

Modern Day 1501

Chapter 1501 Puzzle

Hearing his assistant's words, hesitation flashed across An Luo's eyes.

Actually, someone had suggested something similar to mystic techniques to An Luo before, but he did not believe this.

However, now, An Lin's health was getting worse and worse. An Luo no longer had any scruples. He looked at his assistant. "Then investigate everything about this now and report to me tomorrow."

"Yes."

Because of an auction, everything seemed calm on the surface, but in fact, there were already undercurrents.

That night, Jun Shiling stood by the window and quietly looked at the lights outside. Lin Jing stood behind him and reported the situation.

"CEO Jun, Lin Qingyuan returned to Beijing overnight. He just met that person. The two of them had a private conversation for nearly three hours."

"Mm." Jun Shiling's gaze kept landing on a steeple in the distance.

"Also, we've found the identity of the black-robed man who keeps appearing."

Hearing Lin Jing's words, Jun Shiling finally turned around and gestured for Lin Jing to continue.

"Last year, the hidden passageway between A World and D World was opened. As you know, there are three continents in A World, and the governor of Hidden Continent has always been the most mysterious. However, we obtained an internal information. The information shows that this governor of Hidden Continent is wearing a black robe all year round. No one knows his true appearance."

"How many years?" Jun Shiling's only concern was this.

"Three hundred years." Lin Jing looked up with a solemn expression. "It's three hundred years. The earliest time the black-robed man appeared was three hundred years ago, but I can't be sure if someone changed under that black robe."

Lin Jing had been following Jun Shiling. Although Jun Shiling had never mentioned Xia Wanyuan directly, in the past few years, as he gradually gathered data on the Great Xia Dynasty, Lin Jing had gradually understood something. Hence, when he saw the records of the black-robed man, Lin Jing could not determine if this black-robed man had existed for more than three hundred years.

Jun Shiling's expression froze. "Continue investigating."

"Yes."

"Go and instruct them to bring forward the time of our return to China. We'll leave tomorrow morning."

"Okay."

After Lin Jing retreated, Jun Shiling turned around, his gaze still on the steeple in the distance.

At this moment, at the top of the steeple, Xia Wanyuan leaned on the railing and quietly looked at the stars in the sky.

Yu Qian had walked up at some point and draped a coat over Xia Wanyuan. "You don't want to leave??"

"Yu Qian." Xia Wanyuan retracted her gaze from the sea of stars and looked at Yu Qian. "What are you after??"

Yu Qian's hand that was putting clothes on Xia Wanyuan paused. "What??"

"What are you after?" Xia Wanyuan looked straight at Yu Qian, her cool eyes seeming to see through everything. "You didn't have to get involved."

Yu Qian's eyes flickered. "When did you discover it?"

"The second day after we arrived in A World."

Yu Qian retracted his hand. "That's true. You're such a smart person. We underestimated you."

Xia Wanyuan did not speak again and only looked at Yu Qian quietly.

Yu Qian looked up at the sea of stars in the sky, his eyes suddenly filled with loneliness. "Is there a problem?"

"No." Xia Wanyuan shook her head. "I just feel that some things are about to end, but you don't have to get involved."

Yu Qian chuckled, his smile not reaching his eyes. "Are you afraid?"

"What about you?" Xia Wanyuan asked Yu Qian.

"What's there to be afraid of?" Yu Qian's gaze circled the brightest star in the sky. "I hate the unknown, but this time, I'm looking forward to the direction of this chess piece."

Chapter 1502 The Formation Completed

The top of the steeple was very quiet, so quiet that one could only hear the soft sound of insects.

Xia Wanyuan and Yu Qian fell silent.

After some time, the temperature of the night dropped to a level that made one feel a little cold. Yu Qian looked at Xia Wanyuan. "Go in. Sleep with me tonight."

Xia Wanyuan looked up, confusion flashing across her eyes. "What?"

Yu Qian did not explain further. He only walked to Xia Wanyuan's side and reached out to hug her.

Sensing Yu Qian's approach, Xia Wanyuan's body stiffened slightly. Just as she was about to push him away, Yu Qian lowered his head slightly and whispered into her ear, "Someone's filming."

Xia Wanyuan narrowed her eyes. "Mm."

In this position, Yu Qian brought Xia Wanyuan into the room.

A small red light flickered in the clouds above the steeple, constantly sending data back.

Looking at Xia Wanyuan and Yu Qian hugging in the photo, the black-robed man sneered. "Such a great love. Help them promote it more, especially send Jun Shiling a copy."

"Yes."

The next morning, news about the governor and his wife spread worldwide.

The photo of the two of them standing on the steeple, side-hugging and looking at the stars became at the top of the trending list.

On this day, in the Jun Corporation, the employees did not even dare to speak loudly. Even though Jun Shiling had already clarified in public that that person was not Xia Wanyuan, everyone had eyes. Everyone knew what Xia Wanyuan was like.

Now that they were watching Xia Wanyuan and another person show off their love, everyone was sweating in their hearts, afraid that Jun Shiling's anger would affect them.

However, to everyone's surprise, Jun Shiling acted as if nothing had happened and went to work, meetings, and important events as usual.

Normal people would not mention anything about Xia Wanyuan in front of Jun Shiling, but there were always some people who came forward themselves.

