

Medical road

Chapter 88

In less than 20 minutes, Tang Jingjing came in Kang Hua's car. She sent a message to Kang Hua. As a result, Kang Hua got up and asked her to pick up Zhang Fan first. It was inconvenient for her to go, but Tang Jingjing could represent her.

The patient's cousin saw that Zhang Fan was calm and relaxed. His arrogance also disappeared a lot. The IQ of people who can get to the position of section chief of a unit will not be much worse.

The Dean sat silently with them. Zhang Fan ignored him and his sick cousin ignored him. After the door of the office was pushed open by Tang Jingjing, she first looked at Zhang Fan and said, "are you okay. Are you hurt?"

"Sister Tang, I'm fine." Zhang Fan stood up and said to Tang Jingjing.

"Director Tang!" The patient's cousin and the Dean stood up awkwardly to say hello to Tang Jingjing.

"I heard you were going to illegally detain Dr. Zhang, didn't you. The leader already knows the situation. She asked me to ask you, is this a party hospital, are you a party cadre, do you have any legal concept, and what right do you have to detain others?" The tone was very strict and didn't give any face.

The patient's cousin was worried, hurried forward a few steps, and then said, "director Tang misunderstood. It's really a misunderstanding. Listen to me."

"No, I'm not a leader. I have no right to listen to you. Can I pick up Dr. Zhang now? If there is a problem with the treatment, you can ask the city hospital for consultation or call the police. "

"Yes! Yes, we really didn't illegally detain Dr. Zhang. It's just a little misunderstanding. "

Zhang Fan stood up and said to the patient's cousin and the Dean, "I'm still saying that after the operation is completed, the patient has passed the dangerous period. If you have any questions, you can ask a third party for identification. In addition, please give me the treatment fee. "

The last sentence of diagnosis and treatment fee is to the president of the county hospital. This kind of consultation fee is nominally paid by the hospital, but in fact, it is generally paid by family members.

"Wait a minute, director Zhang. Wait a minute. I'll go to the finance room right away." The dean said at a loss that he had pulled the wrong person, and his intestines regretted being green.

"Sister Tang, why don't we wait a minute? I'll take the consultation fee first. I've been busy all night. I can't be busy in vain."

Zhang Fan said that the originally tense atmosphere relaxed a little, "that is, we have to thank director Zhang. We made a mess in front of us." The sick cousin said quickly.

"No, let the hospital send them to the county magistrate's office. The leader is still waiting for you. " Tang Jingjing said expressionless. She now represents Kang Hua. There is no need to give face to others.

Out of the hospital, Tang Jingjing got on Zhang Fan's car. After starting, she immediately asked, "is the operation OK?"

"You can rest assured that there are no problems, and there are no problems with examination, treatment and doctor's orders. And the patient has passed the dangerous period. " Tang Jingjing can be the Secretary of the county magistrate, but it's not for nothing. When she arrives at the hospital, she grabs the handle of the other party and illegally detains her one by one. It's reasonable to ignore her. She's scared to death.

"That's good. You really want money. At this time, I can't forget your consultation fee. " Tang Jingjing said to Zhang Fan with a smile.

"I deserve it, eh! I won't come to this hospital again in the future. The old Chang of surgery really did a lot of harm. What happened originally? Explain it well. Everything disappeared. As a result, he couldn't end it. Thank you very much today. "

"What do you want to thank me for? The people who want to thank are already waiting for you in the office. The leader is worried about your injury. Let me bring you back first regardless of the situation. Now the patient is fine and the operation is successful. Then there's no problem. How do you want to relieve your anger? I'll report it to the leader. " Tang Jingjing said narrowly. She also explored Zhang Fan's tone and looked at his attitude.

"Hehe, you have to thank me. I have to trouble you in the morning. In fact, I'm not very angry. The president and director of this hospital are too incompetent. When something happens, they don't want to solve it. One is motivated and the other shirks responsibility."

"Hehe, it seems that you're not good now. You've started to walk around and made a lot of money." If Zhang Fan didn't want to investigate, she knew what to do.

"It's all hard money, alas!"

"Don't worry, I won't borrow money from you."

In the talking room, I came to the county government building. After entering the office, Kang Hua saw Zhang Fan and said, "I'm fine. Xiao Tang

called me and said you're fine. I'm not in a hurry. It's too inconvenient for me to go, otherwise I'll go the first time."

