, he came to the front of Daisy and the other two girls and licked his lips. "These girls are good. I want all of them."

"Brother Tiger! This has nothing to do with them!" Wade, who had always been very respectful, suddenly shouted, "This is between us. Don't implicate my classmate!"

"F\*ck you!" The man in front of Wade kicked his belly. "My boss can do whatever he wants. Who do you think you are? Go away!"

The three women looked back and forth at each other, and then looked at the iron cage. Henry was still standing in the cage, so he didn't notice what was happening here.

Amy's eyes were a little flustered, but she

was still calm. "Brother Dragon, right? I advise you not to be impulsive. You have to know who she is!"

The girl Amy was talking about was Daisy.

Daisy took a deep breath and stood up.

"Oh? Who is she?" Brother Dragon looked at Daisy with a playful look.

Daisy calmed down and was about to say that she was a member of the Lin family when she heard a voice.

"Brother Dragon, you've made big moves recently!"

Upon hearing this voice, the expressions of Brother Tiger and his underlings changed.

Brother Dragon turned around and looked at the person who spoke. "Brother Viper."

Viper's hand was still wrapped with gauze, and he walked over with a smile on his mouth.

Seeing Viper, brother Dragon's followers, including brother Tiger, all nodded to greet him.

"Brother Dragon, what are you doing?" Sneaky Viper glanced at the followers of Brother Long and asked curiously.

"Brother Viper, I want to teach a few men who don't know the rules a lesson." Brother Dragon smiled.

"Don't know the rules?" There was a trace of doubt on Viper's face. The next second, the doubt on his face disappeared completely and turned into fierceness. At the same time, he slapped brother Dragon in the face. Brother Dragon could avoid this slap, but he dared not.

A crisp slap sounded, and a five-finger print appeared on Brother Dragon's side face.

"Brother Viper, what are you..." Brother Tiger, who was standing by the side, could not help but say.

"Shut up!" Sneaky Viper shouted and shouted, "Don't know the rules? I think it's you, Brother Dragon, who have been living big recently. It's you who don't know the rules!"

"Brother Viper, I don't understand what you mean." Brother Dragon frowned.

## Chapter 129

"You don't understand what I mean?" Viper sneered. "Brother Dragon, do you know who is standing in the cage now?"

The words of Viper attracted everyone's attention to the iron cage.

Viper lit a cigarette and glanced at Brother Tiger and the others one by one.

"Brother Dragon, your people are getting bolder and bolder. They dare to provoke anyone, and you dare to curse them! When brother Thunder Monster was still in power, even he had to be polite to that guest. But you are even more arrogant than Thunder Monster?"

Hearing this, Brother Dragon had a bad feeling. "Brother Viper, he is..."

"Brother Dragon, you have been in the

association for quite some time. There are some things that you should have heard of. At that time, we were at Roman Holiday Inn and we were ambushed by the Big Circle. There were over fifty members, but they were killed by one person. That person was the man in the cage. When he had wiped out Big Circle, Black Thunder's Second Leader came to seek revenge, his men had been taken care of by this man. Today, during the fight with Black Thunder, we have to rely on this person to win. I have to say that all of you are really bold. Honestly speaking, I admire all of you."

Each time Sneaky Viper said a word, Brother Dragon's face became darker. When his voice fell, Brother Dragon's could not speak.

The eyes of Brother Tiger and others were somewhat dull.

As members of the Green Leaf, they had heard of some of the major events that had happened some time ago. They also knew

that there was such a mysterious expert in the Green Leaf. However, none of them had expected that the mysterious expert was a young man who had even been treated as Leopard's follower by them.

Compared with the ugly faces of Brother Tiger and the others, Wade was so excited that his whole body was shaking.

The super expert whose name spread throughout the whole Green Leaf was his brother-in-law! God! This was incredible!

"Brother Dragon, your people are really good. You'd better stay here. It depends on that person's mood how we will deal with you. I'll give you a small tip. You'd better have a better attitude, otherwise, Miss couldn't protect you!" Sneaky Viper said. After he finished speaking, he gave Brother Tiger a thumbs-up. The irony in his thumbs-up was very strong.

Brother Tiger and the others all lowered their heads and did not dare to say a word. They

were so arrogant just now, but now they were so frightened that they were in a panic.

