## Chapter 94

After Zhang Fan sent Shaohua to the community, Shaohua said politely that she would not come in and sit on the handle. As a result, Zhang Fan followed Shaohua into her house. She can't be too shy, or she will never have a chance. Shao Hua is dying of embarrassment!

The Shaohua family is an ordinary family. The furniture is the kind of old-fashioned furniture many years ago. The only advanced one is a treadmill.

Shao Hua's parents were there. They were surprised to see his daughter coming home with a young man. "Dr. Zhang! Come in and sit down. This is Dr. Zhang from the municipal hospital. He looks after my arm. " After her mother greeted Zhang Fan, she said to Shaohua's father.

"Sit down and pour the water. Hua Zi, what's the matter? " Shaohua's father got up and greeted Zhang Fan. Seeing Shaohua hurried into his house, he said in wonder.

"Hello, uncle and aunt. Shaohua is a little uncomfortable." Zhang Fan said a little astringently. It's too embarrassing to say. I can't say. I told your daughter a very disgusting thing and threw up!

"Oh, go and have a look. I'll pour the water." Shaohua's father said to Shaohua's mother.

"It's all right, uncle. I'll pour it myself. You don't care about me." Lengtou's son-in-law came to the door, and Zhang Fan greeted himself. Shaohua's father looked at Zhang Fan in surprise. "What's going on?"

Shao Hua has never brought a man home. This is the first“ The young man is very energetic, and his career is OK. It's just a little too familiar. I don't know how my character is. Alas! The child is old! " Shaohua's father looked at his daughter's bedroom and sat down a little lonely.

In the small bedroom, Shaohua is looking for clothes. Her mother followed and came in, "huazi, what's the matter? She's in a hurry and her face is not very good. Doctor Zhang outside, how did she come home?"

"He is my friend. Today he told me a joke about their hospital and told me that he threw up. You see, there's a little on his clothes. It's disgusting."

"What's the matter? I'm so confused. Are you in love with Dr. Zhang? I think Dr. Zhang is very kind and has a good temper. He laughs. Where is he from? How many people are there in his family? "

"You go out quickly. I'm going to change my clothes." Lian said she pushed her mother out of the room. Shaohua sat on the bed with his clothes in his hand and was a little at a loss. She didn't expect that Zhang Fan was not thin skinned at all. After being polite, he followed him into the house. During this period of time, the relationship between the two has been much closer, but they haven't reached the point of meeting their parents“ Alas! This shameless thing. " Shaohua complains about Zhang Fan.

"Do you smoke? The smoke is bad. " Shao Hua's father saw it. His smiling face was gone and his tone was not very good. Zhang Fan seldom buys cigarettes and is not addicted to smoking. He smokes one occasionally. I didn't intend to smoke, but as soon as I heard the old man say so, I quickly picked it up.

"Uncle, I seldom smoke and can't smoke well." He quickly picked up the lighter on the table and lit a cigarette for Shaohua's father.

"It's best not to smoke. It's not a good thing." They began to enter the stage of silence.

After a while, Shaohua's mother was pushed out by Shaohua. Shaohua's father looked at his wife, "it's all right, Doctor Zhang, drink water. Are you busy at work now? " Shaohua's father was relieved and continued to smoke in silence.

"I didn't thank you last time. I'm also going to ask huazi to bring you home for dinner some day. "

"Aunt, I'm not very busy. It's all I should do."

"Oh, are you and Shaohua classmates? I haven't heard Shaohua talk about it before."

"No, aunt, we are not classmates. We met through Jia SuYue. "

"Oh, Su Yue! Is your family from tea vegetable city? " Before Zhang Fan spoke, Shaohua came out. After a white look at Zhang Fan, he said, "you also go back quickly and taste it all over." Shaohua had not figured out how to tell his parents, so he hurried to drive Zhang Fan away.

"Why are you in a hurry? Sit a little longer and I'll get you some lemonade. It's just that Shaohua's father has a bad cervical spine. Let Dr. Zhang show him. " Zhang Fan stood up and was pulled by Shaohua's mother to sit down again.

Shaohua's father didn't want to, but he couldn't help it. His wife winked, and then said, "old problems, let's see." I really don't like it. This is the difference between a daughter's father and mother.

Shao Hua's father and mother are farm workers. They used to be lucky and bitter. Although the farm is highly mechanized, they also have a lot of manual work and accumulated many physical problems. In recent years, Shao Hua has graduated from work and reduced family expenses, so they are slowly getting better.

Shaohua was pulled to the kitchen by her mother. Here, Zhang Fan gave Shaohua's father a simple cervical spine examination " Uncle, the muscles in your neck are a little stiff. I'll give you a relaxation massage and you can relax. "

"What the hell is going on. It's not your mother's talkative. You're old. It's time to fall in love. As long as you have a good character, we won't object. " Shaohua's mother asked with concern.

"I've known each other for some time. He said he wanted to communicate with me. Now he knows each other. Today, there was an accident. I was polite at the door. As a result, he followed in without skin or face!"

"What? No skin, no face. How dare he come if you don't want to? We don't want to be rich. We just want you to be happy and safe. We mainly look at your character. We must be optimistic. Go and take the lemonade. I don't know what joke to tell. I threw up! "

Zhang Fan gave Shaohua's father a massage. After a while, Shaohua's father felt much better about his neck and his face was a little better. "You drink some water, your neck is much better now."

"This is caused by long-term work. The massage effect once or twice is not very good. It has to be treated for a period of time." Zhang Fan was also going to say that he would come to massage every day. Shaohua interrupted, "drink some lemonade quickly and go back to it soon after drinking." Shao Hua is a little shy. She didn't expect Zhang Fan to have such a skill. She didn't realize it at all. If you don't hurry, you should set a time to look at the posture and come to the door for a long time.

Shaohua's family atmosphere made Zhang Fan very comfortable. Although the old man was a little angry, Zhang Fan didn't put it in his heart at all. This is the feeling of home. He was a little reluctant to leave!

After Shaohua's parents sent Zhang Fan to the door, Shaohua sent Zhang Fan out and downstairs, "unexpectedly, you are so cheeky. You climbed the pole before I promised to associate with you. I'll tell my parents later. "

"Hehe, just tell the truth." Zhang Fan said with a smile.

"As a matter of fact, a big head ghost, hurry back, drive slowly, go back and take a bath. It smells like a child."

"OK, I'll go. I'll give my uncle a massage tomorrow. I'm not busy recently. I'll have nothing to do after work."

"You can do it. I'll let them find you tomorrow."