"CEO Jun, I haven't seen you in a few days. You seem to have lost weight." At a business banquet, Lin Qingyuan walked over with a wine glass. He had a smile on his face and his eyes were indeed cold.

Jun Shiling nodded slightly at Lin Qingyuan. "Master Lin."

Looking at Jun Shiling's clearly much more gloomy aura, the corners of Lin Qingyuan's lips curled up slightly. "I went to England a few days ago and happened to meet the governor's wife. She's quite similar to the former Madam Jun. At first glance, I really thought that Madam Jun had appeared. Speaking of which, I haven't seen Madam Jun in a long time. I wonder where she is now??"

As Lin Qingyuan said this, the hall instantly fell silent. Everyone looked at each other awkwardly and had the same thought. Will the two of them fight here??

However, facing Lin Qingyuan's deliberate provocation, Jun Shiling was not as angry as others had imagined. He looked straight at Lin Qingyuan. "Master Lin, you should pay more attention to your own matters. I heard that there have been frequent accidents recently."

Hearing Jun Shiling mention this, Lin Qingyuan's expression darkened. The Lin family's main industry was medicine.

Previously, the Lin family had always occupied the core position of China's medical industry. He had also obtained a lot of resources through his cooperation with Yu Qian.

However, three years ago, Yu Qian had evacuated everything from the Lin family. After losing Yu Qian, their ally, the Lin family had suffered heavy losses.

This was also the reason why he had specially taken the initiative to look for the black-robed man after knowing that Yu Qian was from A World and wanted to cooperate with him to deal with Yu Qian.

The two of them opposed each other and finally parted on bad terms.

Everyone could only see the two of them fighting openly. They did not realize that in China, the full-scale confrontation between the Jun Corporation and the Lin family had already begun.

It was getting closer and closer to the first alliance meeting between World A and World D. The various forces who had received the invitation began to move to the meeting venue.

Xia Wanyuan and Yu Qian also began to move. The night before they left, Yu Qian gave Xia Wanyuan a gift.

Looking at the bracelet Yu Qian handed her, confusion flashed across Xia Wanyuan's eyes. "Why are you giving me this?"

"Do you hate me?" Yu Qian looked at Xia Wanyuan, his eyes dark.

Xia Wanyuan was stunned for a moment, then shook her head.

"I haven't given you anything. This is for you," Yu Qian said as he took the bracelet out of the jewelry box and put it on Xia Wanyuan's wrist.

The white jade bracelet overflowed with light under the light. In a daze, it seemed to be flickering with fluorescent light, but when one looked at it from another angle, there was nothing unusual.

"Promise me something." Yu Qian looked at Xia Wanyuan. "Can you wear this all the time and take it off a year later?"

Looking into Yu Qian's deep eyes, Xia Wanyuan finally nodded. "Okay."

The venue of the meeting was on an island in the middle of the ocean. Around the usually uninhabited island was a large number of ships and cruise ships.

At the same time, in the desert far away in Continent F, the workers were finalizing the arrangement of the array.

"Sect Master, the construction is about to be completed. What should we do next?"

A hot wind blew, blowing the black-robed man's bandana slightly. Under the bandana, his young eyes were filled with thick darkness.

"Bury on the spot."

"Bury... what?" The subordinate did not understand what the black-robed man meant, but his heart subconsciously turned cold.

The black-robed man's gaze landed on the workers not far away.

This array formation covered almost all of Continent F's largest Taha Desert. Just the local workers working here numbered nearly ten thousand.

Looking at the workers who were already packing up and preparing to leave with their salaries, the corners of the black-robed man's lips curled up slightly. He gently pointed at the people not far away.

"Of course it's them."

Chapter 1503 Reluctant

Following the black-robed man's gesture, the subordinate could only see a large number of staff in the desert. At first, he did not understand. "Sect Master, I don't understand."

The corners of the black-robed man's lips curled up slightly under his mask. "These people, right here."

The subordinate suddenly looked up. Because of surprise, his voice changed. "What do you mean??"

The black-robed man did not answer again and turned to leave. However, his silence was already his answer.

The subordinate looked up at the crowd not far away. It was clearly close to forty degrees Celsius, but he felt his heart turn cold.

Their hands were more or less stained with unclean blood, but the people in front of them were not just a few people. There were more than ten thousand of them.

The subordinate's legs were a little weak. Cold sweat broke out on his forehead. After thinking for a long time, he finally went to see the black-robed man in fear.

"Sect Master, there are many official surveillance points at the edge of this desert. We don't have a chance to attack. Otherwise..."

Before he could finish speaking, the black-robed man suddenly sneered. "Come here."

The subordinate took two steps forward in confusion. "Sect Master, you..."

Before he could finish speaking, a gun muzzle suddenly appeared in the black-robed man's sleeve and was aimed straight at his subordinate. Before he could react, the bullet had already pierced through his subordinate.

Looking at the corpse on the ground, the black-robed man snorted. "If you don't follow my rules, this will be the outcome."

Hearing his words, the other subordinates standing not far away hurriedly knelt down. "Sect Master, spare us. We'll definitely settle the matter for you."

"No matter what method you use, on the night of the full moon next month, the blood of these ten thousand people has to be poured into the array."

