

Modern Day 1411

Chapter 1411 Untitled

Chu Yi narrowed his eyes and took the surveillance video from his subordinate. Then, his expression darkened. "Where's Su Yao??"

"Miss Su is in the bedroom." Looking at Chu Yi's expression, the subordinate's back turned cold as he replied carefully.

"Bring her here."

"Yes."

Soon, Su Yao was brought over. Her hands hidden in her sleeves had already begun to tremble faintly, but her face was still very calm.

"Young Master, why did you call me over?"

Chu Yi gestured for his subordinates to bring Su Yao into the study. Then, he asked all his subordinates to go down first before looking at Su Yao. "Accompany me to look at something."

Su Yao forced a smile. "What is it?"

Chu Yi projected the video onto the screen and hugged Su Yao. "Let's watch a video."

As the screen opened, Su Yao's figure appeared in the camera. She first observed her surroundings, then sneaked into Chu Yi's study.

Sitting in Chu Yi's arms and looking at the scene on the camera, Su Yao's hair was about to stand on end. She moved uncomfortably in Chu Yi's arms. "Why are you showing me this?"

The corners of Chu Yi's lips curled up into a smile. "I just think it's very interesting. Isn't it beautiful?? Finish watching it."

With that, he grabbed Su Yao's waist and forcefully held her in his arms before continuing to watch the recording.

This video was not sped up at all, so every second seemed to be replicating everything at that time.

The recording could not see the scene after Su Yao entered the room. There was only a closed door.

However, time passed little by little, and the door did not open for a long time. Su Yao gradually began to tremble in Chu Yi's arms.

Chu Yi raised Su Yao's chin and looked straight into her eyes. "Why? It's only been a minute. Why are you trembling? There's still nearly half an hour left."

Su Yao clenched her fists. "I'm just helping you pack your things inside. Do you not trust me?"

"Really?" Chu Yi smiled. "Pack my things. Can you tell me what you're packing?"

As Chu Yi spoke, he increased the strength in his hand until Su Yao's waist was bruised from his grip. She could not help but cry out in pain.

"I really didn't do anything." Su Yao frowned with tears in her eyes. "Trust me."

Chu Yi smiled. "Who are you? Tell me first."

Su Yao's heart tightened. "I'm Su Yao."

"Really?" Chu Yi looked straight into Su Yao's eyes, his eyes filled with darkness. "Feng Wuyou, how long are you going to hide?"

Su Yao's body stiffened slightly. She endured the pain in her waist. "I'm not."

"Really?" Chu Yi touched her eyes. "Then tell me, why are your eyes exactly the same as Feng Wuyou's?"

"Young Master, you're wrong." Su Yao struggled to leave, but Chu Yi restrained her tightly.

"Feng Wuyou, I'll give you a chance. If you confess honestly today, I can let bygones be bygones. However, if you keep being stubborn, I'm afraid you don't want to know what the punishment of our Chu family is, right?"

Su Yao still shook her head. "What are you talking about? I don't know."

"You don't know?" Chu Yi smiled. "Then let's see who's stubborn."

With that, Chu Yi called his subordinate in. "Throw her into the water prison."

However, half an hour later, his subordinate returned. "Young Master, Miss Su is pregnant."

Chapter 1412 Torture

At that moment, Chu Yi was reading the document sent back by his subordinate. Hearing this news, Chu Yi instantly tightened his grip on the fountain pen in his hand. His face darkened. "Ignore her."

"Yes."

After the subordinate left, Chu Yi was no longer in the mood to read the documents. He threw the pen in his hand aside and stood up to walk to Su Yao's room.

Su Yao had been here for a long time, but this was the first time Chu Yi had stepped into her room.

Unlike Su Yao's elegance, her bedroom decorations were a little enthusiastic. There were a few fiery red roses on the bedside table. The details of the entire room made Chu Yi feel an obvious sense of familiarity.

Seeing a pair of glasses by Su Yao's bed, Chu Yi's eyes changed slightly. He walked over and picked up the glasses.

It was a pair of gold-rimmed glasses that Chu Yi had worn when he went to China.

Rubbing this pair of clearly well-guarded glasses, Chu Yi's eyes were dark.

At this moment, in the water prison, Su Yao was hugging her arms and trembling. The cold air that kept seeping up from the water froze her.

“Su Yao, continue to be arrogant. Didn’t you rely on your doting on Young Master?” A woman with thick makeup sat on the water prison with a whip in her hand and looked at Su Yao smugly. “So you have such a day??”

“So what?” Su Yao looked up. Her face was abnormally pale. Other than being weak, she also looked a little pitiful, making the woman on top jealous.

She reached out and whipped Su Yao.

Su Yao’s entire body was already highly sensitive because of the cold water prison. Now that the whip was whipped, Su Yao trembled and threw herself into the dirty ice water.

Looking at Su Yao’s sorry state, the woman sitting above smiled smugly. “Everyone, come and take a look. This is our Young Master’s most doted on woman.”

As the woman spoke, she whipped Su Yao a few more times. Su Yao hugged her arms and curled up in the corner.

The woman still felt that it was not enough. She looked at her subordinate. “Catch Su Yao and drag her in front of me.”

After all, Su Yao was someone Chu Yi had instructed to send over. The subordinates did not dare to be too rash and tried to persuade her. “Miss Qin, after all, Young Master asked this person to be sent over. If Young Master finds out, he will definitely be angry.”

“What are you afraid of?” Qin Mi rolled her eyes. “Brother Chu already asked me to throw her here. I’ll bear the responsibility if anything happens. Bring her over.”

