

Chapter 1085

When the night fell, the largest private room in one of the most luxurious clubs in Yinzhou was completely booked by someone.

"Deegan! You're amazing! We've just graduated, and you're the only one who's doing so well!"

"Brother Deegan, please take care of me in the future." A petite beauty was next to Deegan, constantly pouring wine for him.

"Brother Fatty, please don't mind if I have offended you before." A big tall young man rushed to Fatty for a toast.

Deegan and the other three men were sitting in the middle of the room, enjoying a variety of praise. The tall man was embracing a female classmate who he had chased for a year but was ignored. She just saw him driving a Mercedes Benz and changed her attitude. Now, she took the initiative to come with him and drink in his arms.

The Benz, of course, was rented by them.

Ten million yuan had been transferred to the kindergarten's account, so Deegan and the others could use it as they wished. However, they didn't dare to be so extravagant. Even the money they spent tonight was given by Deegan because he had sold the good cigarettes and wine he collected in the past few days. Of course, he didn't feel sad at all. As long as the matter was done, ten or twenty thousand yuan was just a small number for him.

"Brother Deegan, I heard Fatty say that you have a big business to do." A dark-skinned young man came to Deegan's side. It was Fatty's friend who opened the clothing factory.

"Yes, come here and I want to have a good talk with you. It's absolutely a big business. If it's done properly, we will all be

rich! Haha!"

There was a booth outside this room.

Henry leisurely leaned back on the sofa, holding a bottle of local wine and taking a sip from time to time.

A fat man stood respectfully behind Henry. He was the representative of Radiant Island in Yinzhou.

"Why are you standing there? Come and sit down, let's have a drink." Henry waved to the fat man.

The fatty shook his head and said cautiously, "This is against the rules."

"You should know that I am no longer the owner of Radiant Island. There is nothing against the rules. Come and sit down." Henry said again.

The fat man didn't dare to disobey and sat down beside Henry.

Henry handed the bottle of wine, which had just been opened, to the fat man, and then said, "Did you find out all the information about the target this time?"

"Yes." The fat man nodded. "Deegan's family background is ordinary. It is just that he has some bad habits, lust, alcoholism, and there is a gambling record. Because of these online gambling debts, which his parents helped him pay off, he did not gamble again, but this kid is an ungrateful person. After his parents paid his debt, he almost never returned home and has not much contact with the family. He would contact his family only when he needed money."

"He really doesn't know how lucky he is." Henry sighed with emotion. There were so many people in the world who didn't know how to cherish and repay their parents, but they didn't know what they had. Many people were already envious of them. "Well, buy some insurance for him and put his parents as beneficiaries. As for this guy, I'll give you three days to deal

with him."

The fat man nodded respectfully. "Rest assured, my lord."

Henry did not speak any more. He leaned back in his seat and listened to the performance brought by the two resident singers. After silently drinking the remaining wine in the bottle, he walked out of the club.

The fat man waved his hand. On one side, two young women, dressed in sexy clothes, with enchanting figures and beautiful faces, immediately came over and walked toward the door of the largest private room.

When the door of the room opened, Deegan, who was already a little drunk, staggered out of the door. A sexy and beautiful woman accidentally threw herself into his arms.

"Ah! I'm sorry, handsome, are you all right?" The woman brought a gust of fragrant wind.

Deegan was about to lose his temper, but when he saw the woman's face, he lost his mind. He was drunk and said, "I'm okay, of course, I'm okay."

"Handsome, I'm really sorry I made your clothes dirty. I'll buy you a new shirt, but it's too late today. Why don't you add my social media account and tell me the size? I'll buy it tomorrow and send it to you."

"You don't have to pay me, but I will add you." Deegan took out his mobile phone and waved his hand indifferently.

Fatty, who was standing beside Deegan, said to the woman, "Beauty, our brother Deegan doesn't lack money."

The woman lifted her long hair and smiled at Deegan. "In that case, I'll treat you to a few drinks, handsome. I also have a friend in the next room. It's a beautiful woman. I can introduce her to you."

"I think you're very beautiful." Deegan fixed his eyes on the

woman.

"What are you looking at? You are so rude," the woman grumbled coyly.

Deegan laughed and said, "Let's go, Fatty. Let's drink with this beautiful girl."

"Definitely." Fatty's face was full of excitement.

In the booth, the fat man didn't even look at him. He didn't need to worry about such a character at all.

Henry walked out of the club, stopped a car and went back to the Luxury Village. Today, he specially hired people to clean the house. After entering the door, the house was completely clean, and even the sheets and quilts were all replaced with brand new ones.

