

Mr. Charles' s Hidden Wife Chapter 11

Chapter 11 Illegal cohabitation.

"That's right. Only a month left before Howell take the SAT. This stage is very important. Therefore I hope you can help him whenever he needs you. And living here is the most convenient choice."

Henson decided easily. But she could not accept it.

"But Mr. Charles, I'm also a student myself. I have to live in the dormitory. Moreover here is too far away from my school. It's inconvenient for me to take classes."

"I can solve your dormitory problems with your school. And I can also give you a driver. That's not a big problem."

"No, I mean... It is inappropriate for us to live together. It is illicit cohabitation. "

Henson laughed disdainfully, "I didn't find before that Miss Evans's thoughts were so complex. Could it be that you actually like my brother?"

"Mr. Charles. Howell is just my student."

"So do you like me?"

Without thinking about it, she firmly said, "Of course not."

"Then what are you afraid of, Miss Evans? I think I have to remind you that you are the one who takes the initiative that night. "

"You..." Her face flushed, "You are a man. You can refuse me."

"Heh, Miss Evans. You probably don't know men well. Most of us would not reject a woman in sex unless he has some problems."

Her face turned completely red for his word. It was hard to say if it was for embarrassment or anger.

Henson did not care about her embarrassment. He continued, "Since you brought this thing up. I'm curious that if Gorman and Bain have some problems with sex? Otherwise, how could you save your virginity to me?"

"What are you saying?" Wendy became agitated.

How did he know Gorman and mentioned him?

"Are you investigating me?"

"No, I am not that bored. I saw you flirting with Gorman yesterday in the rain. And today in the same place, I saw you hugging Bain again. Miss Evans, it seems that I underestimate your ability. "

She glared at him for his words.

She was the first woman who was not afraid of him. She was like a small wild cat which was ready to attack people.

But thinking about his advice... Fine, in fact she was also planed to move out from the dorm.

Henson stood up to walk out. "We have made a deal about Miss Evans's staying here. You guys could have a class now."

At the door, Howell pushed the door open and he walked in.

Wendy was speechless. A deal? He just decided it alone.

"Why are you so quiet now?"

She decided to accept his advice. Then she could also use the chance to find a new house.

Wendy heaved a sigh of relief. She kept saying to herself at heart "Be kind, be kind. You are going to be a teacher in the future. You should be patient."

Henson hated me so much. He won't touch her again. So there was nothing to be afraid of.

"Then why do you mention that night?"

"I didn't tell anybody that we slept together before. And I just mention it to you. But it is all right, isn't it?"

"And I mentioned it just for rebutting you. You're not the only outsiders in this house, illegal cohabitation is not a suitable term here. Because you are my worker, I'll provide you with a room and food. Then you should be responsible for my brother in exchange. That's all."

Wendy gritted her teeth. "Mr. Charles, we are not that familiar to share secrets. So please stay away from my businesses. Besides, please to keep your words to keep that night a secret."