No one could dissuade Qin Mi, so they could only pull Su Yao out of the water prison and bring her to Qin Mi.

Qin Mi held a whip in her left hand and a basin of salt in her right. As she drew blood on Su Yao’s body, she sprinkled salt on her.

Su Yao kept struggling on the ground, looking extremely miserable. Even the surrounding people could not bear to watch anymore, but Qin Mi was quite relieved and even laughed out loud.

Some people could not bear it and looked away. “Miss Qin, is that enough? It’ll be terrible if Young Master finds out.”

Qin Mi was quite smug. “How would he know? Even if this woman dies here, Brother Chu won’t look at this vixen again.”

“Really?” At this moment, Su Yao, who was on the ground, spoke. She was already on her last breath, but her bright eyes had a hint of a mocking smile.

Chapter 1413 Rescue

Hearing Su Yao’s words, Qin Mi sneered and sprinkled all the salt in the basin on Su Yao, causing her to cry out in pain.

“Who are you scaring?” Qin Mi looked down at Su Yao. “Do you know what Brother Chu ordered? He said that he wanted to sentence you to extreme punishment.”

Su Yao clung to the ground with both hands. She felt that her internal organs were mixed together and constantly compressed into extreme pain.

Looking at Su Yao’s painful expression, Qin Mi was delighted. She stepped on Su Yao’s hand and admired her struggling expression excitedly. “I hate you. Ever since you came, Brother Chu has never bothered with me. What right do you have?? You’re just a plaything.”

Under multiple tortures, Su Yao gradually could not take it anymore. Her eyes began to close, but Qin Mi was not prepared to let Su Yao off.

She pulled Su Yao’s hair and reached out for her subordinate to bring the whip over.

However, before the whip could hit her, it was stopped.

Qin Mi turned around unhappily, but she was stunned when she saw who it was.

Chu Yi stood at the door, holding the end of the whip with one hand. His expression was dark as he looked straight at her.

Qin Mi laughed dryly and walked towards Chu Yi. “Brother Chu, why are you here? This place is so dirty. It’s not a place you should come.”

Chu Yi did not speak. Instead, he looked at Su Yao, who was lying on the ground not far away.

Su Yao’s face was already covered in blood. She looked at Chu Yi from afar, and the light in her bright eyes seemed to be about to be extinguished at any time.

Seeing Chu Yi look at Su Yao, jealousy flashed across Qin Mi’s eyes. “Brother Chu, are you here to see if this little b*tch is dead? I’ve already helped you teach her a lesson... Brother Chu??”

Just as Qin Mi was talking, Chu Yi suddenly walked forward and picked Su Yao up, completely ignoring the blood on Su Yao.

“Brother Chu??” Seeing Chu Yi’s actions, Qin Mi walked forward in surprise. “You...”

Chu Yi turned around and glanced at Qin Mi. Qin Mi felt as if a knife was scratching her heart.

“Miss Qin, please understand something. This is the Chu family. Even if I want her to die, I have to do it myself. Someone, invite Miss Qin out.”

With that, Chu Yi carried Su Yao and left. No matter how Qin Mi shouted behind him, Chu Yi did not turn around.

Chu Yi carried Su Yao into his room. The butler was stunned when he saw Su Yao’s bloody appearance. “Young Master?”

“Get someone to invite the doctor over.”

“Yes.”

Chu Yi placed Su Yao on the bed. Su Yao, whose eyes were closed, said something in a daze. Chu Yi leaned over to listen and was stunned.

Because Su Yao was calling Chu Yi.

The doctor quickly arrived at the room. Chu Yi gave his seat to the doctor. He stood at the side and watched quietly. Just as the doctor was about to treat Su Yao's wound, Chu Yi said,

"Be gentle. She's afraid of pain."

The butler stood behind Chu Yi and looked at him thoughtfully, then at Su Yao. Then, he shook his head. Sigh.

The wounds on Su Yao's body were serious and the doctor took a long time to treat them. Chu Yi watched from the side for a while, then went out after receiving a call.

In the living room, a person from China was waiting for Chu Yi with a box.

"Young Master Chu." Seeing Chu Yi walk over, this person hurriedly stood up.

"Tell me, how's the matter?"

"The virus has been successfully implanted. Now, it depends on whether Bo Xiao can successfully break out."

Chapter 1414 The Princess's Beauty is Crazy

Chu Yi narrowed his eyes. "What did Yu Qian say?"

"There's no news from them recently." The subordinate handed a document to Chu Yi. "Yu Qian has been living in seclusion recently. I don't know what he's doing. Even the Poison Scorpion plan that he had been preparing a while ago has been put on hold."

Chu Yi casually flipped through the document and put it aside. "Alright, go down first and monitor the movements in China closely. Report to me if there are any problems."

"Yes."

The surge hidden in the darkness was brewing, but under the sunlight, everything was as usual.

Weibo was still dominated by all sorts of entertainment trending topics, with Xia Wanyuan always occupying the first position.

The television drama "Under the Sky" became more and more popular day by day.

In the first half of the television drama, everyone still felt that "Under the Sky" could barely compete with the popularity of "Ice".

Then, when the television drama was broadcasted to the second half, no one said that "Under the Sky" could not compare to "Ice", which had been popular worldwide for nearly five years.

The turning point of this change was the appearance of the little grape demon played by Xia Wanyuan.

Although “Under the Sky” had three male leads as the core story line, there was no lack of outstanding supporting roles.

Among them, Xia Wanyuan played Jun Shiling’s official partner, the little grape demon.