"Yes." Everyone immediately lowered their heads and did not hesitate.

The black-robed man waved his hand and gestured for his subordinates to leave.

When the entire room was empty, the black-robed man carefully examined the pistol in his hand, his eyes dark. "Xia Wanyuan, Xia Dynasty, ha."

...

The alliance was located in the sea far from China. Knowing that Jun Shiling was about to leave again, Little Xiaxia, who had waited so long for him to return, was unhappy.

“Daddy, you clearly agreed to accompany me.” Little Xiaxia looked at Jun Shiling unhappily. Her eyes, which were always filled with smiles, were filled with sparkling tears.

Seeing Little Xiaxia like this, Jun Shiling could not bear it. He gently stroked Little Xiaxia’s hair. “Good girl, don’t cry. After the meeting, I’ll definitely come back and accompany you. Don’t you still have your brothers to accompany you?”

Little Xiaxia opened her pure eyes. “Can you really come back??”

Jun Shiling hesitated for a moment, thinking about something, then nodded. “Yes.”

Little Xiaxia was not easy to deceive. The expression on her face became even sadder. “You lied!!! You hesitated.”

Little Xiaxia was too clingy to him, and he did not know when he would be back. Jun Shiling frowned and placed Little Xiaxia’s hand in Xiao Bao’s. “Play with Brother first. Daddy has something on.”

With that, before Little Xiaxia could reject him, Jun Shiling strode out of the bedroom.

After walking out the door, Jun Shiling called Lin Jing.

“Have you found them??”

They had originally brought Little Xiaxia out of the Wuyi Mountains. She was someone else’s child. Because of Little Xiaxia’s amnesia, Jun Shiling had never told her about her true identity.

Chapter 1504 Strange

However, now, Little Xiaxia was becoming more and more inseparable from him. Jun Shiling had other plans. He could not leave Little Xiaxia here anymore.

Now, he felt that he should send Little Xiaxia back to her parents. Perhaps with the company of her parents, Little Xiaxia would not be too sad.

“We’ve already found the parents who lost their child in Wuyi Mountain. According to their description of Young Miss, they should be Young Miss’s biological parents. I’ve already gotten someone to bring them to Beijing.”

“Mm.” Little Xiaxia’s suppressed cries came from the bedroom. Jun Shiling’s eyes darkened. “How about this? Bring them over tomorrow. Perhaps she’ll remember something after seeing her biological parents.”

“Okay.”

After hanging up, Jun Shiling returned to the bedroom.

Seeing Jun Shiling return, obvious joy appeared in Little Xiaxia's eyes. However, when she thought of how Jun Shiling had not kept his promise and had broken his promise to accompany her, Little Xiaxia could not help but be angry. She stood straight by the bed and did not pounce on Jun Shiling as usual.

Jun Shiling strode towards Little Xiaxia and pulled her into his arms.

Caught off guard by Jun Shiling, Little Xiaxia struggled symbolically. "You're annoying, you're annoying."

"Daddy isn't working today. Can I accompany you to the playground??"

Jun Shiling's words successfully calmed Little Xiaxia down. She looked at Jun Shiling in a daze. "Really?"

"Mm."

"Wow, Daddy, you're the best!!" Going to the amusement park with Jun Shiling had always been Little Xiaxia's biggest dream. Now that her dream was about to come true, Little Xiaxia happily threw all her anger to the back of her mind.

"Let's go together." Jun Shiling hugged Little Xiaxia and called out to Little Jiajin and Xiao Bao.

Little Jiajin followed Jun Shiling happily and chatted with Little Xiaxia.

Behind her, Xiao Bao stood quietly. He was not as happy as Little Xiaxia and Little Jiajin. Instead, there was some worry in his eyes.

For some reason, he felt a little uneasy.

He knew that Little Xiaxia liked to play at the playground, and he also knew that Jun Shiling's original plan was to bring Little Xiaxia there in a month.

But now, Jun Shiling had brought the plan forward, and it was the same for the company. During this period of time, Jun Shiling had taught him all the plans about the Jun Corporation for the next year.

Xiao Bao had once asked Jun Shiling in confusion, "Isn't the market changing rapidly? Is there a need to start planning for a year later now??"

Jun Shiling's explanation for this was, "It's better to be prepared."

Xiao Bao was originally convinced by Jun Shiling, but at this moment, everything was connected. Xiao Bao felt that something was wrong.

Jun Shiling's style was not like this. There must be something I did not know.

Sensing that Xiao Bao was not following, Jun Shiling turned to look at Xiao Bao. "You're not going?"

Xiao Bao shook his head. "Daddy, I still have some homework to do. Go ahead. I don't want to play."

Xiao Bao did not go, and Jun Shiling did not force him. He left with Little Xiaxia and Little Jiajin.

Seeing them disappear at the entrance of the manor, Xiao Bao did not return to his bedroom. Instead, he walked all the way to Jun Shiling's study.

No one else had entered this study since Xia Wanyuan left. Jun Shiling usually worked inside, and even Xiao Bao was not allowed to enter.

However, at this moment, Xiao Bao pushed open the door.

Chapter 1505 Will

Three years ago, Xiao Bao could also enter this study. At that time, Xia Wanyuan always occupied the sofa, Jun Shiling handled work at the side, and Xiao Bao sat on a small custom-made desk to practice calligraphy and painting.