Looking at the time, it was already 10:30 in the evening, but Sylvia had not come back yet. Henry called Sylvia and found out that she and Milan were still working overtime in the company. According to Sylvia, during this time, many documents had been piled up and needed to be handled, and it was likely that they would not be able to come back tonight.

After hanging up the phone, Henry wandered to the wooden pavilion in the courtyard. He touched the aged wood and sat down.

Henry looked up. It was rare to see a few stars tonight. He remembered that there were stars hanging in the sky every day when he was a child. "Time flies so fast."

A cool night passed. The moon was setting and the sun was rising.

The sun was shining brightly in the early morning.

Henry got up from the wooden pavilion, stretched out and took a deep breath.

"I still remember when I was a child, my mom often hugged

me and we fell asleep in this wooden pavilion."

Henry unconsciously smiled because he slept in the wooden pavilion for a night. It seemed that he had returned to the hot summer many years ago.

"If my mother was still alive, how wonderful it would be?!"

Moving his limbs, Henry suddenly heard a voice coming from the side.

"Ah, honey, are you all right? Come on, I'll carry you on my back."

Henry looked in the direction of the voice and saw a young woman sprained her ankle. Her husband went forward and carried her on his back. The woman's face, which had been full of pain, suddenly showed a happy look.

Henry looked at him in a daze. He didn't know what he was thinking. Suddenly, he simulated in his mind that if he changed himself into the man, what would he do?

Henry got the result that if he were the man, he would probably squat down and say something like that.

"Come on, endure it for a while, I'll take you back."

This answer made Henry speechless. Touching his nose, Henry murmured, "It seems that I have to learn how to be a caring man. Otherwise, if Sylvia and I are together, we might get bored."

Chapter 1086

After thinking for a while, Henry took a car key and went straight to the food market.

Soon, some fresh ingredients were bought back by Henry. Carrying the ingredients, Henry went straight into the kitchen. Half an hour later, the two dishes were put into lunch boxes.

Carrying the lunch boxes, Henry went straight to Lins Group.

It was common for Sylvia to work overtime, so nobody was surprised.

At eight o'clock in the morning, a lot of the employees had arrived at the company and were ready to check-in.

Sylvia and Milan walked out of the company tiredly, looking for a breakfast stall and preparing to eat something before continuing to work. It had been a long time since Sylvia had such a high intensity of work, and her pupils were filled with red blood streaks.

It was Milan who had a lot of free time last night and slept for the latter half of the night.

As soon as they walked out of the company, they saw Henry rushing over with the lunch boxes.

"Haha, honey, you haven't eaten yet, right? I made breakfast for you." Henry raised the lunch boxes in his hand.

The people of the company knew the relationship between Henry and Sylvia long ago. Many women's eyes were full of envy when they saw Henry coming to deliver breakfast so early in the morning.

"President Lin is so lucky. She is so excellent, and her husband is so considerate!"

"That's true. I'm so envious."

A handsome male colleague curled his lips and said, "If I had such a beautiful wife who could make money, I would hold her in my arms every day."

"Come on, Mr. Zhang climbed the 18th floor with his bare hands and saved President Lin. Yesterday, the maintenance of the elevator almost exhausted you because you had to carry the bucket of water to the 7th floor."

There was a small discussion. When Sylvia heard it, she couldn't help but smile. "Do you think I'm happy now? If you know how excellent my husband is, won't you be jealous to death?"

Even Sylvia would behave like teenage girls sometimes.

Staring at the lunch boxes in Henry's hand, Milan crossed her arms over her chest and said, "You still have a conscience. Your wife has worked overtime for an entire night. You didn't come to accompany her as her husband. But you let me, her best friend, accompany her. I'll take this breakfast as an apology."

Henry laughed and beckoned the two girls to walk into the company.

With the breakfast made by Henry, the two girls certainly wouldn't choose a street stall. After all, whether in sanitation or taste, what Henry made was absolutely flawless.

Back in the president's office on the top floor, Henry took out two bowls of porridge from the lunch boxes and put them all in exquisite bowls. He handed one bowl to Sylvia and the other to Milan.

Milan looked at the porridge in her hand and then looked at the porridge in Sylvia's hand.

"Henry, what do you mean? What is this?"

"It's porridge." Henry rolled his eyes. "You're a chef. The plum

blossom porridge can soothe one's liver and clear one's vision, which can help you to feel less dizzy. You haven't slept all night, so it will be good for you."

