

Chapter 1329

The oppressive Qi and twenty-six people gave everyone in the ancestral land of the Su Clan a feeling of horror.

When Gardiner threatened the elder of the Yang Clan, no one believed that he could call anyone, Cleve included. So they were scared and surprised at the same time.

Cleve tried to find Gardiner, but Gardiner had disappeared.

"D*mn, the feeling of running away after a bluff is so good!"

Gardiner rushed to the yard gate with excitement. Henry happened to walk in.

Although the elder of the Yang Clan was conceited, he was not stupid. He could feel how powerful the opponents were.

"Who are you?"

The elder of the Yang Clan asked, looking at Silas.

"You are not worthy to know my name."

Silas said.

The elder of the Yang Clan felt humiliated.

The elder thought he was from the Yang Clan, and no one should question his worthiness. No matter how powerful the person would be.

No one could act so arrogantly to the Yang Clan. People who were at the ancestral land of the Su Clan all felt the force. They ran out to find out what was happening.

Silas looked down and asked, "Which ones are the people from the clans?"

"They are!"

Gardiner suddenly appeared from nowhere. He ran around like a pug and pointed his finger at people, "He is from the Yang Clan. This one is from the Li Clan. That belongs to the Wang Clan. That's Xie and Qian."

After a round of pointing fingers, Gardiner disappeared again.

"All right."

Gardiner nodded and waved his hand.

At the gate of the ancestral land of the Su Clan, the group of young people, who were slapped by the short man earlier, walked in, trembling. They carried their own elders, who were crippled by Silas.

Seeing their swollen faces and the crippled people on their backs, the other people of the clans all looked horrified.

"The show is about to begin! Does anyone want inside info?"

It's a hundred yuan per piece." 

Gardiner whispered to Cleve mysteriously.

"Who are these?"

Cleve looked at the people hovering in the air and asked. He could tell the elders on the young people's backs were crippled. These people could harm all the people from the clans but didn't cause Gardiner to be alarmed. Cleve was very curious about their identities.

Gardiner didn't answer Cleve. He rubbed his fingers in front of Cleve.

"Does this count as bribery?"

Cleve took out a hundred yuan bill and put it in Gardiner's hand.

Gardiner put the bill under the sun with a big smile on his face. After checking the watermark, he put the bill in his

pocket and said, "I earned it. It has nothing to do with the organization I'm working for. Cleve, taking my advice. Don't mess with those people. They came with that guy."

Gardiner said as he pointed at Henry.

Looking toward the direction Gardiner was pointing, Cleve saw Henry. He felt awkward facing Henry. Ever since the battle at Emperor's Mausoleum in Western Xia, it was the first time Cleve met Henry. Cleve still felt sorry for Henry to that day. Because of his interference, Henry couldn't subdue Joselito. As a result, Joselito gained the upper hand. If it weren't for the three families and Martial Emperor, Henry could have died.

"Long time no see."

Henry walked up and greeted Cleve first.

Cleve didn't expect Henry could greet him. He smiled awkwardly and said, "It has indeed been a long time."

Standing not far away from Cleve, Cesia's eyes never left Henry since Henry walked in.

"Excuse me. Your attention is placed on a very strange place."

Gardiner rolled his eyes at Cleve, "Why didn't you comment on the fact that he brought those people here? Can't you see what that means?"

Cleve was confused, "Henry brought them over..." Cleve was stunned, " You... you... you mean..."

Gardiner squinted and smiled with satisfaction, "I was holding back the information for a long time, and I was waiting for your stunned face. Finally, there it is! It feels so good to make people surprised."

Cleve took a deep breath. He had to be extra alarmed after learning that the people hovering over his head were former prisoners of the City of Hell. He had heard

the rumors that they had been freed. The leak of the information that the president lost one arm gave Cleve another reason to be cautious.

Among the top practitioners of Qi, everyone knew the name of Ghost God Silas?

As one of the most well-known experts in Qi, Silas could single-handedly change the power dynamic of the entire world.

"What... they..." Cleve murmured.

Gardiner rubbed his fingers again. 

Cleve tossed Gardiner five a-hundred yuan bills.

