chapter 2336 -2341

Chapter 2336

Danrique saw the real high emotional intelligence from Zachary, he used to think that the so-called high emotional intelligence was to please others and care about others' feelings, he always scoffed at this and disdained.

The actual fact was that he could find a lot of things that he couldn't do with power and money, for example, getting close to his children, coaxing his wife, and reuniting his family!

The family was something that needed to be run, any person, no matter what social status he had or how capable he was, but the family would always be the most important and precious thing he had.

Family and everything was prosperous, this sentence seemed ordinary, but now, Danrique was really comprehended.

As long as the family was reunited and there was peace and harmony, only then would he have the heart to do anything else.

Perhaps, this was where the fulfillment of life lies.

Danrique was dejected all the way back home, Francesca tried to escape on the way, in fact, it was not without a chance, with her current skills, escaping alone was no problem at all, but escaping with the children would be too difficult.

Unless she could really give up her children, she would have to compromise.

After being coaxed home by Danrique and the three children, Francesca knew that she had fallen for a trick, but this trick, in fact, she had willingly fallen for.

Anyway, the fact that Danrique was able to get the children's approval in such a short period of time was something she had not expected and was the point that touched her the most.

Even though there was still some uneasiness in her heart, but seeing the way the children were clinging to Danrique, all the worries in Francesca's heart could only be put to rest.

Yes, the children need their mother and they also need their father.

She was not qualified to deprive them of the right to enjoy their father's love.

By continuing to be obstinate, she would be leaving her children without something, and for the sake of her children, she had no choice but to compromise.

This was the reason she had given herself.

When Danrique flung her onto the bed, she even warned fiercely, “Danrique, I’m warning you, I came back for the sake of the children, don’t think I still like you, what are you doing, what are you taking off my clothes for, hey, hey... ooo..”

The room was in full bloom, outside, the three little ones waddled downstairs, one exclaiming like a small adult, “Daddy and Mommy are acting like children, what a worry!”

“Yeah, yeah, especially Mummy, ugh..”

“Anyway, Mummy’s finally home, so we’ll be able to drink the delicious chicken soup we didn’t buy for the stew later!”

“Haven’t had it in a while, craving~~”

“Granny, is the rice ready?”

The three children called out to the floor.

“Okay, okay, I’ll have it brought to the dining room right away, be good, don’t run around, Grandma’s coming to get you.”

Norah scrambled upstairs to pick up the three children, but the children returned to knock on the door, “Daddy Mummy, dinner dinner!”

“Daddy mummy, dinner is ready oh!”

“Daddy Mommy...”

“Hey hey hey!” Norah hurriedly stopped the children, “Good girl, stop it, daddy mummy is busy, granny’s taking you downstairs for dinner.”

“What’s daddy mummy busy with?” Zoie asked curiously, tilting her little head.

“This,” Norah said for a moment, not knowing how to answer.

“They’re busy making younger siblings for you guys.” Sean suddenly came in, “Do you guys like it?”

“Huh? Another baby?” Zola frowned with a hurt look on her little brow, “There are so many kids in the house, and still having babies?”

"That's right, plus Brother Robbie, Brother Jamie, and Sister Ellie, we already have six children. if we have more, the family can open a kindergarten!"

"Well, that sounds like a good idea, let's have a kindergarten at home then."

"Yes, it seems like Auntie and Uncle are going to have one too."

"Adults are such a nuisance, they make us worry all the time."

"That's right!"

Chapter 2337

Norah laughed out loud at these words.

Sean was also crying and laughing, children's thinking was really too cute.

Norah asked a few maids to take the three children downstairs for dinner, and also ordered someone to invite Charlotte, at this time, someone outside hurriedly came to report: "Ms.Lindberg has returned to H City, just left for the airport, asked me to convey it."

"This..." Norah looked at Sean.

"Got it, I'll report it to sir later." Sean smiled, "Out for so long, I guess the Mr. Nacht is rushing, the wedding tomorrow, now rushing back are a bit rushed!"

"Ah? Ms.Lindberg and the Mr.Nacht's wedding tomorrow?" Norah asked curiously, "Then won't sir go over there?"

"Naturally, I have to go, but I have to wait for the two of them to wake up from their nap." Sean smiled, "Auntie Norah, please take care of the children, I have to go and arrange some things, when Mr.Lindberg and Ms.Felch wake up from their sleep, we'll just go straight to the airport."

Norah: "Well then, leave the children to me, you can rest assured."

