

## Modern Day 1511

### Chapter 1511 Traveling Together

Although Little Xiaxia's surgery was very successful, her brain was a little damaged. She lay in the ward for almost two days and did not wake up.

During this period, Jun Shiling rejected all his work and took care of Little Xiaxia wholeheartedly. After Little Jiajin and Xiao Bao found out that Little Xiaxia was their biological sister, they clamored to come and take care of Little Xiaxia, but Jun Shiling rejected them.

There were only Jun Shiling and Little Xiaxia in the entire ward. He often sat by the bed. It was obvious that he had been thinking about something the entire day.

From the first time he saw Little Xiaxia, Jun Shiling had felt that Little Xiaxia looked a little similar to Xia Wanyuan's facial features, but the test report at that time dispelled his doubts.

Until now, when he saw Little Xiaxia lying obediently on the bed, Jun Shiling's gaze swept across her eyes. He felt that the more he looked at her, the more she looked like Xia Wanyuan.

The more he looked, the more Jun Shiling doted on Little Xiaxia.

He felt guilty. When he went to get someone to test his relationship with Little Xiaxia, he should have paid more attention. That way, Little Xiaxia would not suffer so much.

Looking at Little Xiaxia, who had been sleeping, Jun Shiling was faintly anxious. "Why isn't she awake??"

Shen Xiu was very calm. "CEO Jun, as long as she wakes up in a week, there won't be a problem. This child's brain is damaged. Back then, the lack of oxygen was too serious."

Hearing Shen Xiu's words, Jun Shiling's eyes darkened.

Lin Jing had gone to check the video in the cabin in the past two days. Only then did Jun Shiling know how the couple had treated Little Xiaxia.

That couple had originally wanted to exchange Little Xiaxia for money when they brought her back, so they did not have any love for Little Xiaxia.

After sending Little Xiaxia to the plane, Jun Shiling could not bear to see her, so he did not look at her again and did not see that

actually, the moment he turned around, Little Xiaxia began to cry and wanted to run towards Jun Shiling.

However, the couple stopped Little Xiaxia very roughly. The woman covered Little Xiaxia's mouth while the man was in charge of hugging her limbs. The two of them did not cherish Little Xiaxia at all and used all their strength. Little Xiaxia's wrists were all red.

Watching Little Xiaxia struggle in the couple's arms, obvious killing intent flashed across Jun Shiling's eyes.

In the video after getting on the plane, Little Xiaxia was not cooperative enough on the plane. She did not eat or drink and only cried at the side. The couple was annoyed by the crying. The woman opened

her luggage and forcefully stuffed Little Xiaxia into it. In order to sleep quietly, the woman even zipped up her luggage.

From the video, one could clearly see Little Xiaxia trying to struggle. Small bumps kept bulging on the surface of the luggage, which was Little Xiaxia's hand moving.

The box was leather and there was not much usable oxygen in it. Fortunately, the flight from Beijing to Mount Wuyi was not long. If it was any later, Little Xiaxia would have died in that cramped luggage.

Sensing Jun Shiling's instantly sinking emotions, Shen Xiu took a step forward. "CEO Jun, don't worry. She'll wake up."

Jun Shiling believed in Shen Xiu's medical skills. With Shen Xiu's guarantee, Jun Shiling's expression softened a little. "Mm."

As Shen Xiu had said, Little Xiaxia woke up that night.

At that moment, Jun Shiling was leaning against the bed to take a nap. He, who had been taking care of Little Xiaxia, was still a little weak. He leaned against Little Xiaxia and fell asleep.

Little Xiaxia opened her eyes and saw the snow-white roof first. She blinked and subconsciously called out, "Mommy."

Hearing Little Xiaxia's voice, Jun Shiling instantly opened his eyes. His deep eyes were bloodshot, but they were strangely bright.

Seeing Jun Shiling, Little Xiaxia's eyes widened slightly, and a hint of surprise and surprise flashed across them. "Daddy!"

It was a blessing in disguise. Back then, Little Xiaxia had lost her memories of Xia Wanyuan and Jun Shiling because of the intense impact. Now, because of the lack of oxygen, she had unexpectedly recovered her previous memories after the surgery.

Although Jun Shiling's side profile looked very haggard, Little Xiaxia could still recognize at a glance that this person was the father Xia Wanyuan often drew for her.

Previously, when she came back with Jun Shiling, Little Xiaxia often called him Daddy, but at that time, she called him Daddy because she felt that Jun Shiling treated her well.

It was different when she called him Daddy now. Now, it was because Little Xiaxia remembered that the man who treated her especially well and doted on her was the biological father she had been looking for.

The corners of Jun Shiling's lips curled up slightly as he reached out to hold Little Xiaxia's hand. "Good girl, you're awake."

The next second, Little Xiaxia pursed her lips. She recalled the scene of her being bullied in the cabin. Little Xiaxia's big tears fell onto the pillow. "Daddy is a bad person. You don't want me. I want to tell Mommy."

Jun Shiling subconsciously comforted Little Xiaxia. He lowered his head and gently kissed her cheek. "No, not anymore. You're my daughter. I won't let anyone take you away."

"Really?" The tears on Little Xiaxia's eyelashes hung on them. She looked at Jun Shiling in a daze, her eyes hesitant, not knowing if she should believe Jun Shiling.

"Mm, really." Jun Shiling nodded. "I promise."

"Alright." Little Xiaxia was instantly happy. Her tear-filled eyes curved up slightly, and the moon rose from them with a jumping light.

Looking at Little Xiaxia's happy expression, Jun Shiling smiled. However, in just a few seconds, Jun Shiling's expression changed.

"You just said, tell Mommy? Do you know who your mother is?"

Little Xiaxia smiled until her dimples appeared. "My mother is Xia Wanyuan. My mother is the most beautiful in the world!!"

Jun Shiling held Little Xiaxia's hand and paused. "You remember??"

Little Xiaxia nodded. "Mm!! Daddy, you're my Daddy."

A smile appeared on Jun Shiling's face. "Mm, I am."

The feeling of treating Jun Shiling as her father before was completely different from knowing that Jun Shiling was her father now. Little Xiaxia waved at Jun Shiling. "Daddy, hug me."

Jun Shiling reached out and pulled Little Xiaxia into his arms. "Good girl."

Outside the ward, Bo Xiao, who had rushed over after receiving the news, saw the scene in the ward and his eyes turned slightly red.

After a while, he turned around and called An Rao.

"Baby, Jun Shiling is going to the alliance meeting in two days... I..."

Before Bo Xiao could finish speaking, An Rao interrupted him. "Go ahead."

.....

## Chapter 1512 Heartless

Bo Xiao wanted to explain to An Rao, but before he could say anything, he fell silent again.

Actually, there was no need for him to say anything. The two of them had already understood everything. In the past few years, Jun Shiling was upset, and so were they. Now that Jun Shiling had something on, Bo Xiao would definitely help him.

After a while, Bo Xiao only said, "I'm sorry."

In the eyes of outsiders, Bo Xiao was a high and mighty official. An Rao had climbed up the social ladder.

However, Bo Xiao knew very well that An Rao was the one who had given the most in their marriage.

On the other end of the line, An Rao was quite calm. She stroked Xiao Qingli's head. "Yuan Yuan has been missing for the past few years. Actually, I'm very sad too. If only you could help CEO Jun bring her back."

"But..." Although Jun Shiling had not revealed many things to the outside world, Bo Xiao had worked with him for many years and could naturally tell something from Jun Shiling's actions. Bo Xiao was not confident about this trip.

Bo Xiao had just said something when An Rao understood what he meant. "I know. Go ahead. Don't worry about the family."

Hearing An Rao's words, Bo Xiao's heart warmed. "An Rao, thank you."

"Thank you very much too." An Rao had a smile on her face. "Really."

In her pale life, Bo Xiao was her salvation. When Bo Xiao needed her, she could also become his last support.

Bo Xiao spoke to An Rao for a while more. Just as he hung up, the ward door opened and Jun Shiling walked out.