Xia Wanyuan had acted in many roles since she debuted, but this was the first time everyone had seen her act in such a slightly agile role.

Xia Wanyuan usually gave people the impression that she was cold and elegant. Everyone thought that Xia Wanyuan’s agile role would be more out of place.

However, in a fairy forest shrouded in clouds, Xia Wanyuan was wearing a light purple dress. The look of her suddenly turning around from the morning light had occupied the top ten trending topics on Weibo that day.

She suddenly turned around, her eyes slightly curved with a lively smile. It was as if she could see thousands of flowers blooming in her eyes, and she could see a deer jumping nimbly on the morning dew.

[F*ck, I’m tempted. Who doesn’t want to see this little elf!!! Don’t blame the male lead for resisting the Heaven Realm for her, okay? If it were me, not to mention the three worlds, I would even overturn the six worlds.]

[Is Xia Wanyuan really the mother of three children... Good lord, why is it like a joke when she gives birth? This figure, this temperament, even a sixteen-year-old flower girl like me looks like a village girl in front of her.]

[So beautiful. Xia Wanyuan’s beauty is as crazy as ever. Boohoo, there’s no one else with such acting skills. She’s really beautiful. I love Xia Wanyuan so much!!!]

Beauty had special privileges in the world. Xia Wanyuan had only appeared for three seconds, but in these three seconds, not only did it cause a collective sensation among the domestic netizens, but it also triggered discussions among the foreign netizens.

The difference caused by the cultural barrier would make it difficult for the two sides to fuse, but at the same time, it would add a sense of mystery and novelty to each other.

To foreign netizens, it was rare to see a beauty like Xia Wanyuan, who was wearing a long dress and bun, fluttering in the clouds.

Hence, her scene instantly occupied the trending list overseas.

This should have been the headquarters of “Ice”, but now that Xia Wanyuan had swiped the screen, the production team of “Ice” could not sit still anymore.

“What’s going on?? Why was the ranking we bought pushed down by Xia Wanyuan!!”

Chapter 1415 Arrogant

The staff silently wiped the saliva off his face. "It's like this. According to the popularity of the platform, when the popularity of another topic exceeds the second place by five times, it will squeeze out the topic position we bought."

"Xia Wanyuan and the rest also bought a trending spot?"

"That's not it... She's really popular."

It was good that the subordinate did not say this. The more he said, the more anxious the investor and director of "Ice" became. "It's so popular?? What about our television drama?"

"According to the data, they might surpass us in the next episode..." The subordinate reported carefully as he wiped his cold sweat.

"We can't continue like this." The director was worried. "The selection of the World Film and Television Golden Globes is coming up. Didn't we prepare for five years for this award?"

"Increase our investment. We must suppress Xia Wanyuan's limelight. This year's Golden Globe Award must be ours."

At this moment, Xia Wanyuan had no intention of winning any Golden Globes. She was troubled by three clingy little cuties.

As time passed, Little Xi Xia and Little Jia Jin's facial features became more and more open. Like Xiao Bao, the two children had inherited almost all of Xia Wanyuan and Jun Shiling's good points. Their lips were red and their teeth were white. Their eyes were bright and they would smile with their white teeth when they saw people. They were extremely cute.

Xia Wanyuan reached out to touch Little Xi Xia's fair face. Little Xi Xia reached out and hugged Xia Wanyuan's arm, smiling happily at her.

Xiao Bao leaned to the side. "Mommy, why is Sister so cute?"

Xia Wanyuan touched Little Xi Xia's face with her hand. "That's right, she's super cute."

However, this cuteness was also a sweet burden.

After all, the more the children liked Xia Wanyuan, the more they clung to her. Until night fell, the two children insisted on pestering Xia Wanyuan.

Little Xi Xia and Little Jia Jin each hugged one of Xia Wanyuan's arms, while Xiao Bao hugged his sister tightly beside Little Xi Xia. The four of them occupied the entire bed.

Little Xi Xia completely inherited Xia Wanyuan's facial features. Her bright eyes blinked at Xia Wanyuan, as if she was curiously sizing up the woman who was closest to her.

Xia Wanyuan kissed the three children on the foreheads. "Goodnight, babies. Sleep early."

Xiao Bao and Little Xi Xia had always been very obedient and slept when it was time. Little Jia Jin, who was usually the most disobedient to the nanny's discipline, was quite obedient when he was by Xia Wanyuan's side. Xia Wanyuan let him sleep.

Late at night, Jun Shiling finally returned to the manor. Just as he was about to look for Xia Wanyuan to absorb energy, he pushed open the door and saw the four of them lying peacefully on the bed.

Hearing footsteps, Xia Wanyuan opened her eyes. She glanced at Jun Shiling and shook her head at him. "You can only sleep in the guest room tonight."

Jun Shiling walked over and glanced at the children, then leaned towards Xia Wanyuan. "You're letting me sleep in the study again. You're too much."

"Go quickly and rest early." Xia Wanyuan smiled at Jun Shiling.

"No need." Jun Shiling kissed Xia Wanyuan's right cheek. "I'll sleep on the sofa. If the children wake up tonight, I'll take care of them."

"No need. At work, you're already..." Before Xia Wanyuan could finish speaking, Jun Shiling stopped her.

"Sleep quickly. Leave it to me." Jun Shiling stroked Xia Wanyuan's hair. "It's already very hard for you to give birth to them. Leave the rest to me."

Warmth appeared in Xia Wanyuan's eyes. "Hubby, you're the best."