Just as Norah went downstairs, the three children gathered around her again, chattering and asking, "Grandma, who did Uncle Sean say was having the wedding, was it Daddy and Mummy?"

"It's Auntie and Uncle." Norah explained.

“Didn’t Auntie and Uncle already have a wedding?” Zola asked curiously, “We even wore pretty dresses and had our pictures taken together.”

“Yes, yes, and you were also photographed together, and we sat on Auntie’s shoulders.”

Zuri said as she ate her mashed potatoes.

“That was a wedding photo shoot, not a wedding.” Sean explained with a smile, “But it seems like they were going to get married before, the wedding was held twice, and each time it was terminated due to an accident, this time it will definitely go smoothly!”

Only after saying this did he realise that the three little ones’ attention had long since shifted to the food, children this old would only ask questions and not have the patience to listen to the answers.

Sean shook his head with a smile and quickly left to make arrangements for the next event.

Strangely enough, the snowy day, which was always gloomy, turned out to be sunny today.

A long-awaited sun appeared in the sky, the snow was melting, and although it was a little cold, the sunlight sprinkled on one’s body, warming and comforting.

Sean let out a long sigh and could not help but exclaim, “Finally, the rain has cleared up!”

“Yes, this time it’s completely and utterly rained out.” Gordon was also lamenting, “After all this, it has finally settled down, now the two Lindberg and Nacht families are living in harmony, no one can shake them, no one dares to provoke them, including the new president!”

“That’s natural.” Sean laughed, “Can’t you see, after the two Lindberg and Nacht families reconciled, how many people came to offer their goodwill?”

“One family would have dominated the world, now that the two families have joined forces, they are even more invincible.” Gordon was also very happy, “Then again, it’s all because of Ms.Lindberg!”

“Yes, Ms.Lindberg has resolved the feud between the two families and brought back such a large sum of money to help Mr.Lindberg Tide over the difficult times together!” Sean said while arranging matters on his mobile phone, “So, we have to prepare well and go to H City to attend their wedding!”

“What about Mr.Lindberg and Ms.Felch’s wedding?” Gordon asked curiously, “I thought we were going to do it together.”

“It’s too rushed, I think Mr.Lindberg should have other plans.” Sean laughed, “He and Ms.Felch are both people who like peace and quiet, perhaps simple and low-key would suit them better.”

“That’s right too.” Gordon nodded, “I’ll go and prepare the special plane then.”

Sean: “Good.”

As the two were busy, Charlotte had already boarded the special plane back to H City.

Just as she sat down, Zachary called on the video call, “Boarding?”

“Mm.” Charlotte pointed the camera outside, “The sun is out in Xendale today!”

Chapter 2338

“A good sign.” Zachary looked at her tenderly, “Big treasure two and three are waiting for you, we will pick you up at the airport together when the time comes.”

“Good.” Charlotte was full of happiness, “I’ve put on weight these past few days, I don’t know if I can fit into my wedding dress.”

“How fat can you get if you’re fat again.” The Zachary’s eyes were full of doting, “I prepared ten sets of wedding dresses for you, you can choose, if you can’t fit in again, you wear my suit, I’ll wear the wedding dress!”

“Pfft hahaha.....”

Charlotte imagined the image of Zachary wearing a wedding dress, and couldn’t help but laugh out loud.

The laughter echoed through the cabin, infecting everyone with this happiness.

The good weather in Xendale was brought to H City by Charlotte, and when the plane landed, she was in a particularly good mood when she saw the sun shining brightly outside.

“Mummy!!!”

The Children, Robbie, Jamie, Ellie flew to her and jumped into her arms, hugging her neck and kissing her non-stop, “Mummy, I missed you so much!”

“I miss you too, Mommy~~”

“And me, and me!!!”

The three children gathered around Charlotte intimately, unable to let go.

Zachary came over, clapped his hands and said, “That’s enough, enough kissing, it’s time to give up mummy to me.”

“Haha” Charlotte laughed, “How old are you? Still jealous with the kids.”

“I don’t care, you’re my wife!”

Zachary wrapped his arm around Charlotte’s waist and swept her into his arms before offering a passionate kiss.

“Huh, daddy shy!”

Ellie immediately covered her eyes, not daring to look.

“Don’t look at me unless it’s rude!”

Robbie turned away, too, with an eyeless look.

“Tsk, tsk, daddy’s good at kissing.” Jamie watched with fascination and followed suit, “Next time I know how to kiss my girlfriend!”

Robbie: “Jamie, you’re not ashamed!”