Bo Xiao stood up and walked towards Jun Shiling. "How's her condition?"

"It's already stable." Jun Shiling pinched the space between his tired eyebrows. "Why are you here too?"

"You're treating me like an outsider." Bo Xiao looked into Jun Shiling's eyes. "If you need me for anything, just say it. Why are you being so polite to me?"

Jun Shiling looked back at the ward, then turned to walk out. "Come out and let's talk."

Bo Xiao followed Jun Shiling into the garden. It was already the end of spring, and the fallen flowers had withered on the ground, looking very bleak.

Jun Shiling turned to look at Bo Xiao. "You took a long leave?"

"Mm." Bo Xiao nodded.

"Where are you going?" Jun Shiling's eyes narrowed.

"I'll go wherever you go." Bo Xiao looked straight into Jun Shiling's eyes. "There's no need to persuade me. I've already decided."

Jun Shiling was silent for a moment. In the end, he did not say anything and only reached out to pat Bo Xiao's shoulder.

At this moment, in Continent F, Chu Man was sitting on the sofa with a red wine glass in her hand. She quietly looked at Xia Wei, who was packing his things not far away, and her gaze changed.

"Xia Wei." After some time, Chu Man finally could not help but call out to Xia Wei.

Xia Wei turned around. The usual gentleness between his eyebrows was gone, and there was a depth that Chu Man could not understand.

However, this depth was more attractive than gentleness. Looking at Xia Wei like this, for some reason, Chu Man felt helpless.

Even though in everyone's hearts, Xia Wei was her subordinate, only Chu Man knew that the distance between her and Xia Wei was actually very far, till the extent that she could not approach him.

"What's wrong?" Xia Wei had lost some of his usual gentleness and vaguely had the aura of a supreme being. The sharpness in his eyes made one not dare to look straight at him.

"Are you going to look for Xia Wanyuan?" Chu Man finally spoke, completely opening the window between her and Xia Wei.

Xia Wei frowned. "Mm."

"You like her? You like her so much that you know that this meeting will be a narrow escape, but you still want to look for her?"

To the outside world, World A and World D claimed to have an alliance meeting, but almost everyone present knew that this meeting was the only contact between World A and World D in so many years. The danger was unpredictable, and no one knew what the final outcome of the negotiation would be.

Furthermore, as one of the two parties who had initiated the meeting, everyone knew about his entanglement with Xia Wanyuan. They really did not know what Jun Shiling would do in this meeting.

Xia Wei could clearly refute, but he did not. He lowered his head slightly. "Chu Man, you crossed the line."

This was the first time Xia Wei had called her name so directly with a condescending tone. Chu Man felt a little sad.

"Ha, yes, I crossed the line. I shouldn't have picked you up from the desert back then."

Xia Wei lowered his head, his expression unclear. "No matter what, thank you for saving me back then."

He was so calm again and had such a calm expression. Chu Man hated Xia Wei to the core.

She raised her hand and drank the red wine in her glass in one gulp. Then, she walked forward and planted a kiss on Xia Wei's lips.

Seeing this, the surrounding subordinates immediately left the room.

Chu Man was called a fiery rose blooming in the desert. Her loving eyes had a proud dominance and a hint of beauty. No man could resist such temptation.

At this moment, Chu Man placed her hands on Xia Wei's shoulders. Her beautiful eyes were filled with shocking despair and a rare hint of vulnerability.

Any characteristics a woman like Chu Man had were attractive enough. Now, that vulnerability accentuated her, making her have a complicated charm.

Xia Wei's pupils constricted for a moment. Chu Man noticed and narrowed her eyes. "Are you a man?"

Xia Wei was not angered by her. He replied calmly, "Yes."

“Why can’t I tell?” Chu Man snorted coldly. “I’m already standing in front of you like this, but you don’t react at all. You still say you’re a man?”

Xia Wei reached out and pulled Chu Man’s hand away from his shoulder. “It’s getting late. Go and rest.”

Chu Man had already torn apart all her face and taken those 99 steps towards Xia Wei tonight. She did not expect that there was only one last step left, and Xia Wei was unwilling to approach her.

Chu Man clenched her fists. “Am I so annoying??”

Xia Wei took a step back and stood a distance away from Chu Man. “I don’t hate you. Don’t have any expectations for me. We won’t have a future.”

“Ha.” Chu Man sneered. “Future? The future I, Chu Man, want is in my own hands. What right do others have to tell me that there’s no future?”

Looking at the arrogant and confident Chu Man, Xia Wei shook his head slightly. “You don’t understand.”

“I don’t understand?” Chu Man suddenly raised her voice. “Then did you tell me?? Ask yourself honestly. In the past three years, when have you taken off your mask? Xia Wei, you don’t have a heart.”

Chapter 1513 Farewell

Hearing Chu Man’s accusation, Xia Wei did not retort.

He was not a modern person and did not want to reveal it to Chu Man.

As an emperor, he actually had sharper senses than ordinary people. However, because he wanted to become an emperor, he suppressed all his emotions and desires.

It was already very cruel for Chu Man to know that he was destined to leave. If Chu Man knew that the two of them were actually not from the same era, it might be even more cruel.

Seeing that Xia Wei had been silent, Chu Man reached out and grabbed Xia Wei’s wrist. “Why aren’t you saying anything? Are you guilty or are you already heartless to this extent?? Do you not care what I do?? Say something.”

Xia Wei was silent for a moment before looking at Chu Man. Under Chu Man’s stunned gaze, he lowered his head and gently kissed Chu Man’s forehead.

That gentle kiss was slightly wet, as if a drizzle had finally landed on the swaying petals. It slowly whispered between the fog and bloom.

It was as if there were countless thoughts that could not be said, or as if someone was whispering. What filled the thick fog was a secret that had been developed from the depths of time.

All the anger in Chu Man’s heart seemed to have been extinguished by a basin of cold water. She looked at Xia Wei in a daze. “What are you doing??”

Xia Wei did not say anything else. He kissed her and stood up straight, looking straight into Chu Man’s eyes.

“Xia Man, I do have a heart.”

At this moment, the fake gentleness in Xia Wei’s eyes dissipated, and the fog dissipated. For the first time, Chu Man could see the emotions in his eyes so clearly.

Chu Man was stunned.

The corners of Xia Wei’s lips curled up as he smiled at Chu Man. “However, I can only tell you that in my heart, Xia Wanyuan is irreplaceable. She’s ranked first.”

With that, Xia Wei turned and left.

Watching Xia Wei leave, Chu Man felt a rare sense of helplessness.

She felt that Xia Wei had personally poured a basin of hot water into her heart. Before her heart warmed, Xia Wei poured another basin of cold water down her throat.

What did Xia Wei mean? What was his relationship with Xia Wanyuan??

At this moment, the subordinate walked in. “Boss, it’s Old Master Chu’s birthday in two days. Everything is ready. When are you going back?”

From the moment Chu Man and her mother were chased out of the Chu family, everything Chu Man did was to return to the Chu family to take revenge on them, in order to prove to the Chu family that she, Chu Man, was not inferior to Chu Yi and clear her mother’s name.

However, at this moment, Chu Man was clearly only a step away from returning to the Chu family, but she hesitated. She looked at her subordinate. “When is Xia Wei preparing to leave?”

“Mr. Xia is leaving tomorrow.”

Chu Man pondered for a moment. “We’re not going to the Chu family anymore. Let’s leave with Xia Wei.”

The subordinate was stunned for a moment before nodding. “Okay.”

Chu Man had expanded so quickly in Continent F in the past few years because she wanted to throw those past humiliations in front of Old Master Chu on his birthday and tell him.

Back then, his decision to chase Chu Man and her biological mother out was wrong. Even if she was a girl, she could bear the burden.

However, now, for Xia Wei, Chu Man had completely given up on returning to the Chu family’s banquet. The subordinate secretly sighed in his heart. I should have expected this long ago.

After the subordinate left, Chu Man sat on the sofa and quietly finished the entire bottle of wine. No matter what Xia Wei and Xia Wanyuan’s relationship was, I had to get to the bottom of it.