"Of course I know it's plum blossom porridge. I mean, why is this one different from Sylvia's?" Milan opened the lid and put her porridge together with Sylvia's.

Henry touched his nose and said, "Well, as a chef, a basic presentation is very necessary."

"That's why my bowl of porridge was just mixed with rice, and Sylvia's bowl of porridge was shaped in a form of a baby bear by you?" Milan looked angry.

Sylvia couldn't help but cover her mouth and giggle.

On the surface of Sylvia's bowl, there was a cute little bear made of rice. As for the bowl of Milan, there was nothing. Henry just took the porridge and poured it into her bowl.

Henry smiled sulkily. "That's enough. It's good that you have some to eat. I made it for my wife, and your bowl is just an extra."

Milan puffed up her cheeks, scooped up a big mouthful of porridge, and ate it hard as if the rice in her mouth was not delicious porridge, but flesh and blood of Henry.

Sylvia also picked up the spoon and looked at the exquisite patterns on the surface. She had a feeling that she didn't know where to start.

"Honey, why aren't you eating?" Henry sat next to her, supporting his head with his hand and staring at Sylvia.

Sylvia frowned, "Honey, that's too beautiful to eat."

"Do you like it?" Henry asked.

Sylvia lightly nodded her head.

Henry smiled and said, "If you like it, I'll cook for you every day."

"Are you two done?" Milan said unhappily. "The last time I saw you, you weren't so affectionate with each other. Don't be so disgusting! You're like a cheesy middle-aged man. I'm a little nauseous."

"Uh..." Henry was stunned. He asked Sylvia, "Cheesy? Are we?"

Sylvia nodded again, "It's a little cheesy."

Henry's face was full of doubts. "Isn't this what a caring man should do?"

"Dude, do you know what it means to be called a caring man?"

Milan stared at Henry speechlessly. "A caring man will care for his own lover all the time. That's completely his subconscious behaviour. He's not as deliberate as you are! You can only be called cheesy, understand?"

Henry patted his head and stopped talking.

Early morning, in the largest clubhouse in Yinzhou.

Deegan walked out of the room with a drunken look on his face.

"See you, Mr Liang." Two beautiful waiters escorted Deegan to the exit of the club.

"Mr Liang?" Deegan pretended to be dissatisfied and said, "You have to call me Boss Liang. Do you understand?"

One night of indulgence made Deegan completely expand his confidence. He even made a promise to arrange for all these classmates to work in the Lins Group. More and more people came to propose a toast to him, which made Deegan feel proud.

Two hot beauties walked toward Deegan.

"Handsome, yesterday you told us that you couldn't drink anymore, but you came out at this time. This is not good."

One of these two beautiful women was the woman who had

bumped into Deegan last night.

When Deegan, who was drunk, saw the two beautiful women, his eyes widened. He stared at their bodies for a long time and said with a smile, "What do you want to do?"

"Why don't we go to the place where we live and drink for a while? There are still many fun people waiting for boss Liang." A beautiful woman threw a glance at Deegan.

Deegan answered without thinking, "A beauty's invitation. Of course, I won't refuse."

The two women looked at each other and walked forward at the same time. They supported Deegan on each side and walked to a short distance.

The feeling of being held by two beautiful women made Deegan feel very comfortable. He never thought that he would be treated like this one day.

This kind of life was beyond Deegan's imagination in the past, but now, it was his reality.

Chapter 1087

At five o'clock in the afternoon in Yinzhou.

Henry walked out of the company with a gloomy face. He was told by Milan what a caring man was all day long. But Henry's performance in the morning made the two girls feel cheesy.

For Henry, he did not learn how to treat a woman well. He just had the skills that ordinary people did not have, so he gave people a sense of security. But that was all. He saw the sweet look of the couple this morning, which made Henry look at himself again and again.

Unfortunately, the first day of being a caring man ended in failure.

After leaving the Lins Group, Henry made a phone call.

"How is Daisy today? Is the plan going well?"

"We have arranged for people to negotiate with Ms. Daisy about the cooperation regarding the clothing factory. As for that man Deegan, he took the bait easily. He is not in the right mind."

"Then do it as soon as possible. One day has passed, and you still have two days left."

An affirmative voice came from the other end of the line. "Don't worry, my lord. The result will be out tomorrow."

Henry nodded and hung up the phone.

In a luxurious villa.

Deegan felt dry in his mouth and felt dizzy. He tried hard to open his eyes and found himself lying on a big bed. It was a big room with luxurious decoration, full of European furniture.

