

Chapter 1414

In Northern Academy of Ensver City.

As the principal of one of the three major academies in Ensver City, Juda could be said to be one of the top people in Ensver City. Ordinary things couldn't arouse Juda's interest. What he was pursuing was something else. For example, by achieving more results, he could attract the attention of the higher levels of the Meng Family.

Today, Juda was in a good mood. In the past two days, due to the appearance of Radiant Island, the number of bandits around the whole Ensver City had been sharply reduced. There were no bandits within hundred miles. In the whole mountain area, no town had ever done this. Especially recently, due to the activity of Seven Protectors on Mountain Heng, all the towns in Wanshan District were invaded by bandits. The merchants coming and going were miserable, and the soldiers guarding the city were also very anxious. There was nothing they could do.

For the past two days, Juda had been focusing all of his attention on the management of the bandits surrounding Ensver City. His communication device had been off, and no one could disturb him.

Today, Juda finally finished all of his matters, walking out from his own director's office.

"Master, you've come out."

A member of the Meng Family had waited from last night until now. When he saw Juda's figure, he immediately came up to him with an anxious look on his face.

Juda looked at the anxious face of the man from the Meng Family. If it was in the past, he would definitely scold him. In the academy, the Meng Family needed to maintain their image, but today, Juda was in a good mood. He smiled and said, "What's the matter? Why are you so impatient?"

"Patriarch, someone killed Orfeo last night."

The man continued, "It happened at a party last night. Now all the people in the city know about it. Everyone is saying that our Meng Family is being ridden on by others!"

Juda frowned. "What's going on?"

"Have you dealt with the murderer?"

"It's arranged."

The man nodded. "We've already sent six men over last night, but we haven't heard from any of them. That person knows Zylvia Yi, and we've already caught her. We've just received news that the person is already in the Meng Family's courtyard."

"Which force is the person from?"

Juda had a serious expression on his face. Whoever dared to charge into the Meng Family's courtyard was definitely not a simple character.

"How many people?"

The person from the Meng Family said. "There's only one person. He was too aggressive. I've heard that he killed twenty-eight subordinates under Master Niu. His strength is at the peak of the Divine Realm."

"Only one person?"

"Aggressive?"

Juda asked doubtfully, "What's his name? Why don't I know that there's such a person in Ensver City?"

"Did you do a background check?"

"Yes."

The man from Meng Family nodded. "The background has been investigated. It's very clean. He should be a rogue cultivator. His name is Syl Zhang."

"Syl Zhang!"

Juda's body suddenly trembled.

"Master, do you know him?"

The man from the Meng Family noticed the change in Juda's expression.

Juda didn't reply. He turned on his communication device, trying to contact the family, but no matter what, his call couldn't get through. Juda switched to a few people to contact, but no one connected. This made Juda realize that things were not going well in an instant.

"Quick, let's go back!"

At this moment, Juda didn't care about his image at all and rushed out.

In the whole Ensver City, there were only three people who knew Henry's identity, Derbey, Absalon, and Juda.

Currently, the words 'Radiant Island' were already well-known by the residents of Ensver City. This was especially true when it came to the

fact that there was a Supremacy Master who took care of bandits, and he was rumoured to be extremely miraculous.

Later on, Juda also went to verify that the one that was hacked apart indeed had traces of a Supremacy Master taking action.

Radiant Island was a power with a Supremacy Master! Even if there were all sorts of supreme experts at the peak of the Divine Realm in Ensver City, not a single one of them would become a Supremacy Master. Supremacy Masters were at the top of Wanshan District.

Although as the principal of the Northern Academy, Juda had an official background, he still wanted to maintain a good relationship with forces like Radiant Island. But now, the first person who had a direct conflict with Radiant Island was his own family! He knew exactly how his family operated. If such a person dared to offend the Meng Family meant that the Meng Family naturally wouldn't let him to live. Once they made a move, they would try to kill him, but would they be able to kill the people of Radiant Island?

Did the Meng Family have the power to do so?

Not to mention the Supremacy Master hidden in the shadows, even Syl, who was at the peak of the Divine Realm, was not easy for the Meng Family to deal with! After all, Juda had sensed the power that person had displayed that day. He was very strong! The other party's divine could make Juda feel a strong sense of danger.