It was not her style to give up so unclearly.

At this moment, a plane was heading to Beijing from Wuyi Mountain.

Although she was still afraid of the plane, she stayed in Jun Shiling's arms the entire time. Not only was Little Xiaxia not afraid, but she was also a little curious and excited.

"Daddy, are those clouds outside??" Little Xiaxia leaned happily against the window and looked curiously at the world outside.

"Mm, it's clouds."

"Daddy, I'm hungry. I want to eat small biscuits."

"Here." Jun Shiling opened a bag of small biscuits and patiently fed Little Xiaxia.

Looking at Jun Shiling, who agreed to everything, Little Xiaxia's eyes sparkled. However, in the next second, she was a little sad.

Jun Shiling stroked her hair. "What's wrong??"

Little Xiaxia raised her hand and wiped her tears. "I wonder how Mommy and Uncle Yu are."

Hearing Little Xiaxia's words, Jun Shiling's eyes flickered. "Does your Uncle Yu treat you very well?"

Little Xiaxia nodded. "Mm, Uncle Yu treats me especially well, just like you, Daddy."

With that, Little Xiaxia realized that something was wrong. She glanced at Jun Shiling. "Daddy, don't be sad. What I mean is that Uncle Yu treats me very well, but I don't treat him as my own father. Mommy showed me your photo when I was young. I know you're my father."

Seeing Little Xiaxia hurriedly explain as she was afraid that he would misunderstand, Jun Shiling's eyes flickered.

She definitely felt uncomfortable, but Xia Wanyuan had taught Little Xiaxia very well.

Jun Shiling smiled at Little Xiaxia. "I know."

Little Xiaxia hooked Jun Shiling's hand with her little finger. "Daddy, I like you too much!!! When will Mommy come back?? Mommy misses you too."

Jun Shiling held Little Xiaxia's hand. "I'll be back soon."

"Really?" Little Xiaxia looked into Jun Shiling's eyes in surprise. "Then after our family reunites, can I visit Uncle Yu more? I think Uncle Yu is quite pitiful."

"Okay."

"Wow, Daddy, you're the best!!" Little Xiaxia hugged Jun Shiling happily.

My mother was right. I have the best father in the world!!!

The plane quickly landed at the Beijing airport. Jun Shiling brought Little Xiaxia back to the manor.

At the entrance of the manor, An Rao was waiting for them with the three children. Jun Shiling handed Little Xiaxia's hand to An Rao. "You've worked hard."

“Mm.” An Rao glanced at Bo Xiao, who was behind Jun Shiling, and smiled at him. Then, she looked at Jun Shiling. “CEO Jun, please take care of our Bo Xiao.”

Bo Xiao blinked. “Don’t worry, when I come back, I still want a second child.”

An Rao’s face flushed red. “What nonsense are you talking about?”

Bo Xiao became serious. “Alright, we’re leaving. Take good care of yourself.”

“Mm.”

Little Xiaxia was held by An Rao and looked at Jun Shiling in confusion. “Daddy?? Where are you going??”

Jun Shiling squatted down and stroked Little Xiaxia’s head. “Daddy has something on and has to leave for a while. Mommy will be back soon. Wait obediently at home.”

Hearing that Xia Wanyuan was coming back, Little Xiaxia widened her eyes happily. “Okay!”

Chapter 1514 Priest Zhang

After speaking to Little Xiaxia, Jun Shiling looked at Xiao Bao, who was standing at the side. “I’ll leave your younger siblings to you.”

He had already said everything he needed to say to Xiao Bao that night. Xiao Bao was a very smart child. Jun Shiling knew that Xiao Bao knew what to do.

Ever since Xia Wanyuan left, Xiao Bao had not cried in a long time. However, at this moment, Xiao Bao’s eyes were filled with tears. He tried his best to hold them in. “I know, Daddy. You have to return safely with Mommy.”

Jun Shiling reached out and patted Xiao Bao’s shoulder. “Good boy.”

On the other hand, Bo Xiao looked at An Rao, whose eyes were red, and lowered his head to kiss her forehead. “Stop crying. If you cry again, I really won’t be able to leave.”

An Rao had always loved to cry. When she cried, Bo Xiao had never been able to resist.

“It’s even better if you don’t leave,” An Rao said, but in fact, she stopped crying and wiped her tears. “You promised me last time that you would bring me out to play. Do you remember?”

After Bo Xiao and An Rao got married, because of the nature of Bo Xiao’s work, the two of them had never held a honeymoon trip. Bo Xiao had once promised An Rao that when he had time, he would bring An Rao to the beautiful places Bo Xiao had once been.

Unfortunately, ever since the two of them got married, all sorts of things had piled up, causing them to have no time to go out at all. Bo Xiao’s previous promise became distant.

“Of course I remember.” A hint of guilt flashed across Bo Xiao’s eyes. He stroked An Rao’s head. “I’m sorry, if not for me.”

Bo Xiao had always felt very guilty towards An Rao. Because of the nature of his work, An Rao had to bear more responsibility alone. He did not spend much time at home, and Xiao Qingli was mostly brought up by An Rao alone.

Because of his position, even An Rao was protected and restricted. In the past, An Rao liked to walk around so much, but now, she was trapped in the few hundred square meters of their house.

An Rao knew what Bo Xiao was going to say. She covered Bo Xiao's mouth in advance. "Don't say anything to let me down again. You clearly know that I'm lucky to be able to marry you."

The happiest thing about living in this world was not how much money one had.

Furthermore, to An Rao, she did not lack money or fame. What she lacked the most was someone who could stand by her side and accompany her no matter where or when.

And Bo Xiao was that person. She was even 100% sure that Bo Xiao would protect her with his life. It was a blessing for her to meet such a person.

Looking at An Rao's beautiful eyes, a smile appeared in Bo Xiao's eyes. "Wait for me to return."

"Okay." An Rao nodded.

Seeing that An Rao's eyes were starting to turn red again, Bo Xiao turned around and isolated himself from everyone's gazes. Then, he pulled An Rao into his arms and transmitted his firm love to her.

There was no need to say anything else. Jun Shiling glanced at Bo Xiao, who had already bade farewell to An Rao. "Let's go."

"Okay."

Jun Shiling and Bo Xiao got into the car together and drove towards the Jun family's courtyard.

At the entrance of the manor, An Rao held Xiao Bao's hand. "Baby, Auntie An Rao will definitely take good care of you during this period of time."

Xiao Bao nodded at An Rao. "Auntie An Rao, do you think Mommy will come back?? Will Daddy come back safely??"

An Rao nodded heavily. "Of course!!! The two of them will come back safely. Don't worry, Auntie An Rao can predict it."

The two of them chatted as usual, but they were not fools. Instead of saying this to each other, it was more like comforting themselves.

After An Rao finished speaking, Xiao Bao smiled at her. "Auntie An Rao, I believe you."

Looking at Xiao Bao, who was so young but had to carry a heavy burden, An Rao's heart ached. She reached out and stroked Xiao Bao's head. "Good child, our Xiao Bao is the most obedient."

Lying in An Rao's arms, Xiao Bao glanced in the direction Jun Shiling had left. At that moment, there was no trace of the car on that road.

It was already midsummer. Uncle Liu had persuaded him many times, but Old Master Jun was unwilling to leave the sun.

“Old Master, what are you waiting for??” Uncle Liu followed Old Master Jun’s gaze and looked at the entrance of the alley. The entrance of the alley in the afternoon was silent. Other than the chirping of cicadas, there was nothing else.

Old Master Jun was an old man in his seventies or eighties after all. After being under the sun for a while, beads of sweat rolled down his forehead.

However, he could not care less at this moment. He stared intently at the alley not far away, very certain that someone would definitely come.

Seeing that he could not persuade Old Master, Uncle Liu walked into the house and made a cup of cold tea for him. When he came out with the tea, he happened to see Jun Shiling walking towards the courtyard.

Uncle Liu was about to step forward when he saw Jun Shiling kneel down to Old Master Jun. Uncle Liu stopped in his tracks.

