

Medical road

Chapter 98

After Zhang Fan has paid the fee, he doesn't expect the little girl to come back and pay the fee. Life has to continue. He wants to take advantage of it. Shaohua's parents don't object. Zhang Fan is more confident. He made an appointment with Shaohua half an hour before work.

There are many places for young people to eat, watch movies and go shopping. After work, he washed his hands and was ready to go out. As a result, Li Hui, who hadn't appeared for a long time, came to the Department to find Zhang Fan.

"Go and have dinner, you too. Li Liang didn't say a word when he came to study. I didn't know until I met him in the morning. I'll invite him to dinner today and you'll accompany him. "

After the Wang Hong incident, Li Hui has become much more calm. With his progress, he doesn't soak in the night every day. Although it's not painful, he can be teased as a fool, which makes the conceited and smart Li Hui think a lot. I can't blame others. I overestimate myself. I should be ashamed.

"Just go and eat. I won't go if I have something to do."

"To earn extra money again?" Li Hui blocked Zhang Fan from leaving.

"No, hurry up. I have an appointment. I'm really busy."

"You're not going to earn extra money. You're a busy fart. Who do you know? I won't let you go."

Wang Hong didn't hit enough, but the dead dog was still deep-rooted. Zhang Fan doesn't mind another shock wave, "listen, brother, I'm in love and go on a date. You know, no one wants a single dog. Get out of my way. "

"Blow it, you're in love. It's a man! Just you! Don't say I despise you. I have the ability to pull it out and show it to my friends. I'll pay for the meal today. "

"Do you have money? Don't think about making a living. "

"The dog's eyes look down on people. You can choose a place. You can eat 100 per capita."

"Ha ha, I'll convince you." Zhang Fan smiled helplessly. Today, he didn't introduce Shaohua to him. He really can rely on here. They are villagers and were admitted to the municipal hospital together. Although they don't have much contact at ordinary times, they have a good relationship. Zhang Fan was almost exposed to medical treatment last time. Although Li Hui didn't speak well, he came to see him the first time.

Zhang Fan takes out the phone and discusses it with Shaohua. This kind of thing must respect each other. Although Li Hui is his own friend, it is not certain whether Shaohua is ready to intervene in Zhang Fan's life, so we must discuss with Shaohua.

"Shao Hua, are you off work? Well, a fellow of mine, who is also from the municipal hospital, was admitted with me. He has a good relationship. I heard that I was in love and had to invite us to dinner. Look ~ ~"

"Who fell in love with you? I didn't promise you. Are there many people. I'll be off work soon. "

"Hehe, don't come here. I'll pick you up and have a big meal today." Shaohua agreed. Zhang Fan hung up and said to Li Hui, "let's go. Do you have the money? Do you have the money to get the salary card."

"Look at your henpecked appearance. You started to ask for instructions and reports before anything happened. You can't count on it. Let's go. It's not easy for you. You've been a dog for more than 20 years. I'm generous today. What a sin I did in my last life." It's obviously a treat and congratulations, but it has to be so unbearable. This is Li Hui's character.

Pick up Li Liang and Zhang Fan. It's inconvenient to take a taxi because there are many people. Li Hui was about to get on the co pilot. Zhang Fan twisted his mouth and said, "back, there's no eyesight."

"Good, good! I'll give you face today. I'll see what kind of girl makes you so interested.

"

Shaohua's unit is a little far from the hospital, but it's not far. In a small city of 10 years, there are not many private cars on the road. It takes ten minutes without pressing the car.

"It was supposed to pick you up today. I didn't know you came. As a result, it happened today. Don't mind, brother." Li Hui, sitting in the back, said to Li Liang.

"Be polite to me. The city hospital is so busy. I want to say hello to you and have dinner together when I leave. " Li Liang and Li Hui are not very familiar. Zhang Fan is not in the middle, that is, they meet and say hello.

The weather is slowly getting hot. After taking off winter clothes, the tea vegetable market is becoming more and more beautiful, and the clothes of pedestrians on the road have changed from gray and black to colorful and beautiful“ Hey! Zhang Fan has a girlfriend. The world is unfair ~! "

Looking at the pedestrians outside, Li Hui sighed“ Why is it unfair? If you can chase Wang Hong, I can't have a girlfriend. " Zhang Fan listened to his anger in his stomach, "I'm lame or lack my arms." So I specially picked Li Huitong's place to say.

"Go! Be kind. Now that you have a target, don't allow me to complain? "

Don't be quiet with Li Hui. If you ignore him, he can live and die what you said. If you say it hurts, he can relax for a while.

As soon as Zhang Fan got to the door of the bank, Shaohua came out. Wave point shirt, denim jacket outside and light slim jeans under, fashionable and fresh and beautiful.

"No! Such a beautiful actor! " Shaohua saw Zhang Fan's car, smiled and waved, and came over. Li Hui muttered to himself.

Zhang Fan didn't have time to take care of him. He quickly got off to pick up Shaohua and took Shaohua's backpack. Zhang Fan said, "bad friends, no way."

"It's all right. Am I so shameful?" Shao Hua said naughtily.

"Ha ha!" Zhang Fan giggles and wants to pull Shaohua's hand. As a result, Shaohua skilfully avoids it.

After getting on the bus, Zhang Fan said, "Li Hui, physician, you know Li Liang. This is Shao Hua, my girlfriend. " Shaohua glanced at Zhang Fan, but she didn't deny it. She knew that men were born with good face.

"Hello, please take care of it for the first time!" Speaking, Li Hui shamelessly reached out to shake hands with Shaohua and was knocked out by Zhang Fan.

"Hehe, hello." Shaohua said and said to Li Liang, "Hello, Li Liang. We've met again."

Four people chose a Hunan restaurant. The grade is fairly good. Zhang Fan means to eat casually. However, Li Hui doesn't do it. If he says to treat, he has to come to the real place. We are villagers here. As half of your parents, you must greet others with your girlfriend.

Originally, Zhang Fan was a little moved. As a result, Li Hui's bad mouth was badly touched.

Several people were eating and chatting. The atmosphere was good. Doctors are always on standby. This sentence is not meant to be fun. Those preparing for work can not only turn off their power, but also drink.

Everyone was happy to eat. As a result, Zhang Fan received a call from director Gulina Zha: "Doctor Zhang, where are you? Come quickly. There is an operation."

"OK, I'll be there in a minute." As soon as everyone listened to Zhang Fan's phone, they all put down their chopsticks.

"You eat first. I have to go to the hospital. Shao Hua will go back after dinner and I won't send you. "

"OK, go quickly." The voice is still fading. Zhang Fan has gone out.

Zhang Fan left and the atmosphere was gone. Shaohua asked, "is your doctor's life so tense?"

"He's nervous. He's a top-notch technician. He's valued everywhere. People like me won't call me even if they have an emergency." Li Hui said with self mockery.

"Yes, brother Zhang is really powerful. He is valued everywhere." Li Liang also agreed.

This is a friend. No matter good or bad, your advantages will be infinitely amplified and publicized by him.