Juda flew through more than half of Ensver City and landed in the Meng family's compound.

When Juda saw the Meng Family's courtyard for the first sight, he saw that the flowers and green leaves were now covered in bright red blood. In the courtyard, there were corpses everywhere.

Juda felt a chill in his heart as he hurriedly looked towards the depths of the courtyard. The moment he turned his head, he saw his younger brother, his eyes wide open as he looked at him.

"Meng..." Juda was just about to call out the man's name when he saw the man fall to the ground. The moment he fell, a figure wearing a black mask appeared behind Juda's brother.

With messy hair and bruises all over her face, Zylvia was standing less than half a metre behind the figure with the mask. Her eyes were lifeless and her body was trembling.

In addition, there was no living person in the Meng Family! Juda looked at everything around him, trembling, and stared at the figure in front of him. "You... you... what did you do?! Syl Zhang, you are crazy!"

Henry, who was wearing a mask, tilted his head and looked at Juda in front of him, saying, "I have told you that when I wore the mask, you can't call my name. You have broken my rules."

"The rules!"

Juda trembled all over. "I'm not talking about rules, I'm talking about the entire Meng Family!"

"What's wrong with the Meng Family?"

Henry felt strange and said, "When I entered the house, I asked them if they wanted to go to war with me, and they said yes. If they want to go to war, then be it. What's wrong?"

"Good! Very good!"

Juda's face was so sullen that it seemed like it was about to drip out water. "You exterminated my Meng family. Today, I, Juda Meng, will kill you even at the cost of my life!"

Behind Juda, a fiery-red lion was formed, and the male lion roared into the sky.

"You don't have to be so angry."

Henry opened his arms. "After all, no matter how angry you are, you can't hurt me."

"Is that so?!"

Juda gritted his teeth, and then his body suddenly rushed forward and went straight to Henry.

"Too slow."

At the tip of Henry's finger, a purple light formed. Henry gently waved his arm forward. The violent Juda suddenly stood in the same place. Such a daze lasted for three seconds. After three seconds, blood sprayed from Juda's neck.

"From the moment you broke my rules, you shouldn't have been alive."

Without even looking at Juda, Henry strode out of the Meng Family's courtyard.

Chapter 1415

A single person was capable of destroying the entire Meng Family! In this world of Qi practitioners, a powerful Qi practitioner could easily deal with the Jin Group.

Of course, Henry could also choose not to kill the Meng Family, but he had the freedom to choose.

Currently, everyone in Ensver City had heard of Radiant Island, but their limited understanding was limited to Radiant Island. They did not have a correct understanding of it, and the various forces in Ensver City were no exception. They had only heard that there was a Supremacy Master on Radiant Island who had made all the bandits submit to him. However, they did not know what kind of force Radiant Island was.

This time, the appearance of the Meng Family gave Henry an opportunity to inform others that Radiant Island would not take the initiative to provoke others. However, the Island should not be provoked! One day, a piece of news instantly swept through Ensver City and formed a tornado. The people who heard the news were all shocked! The Meng Family was annihilated! The Meng Family! One of the three great families in Ensver City! The head of the Meng Family, Juda, was the head of Northern Academy. However, such a great figure also died in the courtyard of the Meng Family. His throat was cut off, and his face was full of unwillingness. The bodies of the Meng Family members were scattered all over the place, blood flowing like a river, and the smell of blood gushing into the sky.

Everyone was guessing who had destroyed the Meng Family. The first person that they thought of was the young man who killed Orfeo at the Stardance Hotel yesterday. However, it was soon overthrown by someone. How could such one person destroy the Meng Family?

In the Meng Family, there were four experts at the peak of the Divine Realm! Suddenly, a piece of news came out. Someone said that the Meng Family's people kidnapped Zylvia. In the end, people saw Zylvia and a figure wearing a black mask walk out of the Meng Family together, and then the Meng Family was gone.