Looking at Jun Shiling kneeling in front of him, Old Master Jun sighed, as if he had instantly aged ten years. “Ah Ling, you’re my only grandson.”

He had raised this child single-handedly. Jun Shiling was smart, decisive, and the most outstanding child in his heart.

“Grandpa, I’m sorry.” Jun Shiling lowered his head. “I’m not asking for your forgiveness.”

“Then why are you begging?” In the end, Old Master Jun could not stand the sun. He supported himself against the wall and sighed deeply.

“I beg you, don’t blame Xia Wanyuan.” Jun Shiling looked up and looked at Old Master Jun seriously. “If she comes back.”

When Jun Shiling said this, Old Master Jun’s heart turned cold. He looked deeply into Jun Shiling’s eyes. After a while, he finally nodded. “I’ve never blamed her. She’s also my proudest granddaughter-in-law.”

After receiving Old Master Jun’s promise, Jun Shiling knelt on the ground and gave Old Master three kowtows. This was a greeting before he bade farewell.

Old Master Jun did not move. He stood there and accepted Jun Shiling’s three kowtows.

Seeing that the time was gradually approaching, Jun Shiling stood up from the ground. “Grandpa, take care.”

Tears flashed in Old Master Jun’s eyes. He walked forward and patted Jun Shiling’s shoulder. “You have to come back safely.”

Jun Shiling nodded. “I’ll remember.”

With that, Jun Shiling was about to leave when a panting person in a Daoist robe ran over from the alley.

That person's hair and beard were all white, but his face was rosy and he looked a little immortal.

Seeing the person, Old Master Jun's eyes lit up and he quickly welcomed him. "Priest Zhang, why are you here?? Didn't you say that you wanted to travel back then?? I've been wanting to look for you for the past few years, but I haven't been able to find you."

Chapter 1515 Brother-in-law

Priest Zhang had probably rushed here. Now, he was panting, his lips were dry, and his white hair was a little messy.

"Can you give me a sip of tea first?" Priest Zhang was extremely tired. He rolled up his sleeves and casually wiped the sweat off his face.

Only then did Uncle Liu react and hurriedly walk forward with the cold tea. "Priest Zhang, please enjoy."

Priest Zhang picked up the teapot and suddenly drank more than half of the tea.

Looking at Priest Zhang, who had rushed over, Old Master Jun had many questions. When one was old, they would always become a little superstitious. Now that Priest Zhang was here, Old Master Jun wanted Priest Zhang to help read Jun Shiling's fortune and see if his trip was good or bad.

Jun Shiling stood at the side and looked at the time. He gave Bo Xiao a look and prepared to leave first.

However, before he could turn around, Priest Zhang took out a horsetail whisk from somewhere and stopped him.

"Fated master, please wait."

Jun Shiling stopped in his tracks and looked at Priest Zhang. Jun Shiling narrowed his eyes.

The person in front of him had an extraordinary wisdom and clarity in his eyes, which calmed Jun Shiling's chaotic mood a little. "Priest Zhang, what can I do for you?"

"CEO Jun, do you still remember me?" Priest Zhang retracted his horsetail whisk. "A few years ago, I was the one who tied you and your wife together."

Jun Shiling had never planned to get married. At that time, the Jun family was expanding their territory. After Jun Shiling was set up by Xia Wanyuan, he was furious. Even Old Master Jun could not shake Jun Shiling's thoughts.

At that time, Priest Zhang happened to wander here. His eyes lit up when he glanced at Xia Wanyuan's photo. From Xia Wanyuan's physiognomy, there was such a person who could extend the entire Jun family for many generations. She and Jun Shiling were destined to be together.

However, before any perfection, one had to experience a tribulation. There was also a tribulation between Jun Shiling and Xia Wanyuan. This tribulation might even endanger Jun Shiling's life, but as long as they could successfully survive this tribulation, the two of them would come back and walk through the rest of their lives together.

Hence, at that time, Priest Zhang found Jun Shiling and discussed with him for a long time. Finally, he convinced Jun Shiling and Xia Wanyuan to register their marriage and successfully made Xia Wanyuan the wife of the Jun family.

Jun Shiling did not know what he meant now and only nodded calmly. "Mm."

"Fated Master, you're going to the meeting and I don't have much to give you. This is for you. I hope you can carry it with you." With that, Priest Zhang took out a very ordinary black stone from his sleeve.

This stone looked very ordinary, but it was smooth and black without any impurities. It was impossible to tell what kind of stone it was.

Occasionally, sunlight would refract on it, but it could not reflect any light. This stone was like a calm sea that could accommodate everything in the world.

Glancing at the black stone, confusion flashed across Jun Shiling's eyes. "What do you mean?"

"Don't care what I mean." Priest Zhang smiled with a deep look in his eyes. "Just take it, Fate Master."

"Since Priest Zhang asked you to take it, he definitely won't harm you." Old Master Jun believed in Priest Zhang very much. He took the stone and stuffed it into Jun Shiling's hand.

This stone looked ordinary, but it had a natural warmth when he held it. Jun Shiling subconsciously held the stone tightly and nodded slightly at Priest Zhang. "Thank you."

With that, Jun Shiling turned to leave with Bo Xiao.

Looking at Jun Shiling's departing figure, Old Master Jun subconsciously sighed. "Look at this child. Sigh, Priest Zhang, I know you have a great divine power. I want to ask you, can my grandson return safely??"

Priest Zhang stroked his long beard and shook his head. "Some fates are fixed, and some fates can be changed. What happens in the future depends on how people fight the heavens."

Hearing Priest Zhang's words, Old Master Jun's heart was even more chaotic. He pressed his palms together and prayed that Jun Shiling could return safely with Xia Wanyuan.

Watching Jun Shiling and Bo Xiao leave, Priest Zhang silently divined, but the result of the hexagram was blurry.

Priest Zhang shook his head. Forget it, forget it. Some things have huge variables to begin with. It's fine if I can't calculate it.

As Old Master Jun prayed, he secretly wiped his tears.

Ever since Jun Shiling's parents passed away, he, Jun Shiling, had become his only family in the world and the continuation of his life and hope.

However, now, as a white-haired man, he watched this black-haired man leave him step by step. Old Master Jun had an indescribable bitterness in his heart.

However, he knew how important Xia Wanyuan was to Jun Shiling. It was impossible for him to stop Jun Shiling.

“Old Master.” Seeing Old Master Jun’s sorrowful expression, Priest Zhang could not bear it. “At your age, the only thing you can do is take good care of your health and grow up with your great-grandchildren. You can’t control the matters of the younger generation even if you want to. Why don’t you relax?”

Old Master Jun nodded. “Priest Zhang, you’re right. It’s not easy for you to come here. I’ll get someone to prepare food. Stay here for a few more days before leaving?”

However, Priest Zhang swept his horsetail whisk and shook his head. “I still have something to do. I appreciate Old Master’s kindness. See you again if fate allows it.”

With that, Priest Zhang turned to leave. Old Master Jun could not stop him even if he wanted to.

Furthermore, Priest Zhang seemed to be walking forward steadily, but for some reason, he had disappeared into the alley in an instant. While Old Master Jun was in a daze, there was no trace of anyone in the entire alley, as if Priest Zhang had never appeared.

On the plane from Beijing to abroad, Jun Shiling and Bo Xiao were playing chess when Jun Shiling defeated them again. Bo Xiao smiled and begged for mercy.

“You’re too amazing. I’m not your match.”

Jun Shiling retracted his hand expressionlessly. In the face of countless challenges, he had long trained his willpower to remain unmoved no matter what was ahead.

Seeing that their chess game was over, Lin Jing stepped forward with the document. “CEO Jun, we realized that there’s someone beside Chu Man. She looks very much like Emperor Xia Yuan, who disappeared from Chu Yi back then.

Jun Shiling looked up and took the document from Lin Jing. Inside was a blurry photo, but the strong pressure was transmitted through the photo.

