

## Mission To Remarry Chapter 753

Meanwhile, after Lucian left Roxanne's house, he went straight to the office just in time for the scheduled meeting.

After the meeting was over, Lucian had just come out of the conference room when he saw Cayden approaching him from a distance. The latter seemed somewhat perturbed upon seeing Lucian. "Mr. Farwell."

Lucian's brows furrowed slightly. "What's the matter?"

Still wearing a troubled facial expression, Cayden stated, "There's something wrong with the project we have with Queen Group."

Lucian's expression darkened as he strode back to his office, and Cayden silently followed behind him into the office before closing the door behind him.

"What's the problem?" Lucian inquired in a deep voice. Previously, their collaboration with Queen Group had been progressing smoothly.

Cayden answered, "The people from the pharmaceutical company in the northwest change their minds at the last minute. They don't plan to accept the acquisition's conditions we offered."