After Kang Hua was promoted, she understood the importance of Li Xiao more and more. And she also knows that Li Xiao attaches great importance to Zhang Fan, not giving the car. According to Wang Qian, he gave Zhang Fan a house half sold and half given.

"Thank you, leader. I really bothered you in the morning." Since Kang Hua's promotion, Zhang Fan has never contacted her again. He is a little rusty. If the patient's family were not too unreasonable today, he didn't intend to trouble others.

"You're welcome. How's president Li recovering recently? Next time I go downtown, please make an appointment with President Li and I'll invite you to dinner." I can't help in vain. I changed hands and sent a small request to Zhang Fan.

"Oh, President Li is recovering very well. I'll ask her when I go back. If I have time, I'll contact Director Tang." Zhang Fan is a little embarrassed.

"Well, actually, I'm not in a hurry, but we can get together sometime. We haven't had dinner together for a long time. Is the municipal hospital busy? It seems that our Doctor Zhang has become an expert and has begun to walk around. "

"Hehe, it's too far here. The directors don't want to come."

"It's amazing to be invited for surgery. This is the recognition of your peers! I haven't eaten yet. Let Xiao Tang take you to dinner, then rest and go back after a while. I don't agree with fatigue driving. " Although Kang Hua said intimacy, she always had a sense of distance.

"OK, I'll go first. Thank you for your leadership." After Zhang Fan thanked again, he went out to Tang Jingjing's office.

"Let's go and have dinner. The canteen here is still good."

"Wait a minute. I'll have a rest." Zhang Fan plans to take the money and go back. He just asked for leave all morning. Now his mobile phone is dead. He is in a hurry to go back.

"Ah! Afraid of you, have some tea first. Don't worry, they will send you the money later. I won't delay your meal. "

When Tang Jingjing said this, Zhang Fan was embarrassed to stay, so he went to dinner with Tang Jingjing. As soon as they arrived at the canteen, the president of the county hospital and the cousin of the patient came after them " Director Zhang, look at the trouble today. Lao Chang is really not a thing. You must bear more. " Then he handed Zhang Fan an envelope. Zhang Fan touched it, more than a thousand. There is no standard for consultation fees, and the state has not specified how much. It's not against the law to charge this fee. Zhang fan installed it directly.

"Any situation of the patient can call me. I will be responsible for the operation." Zhang Fan didn't pay any attention to them. He was worried about the unit this time.

"Look, director Tang." The sick cousin is looking forward to Tang Jingjing, pathetic.

"Doctor Zhang is kind-hearted and unwilling to investigate, otherwise an illegal detention will not escape. The leaders also attach great importance to it, but your attitude is good. Forget it this time. The leader also agreed to let you go, depending on your future performance. " Kang Hua has already told Tang Jingjing about this matter. If Zhang Fan is at fault, she will try her best to negotiate and adjust it in private.

Now it's not Zhang Fan's fault. It's necessary to knock the director. Knock him and let him go. His prestige is built a little bit.

After receiving the money, Zhang Fan didn't eat. He said goodbye to Tang Jingjing and asked her to tell Kang Hua. He didn't say hello in person.

In the municipal hospital, it's afternoon. Zhang Fan hasn't come to work yet, and the phone can't get through. Wang Yanan wondered, "this guy hasn't asked for leave since he entered the hospital. Was it yesterday that he

confessed that he was rejected?" The more you think about it, the more wrong it is. You call Shaohua in a hurry.

"Did Zhang Fan confess to you yesterday?"

"No, what's the matter?" Shao Warner asked stiffly that Wang Yanan should not care about this matter.

"It seems that he was rejected by you. Zhang Fan didn't come to work all day today. It hasn't happened since he entered the hospital. He won't miss it. " Although Wang Yanan said that the wind is rain, he really cares about Zhang Fan.

Shao Hua's character is much calmer than Wang Yanan's, and she hasn't figured out how to deal with her relationship with Zhang Fan. She can't say whether to refuse or not. "It shouldn't be. Is he ill? Did you call?"

"Yes, I can't get through! I'll see where he lives. If I don't show up before work, I'll call the police. "

"Well! I'm here, too. " Shao Hua's cold sweat came down. Wang Yanan is too exaggerated. She has to go and have a look. Even if she is a friend, she should go and have a look " Why is this man so unreliable! " She thought to herself that she still had a good feeling.

Although Zhang Fan got up at three in the morning, he was not too tired. He had no problem driving. Just drive slowly. Hurry back to the hospital before work. Just watch Wang Yanan, Shao Hua and Li Liang take a taxi on the roadside.