Jamie: “I’m almost eight years old and I’ve had three girlfriends.”

Robbie: “R@scal r@scal!”

Jamie: “Hahahaha”

Zachary reluctantly let go of Charlotte, turning his head to look at the children laughing and chasing, his eyes full of happiness.

“Let’s go home first.” Charlotte pulled Zachary into the car, “I’m so tired, I’m so tired, maybe my whole body hurts after sitting on the plane for a long time.”

“I’ll give you a massage.” Zachary squeezed her shoulders, “Go back and take a hot bath, get a good night’s sleep and be a beautiful bride tomorrow!”

“Do you see if I’ve gained weight? My waist seems to have thickened up a bit.” Charlotte had some figure anxiety, “You don’t know that waist of my sister-in-law, it’s so thin.”

“She is thin, which can compare with you.” Zachary tenderly embraced her, “You are not fat, don’t think about it.”

Saying that, he nibbled her ear, ambiguously whispering, “Go back husband personally give you a spa, then you won’t be tired.”

“Hee hee, r*scal!” Charlotte knew what he meant, and her face turned red with shame.

“I’m talking about a proper spa, where are you thinking of?” Zachary deliberately teased her, “It’s you who’s the rogue, right?”

“N@sty n@sty n@sty... ooo ...”

Before Charlotte could finish her words, she was kissed by Zachary.

Two people kissed hot and entwined, and Ben on the passenger side had long been used to it, closed his eyes to rest, but suffered the driving Marino.

Although Marino was now with Morgan, he was also considered half of the Lindberg family, but at present he still stayed with Zachary to do his work, and so did Ben.

In addition, Bruce seemed to have moved a bit recently.

In his words, he had been married and had children for many years, and it was time for this group of old bachelors around him to find a daughter-in-law.

Now they are all looking for the Lindberg family’s female bodyguards, internal digestion, fat water does not flow outside the field, this was a great good thing.

So Zachary and Danrique discussed it, and no one would stop them from hooking up with the other up.

Danrique also agreed to the cold and indifferent marriage, and let them decide for themselves.

Today, it was really a situation where everyone was happy and united.

Chapter 2339

The following day, the wedding.

Everyone was holding their hearts for fear of any further mishaps.

After all, the previous two weddings had unexpected events, and now the Nacht family was like a bird of prey, and all steps were taken carefully for fear of any further mishaps.

Zachary stayed up all night and woke up at 5:00 a.m. to personally check all the processes in order to avoid any mishaps.

Ben and Bruce and others were all highly tense today, carefully reviewing every step.

At 8:00 a.m., the make-up artists and stylists and others arrived and started dressing up Charlotte.

The children were having breakfast and after they finished eating it was time to start changing and dressing up as well.

According to the rules, Zachary should have gone to the church first and waited, but he changed the rules and had to go with Charlotte and the children to the church at the top of the hill, he had to be with them at all times and would not allow any accidents to happen.

At 10 o'clock, the wedding car left for the Sanding church.

The guests all arrived one after another, but only the witness — brother-in-law, Danrique, had not yet arrived.

Zachary asked Ben to call to ask, Ben said that there was a prompt to shut down the phone, and he was probably still on the special plane...

The first thing they needed to do was to get to the airport and then came from the airport for more than an hour, not to mention, they were still off the plane, which meant that the plane had not landed yet, so they're afraid this witness would not be able to catch the auspicious time.

Although Zachary was a bit unhappy, he had now become calm and collected and would not be angry about it anymore. He only instructed Sean to go and find Johann to get ready, so that if Danrique could not make it, he would let Johann be the witness.

Johann had watched Zachary and Charlotte come all the way from the beginning, no matter what changes happened to the Nacht Family, he had always supported them and guarded them, so it was appropriate for him to be a witness.

Time passed, and in the blink of an eye it was noon, 11:30 a.m.

All the preparations were made and the guests were all there, given to take their places.

Zachary, dressed in a black suit, stood in front of the ceremony platform, looking at the door with a nervous mood.

The first time he got married to Charlotte, he was also standing here waiting for her in the same way, and the wedding seemed to go smoothly, but then there was an accident during the ring exchange.

The Old Master Nacht knew the true identity of Charlotte and became furious, forcing Zachary to remove his mother and keep his son, while at the time Charlotte was suffering from a severe poison for which only Zara had the antidote.

In order to save her life, Zachary had to agree to.

He personally asked someone to send her to T Nation, and her agitated sobs and uncomprehending questioning did not salvage any situation

In the end, she was forcibly sent away, and was also attacked in T Nation, humiliated by Sharon, and caused the tragic death of Mrs. Berry.