The figure with a black mask! When the black mask was mentioned, the first thing that came to everyone's mind was Radiant Island! Could it be that it was Radiant Island who had killed the Meng Family? If it was Radiant Island that took action, then it had the strength to do so. After all, Radiant Island was a supreme existence! Zylvia actually had

the connection to Radiant Island! The first thing that happened was that there were countless media with keen sense of smell to capture this news. As for Syl, he was chosen to be ignored.

Henry sat at home and turned on the communicator. He read some media reports and the discussions among the residents of Ensver City. Everything was going as he wanted.

This morning, when he went to the Meng Family, Henry avoided all the monitors along the way. Now no one knew that Henry had been to the Meng's house. Except for Zylvia, there was no one else.

Henry needed a springboard. In Ensver City, there was only one spokesperson of Radiant Island, Derby. It was not enough. Henry also needed one more spokesperson, Zylvia.

Derby's position was high and the presence of Radiant Island didn't have a particularly high influence on his position in Ensver City. However, Zylvia, who was a movie star and had a certain amount of public influence, was weakling compared to a large force. When this weakling climbed up to the top of Radiant Island, many changes would happen. And that was what Henry wanted to achieve.

At this moment, for the majority of Ensver City's residents, Zylvia was standing behind Henry.

Henry turned off the communicator, looked at the woman standing behind him, and said, "Sit down, what are you doing standing there?"

"I..." Zylvia looked at Henry. After knowing Henry's identity, the current Zylvia was no longer as free and easy as before. She never thought that the big shot that she wanted to meet yesterday was the one who asked her to come and eat every day.

Today, Henry slaughtered the entire Meng Family by himself, and even Juda was killed by Henry. Such an impact made Zylvia unable to be as calm as before in front of Henry.

"Sit down."

Henry spoke again.

Zylvia nodded slightly. She then walked to the sofa shakily and sat down carefully. She only sat at a corner of the sofa and did not dare to take any more space.

"That's okay. You watch TV for a while. I'm going to cook."

Henry got up and went to the kitchen.

Soon, the aroma from the kitchen spread to the living room. In the past, Zylvia was so excited that she would rush to the dining room at this

time, but now she was still sitting in the same place without moving.

"Let's eat."

After Henry set up the table and shouted, Zylvia slowly walked up to Henry and sat down opposite him. She picked up her chopsticks but did not pick up the food for a long time.

Henry also knew what Zylvia was thinking, so he did not say much. While eating, he said, "What do you plan to do next? I estimate that you may not be able to continue acting. Now the city is talking about the relationship between you and Radiant Island."

Zylvia did not speak.

Henry picked up a dish, put it in Zylvia's bowl, and said at the same time, "I want you to be my representative."

Zylvia's body shook and she looked at Henry.

"This is a choice. If you want to continue to be in shadow, I will tell everyone in the name of Radiant Island that the destruction of the Meng Family has nothing to do with you. It's just that they provoked me. If you choose another option, then you will be the representative of Radiant Island in Ensver City from now on. Everything you say will represent what Radiant Island has said. I think you should understand the stakes in it."

Zylvia remained silent. However, one could see that there was a clear desire within her eyes. Similarly, there was also a lot of worry mixed within it.

"I'll give you ten seconds."

Henry pulled the rice in the bowl and said, "If you can't give me the answer in ten seconds, I will understand that you choose the first option."

"No, I agree."

All of a sudden, she stared at Henry and said, "What do you need me to do?"

At this time, Zylvia clearly felt the helplessness she felt toward those great powers. In front of others, she was a celebrity. But in the eyes of those great powers, she was just a toy who could be manipulated by others. Master Niu wanted to deal with her, but she had no chance to fight back. A young member of the Meng Family could point his nose at her and shout abuse. This feeling was enough for Zylvia! Today, in the Meng Family's courtyard, all that Zylvia had seen, although she was scared, made her more excited. Although she did not show anything on

her face, when she saw that scene, Zylvia believed that this should be real life, a life that was not trampled by others! Henry snapped his fingers and said, "It's a good choice. The first thing I want is to go and solve the problem with Master Niu."

Chapter 1416

"Deal with Master Niu?"

Zylvia was stunned.

"That's right."

Henry nodded slightly and said, "Shouldn't all the people who offend you be dealt with?"