Jun Shiling reached out and turned off the light. "Goodnight."

"Good night."

It was already late at night in China. Continent F was the hottest time in the afternoon.

Yu Qian stood beside the rockery and was watering the orchids by his feet. "Where's Brother?"

"Boss, Mr. Wei said that he's going to take a look at the situation in Luoxi City." Jayce glanced at Yu Qian's expression. "Boss, Mr. Wei should be saving those injured after the war again, right?"

During this period of time, Yu Qian and Wei Zimu's relationship had eased a lot, and Yu Qian had become more and more indulgent towards Wei Zimu.

Now that Continent F was filled with war, many cities had a large number of injuries. When Wei Zimu was free, he would bring people up to treat the people who had been displaced by the war.

In Jayce's opinion, this behavior was completely unnecessary. After all, behind these wars, Yu Qian was often involved, and some actions were personally initiated by Wei Zimu.

Now that Wei Zimu had run to save people hypocritically, Jayce scoffed.

Yu Qian did not have any other expression. He carefully looked at the orchid in front of him. "If he likes it, let him be."

"..." Jayce knew that Yu Qian would say this. Recently, Yu Qian's tolerance for Wei Zimu had been ridiculously high.

Just as the two of them were talking, Wei Zimu happened to return to the base and walked towards Yu Qian from afar.

Yu Qian looked up at him and sent Jayce away.

“You’re back?”

“Why do I feel that there’s something wrong with the recent situation? There are many unfamiliar forces in Continent F.” As Wei Zimu walked over, he opened the box in his hand and took out the small package.

“It’s normal.” A cold glint flashed across Yu Qian’s eyes. “Old K’s remaining forces have finally appeared.”

Ten years ago, Yu Qian had forcefully killed Old K and killed all his old forces. However, Old K’s forces were spread all over the world, and a portion of them had disappeared from then on. Over the years, he had hidden his strength and bided his time. Now, he had finally begun to show his fangs.

“This is for you.” Wei Zimu handed the package to Yu Qian.

“What is it?” Yu Qian did not reach out to take it. Instead, he looked down at Wei Zimu.

“A little food and a set of clothes. I know you only wear custom-made clothes, but I passed by a Chinese city and saw that there were people selling such silk clothes. This was what you wanted the most on your birthday in the past.”

Looking at the clothes in Wei Zimu’s hand, Yu Qian’s eyes flickered and his grip on the kettle tightened. “Didn’t I tell you not to play the family card with me anymore? Do you think I’ll still believe you? Or do you think the person standing in front of you now will still be moved by these things?”

Wei Zimu pursed his thin lips and placed the package on the rockery at the side. “I’ll go back first. Let’s eat together later.”

With that, Wei Zimu left.

Yu Qian stood rooted to the ground for a long time. He looked at the package beside him, then retracted his gaze and turned to walk back. After taking three steps, he returned and took the package away.

At this moment, in the open sea of the TP Sea, Sea Shark was in an encrypted meeting with Chu Yi.

“Are you sure you want to touch him? If there’s a counterattack, can you withstand it?” Chu Yi nestled on the sofa and looked straight at Sea Shark opposite him.

“Do you know that Yu Qian has a vaccine? He’s unwilling to give us the vaccine and wants to monopolize it himself. Can’t you tell? We’ve worked hard for so long. I don’t want to drink his meat soup. Young Master Chu, I know that you and Yu Qian have been fighting for Continent F. If we succeed this time, you’ll be the master of Continent F. Are you really not tempted?”

Chapter 1416 Hope

Hearing Sea Shark’s words, Chu Yi’s eyebrows twitched.

The reason why he could attack the overlord Feng family in Continent M without anyone knowing was not because he was lucky.

Although on the surface, everyone called him Young Master and the head of the entire Chu family seemed to be his father, in fact, from five years ago, the actual control of the Chu family had already fallen into Chu Yi's hands.

Father Chu had high hopes for this outstanding son and gave him full trust.

Chu Yi did not let him down and led the entire Chu family to become stronger and stronger.

There were no eternal friends or eternal enemies in the world. A few years ago, in order to obtain the greatest support, the Chu family and Yu Qian joined forces and forged the entire Continent F into an iron plate.

Now, the plump Chu Yi was no longer satisfied with eating. What he wanted was to monopolize, be the overlord, and turn back to China to become the king of the world.

Sea Shark sat opposite and quietly observed Chu Yi's expression. He knew that his words had tempted Chu Yi.

As expected, Chu Yi looked at him after thinking for a while. "Then what do you want?"

"I want the medicine under Yu Qian and the route he controls." When Sea Shark said this, his eyes lit up, as if this huge wealth would be in his hands in the next second.

Chu Yi nodded. "Okay."

The two of them made an alliance and dismissed all their subordinates. They discussed in the dark room for nearly three hours before finally leaving.

Watching Sea Shark leave, Chu Yi narrowed his eyes. If I could really pull Yu Qian down this time, the entire State F would be at my fingertips.

At this moment, on the other side of Continent F, Yu Qian was still unaware of the impending danger. He was sitting in the living room with a cold expression.

Jayce walked forward carefully. "Boss, I've already sent someone to invite Young Master Wei. He..."

"Why should I invite him?" Yu Qian threw the chopsticks in his hand on the table. "Even if he dies..."

"What about me?" Before Yu Qian could finish speaking, Wei Zimu's voice came from the door.

Ever since Yu Qian was willing to give the special medicine to Xia Wanyuan and let her successfully escape from the gates of hell, Wei Zimu's attitude towards Yu Qian had visibly improved.

