

## Chapter 546

"Auntie, don't think about this anymore. What about you? How have you been recently?" Henry quickly changed the subject.

"I've been great, and that is all because of you. The hotel offers us meals, and my life is finally stabilized. Amity has done a good job. She has recently been promoted to manager and is in charge of the entertainment area. Let's go, I will take you to her. She would be thrilled to know that you are here." She smiled and looked at Henry. The more she looked at him, the more satisfied she felt.

Henry nodded.

Amity's mother took Henry to the elevator of the hotel.

The entertainment area of the hotel was on the fourth floor. At this time, there were not many people in the entertainment area.

When Henry and Amity's mother came here, a lot of people were busy cleaning.

"Amity, Amity, just accept. I've bought the tickets for the show."

As soon as they arrived on this floor, a man's voice sounded.

The expression of Amity's mother changed, and she asked in a low voice, "Why is he here again?"

"Who is it?" Henry asked subconsciously.

"Henry, don't be angry. It's a shareholder of this hotel who is pursuing Amity. But Amity doesn't agree to go out him. That person is far worse than you," said Amity's mother.

Henry looked in the direction of the voice and saw that Amity was wearing a black suit, walking in the aisle.

"The cups in that place need to be changed again. Also, I just saw that the fire extinguishers in the two places have expired, so we have to change it. By the way, let the one who asked for leave yesterday come over now to explain what the customer complained about yesterday."

Amity said to the waiters while walking.

Henry nodded. He hadn't seen her for nearly a month. The girl

had indeed grown a lot. She had the ability and liked studying. What she lacked was just an opportunity. In terms of the fire extinguishers in the hotel, there were no less than a hundred fire extinguishers in the whole entertainment area. Almost no manager would pay attention to them. However, Amity noticed it, which meant that she was careful.

This kind of mindful leadership might make many people feel mean, but in Henry's view, the behaviour of Amity was completely correct. In such a big hotel, fire prevention work was the most important. Neglecting this aspect was not responsible.

Behind Amity followed a young man. The young man's appearance was ordinary, but his clothes made people know at a glance that he was from a wealthy family. The Vacheron Constantin watch on his wrist was worth 400,000 yuan. The Ferrari car key on his waist and the limited edition of AJ on his feet were all showing the young man's financial resources.

"Amity, there's no need for you to waste your time on this. I'm sincere to you. As long as you agree, I'll give you whatever you want. There's a movie tonight, let's go together," the young man said.

Amity suddenly stopped, looked at the young man and said, "Brother Wu, I've said that I have a boyfriend. I love him very much."

"Amity, don't lie to me. You said you have a boyfriend, but it's been a month, and I haven't seen your boyfriend." The young man obviously didn't believe what she said.

"Oh, Boss Wu, my daughter does have a boyfriend." Amity's mother quickly walked up to him.

This young man knew Amity's mother.

Amity's mother pointed to the place where Henry stood. "Look, this is Amity's boyfriend."

The young man followed the direction of the mother's finger and saw Henry at a glance. When he saw Henry's ordinary clothes, his eyes suddenly showed contempt and disdain.

In each age, the way to judge people was different. The older generation would guess each other's identity according to each

other's speech and behaviour, and people at Henry's age would distinguish according to each other's clothes and what car they drove.

At the same time, Amity also saw Henry. Suddenly, joy appeared in her eyes, and she trotted towards Henry. "Brother Henry, when did you come?"

"I've just arrived, so I came to see you." Henry looked at Amity and subconsciously reached out his hand to rub her head.

Looking at the ambiguous action between Henry and Amity, the young man's eyes were filled with anger. He said to Henry, "Who are you, boy?"

"Boss Wu, this is Amity's boyfriend, Henry, he... he..." Amity's mother hurriedly said. She wanted to introduce Henry, but she didn't know what to say. Thinking of Samuel's attitude towards Henry that day, she said, "He is also the owner of this hotel."

"Him?" The young man's eyes were full of disdain. "He is the owner of this hotel. How come I don't know?"

The young man was a shareholder of this hotel. He was very clear who the owner was. Moreover, even if he did not know who the boss was, just by looking at Henry's clothes, he did not think that such a person would be the boss of this hotel.

The young man came to Henry, looked at him and said, "Boy, I advise you to stay away from Amity if you know what's good for you. Do you understand?"

At first sight of Amity, the young man fell in love with her. He was rich and had seen all kinds of women. He was tired of them. Now he wanted to find a well-behaved and adorable woman. Amity was very suitable for him. This young man also had a habit. He had to get all the women he liked. He would not use the method of drug and force. What he enjoyed was the pleasure of catching the woman bit by bit.

Now, Henry suddenly appeared on the way, which made the young man very unhappy.

Henry looked at the young man with a strange look on his face. "Why? It's none of your business. Who do you think you are?"

"How dare you!" The young man roared, "Boy, do you know who you are talking to? Believe it or not, I will make you die here with

one word!"

"Ha." Henry chuckled, reached out his hand to grab the young man's hair, and smashed it hard on the wall next to him.

Henry's skills were beyond the young man's ability to react, and he was beaten on the spot.

When Amity's mother saw Henry strike without saying a word, she was shocked and quickly came forward to stop him. "Henry, Henry, forget it, don't be angry."

Amity's mother was afraid that Henry would get into trouble. It was not a small matter to beat someone, and the person who was beaten was very powerful.

"Okay." Henry let go of the young man and kicked him over again.

Lying on the ground, the young man only felt that his face was getting swollen, and the place where his abdomen was kicked by Henry was convulsing. He stared at Henry fiercely, "Fu\*k, you will die!"