When he entered the study again, all the decorations were the same as three years ago. Even the position of the stool seemed to not have changed, as if it was just yesterday.

Xiao Bao's eyes subconsciously turned sour. He slowly walked to the safe and tried to open it with the few passwords he knew.

Jun Shiling and Xia Wanyuan were basically unguarded against Xiao Bao. The password to the safe was still the same as three years ago. Xiao Bao only tried once and opened the cabinet.

The safe was very big and there were two huge boxes inside. Xiao Bao moved the boxes out and slowly studied the way to open them.

The box was covered in complicated patterns that looked a little similar to the array formations Xia Wanyuan had taught him. Xiao Bao tried to undo it according to the principles of the five elements and eight trigrams.

He swiped here and there and fiddled with it, really making half of the patterns at the mouth of the box.

However, it was only half of it. No matter what Xiao Bao did later, the patterns on the box were always missing and could not become a complete flower.

Xiao Bao was so anxious that his face was sweating. He stood up and wanted to find some tools in Jun Shiling's drawer that could provide hints.

Xiao Bao flipped through Jun Shiling's drawer. When he pulled open the bottom drawer, he was immediately rooted to the ground.

Because it was a will. The signature on the cover was flamboyant. It was "Jun Shiling".

Xiao Bao's hand trembled. He took out the document and sat on the ground to read it slowly.

This will was signed by Jun Shiling a month ago. It distributed the Jun Corporation and his other personal assets in detail.

It indicated that after he "left", Xia Wanyuan would inherit the entire Jun Corporation. Xiao Bao and Xiao Jiajin also enjoyed shares, but as Xiao Jiajin's guardian, Xia Wanyuan could hold Xiao Bao and Xiao Jiajin's shares on their behalf.

The will even mentioned Little Xiaxia. Although Little Xiaxia was only someone they had picked up halfway, they had developed feelings for each other during this period of time. Jun Shiling had bought a fund for Little Xiaxia that could support her until she became an adult.

Xiao Bao quietly flipped through this will, his heart in turmoil.

He had countless guesses in his heart. What happened to Jun Shiling?? Why did he make this will?? Will Mommy come back?

In the past few years, Jun Shiling had never revealed Xia Wanyuan's whereabouts to them. However, now that the Jun Corporation belonged to Xia Wanyuan in this will, did that mean that Xia Wanyuan would return??

Xiao Bao sat on the ground and thought quietly. Unknowingly, a long time passed.

It was only when the sound of the car returning outside woke Xiao Bao up that he put away all the documents and placed them neatly in the safe before slipping out of the study.

Downstairs, Little Xiaxia, who had been playing in the playground for a long time, no longer looked sad. She smiled until her dimples appeared. "Daddy, I love you the most!!!"

Jun Shiling replied softly and stroked Little Xiaxia's head. Sensing the temperature on her head, Little Xiaxia's eyes curved into crescents and she took the initiative to hold Jun Shiling's hand. "Daddy, we still have to go together next time."

At that moment, Xiao Bao walked downstairs and called out respectfully to Jun Shiling, "Daddy."

Chapter 1506 Crying Bitterly

Hearing Xiao Bao's voice, Jun Shiling looked up and replied. His deep gaze lingered on Xiao Bao for a few seconds, and Xiao Bao's heart skipped a beat.

Jun Shiling's gaze, which seemed to be able to see through everything, swept across Xiao Bao before retracting. He looked at the butler. "Bring the two of them to wash up. I still have something to tell Xia Yin."

"Yes."

After the butler left with Little Xiaxia and Little Jiajin, Jun Shiling glanced at Xiao Bao. "Follow me."

Xiao Bao knew that his small actions could not be hidden from Jun Shiling at all. With a heavy heart knowing that he was going to be punished, he followed Jun Shiling into the study.

Watching Jun Shiling walk to the safe, Xiao Bao pursed his lips and stood at the door with his head lowered, waiting for Jun Shiling to scold him.

"Come here." To Xiao Bao's surprise, not only did Jun Shiling not scold him, but he also waved at him.

Xiao Bao walked towards Jun Shiling and stood beside him.

Jun Shiling pointed at the safe. "You already know the password, so I won't say anything else."

With that, Jun Shiling opened the safe and took out two of the boxes. "The password to the boxes is the combination of the three numbers before and after your mother's birthday. The other is the combination of the last three numbers."

As the password was entered, the box was opened. Inside were core secrets about the family.

“These things were left behind a long time ago and are stored here. Only the head of the Jun Corporation can come into contact with them...”

Jun Shiling patiently told Xiao Bao all sorts of documents about the core secrets. As Xiao Bao listened, tears rolled down his face.

Seeing that Xiao Bao was about to cry until he could not suppress his voice, Jun Shiling finally stopped and sighed softly.

Jun Shiling reached out and gently patted Xiao Bao’s shoulder. “Don’t cry.”

Xiao Bao could not help but hug Jun Shiling. “Daddy, I saw it. In that drawer...”

Because Xiao Bao was crying too sadly, he could not express the rest of his words completely, but Jun Shiling knew very well.