Hearing these words, Zylvia's body trembled. She wasn't a fool. After staying in the entertainment industry for so many years, she was more sensitive than others. The hidden meaning of the words of this person in front of her was that anyone who had provoked Radiant Island had to be dealt with! He wanted to use her to tell everyone that not only did Radiant Island gather all the thieves and bandits, but also people from Ensver City were not allowed to provoke Radiant Island! Radiant Island wanted to dominate the entire Ensver City! "Come, let's eat first."

Henry smiled faintly.

Today, all the people in Ensver City were in total chaos. When the bandits outside of Ensver City learned that the Meng family had been destroyed by Radiant Island, they all gaped in astonishment. They knew very well what kind of existence the Meng family was. It was very powerful. But this force was destroyed in the blink of an eye. What kind of immortal organization was the island that they were following? The higher-ups of the three major academies held an emergency meeting to discuss the matter regarding Radiant Island! In front of the biggest casino in Ensver City, an exaggerated sports car stopped. The door of the car opened, and a well-dressed Zylvia got out of the car at the same time as Henry. However, Henry was wearing a black mask.

At this moment, Zylvia was no longer as disheveled as she was before. Her long hair draped over her shoulders, her beauty was outstanding, and all the bruises on her face were gone. She strode towards the door of the casino.

Henry followed Zylvia.

The moment Zylvia appeared, the media, which had been waiting for her all day, immediately rushed over like hungry wolves who saw food.

"Zylvia, what does this incident of the Meng Family have to do with you?"

"Is the Meng Family destroyed because of you?"

"Did you join Radiant Island?"

One question after another followed.

Zylvia was still smiling in front of the camera, and a powerful aura was emanating from her. As a film star, she knew what kind of gesture to show her charm was the best.

When Zylvia walked into the casino, the media wanted to follow her, but they were all stopped.

"Where is Master Niu?"

As soon as Zylvia entered the casino, she asked.

One of the receptionists replied respectfully, "Master Niu is in the office. I'm going up to..." "No need."

Zylvia directly interrupted the receptionist's words and then strode toward the direction of Master Niu's office.

In the resplendently decorated office, Master Niu frowned. He couldn't figure out how Zylvia was connected to Radiant Island. Moreover, what Radiant Island did was out of his expectation. He thought that Radiant Island would only intervene between Ensver City and the academy, which was equivalent to what Derby did before. The difference was that there was a certain restriction on Radiant Island to the bandits. But now it seemed that things were not like this at all. Radiant Island was going to invade the whole Ensver City! With a "bang", the door to Master Niu's office was opened.

Master Niu was about to lose his temper on the spot. He looked up and found that it was Zylvia who came in. Behind her, there was a figure wearing a black mask. It was the so-called Reaper! Master Niu could instantly figure out what Zylvia was doing here. He stood up, tidied up his clothes, and strode toward Zylvia.

Master Niu walked up to Zylvia. When he was about to speak, she slapped him on the face.

Pa!

A crisp slap sounded.

Master Niu, who was about to speak, was stunned by the slap from Zylvia. He looked at Zylvia and then at the figure standing behind her. He was stunned and didn't say a word.

At this time, the subordinates of Master Niu were standing outside the door of Master Niu's office. They clearly saw Master Niu being slapped, and no one dared to say a word! Why?

Just because behind Zylvia, there was a figure wearing a black mask.

This was the Reaper of Radiant Island! Who would dare to offend the entire Radiant Island, especially when they had just destroyed the Meng Family! After a slap, Zylvia paused for two seconds, then sent a few more slaps towards Old Man Niu's face.

"Clap! Clap! Clap! Clap!"

The crisp sound continued, Master Niu could clearly feel the pain on his face. However, facing weak Zylvia, a movie and television actress that he once wanted to crush, Master Niu did not dare to do anything at the moment. Everything was because of Radiant Island! "Forget it, I won't fight anymore, my hand hurts."

Zylvia waved her hands, walked to the side, and sat down.

Master Niu still stood in the same place and waited for a few seconds. Master Niu gradually turned around and looked at Zylvia. He took a deep breath and said, "What on earth do you want to do?"