Brother Dragon took two deep breaths and said in a low voice, "Who caused trouble?"

"One...one...one follower, Ivan Guo from the University of Yinzhou." Brother Tiger's voice was trembling.

"Get him to get the hell out!"

Wade looked at Brother Dragon with a smile and said, "Brother Dragon, do you still want to pull us up the mountain?"

Brother Dragon squeezed out a smile that was uglier than crying. "Little brother, it was just a misunderstanding. Don't take it to heart."

Daisy snorted, "Misunderstanding? Wait and see, I won't let my brother-in-law let you go!"

Brother Dragon opened his mouth but couldn't say anything. In the face of absolute strength, everything was useless. If he

wanted to blame someone, he could only blame himself for being blind.

Sneaky Viper led Daisy and others to sit at the front. People sitting here were all very important people in the association. Originally, Wade sat there carefully, but he found that the other high-level members of the Green Leaf were very cautious when treating him. They also handed him cigarettes and ignited him. Only then did he realize how high the status of his brother-in-law in the Green Leaf was. He just followed his brother-in-law all the way here and he had such a special treatment. It seemed that his brother-in-law was very respected.

What Wade did not know was that Henry was respected and feared by others in the Green Leaf. It was true that every time Henry made a move, the bloody scene had already penetrated into the hearts of all members.

Helen, who was sitting on the main seat,

turned her head and looked at Wade and the others. Her eyes were fixed on Daisy for a few seconds. As a policewoman, she naturally knew Daisy's identity, she was a member of the Lin family. But she only glanced at her for a few seconds and then looked back at the iron cage.

In the iron cage, Henry stood in front of the girl and did not move.

The girl looked at him and did not move.

Henry didn't want to move. She was just a little girl, so it was not worth for him to make the first move.

However, the girl did not dare to move. The opponents she had met before, just by looking at the other side's steps, she could tell whether they were strong or not. But Henry, she could not see through him. In her eyes, her opponent seemed to be full of flaws, but she had an intuition that as long as she dared to move, she would inevitably be

struck by a thunderbolt.

As time went by, Henry stood there relaxedly, while the girl's back was already wet with sweat.

Behind Black Saber, there were four people. One was a middle-aged man, and the other three were young men.

Looking at the cage, the middle-aged man sighed. "Junior Sister will lose."

"Lose?" The three youths were somewhat puzzled. "Master, they haven't even fought yet. How would Junior Sister lose?"

"Momentum." The middle-aged man spat out the word. "You didn't fight and you didn't directly face your opponents, so you can't feel that kind of momentum. Your Junior Sister can't compete with it at all. Any one, including the three of you, would be overwhelmed by it. Next time, you three get in together."

Hearing master's words, the three young men

did not refute him. They all nodded solemnly. They knew that their master would not talk nonsense.

In the cage, the girl's forehead was already covered with sweat. Large drops of sweat slid down her cheeks. She felt that what she was facing was not a person, but a mountain. It was tall, tall mountain which blocked out the sun, making it difficult for her to breathe. At the beginning, she did not dare to move, but now, she could not move at all. Even her limbs felt a little weak.

Henry looked at the girl and sighed. He knew that if things went on like this, this girl would probably collapse. Henry took a step forward. Originally, he was five meters away from the girl, but in an instant, he was in front of the girl. He raised his fist and waved it at the girl with a wind-breaking sound.

Facing Henry's punch, the girl didn't even try to hide. She just stood there and didn't move

at all.

"Bang!"

A burst of explosive sound rang in the girl's ear. Henry's punch did not land on the body, but on the girl's ear.

When Henry's punch ended, the girl's legs went weak and her whole body went limp. She fell to the ground and gasped for breath. Her body was sweating profusely and her eyes were filled with fear.

"Little girl, you need to improve your strength." Henry smiled and stretched out his hand to the girl.

The girl's eyes were fixed on him for a few seconds. She took the initiative to grab Henry's hand and let him pull her up.

"Thank you." The girl whispered to Henry. This was the first time she had spoken since she entered the arena.

The middle-aged man sitting behind Black

Saber shook his head when he saw this scene. "Black Saber, let's get out. We lost."

At the same time, the three young men beside the middle-aged man stood up.