Deegan rubbed his eyes and got up from the bed. He thought about what had happened before. After he came out of the

club, he came to the place where the two girls lived and drank a few glasses of wine. Then he fell asleep.

Not sure if his memory was clear, Deegan got out of bed and went to the bathroom. He washed his face and gargled his mouth before feeling better.

When he smelled himself, he could only smell cigarettes and alcohol.

Deegan twisted the knob and opened the door. At the moment when the door was opened, Deegan heard a series of giggles.

"Haha, President Chow, your card is not bad."

Deegan looked along with the sound. There was a guardrail in front of him, which proved that he was on the second floor. There were three men and five women sitting in the lobby on the first floor, playing poker. On the table, there was a lot of cash. Deegan's eyes straightened as he looked at the limo keys on the table.

The two beautiful women with hot figures were also down below, but the two of them looked very embarrassed as if they had lost a lot of money.

Just then, one of the beauties turned to look at the second floor. She happened to see someone standing by the railings on the second floor looking at them.

The moment this beautiful woman saw Deegan, she looked surprised and said, "Ah, Deegan woke up. Everyone, please stop. I'll introduce a big shot to you."

The beautiful woman said as she ran to the second floor. Then she intimately held Deegan's arm and introduced him, "This is Boss Liang of Lins Group, the relative of Sylvia Lin, the President of the Lins Group"

As soon as the beauty said this, the three men and three women sitting on the first floor, whom Deegan had never seen

before, all looked shocked.

"Oh, ah." A young man with a Ferrari key in front of him said with a face full of blame, "It turned out to be a big shot of the Lins Group. Why haven't you introduced him earlier? Hello, Boss Liang. My surname is Chow. You can just call me Chow."

The young man surnamed Chow behaved very respectfully.

When Deegan saw a rich young man in a Ferrari nod at him, he felt a sense of swell. He nodded to Chow.

The two remaining young men, accompanied by their female companions, got up and introduced themselves.

Accompanied by the beautiful woman, Deegan walked to the lobby on the first floor.

"Boss Liang, do you want to play a few rounds?" Chow asked tentatively.

"Oh? What do you play?" Deegan asked with interest. He also liked playing cards, which was very clear to everyone present.

"3 card brag!" The beautiful woman next to Deegan said, "Boss Liang, they are so sinister. They just took advantage of us. You have to take revenge for us."

"Oh?" Deegan narrowed his eyes. Three card brag was his favourite. "How big of a game are you playing?"

Chow smiled and said, "Boss Liang, we are all just playing small. The base is one thousand, and the bet is two thousand and five hundred. The limit for each round is ten thousand. Don't look down on us."

What the Chow said made Deegan take a deep breath. This was not a small gamble, but a big gamble. It would be easy to bet more than one million yuan at one go.

Normally, if Deegan heard this number, he would definitely turn away. But now, after the praise of everyone last night and the compliments of these people, Deegan had already been

arrogant. In his heart, he really regarded himself as a high-level official of Lins Group.

"Boss Liang, shall I give you the cards?" Chow asked tentatively.

"Of course. Do you think our boss can't afford to play?" The beautiful woman next to Deegan said.

Hearing this, Chow was terrified. "I... I didn't mean that. Boss Liang, please don't mind me. I was just asking you. I'm afraid you won't like it. I'm sorry."

The young man admitted his mistake and gave the cards to Deegan.

Deegan wanted to find an excuse to refuse, but he had no way to refuse. Therefore, he picked up the cards and looked at them. This made Deegan happy. He didn't expect that he would get such good cards, which were probably the strongest cards in the game.

After years of experience in gambling, Deegan didn't show any joy. However, from his trembling body, one could see how excited he was. This was a one-thousand-yuan game. If he played it well, he could get millions of yuan!

Chow didn't look at the cards. Instead, he bet a thousand directly.

Deegan kept his composure and said, "Two thousand."

"Deegan, we need cash to play cards." Another young man said carefully to Deegan.

Cash?

Deegan was stunned. He really didn't have any cash. Not only the cash, but the only money left on his bank card was less than 2,000 yuan. Only the ten million yuan in the kindergarten's public account could be used. But now he was holding a bomb in his hand. How could he not follow? It made him feel very

embarrassed. It was even more impossible to borrow money from others now!

Deegan didn't know that the reason why there was such a rule in the game was that all his information was completely exposed, including how much money he had on his personal account. Two thousand was just the right number for him to be embarrassed.

Deegan looked at the money on the table and thought, "Is it OK to transfer money between companies?"