There was no need to look at his facial features. Jun Shiling was almost instantly certain that this person was Emperor Xia Yuan, who had mysteriously disappeared back then.

He revived??

Jun Shiling’s eyes flickered. He looked at the photo quietly for a while, then looked at Lin Jing. “Check Chu Man and the rest’s route. Let’s go and see them.”

“Yes.”

.....

## Chapter 1516 The Truth

On the vast sea, a huge ship was moving forward through the wind. Xia Wei leaned on the deck and held his heart.

The huge wave mixed with the cold wind slapped Xia Wei’s face. However, at this moment, he could not feel the bone-chilling coldness on his face at all, because compared to the pain in his heart, everything was so small.

Xia Wei felt as if thousands of insects were constantly biting him in his heart, sucking the blood flowing in his heart bit by bit.

Xia Wei pulled open his clothes and took a look. The area covered by the nine-pointed star was getting larger and larger, almost spreading throughout his heart. His entire heart seemed a little dark and heavy under such a nine-pointed star, looking very terrifying.

Xia Wei calculated the time. It would be soon.

“Mr. Xia.” His subordinate’s footsteps came from behind.

Xia Wei removed his hand and buttoned his collar. “What is it?”

“Someone has been following us. It looks like Miss Chu,” the subordinate reported as he pointed not far away.

On the horizon, one could clearly see a small black dot in the distance. That was the ship Chu Man was on.

Hearing his subordinate’s words, Xia Wei’s eyes flickered. “Ignore her. Let her follow.”

“Okay.”

The ship behind him gradually increased its speed and caught up. Xia Wei got someone to temporarily slow down and build a wooden bridge in the middle.

Chu Man walked over from the other side. Xia Wei stood at the bridgehead and waited for Chu Man.

The waves on the sea suddenly rose and fell, causing Chu Man to stagger. Xia Wei reached out and pulled her over.

Chu Man leaned into Xia Wei’s arms, her eyelashes trembling gently. Her hand subconsciously leaned on Xia Wei’s chest, causing Xia Wei’s body to stiffen.

Chu Man looked up and met Xia Wei’s deep gaze. In fact, she had always wanted to say that although Xia Wei’s elegant and gentle appearance from before was handsome enough, what really attracted Chu Man was his unfathomable appearance.

Chu Man was about to say something when Xia Wei grabbed her wrist and pushed her away from him.

Sensing Xia Wei’s deliberate distance, Chu Man’s heart turned cold. She followed Xia Wei’s actions and stood firm. She tidied her hair. “There’s no need to think too much. I’m just attending the meeting and going the same way as you.”

Xia Wei did not speak and turned to leave.

Looking at Xia Wei’s gradually disappearing figure, Chu Man subconsciously bit her lower lip. “Damn it.”

I think I’m crazy. When had I, Chu Man, ever followed a man so humbly? However, I could not help but want to approach Xia Wei.

“Boss, Mr. Xia is disrespectful to you. Do you need me?” The subordinate sensed Chu Man’s anger and walked forward tactfully, but he received a cold glance from Chu Man.

“Who asked you to be nosy? Get lost.”

“Yes.”

After the subordinate left, only Chu Man was left on the deck. She stood quietly for a while and was about to go in and ask Xia Wei when a strange sound suddenly sounded not far away.

Chu Man looked up. A helicopter was slowly approaching.

Chu Man narrowed her eyes slightly and quietly waited for the plane to land. Soon, Jun Shiling and Bo Xiao walked out of the helicopter.

Seeing Jun Shiling, Chu Man’s eyes turned cold. “CEO Jun, you have much interest. Why are you in the mood to come here?”

“Miss Chu.” Jun Shiling nodded slightly at Chu Man. “I’m here to see a friend.”

“Friends?” Chu Man frowned slightly. “I don’t think CEO Jun has any friends here.”

Before Jun Shiling could speak, Xia Wei walked out of the cabin. He glanced at Jun Shiling. “CEO Jun is looking for me.”

Chu Man knew Jun Shiling and Xia Wanyuan’s relationship. She subconsciously felt that Jun Shiling had come here to meet Xia Wei because of Xia Wanyuan.

Chu Man’s heart ached inexplicably. She had already followed Xia Wei here, but Xia Wei was still thinking about Xia Wanyuan.

Chu Man was not an impulsive person. However, at this moment, driven by an unknown emotion, Chu Man took a step forward. “CEO Jun, you should know my rules. I don’t like to interact with people from China, especially the Jun family. Please leave.”

Jun Shiling looked at Xia Wei. “Really?”

“Mm.” Chu Man was about to say something when Xia Wei walked over from behind.

“CEO Jun, I’ll go with you.” With that, Xia Wei stood beside Jun Shiling.

Looking at Xia Wei, who was standing opposite her, the indifferent expression on Chu Man’s face dissipated. There was obvious sadness between her eyebrows. “You’re leaving?? Have you forgotten who picked you up from the desert??”

Looking at the cold Xia Wei in front of her, Chu Man thought of three years ago.

It was clearly a deserted desert, but because of Xia Wei in her memory, it was as if even the desert was soaked in the gentle light of the moonlight.

At that time, Xia Wei slowly walked towards her with a gentle expression. She thought that Xia Wei would always stay by her side so gently, but in the end, she was wrong.

She thought that if she gave Xia Wei everything he wanted over the years, Xia Wei would always stay by her side. However, now, for another woman, Xia Wei left without hesitation.

Xia Wei forced his gaze away from Chu Man's face and said quietly, "I'm sorry."

As soon as he finished speaking, Xia Wei glanced at Jun Shiling. "Let's go."

Jun Shiling replied and turned to leave with Xia Wei.

Chu Man stood on the deck and watched Jun Shiling and Xia Wei leave together, her eyes filled with disbelief.

Xia Wei was leaving just like that? Did I really have no weight in his heart?

The wind and waves were very strong that day. The sea breeze howled. No one heard Xia Wei say softly before he left, "I'm sorry."

The helicopter left with the people and quickly landed at the border of America. After getting out of the helicopter, Jun Shiling glanced at Xia Wei and finally broke the silence.

"Nice to meet you. Hello, I'm Jun Shiling."

Xia Wei quietly sized up Jun Shiling for a while, then crossed his arms and bowed to Jun Shiling.

Jun Shiling had been with Xia Wanyuan for a long time, so he naturally knew this greeting very well. This was a greeting procedure from the Xia Dynasty's royal family.

"What are you doing?"

"I saw the letter you gave me." Xia Wei stood up straight. "I've always thought that my royal sister is omnipotent and that she doesn't need anyone to rely on. However, I can see her dependence on you."

Over the past few years, Xia Wei had been collecting information about Xia Wanyuan. He naturally knew something about Jun Shiling. Although he had not met him yet, Xia Wei had acknowledged Jun Shiling in his heart.

Jun Shiling smiled slightly. "Thank you for your approval."

"The letter you gave me back then wasn't clear. What's your solution??"

.....

Chapter 1517 The Truth is Out

"Do you know who the black-robed man who has been targeting Xia Wanyuan is? I've investigated for a long time but I can't find his identity."

Ever since the black-robed man first appeared, Jun Shiling had sent people to watch him the entire time. In the past few years, he had gradually figured out a portion of the black-robed man's identity.

What could be confirmed was that this man was the sect master of the hidden continent in World D, but what was not clear was that

He had already appeared in China three hundred years ago, and in the past three hundred years, this person had been secretly searching for news of Xia Wanyuan, even though Xia Wanyuan had not appeared at that time.

It was only after the current Xia Wanyuan appeared in China that the black-robed man came to China more often, and the focus had always been on Xia Wanyuan.

Lin Jing got someone to capture a subordinate who had served the black-robed man. According to his subordinate, this black-robed man's preferences were very strange. He was clearly from World D and lived abroad all year round.

Whether it was his eating habits or daily living, he liked China's traditional style.

The place they lived had to have a private home forest, mountains, and rivers. Even in the desert, they had to artificially create landscapes. Their usual eating habits were completely the same as China's.