"Where are you going? What happened? "

"How are you! The phone couldn't get through all day and no one could be found. We thought you were missing. Now we're going to report to the police station! " Wang Yanan blames Zhang Fan like a submachine gun.

"Do you never turn on your cell phone when you go out?" Shao Hua was also a little angry. He was not nervous. Wang Yanan was a little worried.

Li Liang opened his mouth and didn't speak again. Zhang Fan was not moved. He had been alone in tea vegetable city for two years, and finally someone cared about him. "I went to chark for surgery and went there in the middle of the night. As a result, something happened and my mobile phone ran out of power. I'm really sorry. "

"Earn extra money again! White makes us worry about you! " Wang Yanan was angry, mainly because Zhang Fan didn't take her for surgery. And worried all day.

"Do you want something to happen to him or not! It's all right. I'll go back. " Shaohua smiled and said to Wang Yanan. Zhang Fan is fine, and she can't help but breathe a sigh of relief when she goes to work.

"Don't worry! Don't worry, it's all here, and it's time for dinner. Go back after eating. I haven't eaten all day. " Zhang Fan began to sell miserably.

"Let's go. He must have made a lot of money today. Go to have a big meal. Today, Vientiane exchange has seafood buffet. " Wang Yanan is worried and angry.

"I won't go. The medical record hasn't been written yet." Seeing that the situation is wrong, Li Liang is ready to flash.

"Don't go. Go all the way. If you don't eat his meal, can you say it in the past?" Wang Yanan grabbed Li Liang.

"Just eat something nearby. He hasn't eaten for a day." Shao Hua said.

"Yo Yo! Before he finished, Wang Yanan was covered by Shaohua. Zhang Fan has a good eye, Shao Hua is naturally kind and has a good tutor.

In order to calm Zhang Fan's anger or calm the anger of county magistrate x, the president of the hospital directly put 5000 in Zhang Fan's envelope! The patient's cousin had also prepared 5000, but it was inconvenient to take it out in the unit canteen. Moreover, seeing that Zhang Fan had no great resentment, he was not willing to take it out.

Vientiane exchange, a high-end consumption place in tea and vegetable City, is a large shopping mall integrating eating, drinking and fun. There is a seafood buffet, which is very expensive. One person is 260.

Wang Yanan's calculation is good. After a thousand, we should eat Zhang Fan's extra fast today, otherwise we will worry about it in vain. The price of Vientiane exchange is really not cheap. Shao Hua doesn't want to go. It sounds good to be a friend. It doesn't sound good to just know.

Wang Yanan held her back and whispered to her, "if you're going to refuse him, you'll go today. If you haven't thought about it, don't go. Besides, although he just went to work, he has a lot of income. Have you seen his car? There are few cars in tea market. Bayi! If you don't eat, you won't eat. "

Wang Yanan won't let him go, and Shaohua can't help it. Zhang Fan really wants to invite them to dinner. Without saying anything else, he's worried about being anxious. He won't lose any money after spending the five thousand today.

Girls can't even eat spare parts. Two desserts and a sashimi are sent away. The main force still depends on Zhang Fan and Li Liang. The little fat man eats a lot, and Zhang Fan is not bad. For two hours, there was no delay. At the end of the meal, Shaohua was surprised: "it seems that he is very hungry!"

"Brother, which county did you go to? What happened? It took a day." Li Liang asked while eating. The two girls also looked up. They were busy and angry in front, but they forgot to ask.

"Ah! It's hard to say. " Zhang Fan said something about today, but Tang Jingjing and Kang Hua were omitted. There's no need to say. Everything has been solved.

"Next time there is an operation, take me or ~ ~" Wang Yanan threatened with a small fist.

"Are you okay?" Li Liang watched Zhang Fan from top to bottom.

"OK, look." Speaking, Zhang Fan looked at Shaohua.

"Haven't you rested since 3 a.m.?" Shaohua asked.

"Not very tired!" Zhang Fan's heart is as sweet as honey.

After dinner, Wang Yanan took the little fat Li Liang and took a taxi, creating an opportunity for Zhang Fan to send Shaohua alone. Zhang Fan looked at his watch and said to Shaohua, "it's still early. Why don't we just turn around?"

"Go and have a rest first. You've been tired all day."

"It's all right. I went to bed early yesterday. I'm not tired." Zhang Fan doesn't want to miss the opportunity to get along alone.