"Boss Liang," the young man said, "of course you can. We are all understanding. We can not only transfer money from company to company, but I can issue any invoice you want."

Upon hearing this, Deegan was immediately relieved. "Then give me one million yuan in cash first."

Chapter 1088

Deegan had a history of gambling. In the past, he owed money because of his online gambling and was chased by others. This showed that he had almost no resistance to gambling.

At this moment, under such a big bet, Deegan took this good card again, which meant that he was doomed to be unable to walk away today.

After Deegan transferred money to Chow, he quickly took out a million yuan in cash and gave it to Deegan.

There were dozens of stacks of cash in front of Deegan. This was the first time Deegan saw so much cash in front of him. His eyes were a little straight, and at the same time, with this card in his hand, he became more confident.

In the first round, Chow and others didn't disappoint Deegan. After Deegan got a good card, they were not surprised by Deegan's "masterly" skill. He did win the first round, but it was not much, only tens of thousands of yuan.

Win or lose tens of thousands of yuan was already very horrible for Deegan's personal assets, but Deegan was not satisfied. Moreover, under the stimulation of millions in cash, tens of thousands yuan seemed to be not much for him.

"Boss Liang, you're so lucky." Chow handed the money to Deegan as he complimented him.

"Boss Liang, you have to take revenge for our sisters. Just now, Boss Chow almost made us to take off our clothes." The enchanting beauty clung to Deegan.

After winning tens of thousands of yuan, Deegan felt even more confident. He waved his big hand and said, "Let's start the game!"

Deegan had once lost money in gambling, and he knew some

tricks. Today, he had paid attention to this game and was afraid that he would be tricked by others.

Deegan knew that in such a routine, people would win a little first and then slowly lose. Therefore, Deegan had already told himself in his mind that he would not play after losing the one million. Anyway, he had ten million in his hand. How could a group the size of Lins care about one million?

However, these people on the scene also knew that Deegan had a previous issue of gambling. Therefore, they did not plan to plot against Deegan. Instead, they planned to win as fast as they could.

It was too easy for them to deal with Deegan. As long as they could catch a gambler's mind, they could win no matter how much money he had.

Seven o'clock in the afternoon.

Henry had prepared a sumptuous dinner at home. In front of the table were not only Sylvia and Milan but also Daisy. She was specially called over by Henry.

Daisy was also full of praise for Henry's cooking skills. The three girls were enjoying the food.

After dinner, Sylvia and Milan yawned and went to their bedrooms. After two days and one night, they were really tired.

"Daisy, let's have a talk." Henry shouted Daisy and came to the wooden pavilion in the yard.

At this time, the weather was very cool. It was a kind of enjoyment to sit in the wooden pavilion and enjoy the wind.

Henry held two cups of fresh watermelon juice, handed one to Daisy and praised, "I didn't expect you to move so fast that you have settled the business."

Daisy took the watermelon juice handed over by Henry, and when she heard Henry's praise, she was puzzled. "Settled?"

What has been settled?"

"The equipment and clothing that I asked you to buy this time." Henry rolled his eyes. "All right, stop playing with me. I know about the money in the public account of kindergarten. 8 million has been spent."

Daisy was shocked. "Eight million!"

Henry looked puzzled. "Daisy, why do you act like you don't know where the money went?"

Daisy's heart tightened when she saw Henry's confused expression. She hadn't received any news from Deegan either.

"Brother-in-law, wait a minute. I'll make a call first."

Daisy said and hurried to the side. Then she made a phone call.

Daisy naturally called Deegan. As soon as the phone was connected, it was picked up by him.

"Deegan, have you already reached an agreement?" Daisy asked with an anxious look on her face.

"Yes," Deegan replied directly.

Hearing this answer, Daisy immediately relaxed a lot. After telling Deegan some things to take care of, she hung up the phone and said to Henry, "Brother-in-law, it's true that the matter has been settled."

"Okay, then tomorrow. Let the partner bring the samples to kindergarten. I'll go to take a look, and I'll give you a mark." Henry waved the watermelon juice in his hand and made a toast.

Daisy nodded and sent a message to Deegan, telling him to let the partners bring the samples to the kindergarten tomorrow.

At this moment, Deegan was walking around a poor workshop with sweat all over his head. Today, he lost a total of 12 million

yuan! In the end, he only gave them 8 million yuan, leaving 4 million yuan in the name of the Lins Group.

The people arranged by Henry wanted to get Deegan, but it was still easy.

Fatty's friend was working with a few workers in the workshop.