Such complicated information had indeed interfered with Jun Shiling's judgment. He suspected that this black-robed man had some relationship with Xia Wanyuan, but he did not know much about the Great Xia Dynasty. Now that he had met Xia Wei, it was a good time to verify it with him.

The black-robed man had been moving quite frequently in the past few years. Xia Wei, who had been paying attention to news about Xia Wanyuan, naturally discovered this person. He had also been searching for information about the black-robed man.

Xia Wei's eyes darkened. "If I'm not wrong, that person should be the King of Jiangdong, Jiang Qing."

"King of Jiangdong??" Jun Shiling frowned tightly.

Jun Shiling was not unfamiliar with this name. In Director Xia Wanyuan's movies and previous life experiences that she usually revealed, this King of Jiangdong had once appeared.

Back then, the family that destroyed the Great Xia Dynasty was the Jiang family, and Jiang Qing was the main general who destroyed the Great Xia Dynasty. Later on, he ascended to the throne. Unfortunately, not long after, Xia Wanyuan brought people to restore the country, and Jiang Qing was nowhere to be found.

Jun Shiling knew that this person was Xia Wanyuan's strongest opponent. "Why is he here? Why did you guys revive??"

At first, Jun Shiling only thought that Xia Wanyuan's existence was because of some crack in time. However, as more and more people appeared in this era from a thousand years ago, in addition to the various information he had gotten someone to investigate, it showed that things were not that simple.

Speaking of this, a hint of frustration flashed across Xia Wei's eyes.

"In the end, this matter is still because of me."

Xia Wei sighed. Back then, after Xia Wanyuan passed away, Xia Wei could not accept this blow at all. As time passed, Xia Wei finally could not help but use his secret technique.

At that time, there was a legend among the people that as long as they could activate the Nine Stars Rotation Array, they could recall their loved ones' souls. Xia Wei believed it and found someone who knew how to activate this array.

And that black-robed man was the King of Jiangdong, who had faked his death and fled.

However, at that time, Xia Wei had never suspected the identity of the black-robed man. Although he had always been on guard, he did not expect the man in front of him to be their former enemy.

Jiang Qing's ancestors were from the hidden family, and the hidden family had indeed retained this secret method to reverse time. At that time, Jiang Qing had told Xia Wei that the spirit of this array formation was the aura of an emperor.

He needed Xia Wei to burn twenty years of his life as the price to extend Xia Wanyuan's life.

Xia Wei naturally agreed. He followed the steps Jiang Qing had mentioned and prepared the huge array step by step.

Because of his obsession with reviving Xia Wanyuan, Xia Wei did listen to Jiang Qing, but he had always been vigilant.

Before the array was activated, the people Xia Wei had sent to monitor Jiang Qing realized that Jiang Qing had secretly gotten someone to sacrifice the construction people to the array.

Xia Wei knew that Xia Wanyuan loved the people like her own children and definitely did not want him to revive because of someone else's blood. He suggested stopping, but Jiang Qing seemed to be a little impatient and let Xia Wei discover a flaw.

However, it was too late. Jiang Qing brought Xia Wanyuan's corpse into the array and forcefully activated the entire array.

Xia Wei only remembered that there was a white fog around him at that time. Later on, he completely lost consciousness. When he woke up again, he was at the bottom of Continent F, which was aloof from the world.

After hearing Xia Wei's explanation, Jun Shiling still did not understand. "What's Jiang Qing's motive for activating that array?? What has this array got to do with the Xia family?"

"In order to take revenge, he wants to go back ten years ago, back to before we fought. As for that array, only the Xia family can activate it. I'm the only Xia family member born at the most sunny time in hundreds of years. Only I can activate that array," Xia Wei explained patiently to Jun Shiling.

The questions he had had for many years were finally answered at this moment. Only then did Jun Shiling know that Xia Wanyuan's appearance was because of a mistake in the array.

"Then is his current goal still to return to that year??" Jun Shiling had been searching for the motive of the man in black. Now that he heard Xia Wei's answer, he finally understood.

Why had Jiang Qing been looking for Xia Wanyuan, but he did not do anything for a long time? Because Xia Wei had not appeared. Xia Wanyuan alone could not activate this array formation.

"Mm." Xia Wei nodded and reached out to peel off the clothes in front of him. The black nine-pointed star on his chest quietly entrenched itself in front of him. "I'm different from my royal sister. I entered this world physically. I don't have much time left here."

Looking at the nine-pointed star on Xia Wei's chest, Jun Shiling frowned slightly. He thought of something. "Jiang Qing appeared three hundred years ago. You mean that he didn't enter this world physically?"

Xia Wei shook his head. "No, he's a corporeal body."

Xia Wei clearly remembered that when he was swept into the white fog back then, Xia Wei had forcefully pulled Jiang Qing along. Furthermore, he had studied the black-robed man's figure and actions. He was clearly the King of Jiangdong back then. There was no mistake.

"But he-"

"This means..." Xia Wei looked up at Jun Shiling. "He's going to disappear too, so he's been so anxious to find me recently."

Jun Shiling stood quietly, a huge amount of information constantly intertwining in his mind. "Why did he conclude that you and Xia Wanyuan would definitely go to the appointment?"

"Because of your and Sister's child." Xia Wei looked straight into Jun Shiling's eyes. "A child from someone who went against time and is forcefully born will not live past ten years. Only he knows how to crack it because he's the only remaining member of the hidden family in this period of time."

...

Chapter 1518 Jiang Qing

"What?" Hearing Xia Wei's words, Jun Shiling's eyes froze. "What do you mean?? Why can't they live past ten years old?"

Ever since Little Xiaxia and Little Jiajin were born, everything had been normal. The two of them had done many physical examinations and were very healthy. Jun Shiling had never thought that the problem would be with the two of them.

"Because of the chaos of time and space, Sister should have disappeared because of the distortion of time," Xia Wei explained patiently to Jun Shiling. "Just like me and Jiang Qing, but..."

"Sister is a soul that traveled through time and space. The punishment that should be hers will fall on the children."

"How do we solve this?" Jun Shiling was most concerned about what to do with these two children in the future.

"Like what I said, Jiang Qing is the only remaining hidden clansman in the world. Only he knows how to crack it. No one else can do anything."

"I understand." Jun Shiling nodded. "Let's rest here for the time being. When it's dark, we'll set off to look for him."

"Mm."

Everyone rested on the spot. Because of the continuous journey, many people were a little tired and fell asleep leaning against the wall.

Xia Wei was not sleepy at all. He walked up the stairs to the highest floor and leaned on the railing, quietly looking into the distance. That was where he and Jun Shiling had just left.

It was almost evening and the setting sun was as red as blood. A seabird flapped its wings and flew into the distance. Xia Wei subconsciously raised his arm and gently touched his lower lip, his eyes dark.

He had to admit that Chu Man was different from the women in his harem.

Xia Wei was a very career-minded emperor. Ever since Xia Wanyuan left, Xia Wei had married the empress according to the ancestral system and set up a noble consort and two concubines. There was nobody else.

Although to the modern world, Xia Wei had married many women, in ancient times, as an emperor, Xia Wei already had an extremely small harem.

Xia Wei had never been very interested in women. He went to the harem a few times a month to have his children to continue the royal family.

However, Chu Man was different from anyone he knew in ancient times.

She was a woman who had completely received a modern open education. She was as passionate as a ball of fire and relied on herself to build her power in Continent F.

To a certain extent, Chu Man had the same tenacity as Xia Wanyuan.

However, Xia Wei had his own things to do. The responsibility on him was too heavy. His arrival was a mistake in itself. There was no need to let Chu Man guard an empty dream because of his mistake.

Xia Wei looked at the sea in the distance with a deep gaze.

In the past three years, he had always stayed by Chu Man's side. Everyone felt that he was doing it to live off her and use Chu Man's power to achieve his goal. Even Chu Man might think so.

However, only Xia Wei knew that he was selfish.

This was good. When he left this era, he would not leave anyone with any regrets.

"Will you disappear?? Completely?" Jun Shiling had walked over at some point in time with two glasses of red wine in his hand. He handed one to Xia Wei. "Try my treasured red wine."