In fact, in the boring environment of the base, Wei Zimu had always liked to wear some dark clothes. During this period of time, he had returned to the light-colored clothes he was used to.

Now, Wei Zimu was dressed in a white shirt and had a faint smile on his face. Even Jayce, who had always hated Wei Zimu, felt that his mood seemed to improve when he interacted with Wei Zimu.

Yu Qian stood up and prepared to leave. "It's nothing. Eat."

However, when he passed by Wei Zimu, Wei Zimu stopped him. "I just went to get something. Look at this."

Seeing the thing in Wei Zimu's hand, Yu Qian stopped in his tracks and frowned at Wei Zimu. "What do you mean?"

Wei Zimu was holding a small cake in his hand. It was very simple and there was a small red umbrella on it, like it was from decades ago.

"Happy birthday." Wei Zimu handed the cake to Yu Qian.

Yu Qian's gaze focused on the small cake. In a daze, he seemed to see his young self and Wei Zimu.

Twenty years ago, such a cake was the best birthday gift for a child of a few years old.

Yu Qian had once yearned for such a small cake on his birthday. Unfortunately, he had spent that birthday in Old K's dungeon.

"Let's go and eat." Wei Zimu smiled at Yu Qian.

Yu Qian hesitated for a while before finally turning around and sitting in his seat with Wei Zimu.

Seeing this, Jayce shook his head and retreated.

—

In China, Xia Wanyuan played with the children for a while before handing them to Xiao Bao. Xiao Bao brought his younger siblings to play with toys happily.

"Jun Shiling, what are you looking at?" Xia Wanyuan leaned on Jun Shiling's shoulder and asked curiously.

Jun Shiling turned off the computer. "Don't come into contact with the computer so much."

"Are you hiding something from me?" Xia Wanyuan smiled and teased Jun Shiling. "Are you chatting with some beauty?"

Jun Shiling pulled Xia Wanyuan over helplessly. "What nonsense are you talking about? There's news from your brother."

"What news?" Xia Wanyuan became serious. "Where?"

"Chu Yi has been looking for him recently. He was taken away." Looking at Xia Wanyuan's worried expression, Jun Shiling decided not to hide it from her anymore. He turned on his computer. "Look here."

On the computer was a photo taken at the entrance of the hospital. Jun Shiling enlarged the photo and could see that a person had just been carried out of the ambulance.

The person beside him deliberately wanted to block him, but as the figures moved, half of his face was still revealed.

Seeing that face, pain flashed across Xia Wanyuan's face. "That's Xia Wei."

"I've already sent someone to Continent F. Since Chu Yi is still looking for him, it means that Xia Wei is still safe."

Chapter 1417 Missing

Looking at the young face in the photo, pain flashed across Xia Wanyuan's eyes.

Ever since Emperor Xia Yuan's tombs appeared, Xia Wanyuan had become more and more convinced that her arrival in the modern world must have something to do with Emperor Xia Yuan.

Thinking that Emperor Xia Yuan might suffer somewhere she did not know, Xia Wanyuan could not help but worry.

At this moment, in a farmer's house in Continent F, Qiao Xu, who was disguised as a farmer and carrying a big hoe, entered the farmer's house in a flash after observing that there were no people following him.

"Doctor Qiao." A middle-aged man nodded at Qiao Xu.

"How's he doing?"

"He's still the same." The middle-aged man led Qiao Xu in. "Watch here. I'll go out and guard the area."

"Okay."

Qiao Xu walked into the basement. On the wooden bed inside lay Xia Wei.

Back then, Qiao Xu was only focused on helping Su Yao save Xia Wei and did not have time to look at this person seriously.

Now, he carefully sized up Xia Wei. "Tsk tsk, he's indeed a gigolo. And a strangely elegant gigolo."

Even though Xia Wei was only lying quietly on the bed, he had a noble temperament that was different from ordinary people. It was as if he had been in a high position for a long time and had the classical elegance that came from his bones.

Qiao Xu took out the medical kit and did a comprehensive examination for Xia Wei.

The more he probed, the stranger he looked at Xia Wei.

Xia Wei's health was very bad, so bad that it was as if he was only hanging on to his life. However, strangely, Xia Wei could hang by his last breath for quite long. Even if he did not provide Xia Wei with any food for three days, there would not be any problems with Xia Wei's health.

It was too strange. Qiao Xu even felt that Xia Wei was like a living specimen that would not age or rot. He would always be like that.

The temperature outside was clearly very high, but Qiao Xu shivered out of nowhere. He warmed Xia Wei's body and prepared to leave with the medical kit.

At this moment, he suddenly sensed something unusual outside. He quietly approached the floor and listened to the commotion outside.

At this moment, red blood seeped down from the floor and dripped onto Qiao Xu's face. His expression instantly turned serious and he held his breath.

This basement was specially built and was quite hidden. The people above probably searched around and could not find anything. They destroyed the things in the house in exasperation before leaving.

Qiao Xu waited quietly until night fell. Then, he quietly opened the tunnel door and prepared to go out and talk about the situation.

The moment he climbed up, a gun was pressed against his head.

“Come out,” the other party ordered Qiao Xu.

Qiao Xu swallowed his saliva and nodded repeatedly. Just as he was about to climb up, he suddenly took out a handful of poisonous powder from his pocket and scattered it in the air. The enemy’s eyes were instantly corroded. Taking advantage of this gap, Qiao Xu rolled to the side.

However, he still underestimated the number of people opposite him. Although a group had fallen, more people surged over from all directions and tied him up.