That tragedy later became the biggest obstacle between Zachary and Charlotte.

If it wasn't for Danrique's timely appearance to take away Charlotte, he's afraid she would have died long ago.

Thinking about the past, Zachary's heart was still agitated with guilt.

He wanted to use all of his love for the rest of his life to make it up to her, wanted to give her all the happiness and beauty in the world!

He had been waiting for this day for a long time.

Time passed and the doors had not yet opened.

The original plan was that the doors should open at 11:50 sharp, then Charlotte walked in with Danrique on her arm and slowly walked towards her husband.

However, it was now 11:55 and the doors had not yet opened and he waited until the bride had not yet appeared.

Zachary was distracted, could it be that something had happened again?

He immediately winked at Ben, who said that Bruce had gone to check.

The door suddenly opened.

Chapter 2340

The sunlight refracted in from outside, like a spotlight, sprinkling on Charlotte, enveloping her whole person in complete light.

She walked against the light, like an angel descending from the sky!

And in her hand was none other than Danrique, dressed in white!!!

Danrique was late, but he had tried his best to arrive and called Charlotte on the way: "Charlotte, brother is on his way here, wait for me!"

"Mmmmmm, I'll wait for you!"

In her heart, Charlotte was expecting Danrique to come, after all, apart from her children, she only had this one family member left.

She hoped that her brother would be able to give her away in marriage and hand her over to Zachary herself, a scene that would also be recorded by the media, proclaiming to the public the inseparable relationship between the Lindberg and Nacht families!

It would also be of great benefit to the future consolidation of the two families' power.

Of course, these were just off-topic.

The most important thing was that Charlotte hoped to consolidate the relationship between the two families of Lindberg and Nacht in this way, hoping that the two families would henceforth live in harmony and go hand in hand!!!

Zachary watched Danrique walk in holding Charlotte, he was relieved and his originally tense mood became relaxed.

At another glance, Francesca, wearing a beautiful white dress, walked in through the side door with her three children and sat down on the VIP table.

The three children were also wearing cute little dresses, as pretty as little elves, holding tiny fairy wands in their hands, waving them happily and shouting to Zachary, "Go Go...Go Auntie!"

Francesca hurriedly made a shushing gesture to them, signalling for them not to make any noise and disturb their auntie and uncle, but Zachary did not mind at all and made a face at the three children.

Charlotte slowly walked towards Zachary in the sound of music, her eyes looking at him through the light, full of love, finally able to marry him intact.

The day she had been waiting for this day for a long, long time.

Behind them, Zachary, Jamie, and Ellie, were wearing small dresses, scattering flower petals, his face overflowing with a brilliant first, today they were daddy mummy's little flower girl, accompanying mummy to happiness together.

Zachary smiled and waved to the three children, then heartily looked at Charlotte, in the heart silently chanting, go faster.

Charlotte saw the clock on the wall, it was almost past the auspicious time, couldn't help but pull out her hand, carry the wedding dress and run quickly towards Zachary.

"Charlotte."

Danrique froze for a moment, but did not stop.

Without turning back, Charlotte ran over in stride, but almost tripped because her wedding dress was too long.

"Charlotte!"

"Wife!"

Danrique and Zachary's shouts of alarm came at the same time, followed by Zachary rushing over to catch Charlotte with a single arrow step, holding her firmly in his arms.

"I'm scared to death!" Charlotte's heart was pounding, "I thought I was going to fall, how humiliating!"

"I'm here, don't be afraid!" Zachary carried her directly to the swearing platform before setting her down, urging, "Hurry up and start!"

"Haha..."

A burst of laughter came from the stage, the priest also laughed on the stage, and then began to ask questions, "Mr. Zachary, are you willing to marry Ms. Charlotte? And..."

"Yes yes yes yes, I am willing to do anything."

Zachary hated to skip all the process and immediately declare the two of them officially as husband and wife.

There was another burst of laughter from the stage, even Danrique laughed, this brother-in-law, he was too eager too.

“Ms.Charlotte, do you wish Mr.Zachary to be your husband? No matter how old, sick or dead, never leave.”

“I am willing!” Charlotte replied seriously.

“Now please both parties exchange rings!” The priest announced.

Robbie, Jamie and Ellie presented the rings.

Zachary hurriedly put it on Charlotte, then held out his hand and urged Charlotte to put it on him.

That eager look, as if he was rushing to the bridal chamber.