"Deegan, you only came up with half a million dollars. I can't really give you good materials." A tanned young man with a troubled face said, "You know, we have a cost, and if we use quality materials, we'll lose money."

"It doesn't matter." Deegan waved his hand and said, "This material can't be seen through on the outside. You can use it. If you do it well this time, you will definitely get some benefits in the future! You just need to give me a higher price on the invoice. The tax payment will be on me. You just need to promise that you can deliver the samples to kindergarten tomorrow."

"OK." The young man nodded. "As long as you say so, Deegan. Don't worry, I'll add some samples tonight. I can definitely deliver the first batch of samples to the kindergarten tomorrow!"

Deegan was relieved when he heard this. As for the money he owed, although he was anxious now, he was not too worried. Once he could completely take down Daisy, millions of yuan were nothing!

The night passed quickly.

The next morning, Daisy, who was in charge of the samples, got up early in the morning and rushed to the kindergarten. When Daisy arrived, Deegan was already sitting in the office. In Deegan's office, there were ten sets of clothes for children. Deegan's clothes looked exquisite and the style was very novel.

"The things were delivered here so early?" Daisy was surprised when she saw the things in Deegan's office.

"Yes." Deegan nodded and said, "I kept an eye on the workers last night and let them deliver the samples here."

Hearing Deegan's words, Daisy showed a distressed look in her eyes. "Thank you for your hard work. Let's go and have breakfast first."

"Okay." Deegan nodded. After playing cards for a whole night, he was already hungry.

Just as they were about to go out, the office door was pushed open.

"Let's finish checking the samples before the breakfast." A tall figure walked in.

Chapter 1089

When Deegan saw the figure walking into the office, his eyes suddenly widened.

For men, older men may tend to like some lovely girls, while younger men preferred sexy girls. This was not the case for all of them, but most men thought so in their hearts.

For a novice kid like Deegan, he preferred sexy and mature women, which is why he would make some unreasonable requests to Jenny even though he knew that Daisy had a crush on him.

The woman who entered the door now, in Deegan's eyes, was a stunning beauty who was not similar to Jenny in appearance and figure, and she was even more powerful than Jenny in terms of aura.

Before Deegan could say something, he heard Daisy's voice. There was a timid tone in her voice. "Sister, why are you here?"

"Sister?" When Deegan heard Daisy call this woman sister, he was stunned at first, and then he was shocked. Daisy called her sister, and there was only one person in the whole Lins Group who would Daisy call sister! Sylvia Lin, the president of the Lins Group!

Deegan put on a respectful look in an instant and said, "Greetings, President Lin."

Sylvia glanced at Deegan and then snorted at Daisy. "This kindergarten is built by Lins Group. Why can't I come? Do you think that those things between you and your brother-in-law can be hidden from me? He suddenly asked Cathy to transfer ten million yuan to you. Do you really think that I don't know about the money at all?"

Deegan, who was standing at the side, panicked for no reason.

He didn't expect that Sylvia would care about ten million yuan. However, when he thought of the invoice he had, he was more or less confident in himself.

Sylvia walked to the sofa by the side and sat down. Then, she said, "Come on, let me see what a uniform worth eight million looks like."

Sylvia was known as the queen of Yinzhou's business world. She had experienced all kinds of things with Henry. She had escaped from death and had been in contact with all the major forces and clans. The aura she gave out imperceptibly would make people unconsciously bow their heads in front of her.

Under the powerful aura of Sylvia, Deegan only felt extremely panic in his heart. He subconsciously looked at the ten sets of clothes he had brought and couldn't help but worry.

Daisy, however, did not worry about this. She directly gave those clothes to Sylvia and even had a little expectation in her heart. She looked at the place where Deegan was.

Sylvia looked at the clothes that Daisy had brought and reached out to touch them. A smile appeared on the corners of her mouth.

Daisy saw the smile on Sylvia's mouth and felt happy in her heart. Deegan also breathed a sigh of relief. It seemed that he had passed this time.

Just one second after Deegan came up with this idea, Sylvia snorted, threw all the clothes in front of her on the ground, and heavily slapped the tea table with her jade-like hands. "Daisy, do you still consider me your sister?"

Daisy was shocked all of a sudden, and her body trembled subconsciously. "Sister, I don't understand what you mean."

"You don't understand what I mean?" Sylvia stared at Daisy and scolded, "Daisy, you have really disappointed me. How can you

do something like getting a fake invoice? A bet of 12 million yuan! You are really awesome! I, Sylvia Lin, have been in the business circle of Yinzhou for so many years. I can figure out any intrigue, but I have never thought that my sister is actually a gambler! These clothes you are showing now are made of rubbish. Are you going to give these things to children? Where is your conscience?"

