

# Medical road

## Chapter 108

At the weekend, they went shopping hand in hand. As a result, Wang Qian saw them when they pressed the road. Now Zhang Fan has no problem holding Shaohua's hand.

"Zhang Fan, Shao Hua!" Wang Qian smiled at them across the road. Um! Shaohua quickly shook off Zhang Fan's hand, walked over and said, "Hello, director Wang." Shao Hua blushed.

"Hehe, I said Zhang Fan didn't come home recently. It turned out that he was in love. His eyes were really poisonous. He picked the most beautiful flowers in our line." Wang Qian joked.

"Hehe! Sister Wang, you can go shopping again. " Zhang Fan has nothing to be ashamed of. Anyway, he is true love and is not shy.

"I didn't have anything to do, so I went out for a stroll. Let's go. I'll treat you two to dinner. At ordinary times, I don't deal with Shaohua much in the industry. I have to get closer in the future. My waist was cured by Zhang Fan. " She has a special position in the industry, and Wang Qian is also very self disciplined. She doesn't show off in the industry. Generally, she drinks tea and reads newspapers in the office and doesn't participate in things in the industry.

"Director Wang!" Wang Qian said that the couple really embarrassed Shaohua.

"I'll call you sister later, whether in the line or outside. I thought you were a good girl before. Zhang Fan has to treat others well in the future, but he can't live up to them! "

"No problem, sister Wang. Why don't we invite you to dinner? " Zhang Fan said with a smile.

"No, I haven't married yet. Now I have a girlfriend and I have to save money. There will be more places to spend money in the future. I have several dining tickets here. Let's eat seafood. " Zhang Fan estimated who sent the ticket, but Wang Qian didn't remember.

The frontier is far from the sea, and the slightly fresh seafood is very expensive. Zhang Fan and Shaohua also ate it once. They were robbed by Wang Yanan. Usually, their consumption level is very ordinary, that is, they order two dishes in an ordinary restaurant. Later, after Zhang Fan shamelessly joined the gang, they ate less outside.

Seafood Buffet. Zhang Fan ate it several times when he was in Qingniao. He seldom ate it when he came to the frontier. It's not fresh and expensive. Crabs and prawns Zhang Fan stares at this.

Shao Hua and Wang Qian are not good at fighting. They were full before long“ When did you start? ” Wang Qian asked Shaohua while drinking hot milk tea.

Shaohua helped Zhang Fan peel shrimp. As soon as Wang Qian asked, he said, "it didn't take long." Zhang Fan said without raising his head, "it's been several months!"

"What! Two months, all right! "

"Hehe, young people, you and Zhang fan are both excellent. Since we get along well, we should get along well and don't live up to each other. Come to me if you have anything in the future. I really like you two. " Wang Qian knows very well about Zhang Fan's treatment. If it hadn't been for Zhang Fan, he wouldn't have been so attentive to Shaohua.

"Zhang Fan, when have you been home for two years?" Wang Qian asked Zhang Fan.

"Yes, it's been two years since October this year. I'm going back next month. My sister is going to the college entrance examination. Don't worry if you don't go. "

"It's time to go back. Come to my house when you leave. Will you take Shaohua back?"

"Hehe, I want to take it back! ~" Zhang Fan looked at Shaohua with a giggle.

"What! I don't have family leave again. Besides ~ ~ "Shao Huahong whispered with a red face.

"It's all right. I'll tell the chairman that you can rest assured." Wang Qian is really a strong assistant. She has solved what Zhang Fan wants to say and do. It's up to him to convince Shaohua.

After dinner, Wang Qian went home. Zhang Fan took Shaohua's hand and went shopping slowly.

"You too. I'm ashamed to say everything!" Shao Hua complained about Zhang Fan.

"It's all right. Sooner or later, sister Wang is nice. A very enthusiastic person. But her suggestion is really good. Why don't you think about it? "

"Consider you a ghost!" Nothing has been decided yet. He has no skin and no face to follow. Shaohua can't do it.

"Really, my parents are old and I'm so far away. I'll take you back to show the old man. They're relieved." Zhang fan can't be a chicken thief. He knows that Shaohua is soft hearted, so he begins to play emotion cards.

"Well! Let me think about it. What do you think? " Shaohua asked.

"You take you back?"

"Not this, I said later." Shaohua twisted Zhang Fan's arm.

"Follow the chicken and the dog. You can go wherever I go." Zhang Fan grabbed Shaohua's hand and said.

"My parents have only one daughter. I won't stay away from them. If ~ if you really want to leave, we'd better forget it." Shao Hua spoke slowly, but firmly.

"Pull, do you have no confidence in me?" Zhang Fan looked at Shaohua and said.

"It's not that I don't have confidence, but worry. You're really excellent. In two years, you see, not to mention anything else, even if you know more people than the people I grew up in this place. I don't think this place can keep you. I really thought for a long time. " Shaohua said with red eyes.

People are emotional animals. Over time, there will be more and more feelings. She also likes Zhang Fan. Although Zhang Fan is not romantic, she has a sense of security. Let her really have a reliable feeling.

"What are you worried about, my silly girl? You are not from the frontier. Besides, even if you want to leave in the future, just take your parents with you. As long as we work hard, everything will be all right."

This is a man's responsibility. It's easy to take off your pants, but you have to bear the responsibility. Zhang fan can't do the thing of leaving people. He has made up his mind. When he can leave, he must leave with the Shaohua family. No matter how difficult the future is, Shaohua will not be let down. Easy not emotional, emotional not easy.

Shaohua was also very encouraged by Zhang Fan's words. He secretly made up his mind that he must not drag him back. But first of all, ask your parents what they mean. What should you do if your parents don't want to?

Zhang Fan had an idea about this for a long time. He slowly mixed it up and slowly affected it. In the future, he had many excuses. He was confident that he would bring the old couple into his chariot.

In Shaohua's family, the old couple are also worried. Zhang Fan is here alone. He has no relatives and no reason. What should he do if he says to go in the future? Zhang Fan is really excellent, good tempered, patient and filial to the elderly. Otherwise, Shaohua's father would have strongly opposed it.

"You should also tell huazi more and let her have snacks. It's beautiful when you're in love, but if you want to live at home, let huazi also ask Zhang Fan about his plans. Alas! " Shaohua's father said to Shaohua's mother anxiously.

"Well! But whether it's Zhang Fan or not, we won't drag huazi down in the future. We still have a little retirement salary. If it's a big deal, we'll go to the nursing home. As long as huazi is happy. Don't worry too much. I can see that Xiao Zhang should have a plan. It's not a kind of muddleheaded person, otherwise huazi won't like him. Huazi has been excellent since childhood. "

During the ward round on Monday, Zhu Qianqian went to the director's office early!

"Look, director, I received a patient at the weekend. I thought it was a lung infection. I didn't do the X-ray. The blood test sheet was received today. It's a TB patient. " She knows that the director is good at listening to the following doctors speak English.