"Rich."

Gardiner put away the money with satisfaction. He then said, "In this case, I'll offer you the full package. The people of the clans' declared war on Silas. They had presented their badges."

"A war?"

Cleve was stunned, "Why?"

"I don't know."

Gardiner shook his head, "I've told you everything I know. You can ask me more, but I won't be able to answer you. All you need to know is that a show is about to begin."

The corners of Cleve's mouth twitched, "You just charged me five hundred yuan for one piece of information."

Gardiner turned his head aside and whistled. Cleve was speechless to Gardiner's jerk attitude.

The young people walked toward their elders, trembling. One of them said while sobbing, "Please...please help us..." "What's going on?"

The elder of the Yang Clan asked.

The young man of the Xie Clan collapsed down onto the ground. His father, who was carried on his back, dropped to the ground. He sobbed and said, "My father... my father and all the other elders... they are crippled!"

The young man's conceit had been replaced by terror.

"What?"

The young man's words like a bomb, causing an explosive effect among the people from the clans.

"How could it be? How dare they do this to us!"

A Divine Realm master from the Li Clan said angrily, "How dare they harm our people? The audacity of those people!"

"They are taunting us deliberately! They are shaming us!"

The Divine Realm master from the Qian Clan said.

"The Xie Clan will fight against all of you till the end!"

A master of the late stage of Qi-concentrating Realm from the Xie Clan said. Their only Divine Realm master had been crippled.

"How a world. People already pick on us the moment we are going to return to the secular world."

Two Divine Realm masters from the Wang Clan spoke.

"For the people who humiliate the clans, their destiny will be only one, death!"

The elder from the Yang Clan formed a Qi staff in his hand.

Chapter 1330

People of the five clans looked up. The oppressing force made them hard to breathe, but they stood strong. They believed that as members of the five clans, they would be invincible!

Silas looked down and took the gigantic sword from behind his back. He said, "Are you done? The time I left for you was for your last words, and you just wasted it on a bunch of nonsense."

Finished his words, Silas waved his sword slightly.

All the members of the five clans were stunned by what they were seeing. A red dot appeared on the foreheads of the six masters of Divine Realm, and then, all six of them fell on the ground and never moved again.

Such a bizarre scene scared everyone.

All the other people from the clans collapsed on the ground. Helplessness and fear were the only things left in their eyes. They could no longer feel their limbs anymore, not even the pain.

Silas sheathed his sword and landed on the ground.

The other twenty-five people all landed after Silas.

Victor knew what the five clans represented. He couldn't believe his eyes when he saw the man with a gigantic sword on his back just killed or disabled every member of the five clans.

Seeing Henry's arrival, Victor walked up to him, trembling.

"Mr. ... Mr. Zhang ..."

"What on earth has happened?" Henry asked directly the moment he saw Victor.

"It's..." Victor looked at the pit. Just as he was about to speak, he noticed that Silas was walking over. Victor immediately shut his mouth.

"Henry, what have you learned about your wife?" Silas smiled and asked Henry.

"She is my goddaughter-in-law. You have to find out what has happened to her!" Erin said.

Victor was surprised to see those fearful people treat Henry so nicely.

"You don't need to be afraid," Henry said to Victor.

"Mr... Mr. Zhang... they... they are your..." Victor's voice trembled. Henry nodded before Victor finished his sentence. Victor took a big breath in. The organizations around the world had put Victor under a great deal of pressure. He also had been worrying that Henry could also be pressured for an answer. But at that moment, Victor understood that he had underestimated Henry's capacity.

"Tell me," Henry glanced at the pit and continued, "What happened?"

Victor calmed himself down and answered, "It started from the moment I found out that Sylvia's blood was comparably pure. I even found out traces of Atavism in her blood. I mentioned it to her, but she didn't put too many thoughts into the matter. I knew that awakening of the power of blood is forbidden, so I restrained my curiosity. Until one day, Sylvia contacted me and told me that she wanted to wake the power of her blood. I tried to dissuade her, but she insisted. So I brought her to our ancestral land."

"Why did Sylvia insist?" Henry was puzzled, "I don't understand?"