Xia Wei took the wine glass. "You're very good to my royal sister."

Just as Xia Wanyuan was the person who knew Xia Wei the best, Xia Wei knew his sister very well. From the way Xia Wanyuan looked at Jun Shiling, Xia Wei knew that Jun Shiling must have treated Xia Wanyuan very well.

Jun Shiling took a sip of wine, his eyes filled with joy and sorrow. "She treats me very well too."

Hearing the heaviness in Jun Shiling's tone, Xia Wei turned to look at him. "I'm leaving soon. I hope you can be together in the future."

"Completely disappear?" Jun Shiling did not understand what Xia Wei meant by leaving.

“According to the ancient records of the hidden family, when the array is activated, the time loophole will be corrected. However, I’m not sure how far this correction will go. After all, no one has tried it. Perhaps I’ll completely disappear.”

Jun Shiling listened to Xia Wei quietly and did not answer. He only silently drank the red wine in his glass.

At this moment, at the entrance of World D, a ship was riding the wind and waves. Just as it was about to break through the isolation of the two worlds, an encrypted letter was sent to the ship.

Seeing the scorpion symbol on the letter, the subordinate hurriedly handed the letter to Yu Qian. “Continent Master, Sect Master Jiang sent this over.”

Yu Qian opened the letter and took a look. His expression clearly darkened.

“What letter?” At this moment, Xia Wanyuan walked over from behind. Yu Qian subconsciously folded the letter and shook his head. “Nothing.”

Looking at Yu Qian’s expression, Xia Wanyuan felt a little strange. She glanced at the letter in Yu Qian’s hand and did not say anything.

“Continue forward.” Yu Qian turned around and instructed his subordinate.

“Yes.”

However, not long after the ship sailed into World D, Xia Wanyuan, who was supposed to be reading, found Yu Qian and placed a letter in front of him. “Why did you hide it from me?”

Yu Qian’s gaze landed on the letter on the table. The content of the letter was exactly the same as what Jiang Qing had written to him.

Yu Qian frowned. “Who gave it to you?”

I had already instructed them to not let anyone reveal the news outside to Xia Wanyuan. Who had disobeyed my orders like this?

“Do you really think your subordinates can stop Jiang Qing if he wants to send the letter to me??”

Xia Wanyuan had been guessing who this man in black was until she received this letter.

Xia Wanyuan was too familiar with Jiang Qing’s handwriting. In the past, they were enemies who were most familiar with each other.

In order to find Jiang Qing’s weakness, Xia Wanyuan had studied countless pieces of information about Jiang Qing, including Jiang Qing’s handwriting.

Yu Qian’s thin lips moved slightly. “You can’t go.”

“You saw the letter. If I don’t go, what will happen to the children??”

In her previous life, Xia Wanyuan had also heard about the hidden family. She had also learned some legends about this family. There was indeed a mention that if one went against the heavens, they would definitely receive the corresponding punishment.

Xia Wanyuan did not expect that although she was the one who had reversed time, this punishment would be given to the child.

Yu Qian looked up at Xia Wanyuan. "He's been looking for you for the past three hundred years. He has ill intentions towards you."

Although everything was not clear yet, it could be inferred from various signs.

Xia Wanyuan had what Jiang Qing needed. Something would definitely happen if she went.

Xia Wanyuan looked at Yu Qian quietly and suddenly said, "Why did you keep me back then??"

Chapter 1519 Everything Was CEO Jun's Plan

Yu Qian did not expect Xia Wanyuan to suddenly ask this. He frowned slightly. "There's no reason. I just want to keep you."

All along, many people had asked him this question, and his answer had always been this. Unfortunately, no one had ever believed it.

Xia Wanyuan narrowed her eyes slightly. In the past few years, she had always felt that Yu Qian had deliberately kept her because of his conflict with Jun Shiling.

However, after discovering today that the person who had been looking for her was Jiang Qing, Xia Wanyuan suddenly recalled a huge matter from three years ago.

Three years ago, although she had been staying in the base and did not go out, she vaguely understood from the document sent to Yu Qian.

World D had undergone a power rotation. Hidden Continent was originally the largest sphere of influence in World D. Three years ago, Jiang Qing had become the leader of Hidden Continent. In addition to his long-term management in World A, he could basically do whatever he wanted on the entire planet.

With the power Jiang Qing had at that time, it was an exaggeration to say that he could even flatten the entire China. He had always been looking for her. According to Jiang Qing's ruthless style, he could really take her away at all costs.

However, even though he was already so powerful, there was only one place on this planet that he could not step foot in, and that was the place under Yu Qian's jurisdiction. A hundred years ago, the ancestors of both sides signed a peace agreement. Among them, it mentioned that the people of Hidden Continent would not take another step forward for a hundred years.

As a member of the hidden family, Jiang Qing had always believed in these agreements and heavenly punishments. Hence, even though Jiang Qing's power far exceeded Yu Qian's, he had never crossed the line.

Now, Xia Wanyuan suddenly connected these few things. She suddenly had a feeling that Jun Shiling and Yu Qian's relationship might not be as incompatible as she had imagined.

She knew very well that with Jun Shiling's ability, it was not impossible to force her to stay back then, but Jun Shiling had let go. At that time, she only thought that Jun Shiling respected her choice, but from the looks of it, it might have been premeditated.

Yu Qian stood quietly. Seeing Xia Wanyuan's gaze change, the corners of his lips curled up slightly. "You've always been very smart. I knew you would guess one day, but I didn't expect it to be so early."

However, Xia Wanyuan, who knew all of this, was not happy at all. A hint of uneasiness rose in her heart and she subconsciously took a step forward. "What else did Jun Shiling say to you?? What are you plotting??"

Yu Qian touched the thumb ring in his hand. "I'm not plotting. Actually, I've always hated Jun Shiling and have never planned to ally with him."

"Then you..."

"Then why did I agree to let you stay?" Yu Qian turned to look at Xia Wanyuan. "Because I can let you stay."

Xia Wanyuan did not understand what Yu Qian meant. "What?"

Yu Qian lowered his head with an inexplicable expression. "Because I can keep you. Do you remember the first time we met??"

Hearing Yu Qian's words, Xia Wanyuan thought of a few years ago in the Wei family. Wei Zimu had originally brought her into the library, but after a while, the person who appeared in front of her changed.

Even though his facial features and temperament were identical to Wei Zimu's, the temperature in his bones was different.

Yu Qian seemed to have recalled the first time they met. At that time, Xia Wanyuan stood in front of the bookshelf and looked back. Her bright eyes were like glass beads, making him feel for the first time that Xia Wanyuan should be more interesting than others.

"From the first time I saw you, I've wanted to keep you by my side." Yu Qian stared intently at Xia Wanyuan.

However, there was no selfish desire in those glasses. There was no lingering. It was more like...

A person who had been walking alone in the darkness for a long time happened to see a beam of light. He wanted to put away this light and only light himself.

His obsession with Xia Wanyuan lay in the loneliness in his bones.

Hence, three years ago, when Jun Shiling took the initiative to put Xia Wanyuan by his side, he agreed.

"Although I hate Jun Shiling," Yu Qian looked at Xia Wanyuan and said slowly, "he does treat you well."

In order to better protect Xia Wanyuan, Jun Shiling sent the piece of flesh in his heart to another man.

In the past three years, he should have shared the world with his wife and daughter, but he had given this position to Yu Qian.

In order to prevent Jiang Qing from tearing up that peace agreement at any time and forcefully entering the continent, Jun Shiling had been secretly sending the most advanced weapons and equipment to Yu Qian.

While Xia Wanyuan and Little Xiaxia were unaware, Jun Shiling had been standing in front of them to protect them.

Xia Wanyuan almost instantly understood what Yu Qian meant. Thinking of everything Jun Shiling had done, Xia Wanyuan's heart ached.

She could not imagine how Jun Shiling had endured his reluctance to send her and Little Xiaxia away and how he had protected them under his longing and loneliness.