Looking at Master Niu, Zylvia suddenly smiled and said, "Master Niu, look at what you said. Of course, I do what I want to do. Come on, kneel down."

Master Niu's eyes widened. "What did you say?"

"Kneel down. Why don't you understand?"

Zylvia repeated again. "If you don't kneel, you'll die."

Master Niu clenched his fist and said, "Zylvia, I admit that you've climbed up this big tree on Radiant Island now. But don't think that you can ride on the head of a man surnamed Niu just because you've climbed this big tree. When I came out, you haven't weaned yet. When did it become your turn to point fingers at me?"

"When is it your turn to point fingers at the people of our Radiant Island?"

Henry, wearing a mask, suddenly said in a hoarse voice, "If the people of the Radiant Island ask you to kneel, you have to kneel. Do you understand?"

"She has made her words very clear. Kneel or die!"

Henry's voice was hoarse, but it was clearly delivered.

Kneel or die. This sentence was not only said to Master Niu, but also to everyone outside. Today, since Zylvia appeared in such a high profile, the major media came one after another. They believed that this sentence would soon spread throughout Ensver City.

Master Niu stared at Henry and said, "I know that your Radiant Island is powerful but it doesn't mean that you can do whatever you want in

Ensver City and not consider the three major academies. I know your rules very well. I didn't cross the line. If you want to fight me, it will mean that you don't care about the rules of the three major academies!"

Now, Master Niu could only mention the three major academies. The official background of the three major academies should be able to make the Reaper in front of him hesitate for a moment.

"Rules?"

Henry stood in front of Master Niu with his back facing the door. "The Reapers have their rules. The mask can't be removed. Those who have seen the face under the mask have to be killed. Now..." When Henry said this, he suddenly lifted the mask on his face and grinned at Master Niu. "Now, you have seen my face."

Chapter 1417

Looking at this delicate face in front of him, Master Niu was shocked.

"It's you!" Master Niu's breath began to quicken. He never thought that this person was from Radiant Island. His strength was at the peak of the Divine Realm. He was the person who had destroyed the entire Meng Family, and he was the one who had first mentioned Radiant Island!

Henry looked at Master Niu with a smile. "Anyone who has seen my face under my mask has to die. This is my rule. You broke the rule, so it's time for you to die."

After Henry finished speaking, a black phantom shadow appeared behind him.

Master Niu's eyes widened as he stared at the illusionary figure behind Henry. His lips were even trembling. "Su... Supremacy Master!"

All the people outside the door were also staring inside the office.

"Supremacy Master!"

"Supremacy Master! I can't believe I've run into a Supremacy Master!"

"Legend has it that there is a Supremacy Master on Radiant Island. I didn't expect it to be true!"

"Is this the Supremacy Master who split the mountain with a single sword strike?"

"No! It's said that the Supremacy Master of the Battle Spirit was a white swordsman, but this one is obviously black!"

There was an uproar outside the door.

On the surface, Zylvia appeared calm, but in reality, her heart was already in turmoil. This Syl had exceeded her expectations time and time again. She originally thought that he was only at the peak of the Divine Realm, but she didn't expect him to be a Supremacy Master! How old was he? He was only in his twenties! Zylvia had never heard of such a young Supremacy Master in the whole Wanshan District!

Henry slightly raised his hand, and the black figure behind him also lifted his hand.

Henry's voice came into Master Niu's ears, "Those who break the rules can't live."

A streak of black sword radiance flashed past. Master Niu widened his

eyes. His head separated from his neck and tumbled onto the ground. Meanwhile, his body was still standing there.

Henry put on his mask again and stood next to Zylvia.

Zylvia glanced at Master Niu's head that rolled to the side. She tidied up her slightly messy hair a little, and then strode out of Master Niu's office.

Those who gathered outside the door of Master Niu's office dispersed and left a large space when Zylvia stepped out of the office.

Henry was beside Zylvia. Everyone looked at Henry with respect and fear in their eyes!

Becoming a Supremacy Master was the ultimate goal of every Qi practitioner. They were people who could stand at the top of the world!

