

MYSTERIOUS MALE ESCORT IS A MOGUL CHAPTER 903

"I'm pretty sure that will never be the case!" he announced with his chest held high as if he was certain she would never hurt him.

"Are you sure?" Charlotte stepped forward with the knife and repeated her question.

An anxious chef yelled, "Watch out! I have been sharpening that knife daily to ensure it's sharp enough for my cooking!"

Unfortunately, the chef was too late as he failed to stop the woman from hurting the man. As a result, blood started streaming down the man's neck.

The surprised Zachary asked, "Are you being serious?"

The staff in the kitchen was horrified by the potential outcome of the saga. The owner of the kitchen gulped and urged, "Ms. Lindberg, shall we calm down and talk things through?"

"Get out of my sight at once!"

"Y-Yes!" The owner of the restaurant beckoned the rest of the staff in the kitchen to leave the duo alone with him.

Once he marched out of the kitchen, he told their bodyguards, "T-They're in the middle of a fight! To be precise, Ms. Lindberg has placed a knife on Mr. Nacht's neck!"

Lupine and Morgan shrugged their shoulders after exchanging glances with one another.

Marino's mind was all over the place. He couldn't stop himself from consulting his partner next to him.
“B-Ben!”

“Just calm down and leave the rest to him,” Ben assured his partner things would turn out just fine.

The owner gaped at the response of the two bodyguards and asked, “A-Aren't you guys going to do anything about it?”

Ben suggested, “Why don't you tend to the things you have on your plate and leave the rest to us?”

“H-Huh?”

Holding the knife she had around the man's neck, Charlotte warned him, “Zachary, I'm going to repeat myself for one last time! I'll definitely gain custody of our children! Also, there's no way I'm letting Zara and Sharon off the hook since they're the ones behind Mrs. Berry's demise!”

Halfway through her orated speech, she paused and glared at him in the eyes. A few seconds later, she enunciated, “I don't care if you're having an affair with others! Just stop showing up in front of me! There's no use trying to provoke me because you're merely getting on my nerves!”

“Scram!”

When she was about to repeat herself and warn him to stay away from her, he took her by surprise and rendered her incapable of motion. He warned her in return, “I won't allow anyone to drive my family apart, not even you—because you belong to me as well! Also, I have been gathering the evidence to send the masterminds behind bars! As soon as the opportunity arises, I'll ensure justice is served!”

After pausing for a few seconds, he looked at her in the eyes and said, “I'm merely here for business with them! There's nothing else going on between us! I'm not trying to provoke you as well! Have I made myself clear?”

Grasping her hands with his gigantic palm, he ran his fingers through the defenseless woman's cheek, fooling around with her.

“Stay away from me!” Irritated by the man's response, she tried to shrug him off, but she was no match for him in spite of being better than she used to be.

Instead, the man got increasingly aroused as she continued moving around in a tempting manner.

Subsequently, she could feel the thing around the man's thighs. She yelled at him, “What do you think you're doing? Get the hell off me!”

Zachary smirked and warned her in return, “If you don't stop moving around, I'm going to show you the things I'm capable of doing right here and right now!”

The man's lust was written all over his face. As much as she wished to challenge the man, she knew it wouldn't be wise since he might be serious. “Y-You—”

“I guess you have been living a wonderful life without me, huh? I can't believe you have the guts to hurt your husband!”

Zachary wiped the blood on his neck off and slapped the woman on the ass. He leaned over and whispered, “As soon as I'm done with everything, I'll teach you another lesson!”

“We shall see if you're the one teaching me a lesson or if I'm the one teaching you the proper way to behave yourself!”

Shortly after she made herself clear she wouldn't give up, she launched a powerful kick in his crotch area.

“Argh!”

Colors started draining from the man's face as he groaned in pain due to the racking sensation he felt coming from his crotch area.

Ben and Marino exchanged glances and knew it was time for them to stop standing around. Thus, they barged into the kitchen.

“Mr. Nacht!”

Zachary had his back facing the duo. He beckoned them to leave them alone in the kitchen.

Once he ensured his subordinates were no longer around, he leaned against the island of the kitchen to support himself, gasping out his reply, “Charlotte, you're such a heartless woman!”