Seeing this group of people enter the basement, Qiao Xu wailed in his heart. “It’s over, Little Wuyou, I’ve let you down. This matter has been ruined.”

However, to his surprise, Xia Wei was not brought out by them.

Because Xia Wei was missing.

Looking at the empty basement, Qiao Xu was stunned. F*ck, wasn’t he here just now??

Chapter 1418 Arrest

The enemy aimed the gun at Qiao Xu. “Tell me, where is he?”

Qiao Xu was also very stunned. He and the farmer had personally dug out this secret passage. There was only one passageway, which was the place he had just come out of. Other than that, there were no other passageways.

However, there was no one in the secret passage. Could he evaporate? It was really strange.

Qiao Xu waved his hand. “I don’t know either.”

The enemy was about to finish him off on the spot when the gun was aimed at his temple. Qiao Xu closed his eyes tightly. “It’s over. I’ve really lost myself this time.”

However, to his surprise, the gunshots did not come. There was only the sound of a group of people putting away their guns. Qiao Xu opened his eyes and took a look. His heart instantly sank.

Good lord, I might as well be killed with a shot. Standing in front of him was Chu Yi’s assistant butler. When Qiao Xu thought of facing that lunatic Chu Yi, he immediately wanted to faint.

An hour later, Qiao Xu was brought to Chu Yi.

This was the first time Qiao Xu had seen Chu Yi face-to-face. Sensing the ambition and restrained and powerful aura in this man’s eyes, Qiao Xu gasped.

He had known in the past that Feng Wuyou was bold, but he did not expect her to be so bold as to provoke such a man. She really did not want her life.

Chu Yi narrowed his eyes and quietly sized up Qiao Xu. He could feel that although Qiao Xu had never seen him before, he was very familiar with him.

“You were the one who operated on Feng Wuyou?” Chu Yi suddenly said, scaring Qiao Xu.

“Who’s Feng Wuyou?” Qiao Xu asked in confusion, his eyes blank. “What surgery? I do many surgeries every day. You have to be more specific.”

Looking at Qiao Xu’s innocent expression, Chu Yi did not waste his breath on him and called the butler over. “Lock this person up with Su Yao and cut off Su Yao’s medicine and doctor.”

“Yes.”

Qiao Xu was carried out. He lowered his head and rolled his eyes. F*ck, what a pervert!

After Qiao Xu left, Chu Yi gathered the people he had sent. “Have you found him?”

Everyone shook their heads. “We’ve searched that tunnel, but there’s nothing inside. Could it be that we really caught the wrong person?”

Chu Yi pondered for a moment. “Pay attention to Jun Shiling.”

“Yes.”

However, Jun Shiling was also in a predicament.

According to the news from ahead, the clues about Xia Wei were cut off tonight. Not only could Chu Yi not find this person who had disappeared into thin air, but the people Jun Shiling had sent out could not find him as well.

Jun Shiling quietly calculated the people who might take Xia Wei away, but no matter how he calculated, he felt that something was wrong.

Just as he was thinking, the door was suddenly pushed open. Xiao Bao blinked his big eyes and walked in. “Daddy, Brother is awake. Brother wants to look for you.”

Jun Shiling turned off his computer and walked to the room beside him. Little Jiajin smiled at Jun Shiling and called out vaguely, “Daddy.”

Warmth appeared in Jun Shiling’s eyes as he picked Little Jiajin up. Little Jiajin was usually very mischievous, but he was very obedient in Jun Shiling’s arms.

Jun Shiling gently patted his back. After he fell asleep, he returned to the study.

At this moment, two emails had just been sent on the computer.

The first was about the jade cauldron. According to global data, the remaining two jade cauldrons were in the hands of the Blue family and Chu Yi.

Chapter 1419 Merit

Seeing these two places, even the calm Jun Shiling could not help but frown.

Now, in this world, the two families were probably the most difficult to resolve. The jade cauldron was in their hands, and it was as difficult as ascending to the sky to take it back.

Just as Jun Shiling was worried about these two families, the phone suddenly rang. Jun Shiling looked at the caller.

It was Bo Xiao.

Jun Shiling picked up the phone and relaxed a little. Just as he was about to chat with Bo Xiao, Bo Xiao's anxious voice came. "Something happened."

Jun Shiling frowned. "Tell me."

"An unknown and extremely infectious illness has appeared in the southwest base. It has already spread."

Jun Shiling's heart sank. "What did Shen Xiu say?"

"There's nothing he can do. I've already gotten someone to seal this place, but it's hard to guarantee that there won't be anyone who escapes. You have to report to your superiors first and be prepared as soon as possible."

"Okay."

After hanging up, Jun Shiling put on his clothes and left in a hurry. Xia Wanyuan walked out of the baby's room and bumped into Jun Shiling.

Looking at Jun Shiling's expression, Xia Wanyuan knew that something bad had happened. "Did something happen?"

"Mm." Jun Shiling nodded. "Rest first. I'm going out."

Jun Shiling did not return the entire night.

At this moment, inexplicable panic lay dormant around everyone in the southwest. Shen Xiu shuttled between the wards with a solemn expression.

"How's the situation?" Bo Xiao strode over. "I've already gotten someone to get the medicine. How long can the medicine last?"

Shen Xiu shook his head. "We have to capture the few people who escaped. Otherwise, if they escape everywhere, the consequences will be unimaginable."

"I've already arranged it."

"There might be something wrong with the medicine sent by the manager." Shen Xiu deliberated for a moment and finally said his guess.