Chapter 2341(Finale)

Amidst the laughter of the guests on stage, the two smoothly exchanged rings and then kissed each other.

There was a round of applause from the stage as the priest announced that the ceremony was complete and the two were officially husband and wife!

It was not until this moment that Zachary finally breathed a sigh of relief, revealing a bright smile and holding on to Charlotte.

And Charlotte was so excited in his arms that she burst into tears!

Three weddings, two times there were accidents, the first time something happened to her, the second time something happened to him, this time, it finally went smoothly.

They finally became legally married.

It's a commonplace thing, but it took them a lot of hard work to get it, but that's why they treasure this hard-earned happiness!

On the stage, Danrique and Francesca looked at the pair and could not help but glance at each other, both of them feeling a lot of emotions in their hearts.

Perhaps it was seeing others stay together even through hardships that makde them know how to cherish and understand the meaning of happiness better.

Danrique held Francesca's hand tightly and whispered in her ear, "Go back and let's get married too."

"Marriage is fine, but can we not get so many people?" Francesca looked around and frowned slightly, "I think getting married is our own business, it's fine for us to hold a wedding as a family!"

"No problem, it's your call!"

Danrique kissed her hair, seeing Zachary cast a gratifying glance, he also returned a gesture of thanks.

Well, this brother-in-law deserved a lot of credit for being able to coax his wife this time!

When the wedding was over, Ben greeted the guests and they dined on the open lawn. Zachary and Charlotte went to greet the other guests first and then accompanied Danrique's family.

It was hard to get together, and the six children went off to play off to the side in a frenzy.

The six children went off to play on the side of the lawn. When Zachary and Danrique looked at the children, their lips raised in a confusing arc, and then they turned their heads to see their aunt and sister-in-law chatting passionately, they could not help but smile.

"Go over and sit!"

"Good!"

The two men each brought a glass of wine and found a quiet corner to sit down, looking at their wives and children not far away with incomparable tenderness in their eyes.

"Well? When are you going to hold the wedding?" Zachary took a sip of his wine.

"We'll do it when we get back, and you and Charlotte will bring the kids back then."

It was rare for Danrique to be so cordial.

"Good." Zachary clinked his glass with him and said in a low voice, "I received news yesterday afternoon that the old Danontand king had passed away, and without incident, William will succeed him next week!"

"You're quite well-informed." Danrique hooked his lips in a smile, "I only found out about it an hour ago."

“The old king has been trying to draw me in, and his inner circle maintains a close relationship with Ben.” Zachary explained lightly, “That friend of yours, William, is not simple, and, it seems, has hooked your right-hand man?”

“You mean Hazel?” Danrique faintly raised the corners of his lips, “The two of them are quite suitable! It’s good to go, to save Francesca from getting jealous of flying.”

“Hahahaha” Zachary laughed out loud, “All the same all the same, hate to see me surrounded by males!”

“Well, the Lindberg family’s female bodyguards have all been abducted by your Nacht Family, and I don’t have any females around me.” Danrique sighed, “Only Aunt Norah and the girls are left, now my Francesca is relieved!”

“Hahahaha...” Zachary laughed again, “Foolish son can be taught!”

“Hmm?” Danrique raised an eyebrow.

“In just a few months, you’ve become much more humane, and you’re speaking with humor.” Zachary looked at him appreciatively.

“That’s how it is when you spend a lot of time with children.” Danrique smiled a little helplessly, “Those three little children in my house are not at all weaker than their mommy’s fighting power, one is enough for me to suffer, and now there are three more, tossing me around so much that I-I have no more hostility!”

“Hahahaha, good thing, good thing.”

The two men were laughing happily, on the other side, Francesca and Charlotte looked back at them, Francesca muttered, “What are these two men talking about? Laughing so happily.”

“Probably talking about us!” Charlotte said with a smile, “When men are with men, they either talk about business or women!”

“Talking about us is fine, if we talk about other women, I’ll castrate him!” Francesca blurted out.

Charlotte let out a “pfft” laugh.

“Charlotte, what are you laughing at? Are you stupid because you think I’m not gentle enough?” Francesca asked in a hurry.

“No, it’s quite good, that’s how you can cure my brother!”

“Hey, hey, that’s.”

The two laughed heartily too, looking at the children in the distance, chasing playfully, their eyes like this winter sunshine, full of warmth.

Maybe, happiness was so simple!

They believed that the happiness of Zachary and Charlotte, Danrique and Francesca, would continue on forever.

-The End-
