

Mission To Remarry Chapter 930

The camping location Roxanne had picked was in the suburbs near a mountain. It was a two-hour drive from the city, so they only arrived when it was close to noon.

When Roxanne got out of the car, she could not help but sigh in awe while scanning the surroundings. The two-hour drive was worth it.

Their camping location was on a lush field with tiny flowers growing all over the place. Roxanne had purposely chosen a wider area to set up their tent. There was also a little forest not far from their spot.

The vegetation in the forest was denser, and rabbits would hop out and encircle their visitors from time to time.

On the other side was a tiny waterfall, and thanks to the moving water, the surrounding air was quite refreshing and cool.

The gurgling sound of water also created a serene vibe. It could not be a more suitable camping site. Happiness was written all over the children's faces.