Daisy was stunned by Sylvia's sudden scolding. What was the most rubbish material? What was a gamble of 12 million yuan? Now her brain was blank and she didn't know anything.

Deegan, who was standing at the side, couldn't help but shiver. His face instantly turned pale.

Sylvia saw that Daisy did not speak, so she took out a bill from her bag and threw it in front of Daisy. "It's Minerva Industry's invoice. What do they do? I'm very clear. Money laundering, counterfeiting. You use this stuff to scam me? Daisy, really, you let me down!"

After Sylvia finished speaking, she stood up and didn't look at Daisy any more. She just walked away.

Sylvia's voice was heard again when she left the room. "The company won't bear the loss of 12 million yuan. You have to find your own way, or even if you are my family, I will deal with this through legal way."

Daisy's mind went blank and she stood there in a daze. Even after Sylvia had left for a few minutes, she was still motionless.

Deegan stood aside with a pale face. After a long time, he slowly walked to Daisy and whispered, "Daisy, you..."

"What the hell is going on?" Daisy gradually turned around and stared at Deegan. "Gamble? Did you make this fake invoice? Did you use all some rubbish material to make these clothes?"

"I'm... I'm sorry..." Deegan swallowed his saliva and said, "Daisy, I shouldn't be blamed for this. I was also trapped by others."

"Trapped? Who trapped you? If you didn't gamble, could anyone force you to do that?" Daisy's body trembled. "Deegan, you disappointed me too much! Twelve million! Misappropriation of the company's public funds, do you know what kind of consequences this will have? My eldest brother has been sentenced for embezzling public funds!"

"Ah? This!" Deegan shuddered. Embezzling public funds? Sentenced! A member of the Lin Family!

If the members of the Lin Family were sentenced, then Deegan did not dare to think about what would happen to him if he continued to think about it.

"Plop!"

Deegan knelt directly in front of Daisy and hugged her leg. "Daisy, I was wrong, I was really wrong, you must help me."

"Help you? How can I help you?" Daisy looked at Deegan coldly and said, "My sister now thinks it was me who gambled."

"What about auntie? She won't stand by and watch you go to jail. You can ask auntie to give you this money, right? As long as we don't go to jail, we will handle this matter well! Daisy, believe me, believe me!" Deegan pleaded.

Just then, a sigh came from the door of the office.

"Ah." Henry came in from the door of the office and looked at Daisy with pity. "It seems that you had bad luck meeting someone."

Hearing a voice coming from the door, Deegan looked at the door subconsciously. When he saw Henry walking into the door, he frowned and asked, "You?"

"Brother-in-law, I..." Daisy opened her mouth but didn't know

what to say.

Brother-in-law?

Deegan widened his eyes and looked at Henry in disbelief.

"You... you are..."

Henry shrugged to Deegan, and then smiled slightly. "Yes, I am."

Chapter 1090

At this moment, Deegan's expression looked as if he had seen a ghost. It was as ugly as it could be.

A strong sense of fall permeated Deegan's heart.

Ten minutes ago, Deegan was still fantasizing about how wonderful his life would be in the future, but now, after knowing Henry's identity, he instantly understood that the so-called opportunity was just a trap set by someone. He had lived under the control of others from beginning to end. From the moment he saw this man, from the day he showed off in front of him, he was destined to be ruined.

Henry looked at his watch on his wrist and said, "It's getting late. Your sister is waiting for me to have breakfast. Daisy, you can solve this matter yourself. Even brother-in-law can't help you."

Henry said, shaking his head and walking out of the office.

In front of the administration building, Sylvia stood in front of the door with a worried face. When she saw Henry coming out, she quickly walked up and asked, "Is Daisy okay? Isn't what I just said a little too much?"

"She is fine." Henry shook his head. "Daisy is inexperienced in the world. It's good for you to teach her a lesson like this. It's better than being cheated by others in the future."

Hearing this, Sylvia was relieved a lot, but she still felt confused, "Honey, since you knew that Deegan was not a good guy, why didn't you tell Daisy directly?"

Henry smiled bitterly and said, "Women are more emotional than men. Deegan is probably the first person Daisy has ever liked. If we directly interfere with Daisy's attitude toward Deegan, no matter what the result is, it will certainly leave a

barrier in Daisy's heart. You don't want to be estranged from your sister, do you? Now let Daisy see what kind of person Deegan is. Although it's a bit troublesome, it's better to repair the broken family affection later."