Jun Shiling hugged Xiao Bao. It was the two men comforting each other. He patted Xiao Bao’s back. “Do you remember what Daddy asked you before?? When Mommy comes back, you have to help Mommy do the Jun Corporation well, okay?”

Xiao Bao whimpered on Jun Shiling’s shoulder. He wanted to say something, but he realized that he could not say anything.

At that moment, in the bedroom next door, Little Jiajin and Little Xiaxia were sitting obediently on the bed. Beside them was a seat reserved for Jun Shiling.

Little Xiaxia held her face, her bright eyes filled with admiration and love for Jun Shiling. “Brother, Daddy treats us so well.”

Little Jiajin pinched his sister’s face. “Brother treats you very well too.”

“That’s right. Big Brother treats me very well too.”

“...” Second Brother Xiao Jiajin was unhappy. “Oh.”

Sensing Little Jiajin’s unhappiness, Little Xiaxia turned around and kissed him when he was not paying attention. “Second Brother is very good too!!”

Little Jiajin could not hold back the smile on his lips. “Hmph.”

“Brother, Daddy will be with us forever, right? We’ll always be happy.” Little Xiaxia blinked her beautiful big eyes and looked at Little Jiajin expectantly.

Little Jiajin nodded seriously. “Mm!!! Daddy will be with us forever!!”

Chapter 1507 Parents

Little Xiaxia liked Little Jiajin too much, as well as Xiao Bao and Jun Shiling. She hugged her doll and rolled around the bed happily. “I want to eat cake tomorrow. Brother, can you buy it for me?”

Little Jiajin thought of the remaining balance in his storage jar and frowned helplessly.

Originally, with the pocket money given by various parties, he could be considered a small rich man. However, ever since Little Xiaxia came to the manor, Little Jiajin's pocket money had decreased rapidly.

It was not that Little Xiaxia had taken the initiative to ask Little Jiajin for something, but that Little Xiaxia was too cute.

Little Jiajin had always wanted to be a brother who doted on his sister, so he kept buying all sorts of things for Little Xiaxia. As it happened so many times, Little Jiajin was poor.

He calculated that he still had about a hundred yuan in his storage jar and could barely buy two cakes for Little Xiaxia.

Looking at Little Xiaxia's sparkling eyes, Little Jiajin made up his mind. Money and everything else were worldly possessions. My sister's happiness was the most important!!

Thinking of this, Little Jiajin was relieved. He waved his hand. "Okay, I'll buy it for you tomorrow!!"

"Brother, you're the best!!" Little Xiaxia kissed Little Jiajin happily.

Little Jiajin was happy to receive his sister's loving kiss.

Buy, buy, buy!! Buy everything!!!

The next morning, Little Jiajin took out his pocket money and happily went to buy cake for Little Xiaxia.

However, when he returned with two strawberry cakes, he saw Little Xiaxia wailing. There were two strangers standing in the living room.

Little Jiajin walked over in confusion. Seeing Little Jiajin, Little Xiaxia ran towards him sadly. "Brother, I don't want to leave. Daddy doesn't want me anymore. Boohoo."

Little Jiajin widened his eyes and hurriedly reached out to pull Little Xiaxia into his arms. "Don't cry. If something is wrong, tell me. Where are you going?"

Little Xiaxia sobbed. "Daddy said that they're my parents and asked me to follow them back to Wuyi Mountain."

He had been living too happily recently, so much so that Little Jiajin had completely forgotten that Little Xiaxia was not his real sister. Little Xiaxia had her biological parents.

Looking at Little Xiaxia, whose eyes were filled with tears, Little Jiajin hesitated for a moment before pulling her behind him. "Don't be afraid. I won't let them take you away."

Seeing this, the couple standing not far away looked at each other and came forward to speak to Little Xiaxia. "Xiao Die, have you forgotten about Mom and Dad?? Come back with us. Without you, Mom and Dad are about to cry to death."

The couple's eyes were swollen and they looked extremely sad. They knelt on the ground and begged Little Jiajin to move away. Little Jiajin had never seen such a scene before and looked at Little Xiaxia at a loss.

Little Xiaxia had lost her memory, but she had not lost her emotional perception. Looking at the two people who claimed to be her parents in front of her, Little Xiaxia's heart did not fluctuate at all, even though they were crying quite sadly.

Little Xiaxia grabbed the corner of Little Jiajin's shirt tightly. "Brother, I don't want to leave."

Little Jiajin pursed his lips. "Wait for me. I'll look for Daddy."

Little Jiajin walked to the side and called Jun Shiling. "Daddy, where did you go?? Something happened. Come back quickly."

Jun Shiling was very calm. "What's wrong?"

"Someone is coming to take my sister away."

Chapter 1508 Daddy Is Here

Little Jiajin was so anxious that his childish voice came out, but Jun Shiling was not surprised at all and replied calmly.

"She's not your sister to begin with."

"Daddy??" Little Jiajin's eyes widened. "But Sister doesn't want to leave. Can you not send her away? I like this sister."

Jun Shiling was silent for a moment. "No."

Little Jiajin began to cry from grievance. "Daddy, please. Why don't you leave Sister with us for a while and send her back after a while?"

"No." Jun Shiling's attitude was very unyielding. "Stop fooling around and get the butler to send her away."

With that, Jun Shiling hung up.