## Chapter 547

Henry had seen too many arrogant people like this young man, so he didn't take him seriously at all.

However, Amity's mother was anxious. She thought even if Henry and Samuel knew each other, it would not be easy to deal with this matter. After all, this young man's father was not someone they should offend. Even Samuel did not dare to be arrogant in front of him.

The young man's father, Dennis Wu, was called the emperor around Mountain City. It could be seen how powerful he was.

The young man took out the phone with a ferocious look and dialled a number directly. He shouted at the phone, "Someone just beat me. I'm in the World Hotel!"

After the young man hung up the phone, he pointed at Henry, including Amity and her mother and said, "Just wait. None of you can escape!"

On the top floor of the World Hotel, there was a very luxurious conference room. The rent for this conference room was thirty thousand a day.

At this time, four people were sitting in the conference room.

To be exact, three people were sitting, and one person was standing. The person standing was the son of the richest man in Mountain City, Samuel.

The people sitting on the chair were Ellis Wu, the richest man in Mountain City, and Dennis Wu, a shareholder of the World Hotel. Dennis and Ellis did not sit in the main seat at the moment but sat at the end of the meeting room. They were looking at the person sitting in the main seat with respect.

"Mr. Felix, we noted everything you said." Dennis said cautiously.

It was Felix who was sitting in the main seat of the conference room.

The industry of Felix's family could be said to have an impact all over the world. People could see this industry everywhere. Same was for the two most significant figures in the financial

world of Mountain City. The biggest investor behind them was also Felix's family.

In many large industrial bases, there was a saying that there were no banks in this world, only the Felix Family. It could be seen what kind of status Felix's Family held in these people's hearts.

"Mr. Felix, when will we have the fortune to meet that milord?" Ellis, the richest man in Mountain City, asked cautiously.

After Ellis asked this question, Dennis also looked at Felix expectantly.

"What are you thinking?" Felix looked at Ellis and Dennis as if he was looking at idiots. "First finish the things I asked you to do, and then think about these things. You should know. You cannot meet someone just because you want to meet him. Do you understand?"

"Understood, understood." Ellis and Dennis nodded repeatedly.

"All right, that's it. Remember, whenever there is any big movement in any company, you must report it in time. Do you understand?" Felix said again. This time he came mainly to investigate the last attack on the island.

Now more than 20 days had passed, but there was still no clue about who had attacked Radiant Island. Felix could only start from the primary industrial chain. It took a tremendous amount of money to use hundreds of combat jets. These funds must have been drawn from a various industrial chain. It was hard to find anything in the business chain, but Felix's family was too big. With some small data combined together, Felix could see a lot of things.

"Don't worry, Mr. Felix," Ellis replied.

"That's it." Felix stood up. "I have something to do, so I have to go now. You..."

As soon as he finished his words, a shrill bell rang in the conference room.

At the moment when the bell rang, Ellis and Dennis looked at Samuel standing on the side. The ringtone came from Samuel.

"What are you thinking? Get out!" Ellis shouted and smiled at Felix at the same time. "Mr. Felix, it's my fault that my son is so

insensible."

Dennis looked at Samuel gloatingly.

Dennis was called the emperor of Mountain City. On the surface, he had a good relationship with Ellis, and they were partners. In fact, both of them were unhappy with each other and were looking forward to the other's fall one day.

Mr. Felix was talking, but he was interrupted by Samuel's phone, which definitely made Mr. Felix unhappy.

"It's alright," said Felix as he waved his hand. "You can answer the call."

"Mr... Thank you, Mr. Felix." Samuel nodded and bowed. When he was replying to Felix, his voice was trembling, because he knew that as long as Mr. Felix was even a little unhappy, his family's assets would be destroyed immediately.

Samuel picked up the phone. After listening to the person on the other side for a while, he quickly hung up the phone. He looked at Ellis, opened his mouth and did not speak.

"Then you can talk about your family's affairs. I'll leave first." Felix saw that Samuel had something to say, so he didn't bother them anymore. In fact, Felix was a very easy person to talk with. However, his status was too high, so many people were careful when they treated him, for fear of offending him.

Felix's words caused a misunderstanding. Ellis thought Felix thought he was treating him as an outsider, so he didn't say anything in front of Felix. He shouted at Samuel on the spot, "Just say what you want to say. There is no need to hide anything."

"Dad..." Samuel looked at Dennis and said, "Well, Darren was beaten in the entertainment area."

"What!" Dennis, who had just gloated, stood up in an instant. Darren was his son, the only son he had.

Felix shook his head. These things were nothing in his eyes. Over the years, he had followed Henry to fight. He was used to fighting for his life. This kind of thing was like a child's play for him. It was boring.

Seeing Dennis's anxious look, Felix said, "All right, your son was beaten. Don't sit here. Go and deal with it."

"Thank you, Mr. Felix." Dennis nodded repeatedly.

"Let's go downstairs together." Felix walked to the door of the conference room.

Samuel quickly opened the door for Felix.

In the entertainment area of the World Hotel.

Darren wiped the blood from the corner of his mouth and glared at Henry with resentment on his face. "Boy, I want you to die today!"

Darren wiped the blood from the corner of his mouth and glared at Henry with resentment on his face. "Boy, I want you to die today!"

Henry looked at the security guard around him and said, "Call your boss."

Henry wanted Samuel to come over. He didn't care about these security guards, even Darren. His main worry was about the future life of Amity and her mother, so he wanted to talk to Samuel directly.

"D\*mn it, I am the boss of this hotel!" Darren spat on the ground.

At this time, the elevator door opened.

Dennis came out of the elevator with an angry face and shouted, "Who hurt my son? How dare you!"