"I don't know," Victor shook his head, "I asked, but she

refused to tell. Sylvia knew nothing about Qi. The only way to wake the power of her blood was through absolute pure blood. But after generations, there is no absolute pure blood existed. Sylvia's blood was purer than anyone in her family, but it's still far from sufficiency. So I decided to try the secret method."

"How could you use the secret method on a normal person?" Silas suddenly spoke.

"What is the secret method?" Henry asked.

"It's similar to modern-day blood transfusion," Silas explained, "The blood would be drawn from a person's body for purification, and the purified blood would be transfused back to the person. After repeating the process for a certain amount of time, Atavism would be achieved. Generally speaking, a Divine Realm master is capable of such treatment. A transfusion happens every ten days, and Atavism could be achieved in decades. But the method is extremely dangerous to normal people."

Hearing Silas' explanation, Henry was anxious, "If it would take a Divine Realm master decades to achieve, what is it going to happen to Sylvia?"

"I've warned her about it," Victor sighed, "But she still insisted. Moreover, she learned about the method from somebody else. This person told her that it was doable. Sylvia brought over many devices used in blood generation to help her achieve Atavism."

Henry clenched his fists. Even he didn't know about the secret method. Why did someone abet Sylvia to do it? Who was that person? Why did Sylvia become their target?

"How did she disappear?" Silas asked as he walked toward the pit.

People who gathered in the ancestral land of the Su Clan

had planned on interrogating Henry. The arrival of Silas and the other former prisoners of the City of Hell brought miserable ends to the people of the five clans. So people from the other three organizations wouldn't dare to make another move anymore. Alvin even hid away.

They just stayed in silence and listened to Henry's conversation.

Victor followed Silas to the pit.

Cleve took a look at the disabled people of the five clans. He then looked at the gigantic black sword on Silas' back. Cleve swallowed a mouthful of saliva and murmured in awe, "Cut without the blade and eliminate from the root. Is it the power of ancient weaponry..."

"Don't underestimate the power of ancient weaponry," Gardiner shook his head and said in a mysterious tone of voice.

"What do you know about it?" Cleve looked at Gardiner seriously. Judging from the tone, Cleve thought Gardiner should know a lot about ancient weaponry.

"I know nothing," Gardiner shook his head.

"But you..."

"I just thought the tone of voice would make me sound intelligent," Gardiner said as if bluffing was a reasonable thing to do. 

Cleve clenched his fists.

Henry, Silas, and Victor stood near the pit.

Silas closed his eyes. He was trying to sense something.

Victor continued, "Sylvia was undergoing the secret method at this spot. Everything was going according to the plan. But one day, a huge earthquake happened here,

and Sylvia disappeared. The pit appeared afterward."

Chapter 1331

After hearing Victor's words, Henry knew that he knew neither how Sylvia disappeared nor how the pit got here.

"Below us is the ancestral temple of the Su Clan. You'll need to get down there if you want to wake the power of the blood. But, it has been destroyed now."

Victor sighed, full of sorrow. As the head of the Su Clan, He felt ashamed for bringing down such a disaster to the Su Clan.

Henry jumped into the pit without hesitation. He saw the ruins of the ancestral temple of the Su Clan. But there was no passageway down in the pit.

Henry looked around in the pit and went back up. He asked Victor, "Are you sure that Sylvia disappeared when she was down there and not went back up?"

"I'm sure."

Victor nodded, "I was here the whole time when things happened. The entrance of the ancestral temple is locked, and no one has touched it. No one saw Sylvia came up from the pit."

"Henry, does this situation sound familiar to you? It's very much like what you have experienced in Antiquity Country."

Silas spoke after a long moment of pondering, "People just disappeared from thin air."

Henry was stunned. He then asked, "But how?"

"Of course, people don't just disappear."

A person appeared above the pit.

The person brought hope to the people from the clans.

"Martial Emperor is here!"

"Martial Emperor is here for our justice! He is here to punish the people who did this to us!"

"Martial Emperor, he is evil and ruthless, and he killed our clans' people. You have to execute him!"

The clans' members who were paralyzed on the ground all spoke.