Listening to the beeping sound on the phone and looking at Little Xiaxia, who was looking at him pitifully not far away, Little Jiajin was extremely sad.

Someone instructed the couple standing at the side. Seeing that Little Jiajin could not pull Jun Shiling back, they were immediately relieved. The two of them stepped forward and pulled Little Xiaxia's arm. "Come with us, good daughter. Don't worry, we'll definitely treat you well."

The two of them were in a hurry to take Little Xiaxia away and did not notice that their actions had already bruised Little Xiaxia's arm.

Little Xiaxia kept struggling. She turned around and cried at Little Jiajin. "Second Brother."

Little Jiajin stood rooted to the ground, at a loss. He did not want Little Xiaxia to leave, but he knew very well that Little Xiaxia had her original parents. They had no reason to force Little Xiaxia to stay.

In the Jun Corporation's office, according to the plan, it should be time for a meeting. However, Jun Shiling had been standing by the window quietly and had no intention of leaving.

Lin Jing entered from the door. After some consideration, he walked forward and handed the document in his hand to Jun Shiling.

“CEO Jun.”

Jun Shiling turned to look at the document. “What is this?”

“It’s a photo of Young Miss when she left the manor. The butler sent it over. Do you want to take a look?”

Jun Shiling’s eyes narrowed slightly. In the end, he shook his head. “Forget it.”

Lin Jing did not say anything else. Before leaving, he left the document on the table.

Jun Shiling heard the sound of documents being placed, but he did not turn around. He looked at the sky for a long time, thinking about something.

At this moment, on the plane from Beijing to Wuyi Mountain, Little Xiaxia was sitting in the first-class cabin with the couple.

Compared to Little Xiaxia’s discomfort and sadness, the couple was very excited. After all, this was their first time sitting in first class. After lunch, the two of them asked the stewardess for a few more bottles of drinks and drank until they burped.

After eating and drinking his fill, the man gave the woman a look. “Go coax her. She’s been crying all the way. Why are there so many tears? She’s so annoying. I want to sleep for a while.”

The woman could not be bothered to coax Little Xiaxia. “Aiya, let her cry. She’ll be fine when she’s tired. I want to sleep for a while too.”

With that, the two of them lowered their seats, pulled up the blanket, and began to sleep.

Little Xiaxia was tired and hungry at the side. She was even sadder when she thought of how Jun Shiling did not want her anymore. In addition, she did not like to take planes. At this moment, they encountered a strong airflow and it was bumpy.

Little Xiaxia had cried too much. Coupled with the bumpy ride, she could not help but vomit on the woman’s blanket.

Piak! With a slap, the woman reached out and slapped Little Xiaxia.

Little Xiaxia was stunned by her slap and looked at the woman in a daze.

“How annoying. If you cry again, I’ll throw you down.” The woman glared at Little Xiaxia. “Shut up. Do you think you’re the daughter of the Jun family? Let me tell you, you’re now a grasshopper in my hand. If you cry again, I’ll hit you.”

With that, the woman threw the dirty blanket on Little Xiaxia, then pulled the man’s blanket over and lay down to continue sleeping.

Her face was burning from the slap. Little Xiaxia quietly curled up in the corner and cried. Tears flowed down her arms. She thought aggrievedly, “Daddy, I want to be with you.”

At this moment, in the Jun Corporation, Jun Shiling had been standing by the window for four hours. The lights outside the window had already lit up.

In the quiet street, a high whistle suddenly sounded, pulling Jun Shiling out of his thoughts. He turned around and was about to drink some water when he saw the documents on the table from the corner of his eye.

Jun Shiling was silent for a moment. He deliberately ignored the documents and walked to the desk to deal with his work.

It was already late at night and all the documents had been processed. Jun Shiling stood up and accidentally touched the cup beside him. The spoon made a crisp sound in the cup, which was especially ear-piercing in the quiet night.

Jun Shiling looked down and his eyes froze.

There was a very rough cartoon rabbit on this cup. It was incompatible with the other decorations in the office and was a little cute.

This was specially made for Jun Shiling by Little Xiaxia. Little Xiaxia liked to stick to Jun Shiling. When Jun Shiling was not at home, Little Xiaxia would tell Jun Shiling whatever she learned from the teacher.

Little Xiaxia had learned this porcelain cup from her teacher. The first thing she did after learning it was to make one for Jun Shiling.

Jun Shiling's gaze lingered on the cup for a long time. In the end, he could not help but walk to the sofa and open the document Lin Jing had left behind. His eyes froze.

There were a few photos in the document. Little Xiaxia cried into the camera with tears in her eyes and no longer had her usual smile.

Looking at the bruise on Little Xiaxia's arm, Jun Shiling frowned and took out his phone to call Lin Jing.

"Follow me to Wuyi Mountain."

"Yes."

The private plane increased its speed to the extreme. When Little Xiaxia's plane arrived at Wuyishan Airport, Jun Shiling's private plane happened to arrive at the airport.

Little Xiaxia had cried all night because she was hungry and tired. Now, she finally had no strength.

The couple half dragged Little Xiaxia out. "Go back quickly. The Jun family sent us many things. I want to see what they are. I wonder if they can be sold for a good price."

"Mm, this little girl is too delicate. Why should we bring her back?? It'll be very difficult to raise her in the future."