Those reporters who came didn't dare to take pictures and videos at this time. They didn't dare to treat a Supremacy Master like this!

Just like that, under the attention of thousands of people, Zylvia proudly raised her head and went out of the casino.

Master Niu, who had been an influential man in Ensver City for dozens of years, was killed!

On Radiant Island, a second Supremacy Master appeared!

These two pieces of news instantly swept through the whole Ensver City!

The officials of the three major academies were currently gathering together to discuss matters regarding the Meng Family.

The Radiant Island, without making a single sound, annihilated the entire Meng Family. This had touched the bottom line of the three great academies. Since Radiant Island dared to destroy the Meng Family, could it be that in the entire Ensver City, the other families would be wiped out as they pleased? After all, in Ensver City, no one dared to provoke the Meng family.

"This Radiant Island doesn't respect us at all."

"I thought he only wanted to do the dirty business, but now they've put their hands in Ensver City. That's intolerable."

"That's right. We have to teach him a lesson."

"If this continues, sooner or later, Radiant Island will want to ride on our head!"

The three major academies all expressed their displeasure towards Radiant Island. After all, the actions of Radiant Island this time had

already made them feel a sense of danger. Nobody knew who would be the next target of Radiant Island. If they didn't join forces this time, in the future, they would have to act according to the attitude of Radiant Island.

While the three academies were having a tight meeting, the door of the conference room was suddenly opened.

"Oh no! Master Niu is killed!" The person who opened the door of the conference room shouted as soon as he entered.

"What's going on? Who did it?"

"It's the Reaper of Radiant Island!" The man said hurriedly, "That Zylvia is related to Radiant Island. She had a conflict with Master Niu. Just now, when she went to Master Niu's casino, someone from Radiant Island guarded her and killed Master Niu!"

"How dare he?!" One of the upper officials of the academy slammed his palm on the table. "He kills whoever he wants in my Ensver City. He is insane!"

"Right, Radiant Island is crazy!"

"Haha, just in time. We were going to find an excuse to deal with them, but now, they took the initiative to take action just because of an actress. They killed the man surnamed Niu, which gave us a chance to finish our apprenticeship. Otherwise, if we take action directly, I'm afraid some residents will raise objections. After all, the matter of the bandits has been settled by Radiant Island."

"That's right. Radiant Island has its own rules, but the one surnamed Niu didn't break any of them. This Radiant Island only killed people because they wanted to help an actress. This time, even if there were people who were dissatisfied, they wouldn't be able to say it out loud."

"No." The man shook his head. "The Reaper took off his mask and let Master Niu see his face!"

"Truly arrogant to the extreme!" One of the upper officials of the academy smashed the table in front of him. "They took off their masks on their own and took the initiative to punish them! This Radiant Island is trying to use their so-called rules to change the laws of our Ensver City!"

"This is a defiance of our three great academies!"

"This kind of person must not be shown any respect to him!"

"How dare he! How dare he!"

Many of the upper officials of the academies were furious.

A voice rang out. "Everyone, think about it. That Radiant Island has a Supremacy Master. If we want to fight, it's impossible for us to be a match for the Radiant Island, just by relying on our few clans."

"So what? Let's not talk about the Supremacy Master. I even think that the so-called Radiant Island is the new identity the bandits have arranged for themselves. They mentioned the Supremacy Master themselves. Even though there are traces of the Supremacy Master taking action on that mountain, who has actually seen the Supremacy Master take action?"

"Correct. Moreover, we have to report this matter to the higher-ups. The higher-ups will arrange for people to come over. Even though the Seven Protectors of Mountain Heng are terrible, the higher-ups should be able to arrange one Supremacy Master to come and help us."

"Your highness." The person who had just pushed open the door and walked in took a deep breath. "I've just received news that the one who took action to kill Master Niu is a Supremacy Master!"

"Supremacy Master!"

"Is he really a Supremacy Master?"

"Correct, and that Supremacy Master is different from the rumours. Rumour has it that the Supremacy Master from Radiant Island controls the white-coloured True Spirit, and the Supremacy Master that appeared today controls the black-coloured True Spirit. Radiant Island has two Supremacy Masters!"