Sylvia nodded thoughtfully, "Hubby, you are really thoughtful. If I had to handle this matter, I wouldn't have been able to do it like this."

"Well, honey, you are responsible for the business. And I am in charge of family affairs. Haha, let's go and have breakfast. Daisy is a smart girl. At this point, she can handle it by herself. I have already asked Secretary Lee to take the money Deegan lost."

Henry pulled Sylvia's soft hands and walked to a breakfast stall not far away.

In the administration office.

Daisy stood there with dull eyes.

"Daisy, help me, please, help me!" Deegan knelt there, holding Daisy's calf, crying and begging.

Daisy clenched her teeth, her eyes glistening. She stared straight ahead, opened her mouth, and spat out two words, "Get out."

These words made Deegan feel relieved as if he had been granted amnesty. "Thank you, Daisy, thank you, please don't let me go to jail. I'll get out now, get out of here!"

After finishing his words, Deegan scrambled out of the office.

The moment Deegan stepped out of the door, tears welled up in Daisy's eyes. She collapsed on the sofa and sobbed.

After leaving the kindergarten, Deegan, like a stray dog, kept receiving messages on his phone. It was from Fatty and the other two, asking about the progress.

"Deegan, I've already contacted all the girls. Let's continue

partying tonight."

"Haha, I heard from my buddy that the first batch of samples has been sent over. How was it? Is it okay?"

"Deegan, I'll rent the Benz-Benz now."

Looking at the message sent by his three roommates, Deegan felt so depressed that he couldn't express his feelings. When he was walking on the street, Deegan suddenly felt that he had been hit by someone. At this moment, all his previous grievances and anger completely broke out.

"Damn it! Don't you have eyes?" Deegan shouted at the young man who had just bumped into him.

Alvin shook his head and looked at the man in front of him. A smile appeared on his face. "Interesting. It has been a long time since anyone dared to scold me like this. You are very good."

"F*uck you!" Deegan scolded again.

Alvin waved his hand and said softly, "Two people, tear his mouth apart, and then take him to the suburbs to be buried."

Behind Alvin, two people immediately came out and grabbed Deegan without saying anything.

"Go to hell!" Deegan waved his hand and hit toward one of them, but before he could throw a punch, he was hit on his neck and completely passed out.

At noon, at the villa in Luxury Village.

Henry stood in the kitchen with an apron around his waist. Several exquisite dishes had been put into the pot by Henry and were ready to be taken to Lins Group.

After Sylvia finished breakfast with Henry, she went back to the company to do her work.

Henry said as he was tidying up the stove, "Come in."

After Henry's voice fell, a fat figure came in from the gate of the villa. It was the person in charge of Yinzhou's office.

The fat figure stood at the door, bowed to Henry in the kitchen, and then said, "I have two things to report to you."

"Go ahead." Without turning his head, Henry wiped the stove with a cloth.

"Deegan is dead. He ran into the new king. Now he's in the western suburbs and has been buried."

"Oh? Alvin is back?" Henry asked in surprise. "What about the second one?"

"The news from the outside says that the King of Slaughter and the King of Disaster are seriously injured and are being rescued in Europe..." Before the fat man could finish his words, he quickly retreated out of the room. When he exited the door, his face was covered with dense sweat, and his eyes were full of horror. At that moment, he felt an irresistible pressure, as if he would be crushed by that pressure if he stayed a second longer.

"What's the matter?" Henry came out of the kitchen, picked up a tissue and wiped his palm.

The fat man dared not to enter the door again. He stood outside the door and replied, "The specific situation is unknown. The other kings have rushed to Europe."

Henry threw the tissue in his hand into the trash can and whispered, "Book the tickets."

"Got it." The fat man bowed his head in response and then left.

Henry turned his head and looked at the wedding photo hanging on the wall of the living room. He sighed, sent a message to Sylvia, went out and stopped a car, and went straight to the airport.

In a luxury hospital located in Yizhou Country of Europe.

The reason why the hundreds of doctors were so scared was that there were two special patients in the emergency ward. One of them was the heir of the largest family here, the future patriarch of the Nuoman family! So far, he had been in a coma for nearly 24 hours.

Numerous guards had completely surrounded the hospital.

Doctors in the hospital were the most outstanding in this country, but they still couldn't do anything about it.

In the hospital, a grey-haired, wealthy lady was sitting in the middle of the main hall. Next to her were all the upper echelons of the alliance. These people were usually so well-informed that they didn't even dare to breathe.