"Aiya, what's so difficult about it? It's all because she's been spoiled. Look, starve her for a few days and she'll eat everything."

"That's true."

The two of them walked out of the airport as they spoke. However, after taking two steps, footsteps came from behind.

“Stop right there.”

The couple looked back and their eyes widened. This... Why does this person look so similar to Jun Shiling??

Jun Shiling glanced at the exhausted Little Xiaxia and his expression darkened. “Is this how you treat her?? Since you don’t raise her well, there’s no need to bring her back.”

The couple was frightened by Jun Shiling’s aura and their limbs went limp. However, when they thought of the high bonus given by the person behind them, the woman forced herself to calm down and took out the paternity test report.

“We’re her parents. How can we harm her??”

Seeing the paternity test report in the woman’s hand, Jun Shiling’s eyes flickered.

He got Lin Jing to bring Little Xiaxia’s data to do a paternity test with this couple. In the end, it showed that they were indeed Little Xiaxia’s biological parents. Only then did Jun Shiling agree to them taking Little Xiaxia away.

However, he did not expect this couple to treat Little Xiaxia like this.

At that moment, Little Xiaxia was lying in the woman’s arms, as if she had no strength to cry. Jun Shiling took a step forward. “Put her down.”

“No.” Panic flashed across the woman’s eyes as she hid Little Xiaxia behind her. “CEO Jun, we know you’re a big shot, but big shots have to abide by the law, right??? She’s our daughter. Are you snatching someone else’s child in broad daylight??”

No matter how exquisite the couple’s acting skills were, any expression was exposed under Jun Shiling’s gaze.

Jun Shiling noticed the panic in the woman’s eyes. He glanced at Lin Jing, who immediately brought people forward to control the couple.

The woman’s hand went limp, and Little Xiaxia fell straight down from her arms. Jun Shiling caught her steadily before she fell to the ground.

Only then did Jun Shiling realize that Little Xiaxia was not asleep. She had fainted. Her palm-sized face was pale, and her breathing had become quite weak.

“To the hospital,” Jun Shiling said as he carried Little Xiaxia out.

The hospital was already prepared and carried Little Xiaxia to the operating theater the moment she was sent there.

However, the medical facilities in this town were not good, and Shen Xiu was still on his way. The chief surgeon made a mistake in a moment of desperation, causing Little Xiaxia's wound to bleed profusely.

There was no blood type that matched Little Xiaxia in the blood bank in this small hospital. The doctor reported the situation to Jun Shiling in time.

Jun Shiling asked for Little Xiaxia's blood type and stood up. "I can transfuse blood to her. Take mine."

"Okay."

After the problem of blood was resolved, the doctors began to operate in an orderly manner. However, when the blood was transfused into Little Xiaxia's body, not only did her condition not improve, but it also became worse.

"No." The experienced doctor instantly sensed that something was wrong. "There's a problem. Stop immediately."

Jun Shiling sat at the side and waited for the blood transfusion. Seeing the nurse stop the operation, he asked, "What's wrong??"

"CEO Jun, this is your biological daughter, right??" The nurse had seen many such situations and determined Jun Shiling and the patient's situation based on her experience.

Jun Shiling frowned. "What??"

"Your daughter really looks like you. I thought you knew that direct relatives can't transfuse blood to each other."

The nurse was still talking, but Jun Shiling had already stood up. He strode out of the door and called Lin Jing over. "Go and investigate on the spot."

"Investigate what?"

"My relationship with that child has to be tested anonymously this time."

"Okay."

In the operating theater, Little Xiaxia's condition was getting worse and worse. Fortunately, Shen Xiu arrived in time and saved Little Xiaxia from the brink of death.

At the same time, in the hospital lobby, Lin Jing placed ten test reports in front of Jun Shiling.

"CEO Jun, these are ten reports. They were all tested anonymously."

Jun Shiling picked up the report and flipped through it. His eyes froze. He put down one and opened the other.

Soon, all ten books were opened.

The last sentence of every book was the same.

"After testing, the probability of detecting the relationship between the father and daughter is 99.99%."

Chapter 1510 Daughter

Looking at these ten test documents, the usually calm Jun Shiling's hands actually trembled slightly. He frowned and flipped through the test records again. "These..."

The report he had gotten someone to investigate previously clearly showed that he had nothing to do with Little Xiaxia. Although he had always suspected it, many checks showed that he had nothing to do with Little Xiaxia, so he gave up on the idea.

Lin Jing nodded. "CEO Jun, these documents were sent from different testing institutions in the country. The possibility of error is zero."

Considering the possibility of being disturbed, Lin Jing specially instructed his subordinates to send the sample to different institutions in the country or even in different places in the world. He also anonymously provided the sample to ensure that no one could guess the source of the sample and ensure the absolute authenticity of the information.

Looking at the test report showing his relationship with Little Xiaxia, Jun Shiling felt his mind tremble. He clenched his fists. "But that report back then..."

"I just got someone to investigate. The previous report was tampered with. Actually, Young Miss is not related to that couple by blood. You're the one who's really related to her."

Lin Jing was quite surprised by this outcome and even felt that it was very dramatic. They had been looking for Little Xiaxia for so many years, but who would have thought that Little Xiaxia would appear in front of Jun Shiling and call him Daddy for so long?