Martial Emperor glanced over on the ground. He then saluted Silas with a fist and palm gesture, "I, Dougal Li, am honored to meet you."

Dougal's reverence for Silas shocked all the clans' people.

In the minds of the clans' people, Martial Emperor was omnipotent, and they treated him like God! But at the moment, their God acted inferior to Silas. The clans' people were stunned. They also regretted choosing Silas to be their enemy. For the first time, they felt powerless as clans' people.

The group of the young people of the clans was regretted they picked Silas and his friends to mess with. The father of the young man of the Xie Clan was lying on the ground in desperation. He had hoped his clan to revenge him. At this moment, he was just scared of what his clan would do to him after knowing that he declaimed war against Silas holding the Xie Clan badge in his hand.

Silas looked at Martial Emperor and asked, "Are you here to plead for them?"

"No, I'm not."

Dougal smiled, "I've stopped myself from getting involved with the business of the clans for a long time. The grudge between you has nothing to do with me. I'm here for something else. I'd like to ask you and all your friends a favor."

"A favor?"

Erin frowned.

"That's right."

Dougal nodded, "Although you can't enter the stage of Spirit- controlling Realm, you're undeniably invincible against anyone from the Realm you are in. I could really use the help of all of you."

"What for?"

Silas asked.

"Go to Mount Kunlun."

Dougal took a deep breath and said, "Suppress the Evil Spirit!"

"The Evil Spirit!"

Silas's body trembled slightly.

The expression on Silas' friends turned solemn.

"Can we talk in private?"

Dougal made a gesture and jumped into the pit.

"Henry, I'd like you to come with us too,"

Said Silas. He jumped in after Dougal.

Everyone jumped in the pit one by one. Henry was the last to jump.

Twenty- eight people crowded in the ruins of the ancestral temple of the Su Clan.

Dougal looked at Henry and said, "I've been paying attention to what happened to your wife. I can assure you that your wife didn't leave through the top. My guessing is that what happened to your wife is similar to what you have experienced in Mountain of the Gods. There was a doorway appeared, and people left through it, but the doorway doesn't appear just anytime."

Henry shook his head in confusion.

Dougal sighed, "There are things that you won't be able to understand just yet, and there are certain things that will do you no good once I tell you. The only thing you can do now is to make yourself stronger. So you can handle them in time. I'm also looking for your wife. She is not the only one that mysteriously disappeared. The clans also have people disappeared too. There is a chain of reaction happening right now."

Dougal finished his words and never spoke again. As Martial Emperor, he wasn't obliged to talk to Henry, but for the sake of Justus Lu and Silas, he told Henry everything that he could. Although Spirit-controlling Realm was just one step higher than Divine Realm, people from these two stages lived in a completely different status.

"What is the Evil Spirit you mentioned?"

Silas asked.

"I can't be sure for the time being."

Dougal shook his head, "There is a huge commotion in Mount Kunlun. I'm not sure if I can handle it, so I was hoping that you and your friends could lend a hand."

Silas considered for a brief moment and nodded, "Okay."

Erin and the others had no reason to refuse once Silas said yes.

"Thank you for your kind help. There's no time to waste. Let's go."

Dougal saluted in the gesture of fist and palm. Before leaving, he said to Henry, "Please let us know if you hear anything about your wife. She holds something very important. The person who told her about the secret method of the bloodline is someone whose importance is beyond your imagination. Please don't make any selfish decisions." 

Dougal then jumped out of the pit.

Silas looked at Henry and said, "I'll tell you things about the Evil Spirit later. I can't feel anything out of the ordinary here, so I can't tell you anything about your wife. You'll need to be careful."

Silas also jumped out of the pit.

Erin and the others followed Silas.

"It's the same situation as which in Antiquity Country."

Henry murmured. Judging by Dougal's reaction, Henry was sure Dougal was telling the truth that he didn't know where Sylvia was.

What on earth happened?

There was a fire burning inside Henry's heart. He couldn't compose himself when Sylvia was involved.

By the time Henry left the pit, Silas and the others had already left, leaving only the clans' people lying on the ground.

"Henry, if you want Peze alive, tell me where Sylvia is."

Alvin stood in front of Henry.