Bo Xiao frowned. "Haven't those medicines been tested?"

Because of the large-scale outbreak of the illness recently, the entire base was very short of medicine. Under such circumstances, a doctor suggested using the batch of medicine sent by the manager.

Their reason was that since the manager dared to send the medicine over openly, he definitely did not dare to do anything. In addition, a doctor tested the medicine himself and proved that there was nothing wrong with the medicine before giving it to the patient.

Bo Xiao had also checked in depth and signed the agreement after confirming that there was no problem.

However, now, looking at Shen Xiu's expression, Bo Xiao's heart sank.

"Actually, I'm not sure either." Shen Xiu's expression was solemn. "I got someone to test that medicine. There are indeed no prohibited ingredients, but what I'm worried about is what if this illness happens to be induced by some normal medicine?"

Bo Xiao and Shen Xiu looked at each other and saw worry in each other's eyes.

"I'll personally look for those who escaped. Stay here." Bo Xiao handed the control of the base to Shen Xiu.

"Okay."

At this moment, in Linxi City, Lin Qingyuan had already returned to the Lin family's mansion. The butler welcomed him. "Master, the person Young Master Chu sent is already waiting in the living room."

Lin Qingyuan nodded and strode into the living room.

Seeing Lin Qingyuan walk over, the people sitting in the living room stood up and greeted him. "Master Lin, we were entrusted by Young Master to give this to you."

Lin Qingyuan took it and took a look. Then, he nodded in satisfaction. "Reply to your young master for me. I received it. When the money is transferred, I'll give everything to you."

"Okay."

The guest gradually left. Lin Qingyuan opened the document in his hand. Inside were two USB drives containing top-secret documents. Lin Qingyuan gathered his trusted subordinates.

The next morning, the few medical factories owned by the Lin family began to continuously produce a new medicine.

In the southwest, Bo Xiao, who had been searching for a day and night, finally brought the three of them back to the base.

Although he had captured them, Bo Xiao did not look happy at all because these three people had long left the southwest region. Bo Xiao had caught them in the downtown area.

He pushed the three of them towards Shen Xiu. "I'll leave these few people to you. You must develop a solution as soon as possible."

At this moment, in the open sea of Continent F, a huge ship was docked in the vast sea.

The three red wine glasses clinked. Some of the red wine spilled over the brim of the glass. Sea Shark was the first to put away the wine glass and nod at Yu Qian.

“I have good news for you.”

Yu Qian took a sip of wine. “I already know.”

“Sigh.” Sea Shark shook his head. “That’s not what I’m talking about. Do you know why Xia Wanyuan and Jun Shiling have been so enthusiastic about digging ancient tombs recently?”

Chu Yi’s hand that was holding the wine glass paused. He looked at Sea Shark. “Continue.”

“The legend is true. If you reach a certain condition, you can change time and space and change the world.” Sea Shark did not understand China’s culture and had not paid attention to these things before, so he did not know that the two people sitting in front of him had already figured things out.

Chu Yi and Yu Qian looked at each other and retracted their gazes.

Chu Yi pretended to mention unintentionally, “You’re fooling me. How do you know? You’re not Chinese.”

“When our people salvaged the sunken ship, we dug up an ancient ship. There were records on it in the ancient scroll. I got someone to translate it for me.”

Chu Yi’s eyes flickered. “Where’s the ship?”

Sea Shark grinned. “Then can I tell you, Young Master Chu? We’re all businessmen.”

Chu Yi smiled and leaned back in his chair. “There are many so-called myths and legends in Chinese novels. I’ll introduce a few to you next time.”

Yu Qian had been silent at the side. Chu Yi looked at him twice and could not guess what Yu Qian was thinking.

At this moment, Sea Shark seemed to have lost his grip on the wine glass. The glass fell to the ground with a crisp bang.

Yu Qian turned to look at the shards of the glass and suddenly jumped up. He took out a gun from his pocket and fired two shots at Sea Shark before jumping into the sea.

However, this time, Sea Shark and Chu Yi were determined to press Yu Qian to death here. A large number of people were hiding in the sea.

No matter how ruthless Yu Qian was, he could not resist the sudden appearance of two to three hundred armed people in the sea.

Yu Qian was brought to the deck. Seeing Jayce standing behind Chu Yi, Yu Qian’s eyes were cold. “It’s you.”

He had never trusted Sea Shark and Chu Yi. Every time he came, he would bring a large number of security personnel. However, this time, the security failed. Thinking about it, only Jayce had the right to transfer his protection personnel away.

Jayce looked at Yu Qian hatefully. "You're no longer the K from back then. You're not worthy of being my boss now."

Chapter 1420 Brother's Death

Yu Qian's expression was cold. "A disloyal dog."

Jayce sneered. "Yu Qian, when I followed you back then, I didn't think much of your unpredictable temper. You're ruthless. As long as you can make me succeed, I've never complained. But now??"

Although Yu Qian had been injected with a tranquilizer and was powerless, his back was very straight and his face was as calm as ever. "How are you now?"

"You could clearly take advantage of Xia Wanyuan's illness to enter, but in the end, for Wei Zimu, you gave the antidote to Jun Shiling. Because of Wei Zimu, you cut off one of my arms. The underground alliance needs a new master and doesn't need you anymore." Jayce looked at Yu Qian fiercely and wantonly vented his dissatisfaction over the past few days.

Yu Qian looked at him indifferently and did not speak.

Chu Yi gave a look and got someone to bring Jayce down.