Looking at Xia Wanyuan's instantly red eyes, Yu Qian's eyes flickered. He took a step forward and handed a handkerchief to Xia Wanyuan.

"Now, are you still going to the appointment?? Do you know that if you go, all of Jun Shiling's plans and protection will be for nothing?"

Xia Wanyuan clenched her fists slightly. "He's going? Right??"

It was impossible for Jiang Qing to give up everything just because she did not go. All the firepower needed a target. In order to let her stay in D World in peace, Jun Shiling would definitely take the initiative to fight Jiang Qing.

Hearing Xia Wanyuan's question, Yu Qian was silent and did not respond.

However, the silence represented everything. Xia Wanyuan raised her hand to wipe the tears from the corners of her eyes. "I want to go."

In her previous life, she and Jiang Qing had always been opponents. She knew very well that Jiang Qing was a ruthless and scheming person. She would be worried if she did not go.

Furthermore, Jiang Qing had been looking for her for more than three hundred years. He would definitely not give up so easily. The punishment on the two children also needed to be removed. Jiang Qing was the only remaining descendant of the hidden family. Only he knew how to crack it.

Actually, Yu Qian knew very well that he could not persuade Xia Wanyuan. He was not surprised to hear Xia Wanyuan's answer.

"Then go ahead. I won't go." Yu Qian walked to the sofa and sat down. "I can't be bothered to do such a simple act of courting death."

"Goodbye." Xia Wanyuan nodded slightly at Yu Qian, then summoned an aircraft from the side and quickly left.

Watching Xia Wanyuan leave, Yu Qian frowned slightly. He raised his hand and wanted to say something. After thinking for a while, he finally said, "Go back according to the original route."

...

## Chapter 1520 Night Meeting

The subordinate did not quite understand what Yu Qian meant. "Continent Master, do you mean to chase after Miss Xia or return to A World directly?"

Yu Qian frowned and glanced at his subordinate. "To the meeting. Who said I was looking for Xia Wanyuan??"

"..." The subordinate nodded. "I understand, I understand. I'll arrange it immediately."

When he turned around, the corners of his subordinate's lips twitched. He chuckled in his heart and thought to himself, It would be strange if you didn't look for Miss Xia.

He was clearly quite concerned about Miss Xia, but he refused to say anything in front of her. The bosses' matters were really complicated.

At this moment, around the large island in the middle of the TP Ocean, the cruise hotel was gradually filled with people.

Looking at the gradually bustling island, everyone leaned against the cruise ship and chatted.

"Do you think there will be any substantive agreement in this negotiation??"

"What agreement can there be?? In this situation, the sect master of Hidden Continent can do whatever he wants in the world, but can Jun Shiling and the rest of the people in D World give in to him?? This time, there will probably be another bloodbath."

In fact, A World and D World had already interacted peacefully for nearly a hundred years. In the past hundred years, they had not interfered with each other. It was so calm that the people of D World no longer realized that there was a world isolated from them in this world.

To most ordinary people in World D, they had never even heard of World A, let alone understood this world.

Ordinary people did not realize that while they were calmly living every day, the crisis of extinction was quietly advancing invisibly.

At this moment, in the largest desert in Continent F, the high temperature steamed all the water in the air, leaving only a pungent smell of blood.

At the edge of the desert, some people in black were cleaning the groove of the array.

Those huge deep troughs were abnormally blood-red, as if they had been tempered. They had an obvious smooth luster and looked inexplicably strange.

"Tsk." The subordinate in charge of cleaning up the fallen rocks shivered. "Have you heard? There were many screams here last night. Do you know why the sect master ordered us not to come out? It might be..."

“Shh.” Before this person could finish speaking, he was stopped by his companion. His companion’s face was clearly filled with fear. “Do you not want to live anymore?? How can you say such things casually??”

The subordinate immediately realized that he had said something wrong. He pursed his lips. “You’re right. I spoke too much, but there are so many people... Is it true?”

“It doesn’t matter if it’s true or not. If you don’t want to end up like them, I advise you to be mute.”

At that moment, the black-robed man walked out of the camp. The two people who were talking immediately stopped discussing.

“Sect Master, it’s all done.” Even as a professional killer, the subordinate could not help but feel disgusted when he thought of the massacre last night. “What do you need us to do next??”

The black-robed man narrowed his eyes slightly and looked ahead. “What should we do?? Of course we’re going to welcome our regent queen back.”

A hint of confusion flashed across the subordinate’s eyes. He did not know who the regent queen was in the black-robed man’s eyes. What was wrong with our boss??

The black-robed man looked at the gradually formed array in front of him and the corners of his lips gradually curled up.

This time, it would definitely succeed.

— —

That night, in the manor, Xiao Bao was teaching Little Jiajin and Little Xiaxia to read and write.

Looking at the names of Jun Shiling and Xia Wanyuan slowly melting on the rice paper, Little Xiaxia blinked. “Brother, when can we see Daddy and Mommy??”

Xiao Bao stroked Little Xiaxia’s head. “Soon.”

“I miss Daddy and Mommy.” Little Xiaxia lowered her head dejectedly. “Mommy’s noodles are especially delicious. Boohoo.”

Little Xiaxia began to cry as she spoke. Xiao Bao and Little Jiajin wanted to comfort her, but before they could say anything, their eyes turned red with Little Xiaxia.

Just as the house was filled with sobs, Xiao Bao’s phone suddenly rang. Xiao Bao picked it up and saw that it was an unfamiliar number.

He wanted to hang up, but Little Xiaxia glanced at the number and suddenly became excited. “Mommy!! It’s Mommy!!”

With that, Little Xiaxia pressed the answer button.

The next second, the smiling Xia Wanyuan appeared on the screen.

“Mommy!!” The three little dumplings instantly squeezed to the phone excitedly and shouted at Xia Wanyuan.

]Looking at the children she had not seen in a long time, Xia Wanyuan's heart ached. "Mm, good girl."

"Mommy, I miss you so much." In the past few years, Xiao Bao had already become extremely restrained. However, at this moment, looking at the smiling Xia Wanyuan in the camera, Xiao Bao could not suppress the longing in his heart.

Little Jiajin looked at Xia Wanyuan in a daze. From the time he could remember, he had only seen Xia Wanyuan's photo. This was the first time he had seen Xia Wanyuan in action.

Looking at Xia Wanyuan, who could not hide her astonishing beauty and gentle temperament even in the camera, Little Jiajin blinked.

So this was my mother. My mother was so beautiful. She was the most beautiful mother in the world.

Looking at Little Jiajin and Xiao Bao, whom she owed a lot, guilt flashed across Xia Wanyuan's eyes. "I miss you too."

"Mommy, when are you coming back??" Little Xiaxia blinked her big eyes at Xia Wanyuan. "I miss you so much!!!"

Xia Wanyuan forced a smile. "It should be soon. Be good."

"Mm!! I'm super obedient. Mommy, I found Daddy. I even found my brothers. They're all so good. As you said, they're the best family in the world." Little Xiaxia shared with Xia Wanyuan happily.

Little Jiajin and Xiao Bao also spoke to Xia Wanyuan excitedly. Unknowingly, two hours had passed.

Seeing that Little Xiaxia and Little Jiajin were starting to yawn, Xia Wanyuan temporarily stopped talking to them.

"Alright, go and rest first. Tell me when I'm back, okay?"

"Mm! Mommy, we love you!" The three children were especially obedient. They were willing to do whatever Xia Wanyuan said.

After the call ended, Xia Wanyuan looked at the data on the aircraft. It was less than ten kilometers away from Jun Shiling.

At this moment, Xia Wanyuan was already far from the coast. The sea breeze at night was even fiercer than in the day, stirring up huge waves that hit the surging sea.

As the aircraft approached the ship Jun Shiling and the rest were on, Jun Shiling's subordinates also discovered this unknown aircraft.

"CEO Jun, we..." The subordinate hurriedly reported to Jun Shiling.

However, after Jun Shiling quietly looked at the flashing light of the aircraft for a while, his expression changed.