Lin Jing thought that Jun Shiling would be very happy, but to his surprise, Jun Shiling's face was expressionless. Lin Jing thought that Jun Shiling still had some concerns. He took a step forward. "CEO Jun."

Before Lin Jing could finish speaking, Jun Shiling suddenly stood up.

Watching Jun Shiling leave, a rare stunned expression appeared on Lin Jing's face, because he saw that Jun Shiling was actually walking with the same hand and leg.

Amidst the amusement, Lin Jing's heart ached. In the past three years, as the closest person to Jun Shiling, Lin Jing knew best how bad Jun Shiling had been in the past few years. Now that he had finally found Little Xiaxia, Lin Jing could imagine Jun Shiling's complicated emotions.

At this moment, outside the ward, the doctor saw Jun Shiling rushing over and hurriedly welcomed him. "CEO Jun."

Jun Shiling glanced at the lights in the operating theater. "How is it?"

"Doctor Shen has already gone in. With him around, there will definitely be no problem."

Lin Jing informed Shen Xiu immediately. Shen Xiu rushed over overnight and was already at the hospital.

Jun Shiling calmed down a little. He walked to the sofa and sat down. "I'll wait here."

In the past few years, Jun Shiling had never rested properly. He only slept three to four hours a day to maintain his basic needs. It was already very tiring.

Now that Jun Shiling was working hard because of Little Xiaxia, Lin Jing was worried that something might happen to Jun Shiling if this continued. He tried to persuade him. "CEO Jun, why don't I guard Miss here? Go and rest first."

Jun Shiling shook his head. "No need. Go down first. I'll guard her myself."

They waited for five hours. The night passed.

When the sky was slightly bright, the operating theater door was finally pushed open. Jun Shiling, who had been sitting quietly, stood up and walked towards Shen Xiu. "How is she?"

Shen Xiu pulled down his mask. "The surgery went smoothly. You can transfer to the ward for further observation."

"You've worked hard." Jun Shiling nodded slightly at Shen Xiu. "You'll have to take care of the future treatment as well."

"You're too kind. It's what I should do."

Jun Shiling asked about Little Xiaxia briefly, then strode to the ward beside to see her.

Little Xiaxia was clearly still lively a day ago, but now, her entire face was pale and she looked extremely weak. Her beautiful eyes were closed and had lost their usual bright light.

Jun Shiling sat by the bed and looked at Little Xiaxia quietly, his eyes revealing a hint of fatherly love.

Although he had previously felt that Little Xiaxia was very similar to Xia Wanyuan, the test report showed that the two of them were not related by blood, so Jun Shiling forcefully suppressed this feeling.

However, now that he knew that the child in front of him was his and Xia Wanyuan's daughter, Jun Shiling's eyes warmed. The more he looked at her, the more he felt that Little Xiaxia had completely inherited Xia Wanyuan's appearance.

Jun Shiling reached out to hold Little Xiaxia's small hand. Although she was still unconscious, Little Xiaxia seemed to have sensed it. She moved her fingers slightly and held Jun Shiling's palm.

Sensing the movement in his palm, Jun Shiling's eyes warmed and he felt his heart soften.

At this moment, in Beijing, Old Master Jun, who had always been used to sleeping early, was walking around the courtyard anxiously.

"Old Master." The butler went forward to persuade him. "Rest early. Young Master has already sent news that Little Miss's condition is fine. You don't have to worry too much."

Old Master Jun sighed deeply. "How can I not be worried?"

Jun Shiling had grown up by his side and he knew Jun Shiling quite well. Jun Shiling had looked normal in the past few years, but he knew how much pain Jun Shiling was in.

Over the past few days, the bad feeling in Old Master Jun's heart had become stronger and stronger. He kept feeling that Jun Shiling was doing something behind his back, but he could not guess.

“Sigh.” Old Master Jun sighed deeply. “I wonder how my poor great-granddaughter is doing. I’ve never seen her before.”

In the past few years, Old Master Jun had rarely seen Jun Shiling. It was mainly because he could not stand Jun Shiling’s calm expression, which was actually heartbreaking. Hence, although he had heard that Jun Shiling had brought a child back recently, he had never gone to see her.

What he did not expect was that this child was actually Little Xiaxia, who had disappeared for a few years.

“Young Master is taking care of Little Miss.” The butler comforted Old Master. “Don’t worry.”

“Mm.” The old master sighed again. “I hope the appearance of this child can stop him from having some crazy thoughts.”

The butler was a little puzzled. “Old Master, what did you say?? What craze?”

Old Master Jun shook his head and did not say anything else. However, there seemed to be more wrinkles on his old face, and he looked much more dejected.

The butler did not know what had happened to Old Master, but he knew very well that something big might happen to the Jun family.

On the other side of Beijing, Lin Qingyuan leaned on the sofa and listened to his subordinate’s report. A cold smile appeared on his face. “She’s really his daughter.”

“Yes.”

“Ha.” Lin Qingyuan threw the fish food in his hand into the fish tank. “Alright, there’s a good show to watch.”

“Master, are you still going to the alliance?”

“Yes, why not?” A hint of playfulness flashed across Lin Qingyuan’s deep eyes. “There’s a good show to watch. Why not?”