Sea Shark walked up to Yu Qian and looked at him smugly. "CEO Yu, can we discuss the conditions now?"

"You want the vaccine?" Yu Qian looked at Sea Shark calmly.

"Smart." Sea Shark clapped. "As expected, it's always easy to talk to Young Master Yu. Hand over the vaccine and I'll let you go."

A smile appeared on Yu Qian's face, but this smile only stopped at the corners of his lips. "Let me go?? Do you dare?"

Looking at Yu Qian's faint smile, Sea Shark was stunned. Yu Qian was right. I do not dare.

Yu Qian was too sinister. This time, he could only keep him because of his trusted aide. If he was really released, it was no different from letting the tiger return to the mountain.

"So what if I don't dare?? Don't you still have your life? I don't believe you're willing to give up the huge underground kingdom you personally managed. Choose the vaccine or life."

Yu Qian did not speak. He lowered his head slightly and his lips moved.

Chu Yi watched Yu Qian's strange actions from the side and frowned slightly. Something seemed wrong.

After a while, Yu Qian looked up and smiled strangely at Sea Shark. "Take your life or mine?"

Sea Shark was about to say something when Chu Yi instantly stood up, took the gun, and pointed it northwest. The next second, gunshots sounded, and a person rolled down from the northwest.

"Damn it, it's a trap!!" Sea Shark shouted and retreated. The bodyguards behind him stood up and formed a circle to protect him.

The people from both sides began an intense battle. Seeing that Sea Shark was about to run out, Chu Yi took the gun and aimed it at Yu Qian.

I can't leave him behind.

The moment Chu Yi moved his finger, Yu Qian, who had been injected with tranquilizers, suddenly reached out, wanting to pull the person beside him over to block the gun for him.

However, before he could pull him over, a figure rushed over.

When he saw the person in front of him clearly, Yu Qian's expression changed drastically. He threw the person beside him away and caught Wei Zimu, who had fallen.

Unable to hit Yu Qian, Chu Yi raised his gun and prepared to fire again. However, Yu Qian's reinforcements had already arrived. Chu Yi looked around. If he did not leave now, he would probably be left behind. He threw down his gun and jumped into the sea, entering the ship that came to receive him.

Chu Yi was using a large bullet. Wei Zimu's wound was very terrifying, and a large area had burst open. Blood drenched Chu Yi's clothes.

Yu Qian picked Wei Zimu up. "Let's go back to the base."

He was very confident in his medical skills. To him, as long as he was alive, he could pull him out of the gates of hell.

Wei Zimu wanted to say something, but blood kept spewing out of his mouth.

Yu Qian's expression was cold. "Idiot, who asked you to block the bullet for me?"

Yu Qian brought people back to the base as quickly as possible and placed Wei Zimu on the experiment table. Yu Qian cleaned his wound and was about to operate when Wei Zimu grabbed his wrist.

At this moment, Wei Zimu knew his health very well. He tightened his grip on Yu Qian.

Yu Qian, who had always hated contact, did not shake off Wei Zimu. He looked at Wei Zimu. "Do you have something to tell me?"

"Mm." Wei Zimu nodded almost imperceptibly.

Yu Qian applied an emergency medicine to Wei Zimu and stabilized him. Then, he followed Wei Zimu's actions and sat at the side. "Tell me."

"I'm sorry." Wei Zimu tried his best to squeeze out these two words. He swallowed the blood that kept rising in his throat and said, "Take good care of yourself. I've been looking for you and missing you."

Yu Qian's expression was calm. He lowered his eyes and did not show any abnormalities. "Noisy."

Wei Zimu did not respond to him. Yu Qian looked up impatiently, but when he saw Wei Zimu vomit blood, he panicked.

He quickly activated the device and prepared to examine Wei Zimu. However, when he saw Wei Zimu's physical data, his eyes instantly cracked.

At some point in time, so much poison had accumulated in Wei Zimu's body.

He thought of Wei Zimu's abnormal behavior in the past few days and thought that Jayce must have done it.

He had been busy with the laboratory and had not paid attention to the base during this time. Jayce had actually taken advantage of this.

Knowing that Yu Qian's medical skills were superb, there was no solution to the poison Sea Shark had given Wei Zimu. Furthermore, the effect of this medicine doubled when the patient bled profusely.

Now, there was already a complete blood collapse in Wei Zimu's body.

Yu Qian took the scalpel to stop Wei Zimu's bleeding, but that was too much. It drowned his scalpel, preventing him from seeing any blood vessels.

Time passed bit by bit. Yu Qian had been busy in front of the experiment table.

Not far away, a few doctors looked at Yu Qian's actions with fear in their eyes. They looked at each other and felt a chill run down their spines.

This was because the ECG device connected to Wei Zimu had no reaction three hours ago.

Three hours ago, Wei Zimu had died.

However, Yu Qian's expression was calm as he performed the surgery in an orderly manner. The entire laboratory ground was already filled with bright red.

The doctors felt their entire bodies tremble, afraid that Yu Qian would use a scalpel to end them here if he was unhappy.

At this moment, Yu Qian, who had been silent, suddenly said, "Go out."

Everyone scrambled out and closed the laboratory door.

No one knew what had happened in the laboratory. Everyone only knew that an entire day had passed when Yu Qian came out again.

Everyone knew that Wei Zimu was Yu Qian's brother. Everyone thought that Wei Zimu's death would cause a huge blow to Yu Qian.

However, Yu Qian's expression was calm as usual, as if nothing had happened.

As he walked, he took off his gloves. "No one is allowed in the laboratory without my permission."
