

## MYSTERIOUS MALE ESCORT IS A MOGUL CHAPTER 949

"You should come home at once." Taylor shuddered when he recalled what happened in the past. "The Lindberg family loves to fight. Danrique himself kills without batting an eyelid. Naturally, his sister is also equally vicious. From the way Charlotte looked at you, she would likely tear you apart if she had the chance. They even have an eagle as a pet. If you stay, you will lose your life..."

"Stop wasting time." Cynthia was extremely frustrated. "Instead of asking me to leave, you should help me think of how I should get rid of Charlotte."

"Stop kidding yourself. Since when am I even capable of doing that? She said so herself today that even I wouldn't be spared if I caused any trouble." Taylor put on a helpless look. "Cynthia, leave now so we can fight another day. Survival is paramount now--"

"Enough." Exasperated by her father's words, Cynthia was about to end the call when something struck her. She signed, "How is Mr. Nacht now?"

"After I left the Nacht residence, I went to see him at the hospital. He is recovering well and wants to be discharged. However, Spencer didn't allow it and wants him to be monitored for a while longer. Also, I didn't dare tell him about what happened at the Nacht residence."

"No, you should tell him." Cynthia signed at once, "Not only that, you should let him know that Charlotte has come back to exact revenge. In order to take the children away, she caused Ellie to be poisoned. At the crucial moment, it was I who saved Ellie. Hence, I'm now staying back at the Nacht residence to protect her..."

"I understand." Taylor realized what her plan was. "I'll head to the hospital right away."

"As of now, my happiness and the future of the Blackwood family are in your hands." Cynthia signed solemnly. "Ideally, we should get Mr. Nacht back home to manage the situation. That way, Charlotte would have no choice but to leave."

“Understood!” Taylor nodded repeatedly. “I’ll get it done at once. So, don’t you worry.”

After ending the call, Cynthia let out an insidious smile. It was as if victory was within her grasp.

Meanwhile, Charlotte remained in the room with Ellie until she fell asleep.

Lupine crept inside and asked softly, “I have packed your necessities and put them in the guest room they have prepared for you. You should get something to eat first. I’ll watch Ms. Elisa for you.”

“All right.” Charlotte pulled out her arm carefully before stretching it alongside her neck. She had been lying on her side beside Ellie, causing both her arm and shoulder to go numb.

“It must be tough.” Lupine helped her massage a little. “Go and grab a bite as you haven’t had anything the entire day. After all, Ms. Elisa’s condition has stabilized. With me here, Cynthia wouldn’t dare to make a move.”

“Exactly.” At that moment, Morgan came up with a bowl of soup. “Ms. Lindberg, drink this before your blood sugar dips.”

“Thank you.” After taking a sip, Charlotte asked, “Have you contacted Marino? How is his search coming along?”

“I did.” Morgan replied softly, “He said that after what happened to you two years ago, Dr. Felch had a bad impression of Mr. Nacht. Hence, he and his family moved away and cut off all contact. Recently, Mr. Nacht went to see them but they refused to let him in.

“When Marino went to look for them this time, he realized that they had moved, and we have no idea where to. However, he mentioned that Olivia might know where Dr. Felch is...”

“Make the arrangements. I want to see Olivia,” Charlotte ordered at once.

“Yes.” Morgan nodded.

After putting on her jacket, Charlotte prepared to leave. The moment she opened the door, he saw Zachary who was about to knock.

Exchanging glances, Charlotte's gaze was icy cold while Zachary's was filled with conflicted emotions.  
“Let's talk.”

“All right.” Charlotte stared at him indifferently. “I was just about to look for you.”

Zachary then ushered her out.
